

18C

Head

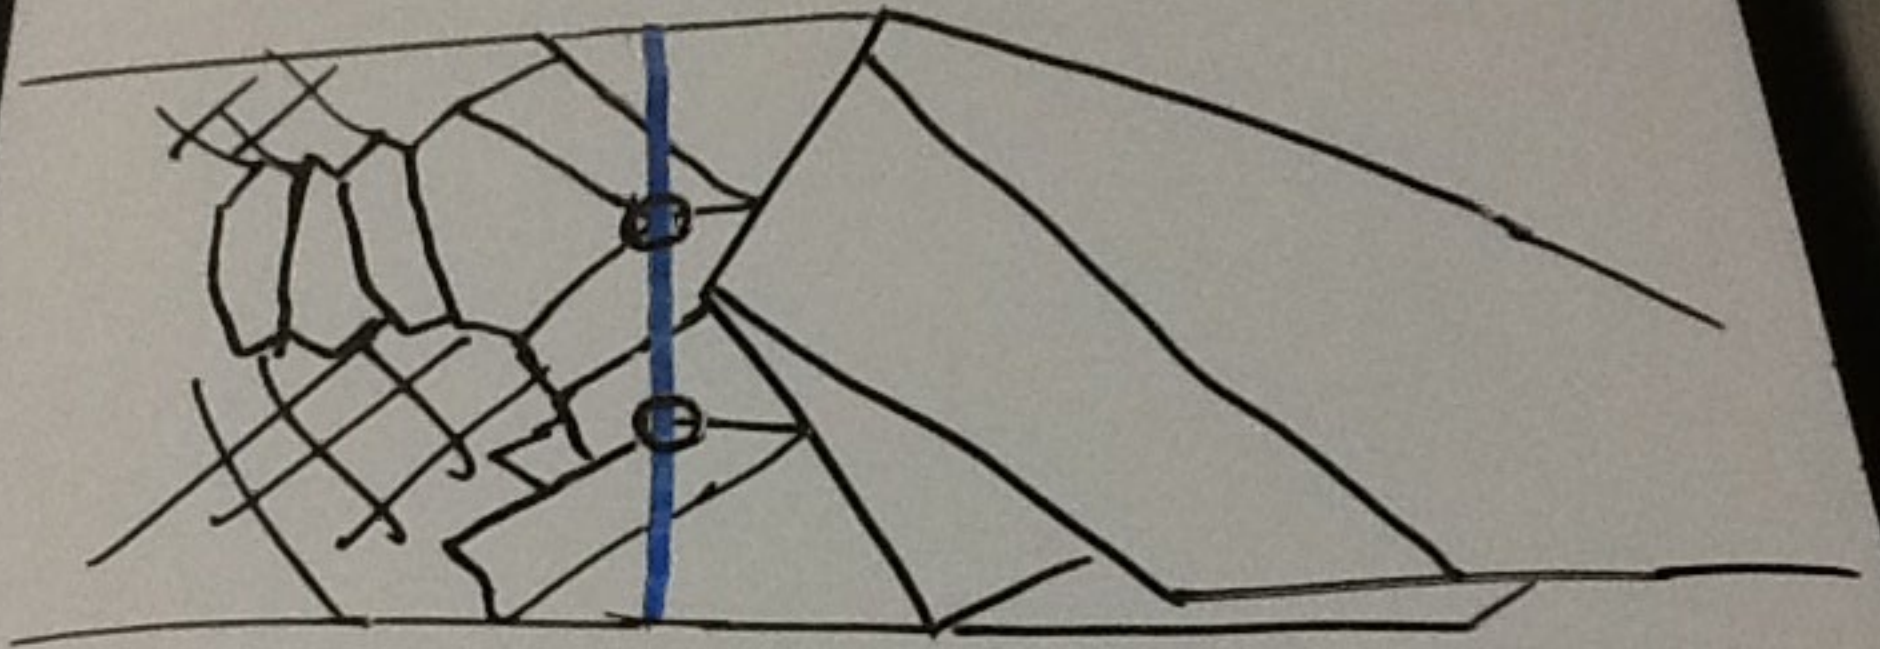

Shaping

MVC

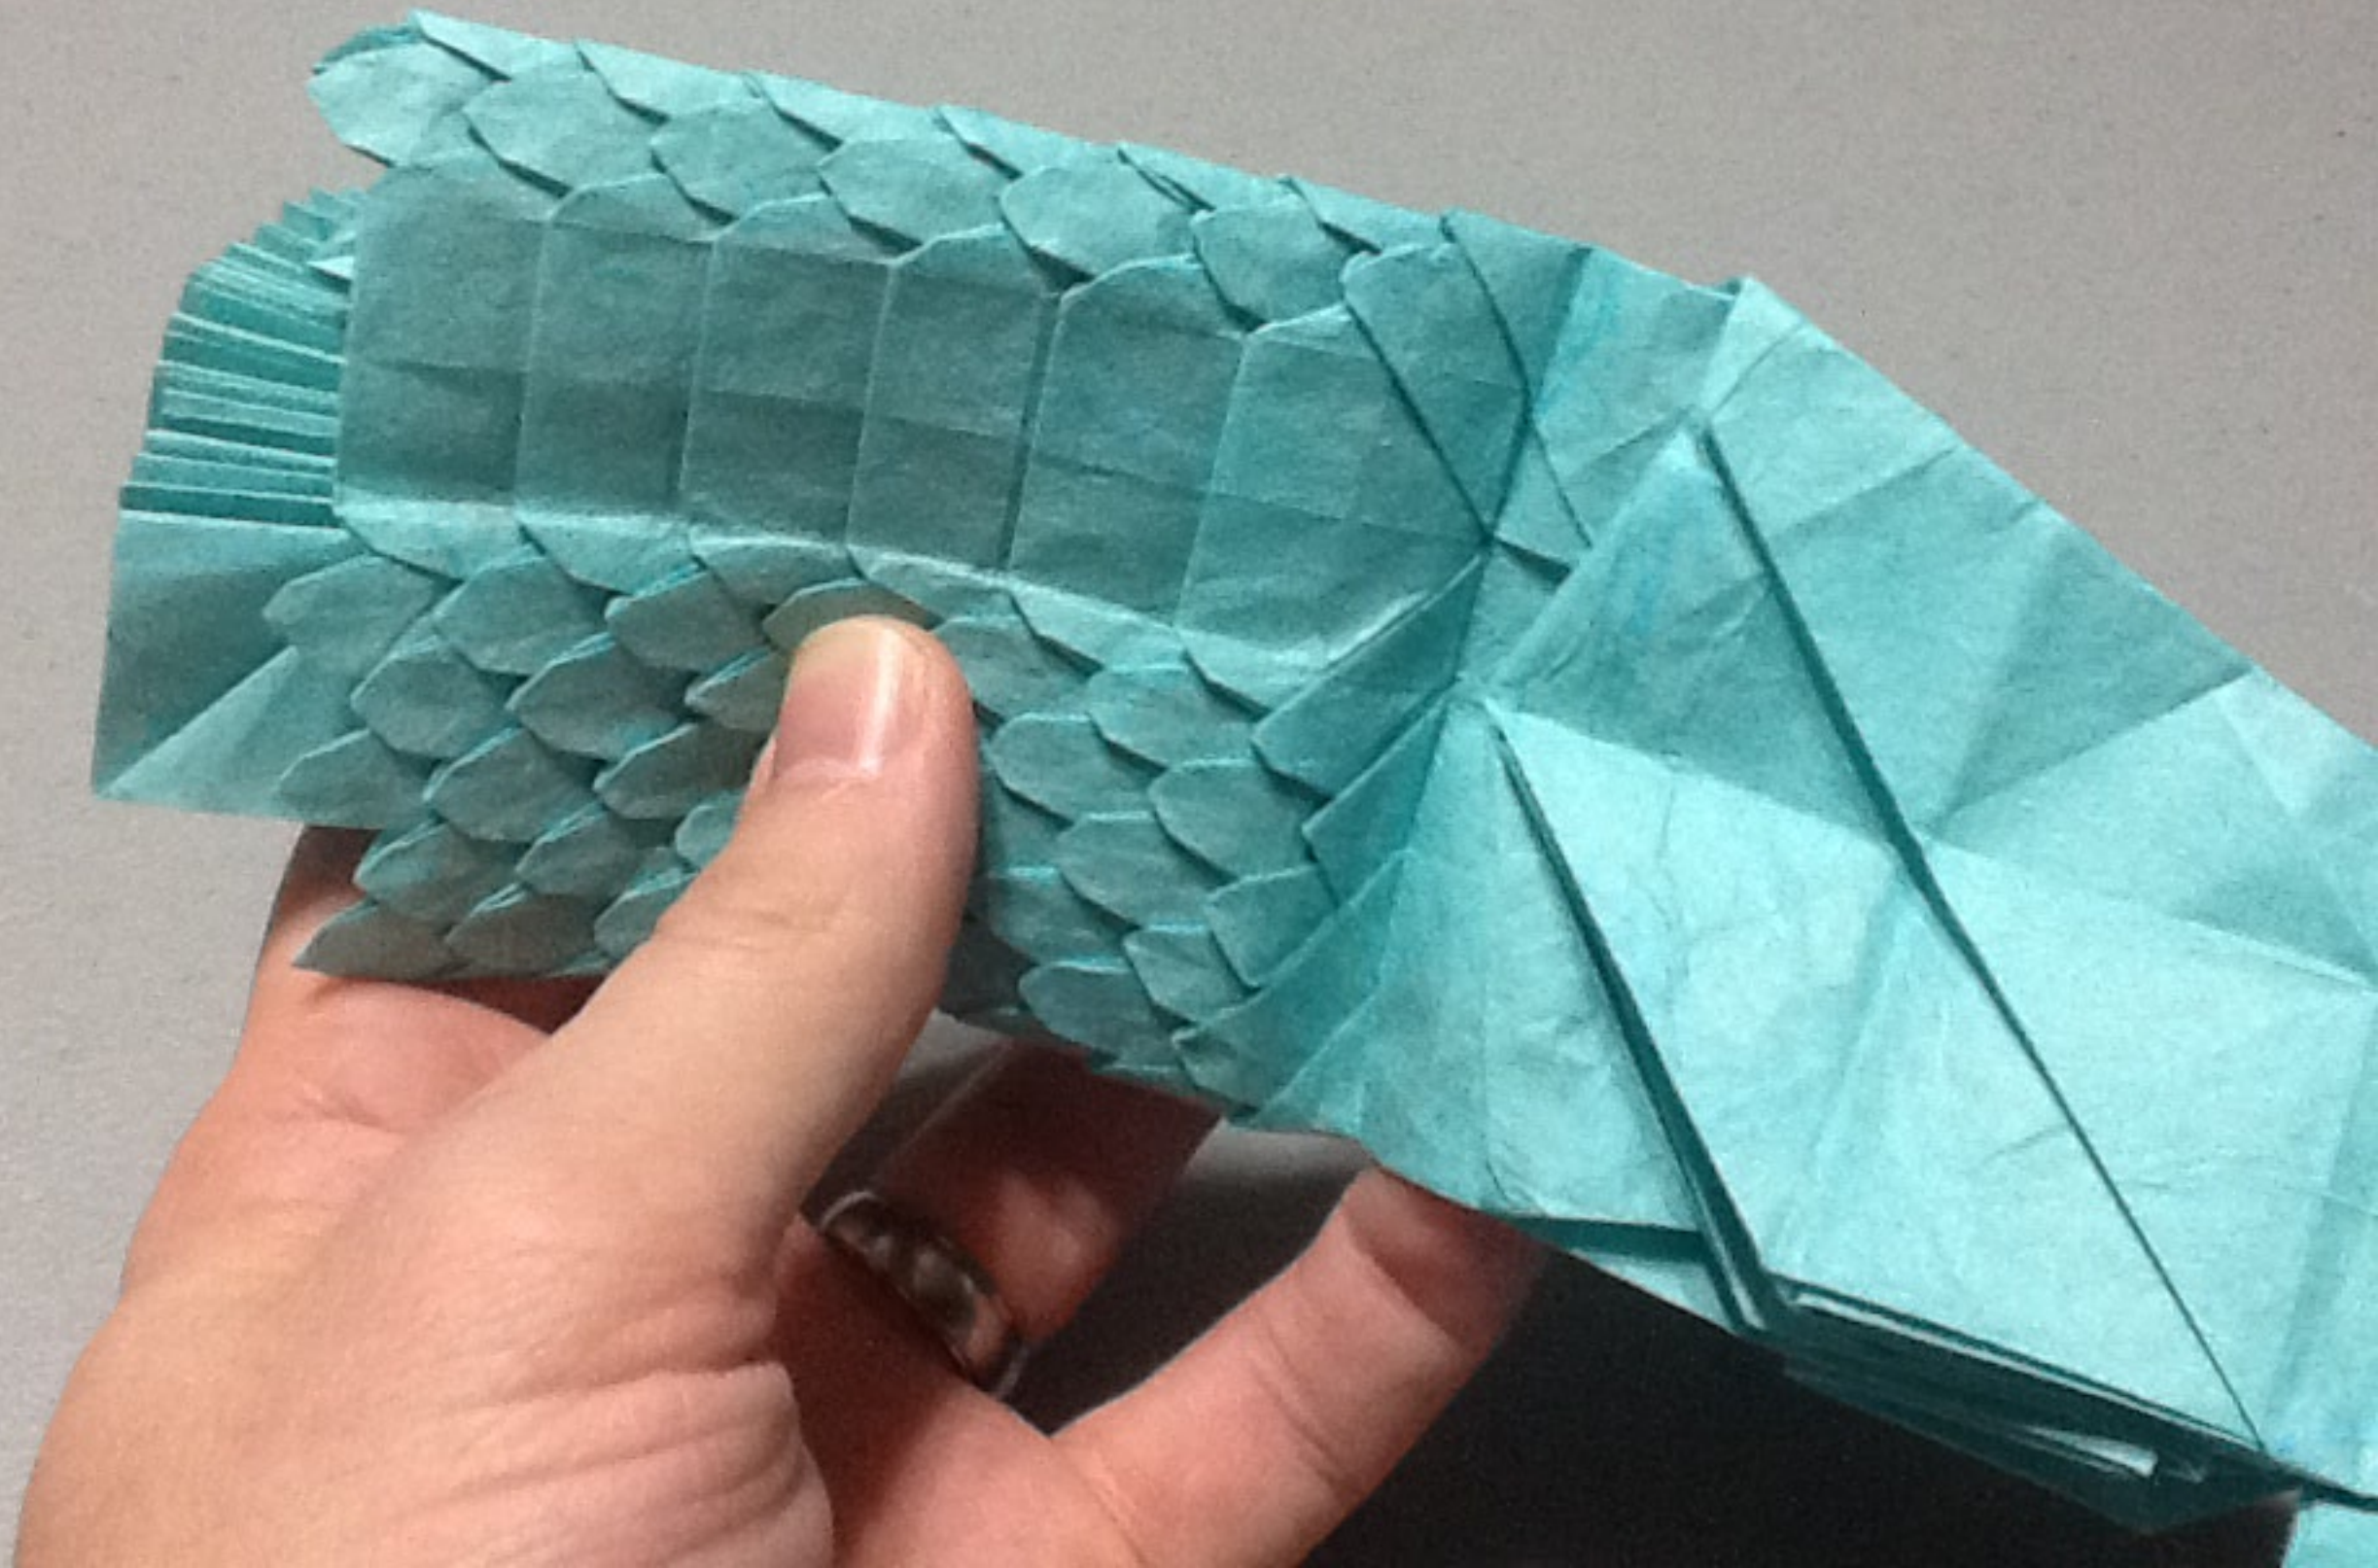

Neck twist-

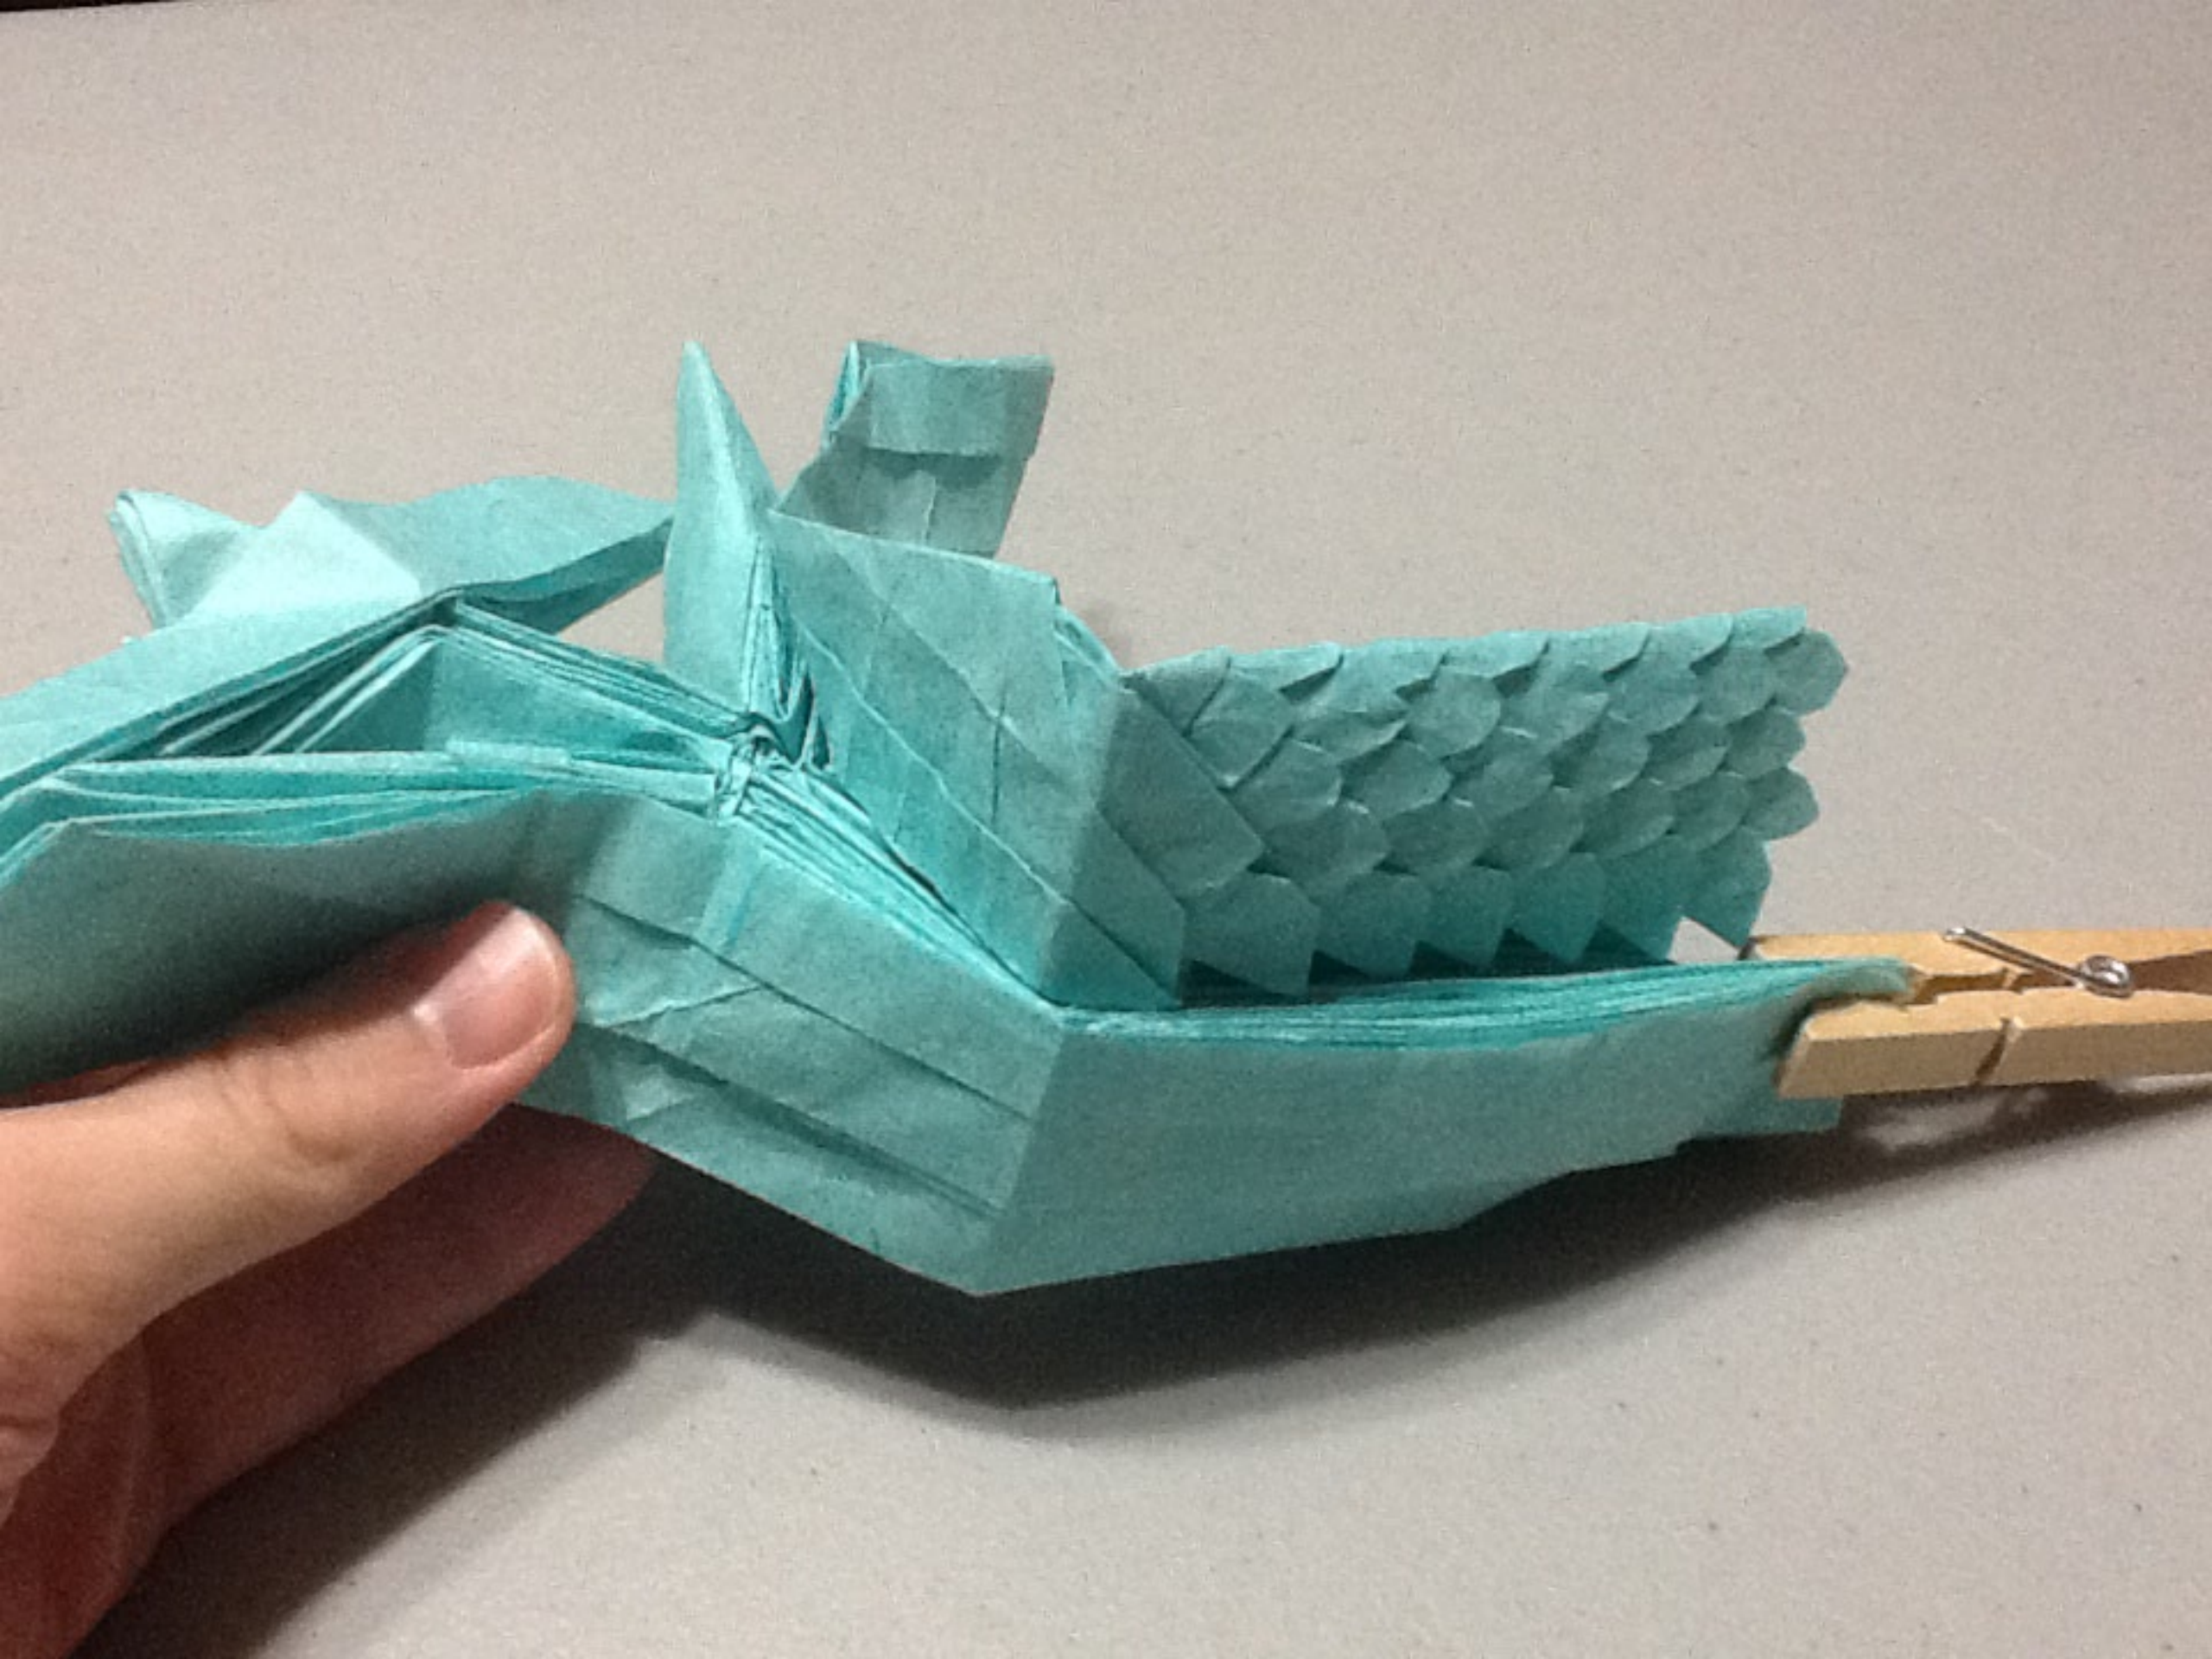

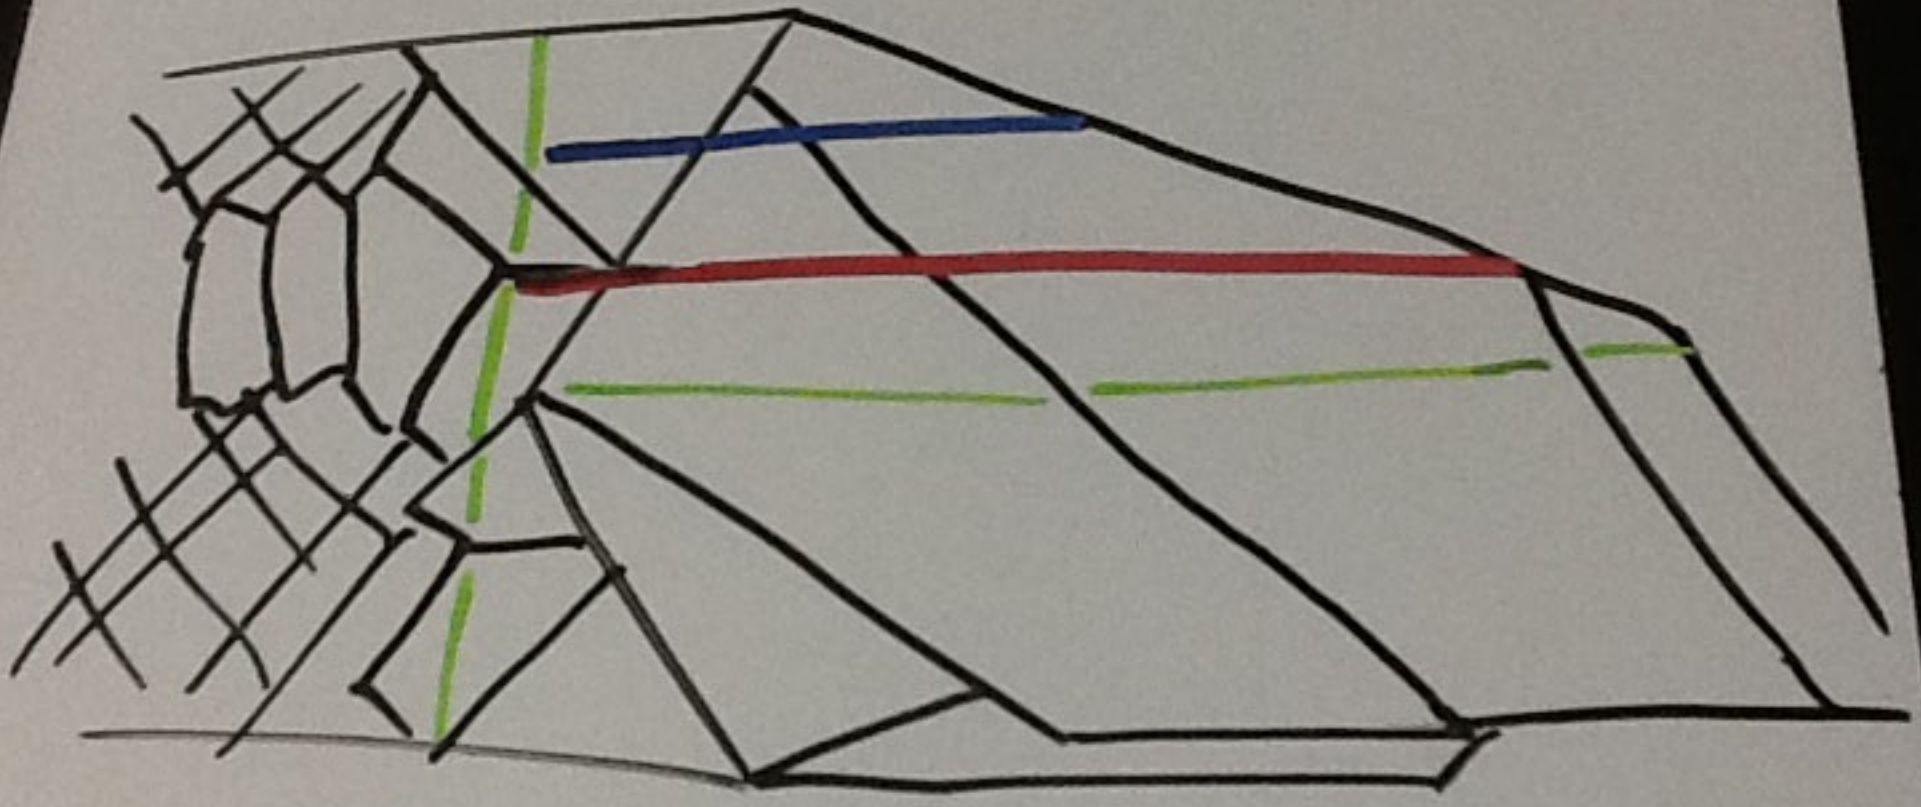

Crease through  
all layers

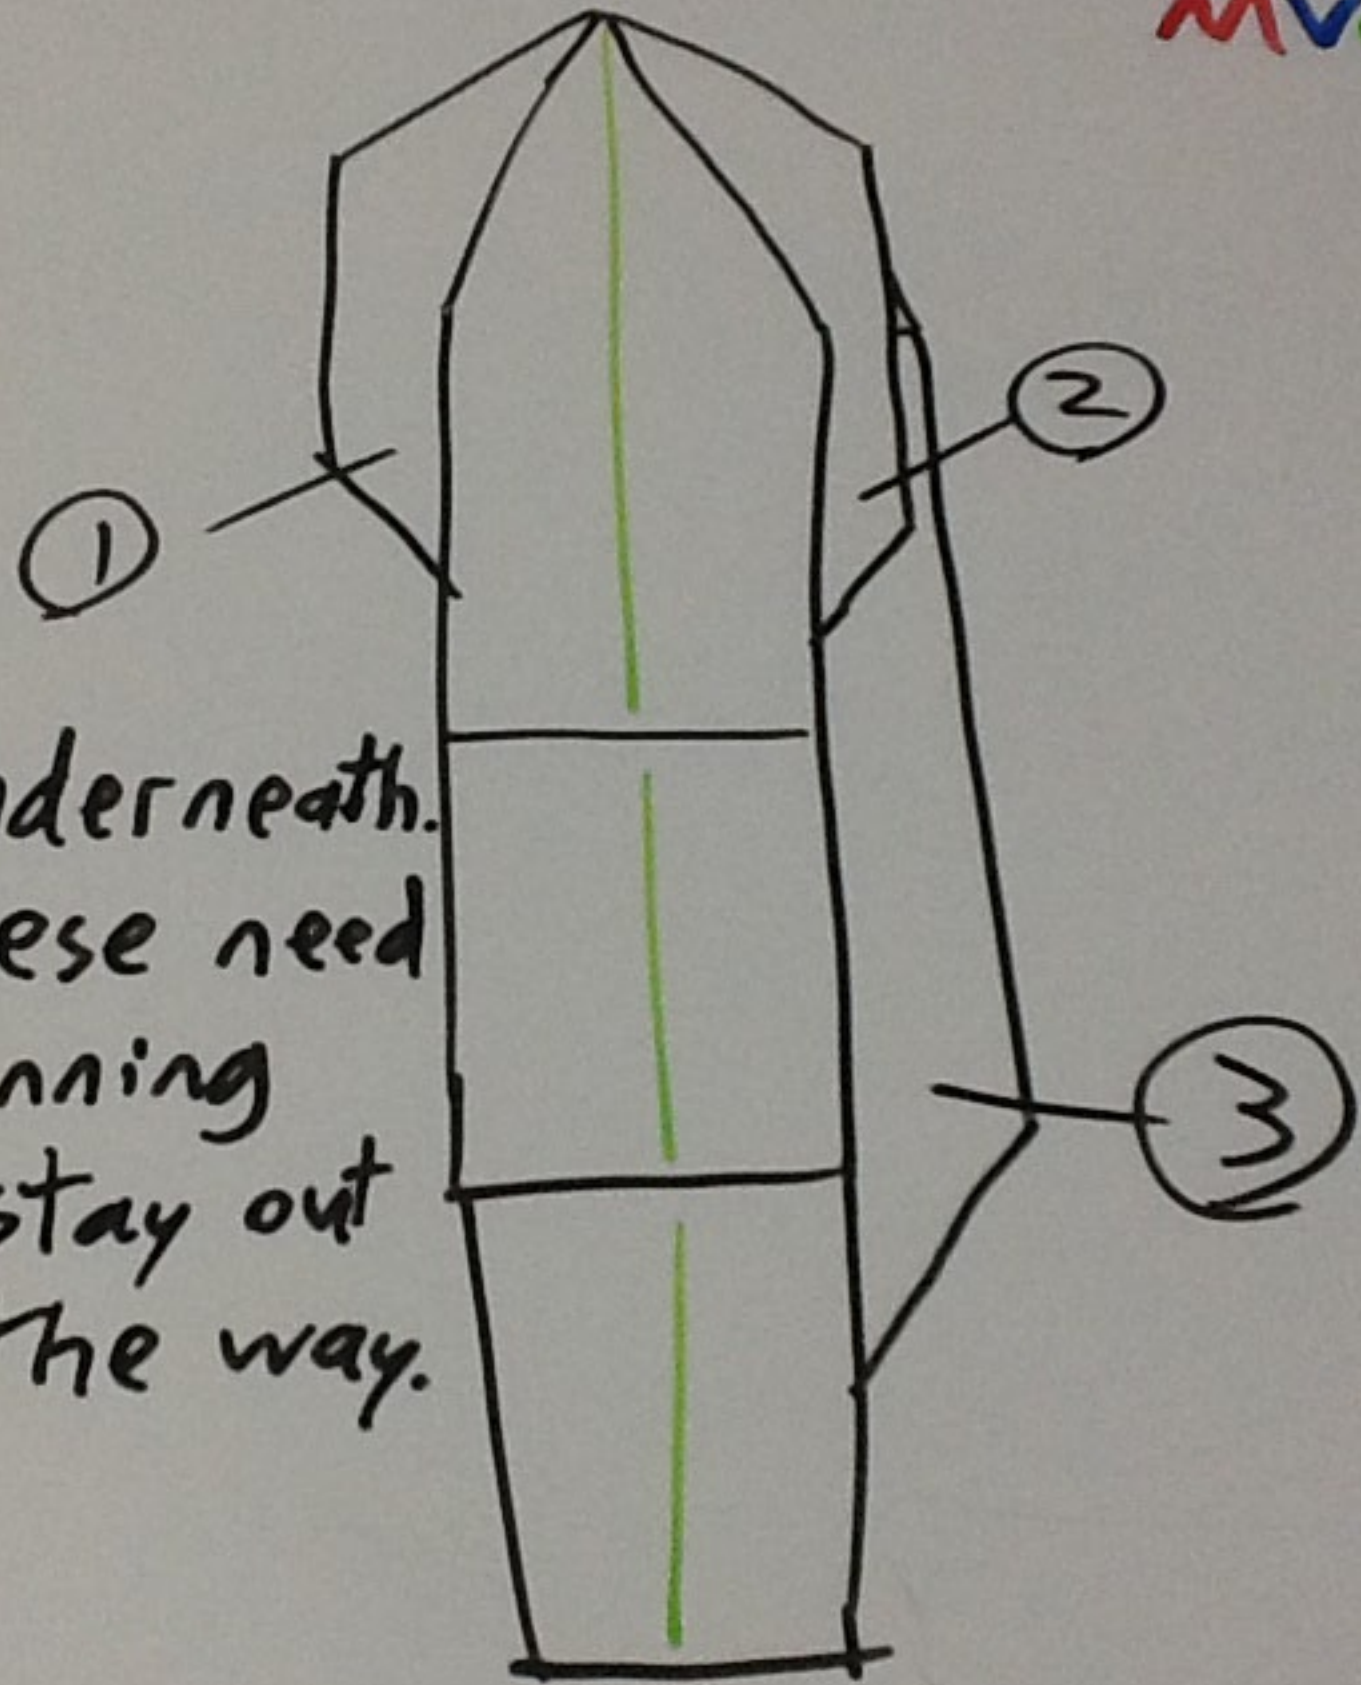

MVC

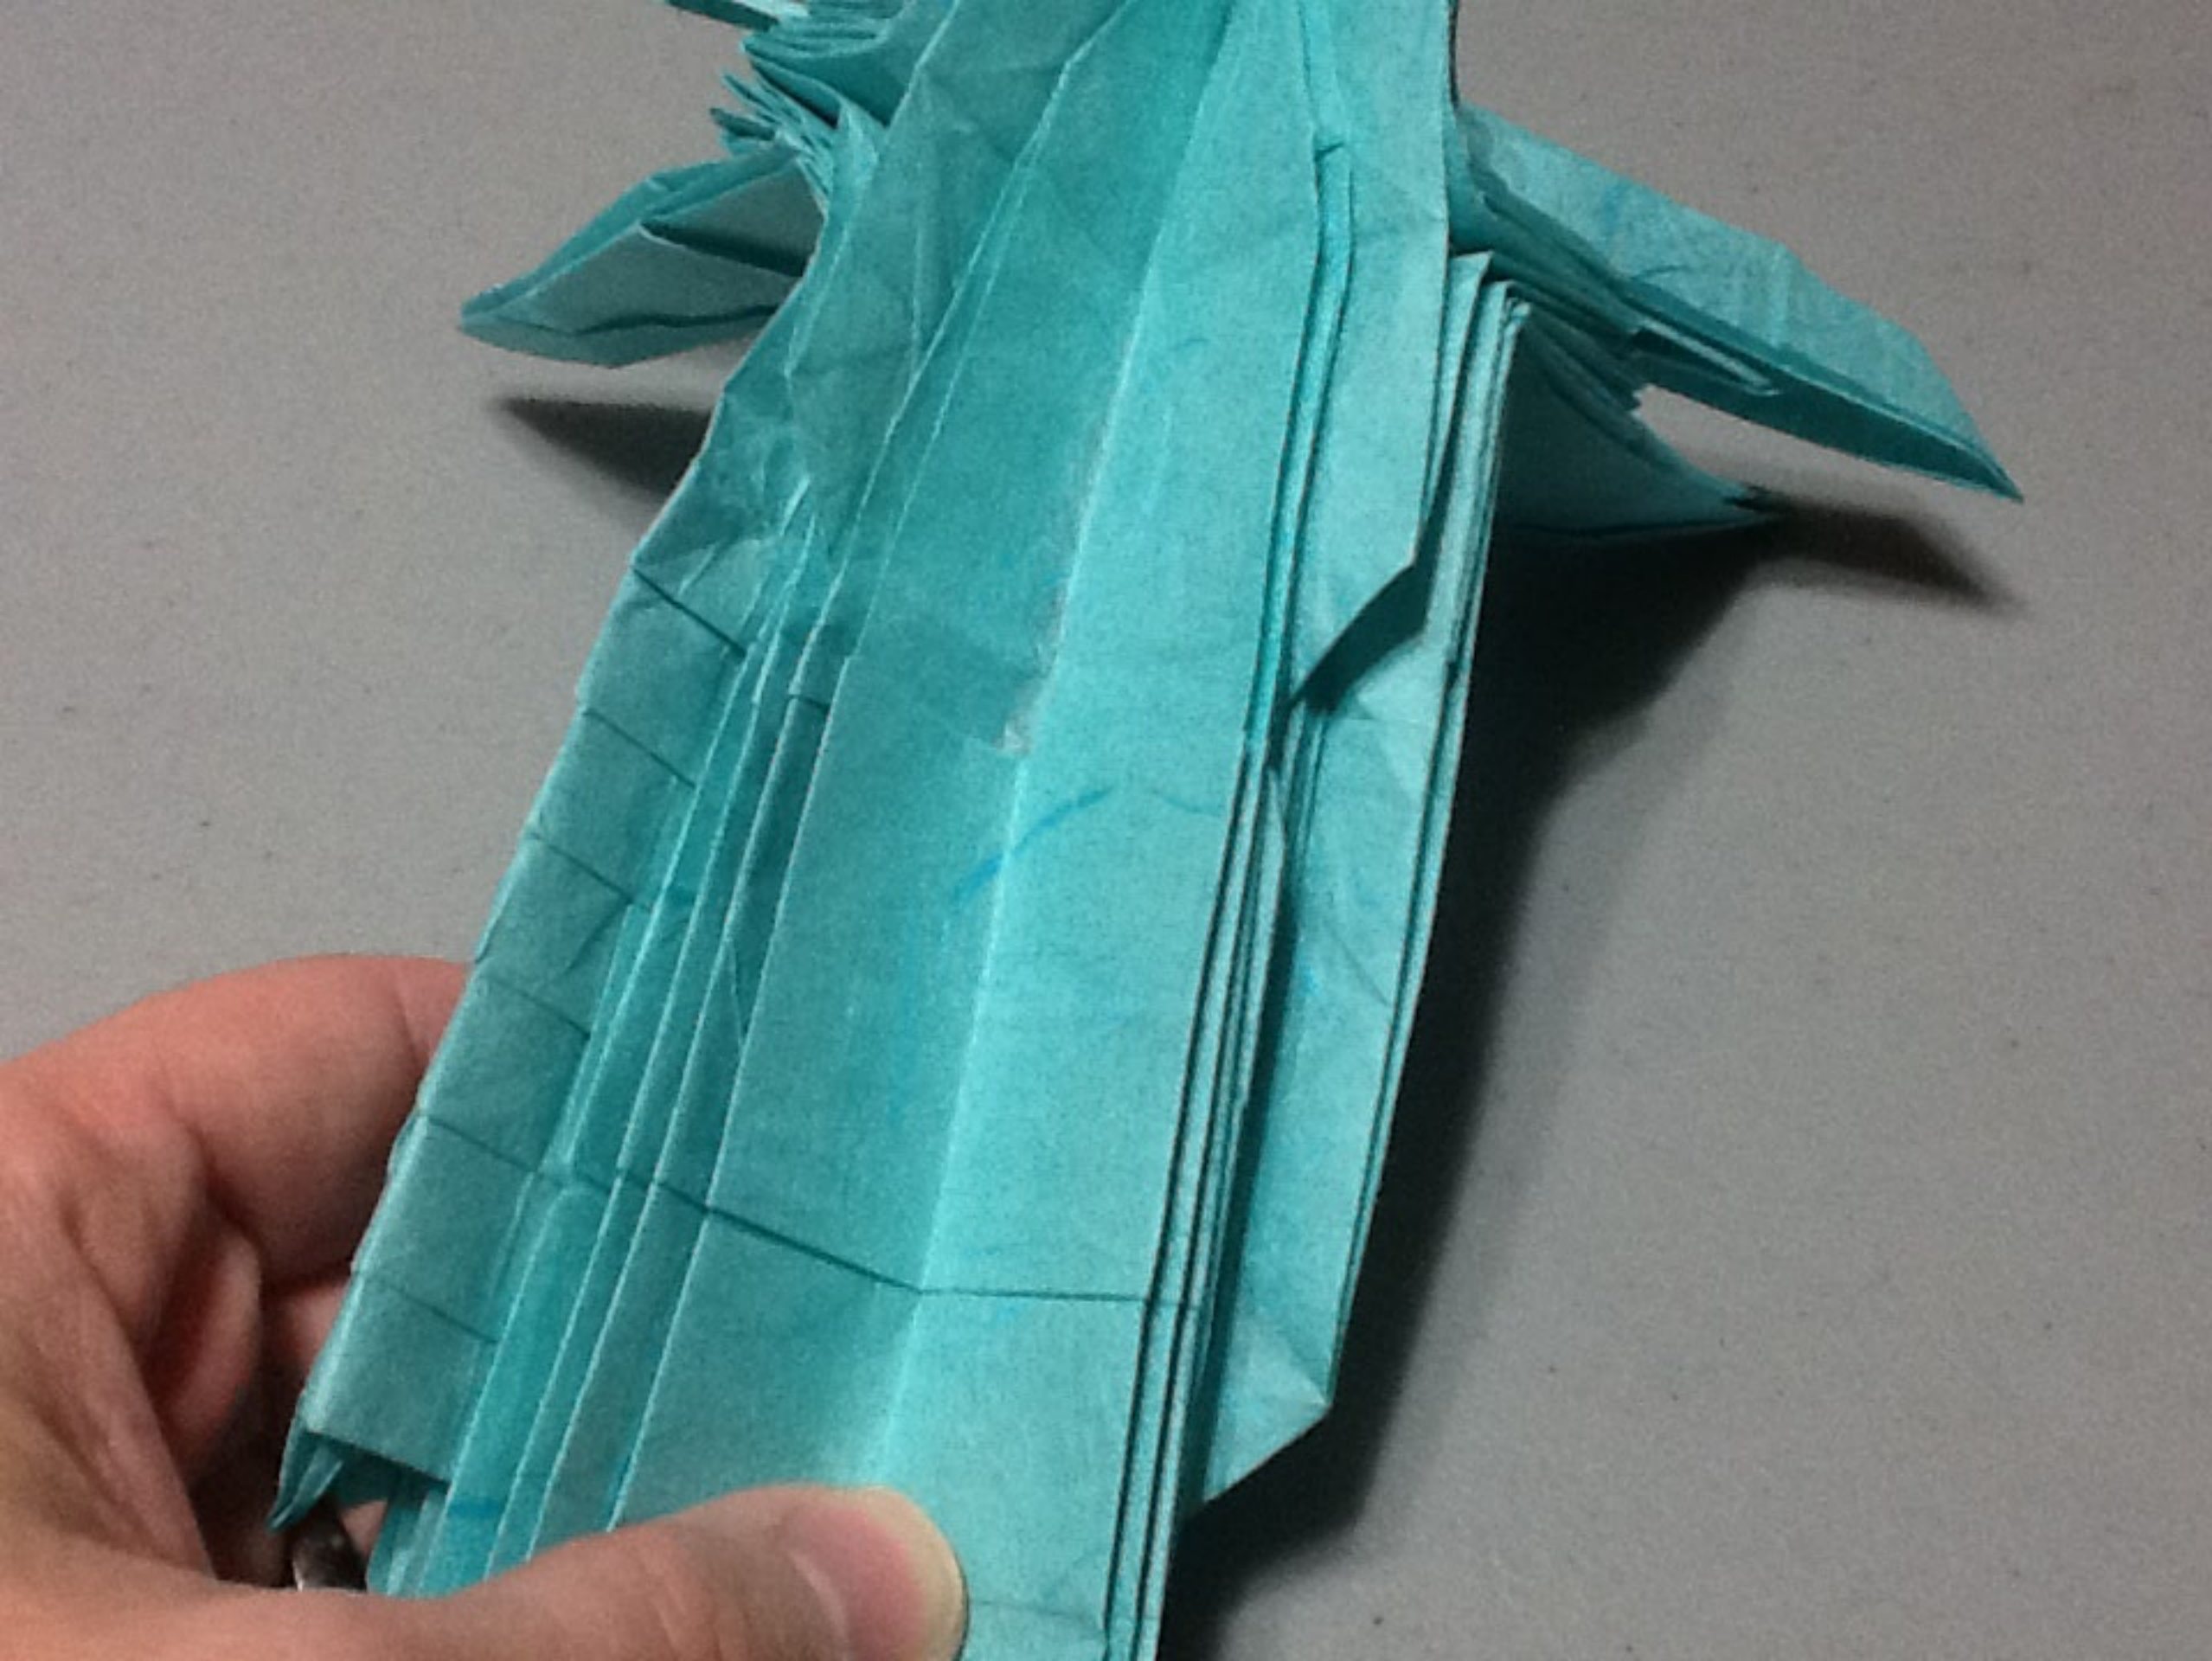

Add 2 creases  
through all layers

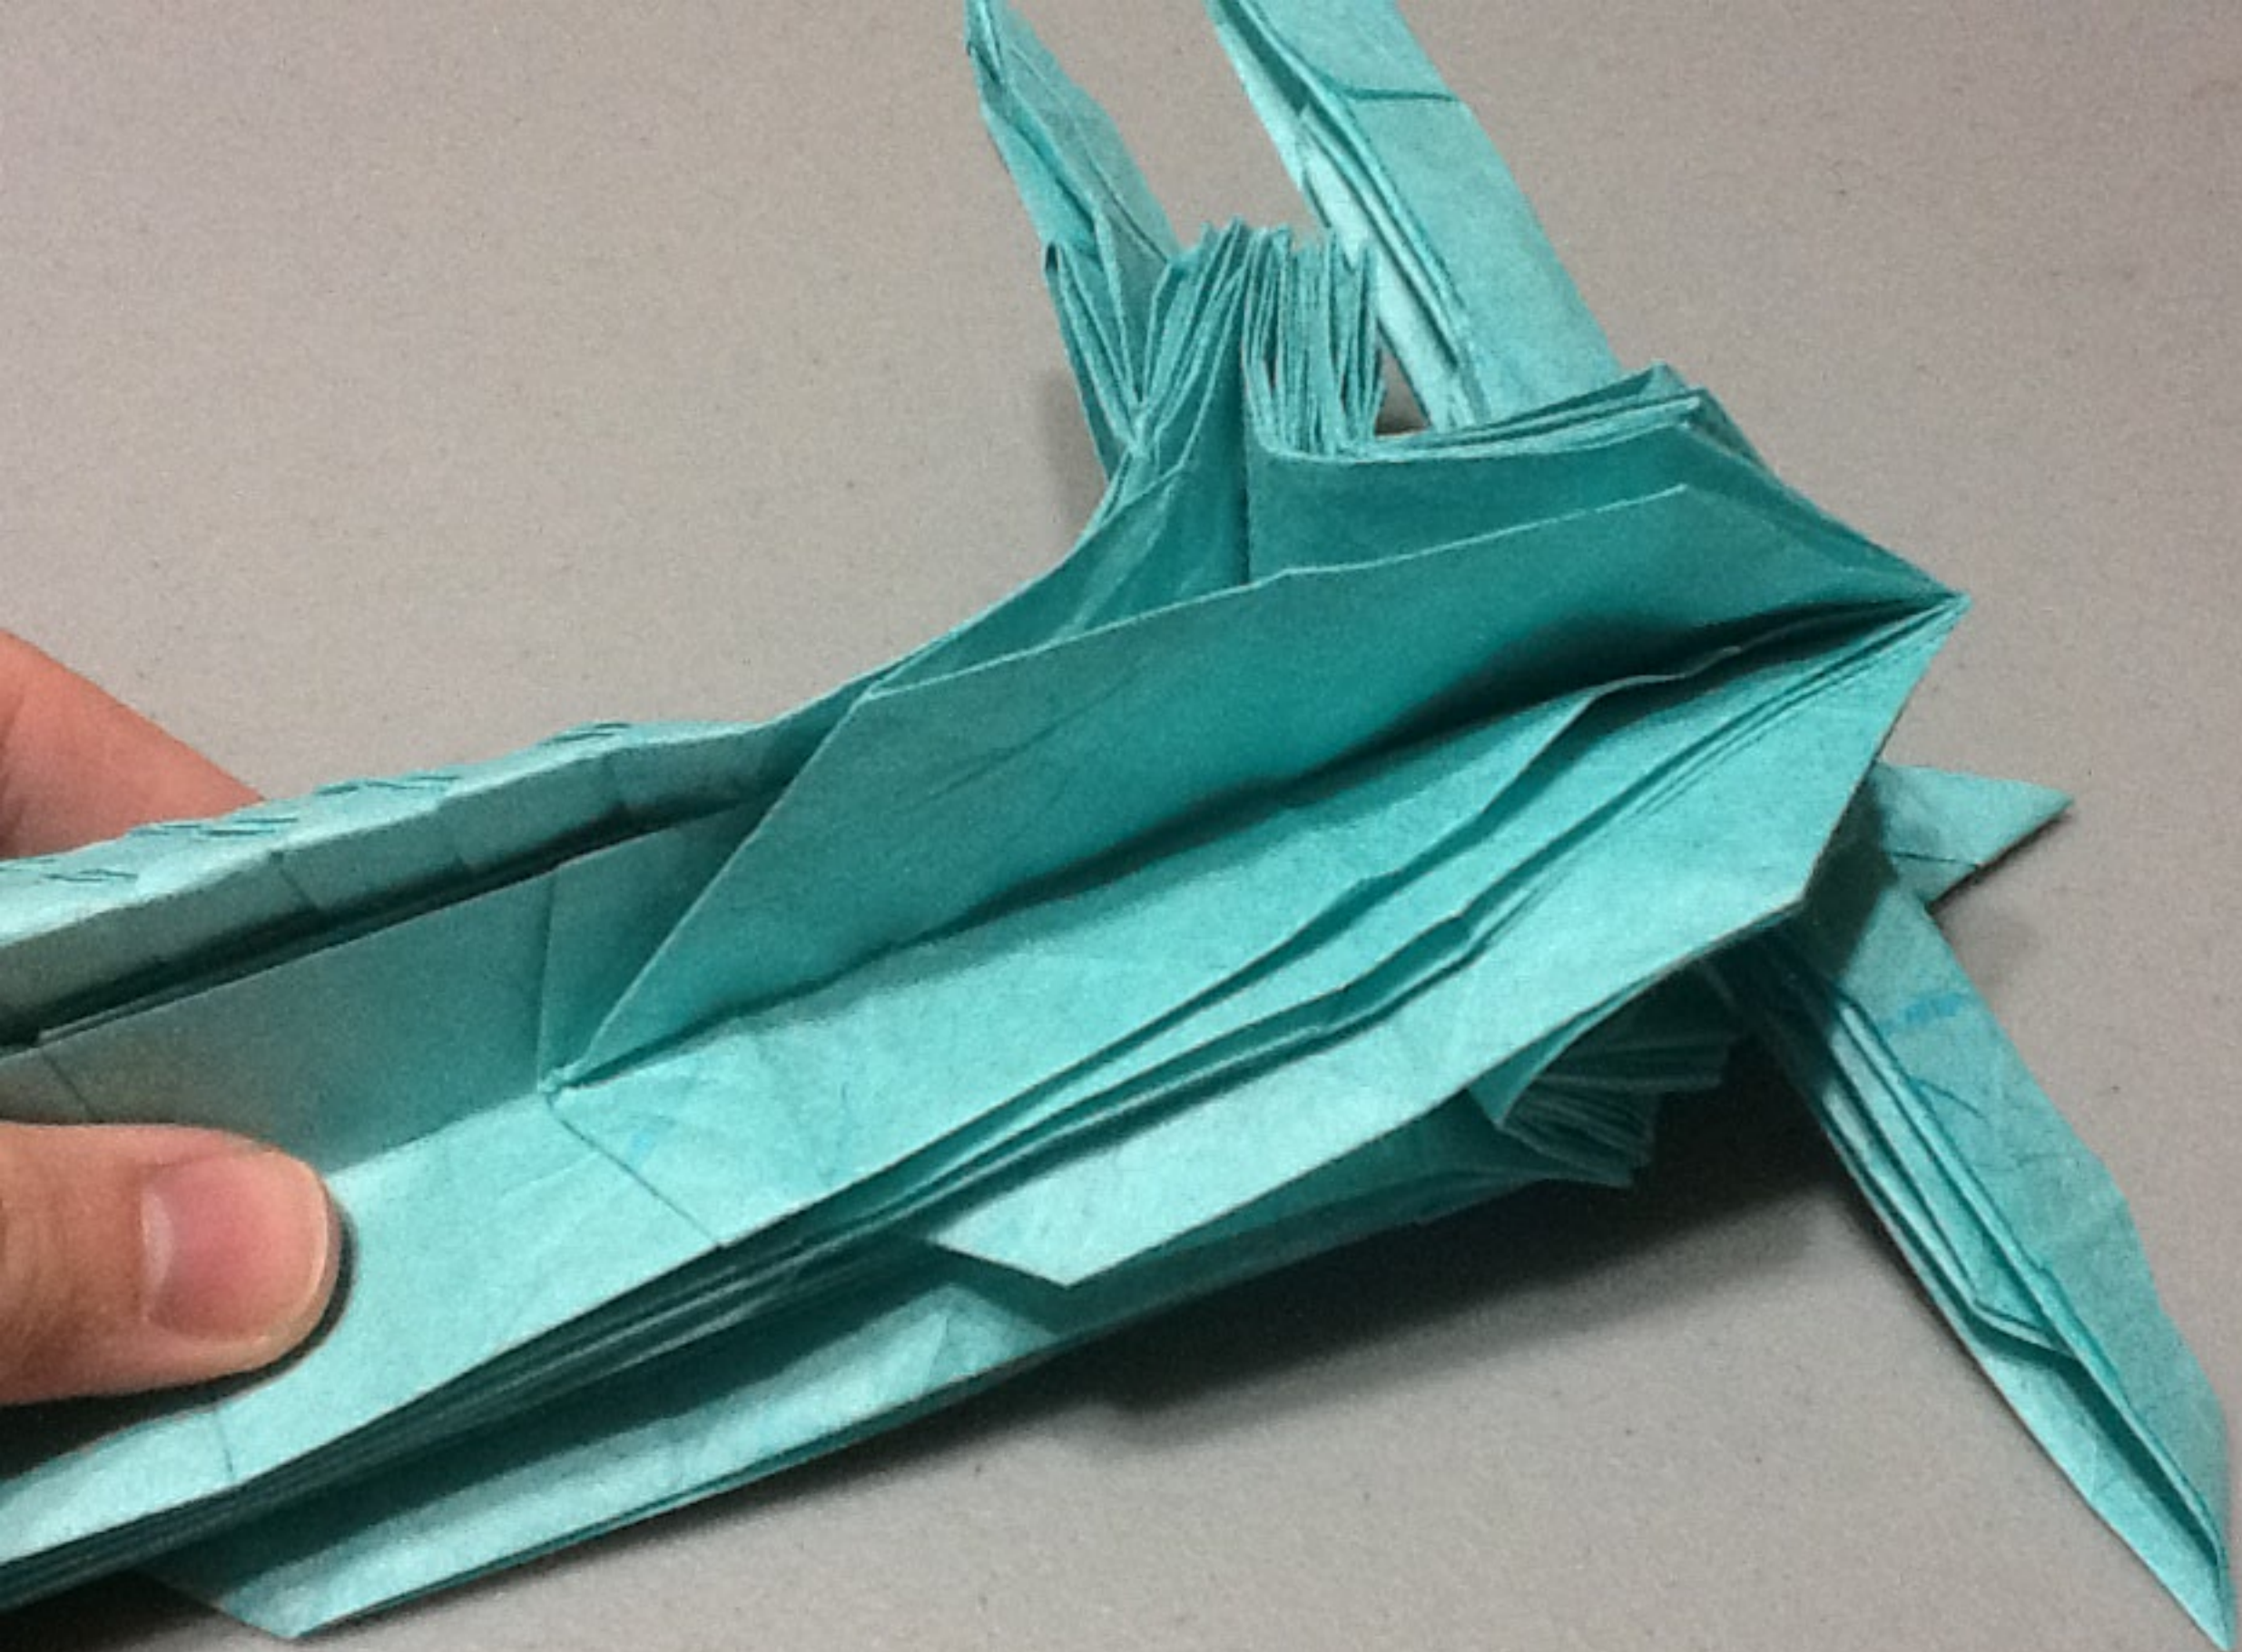

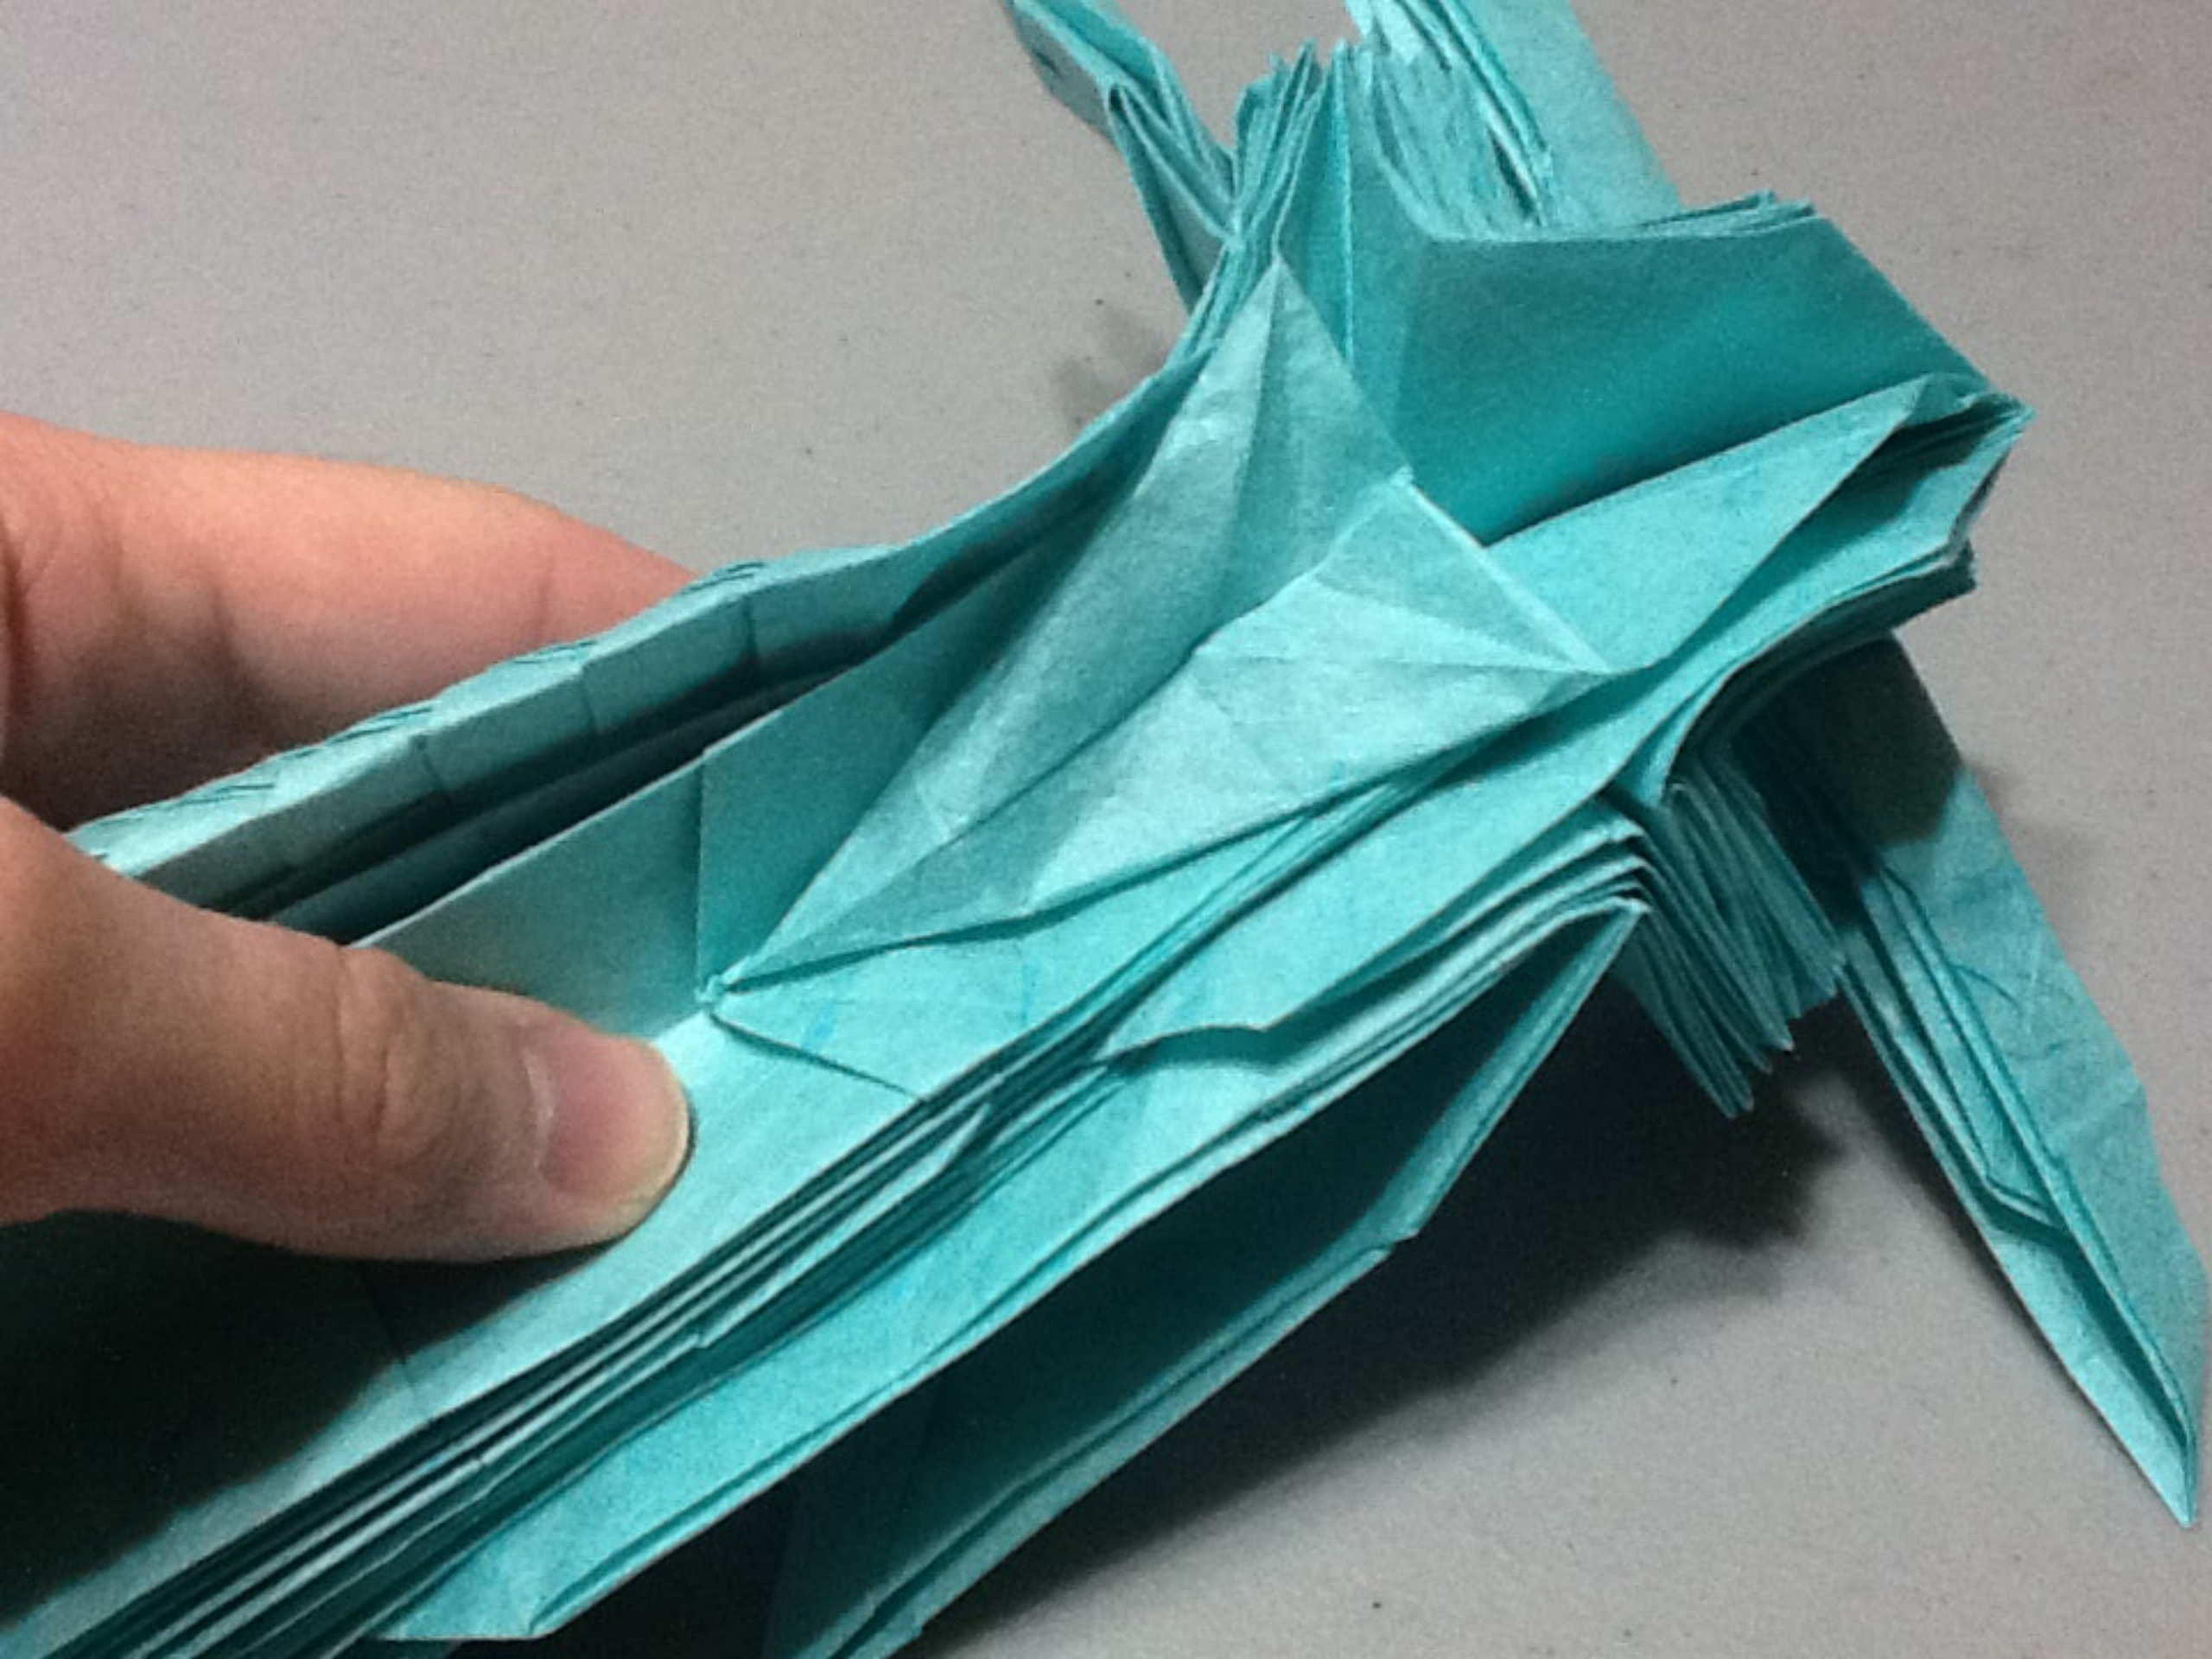

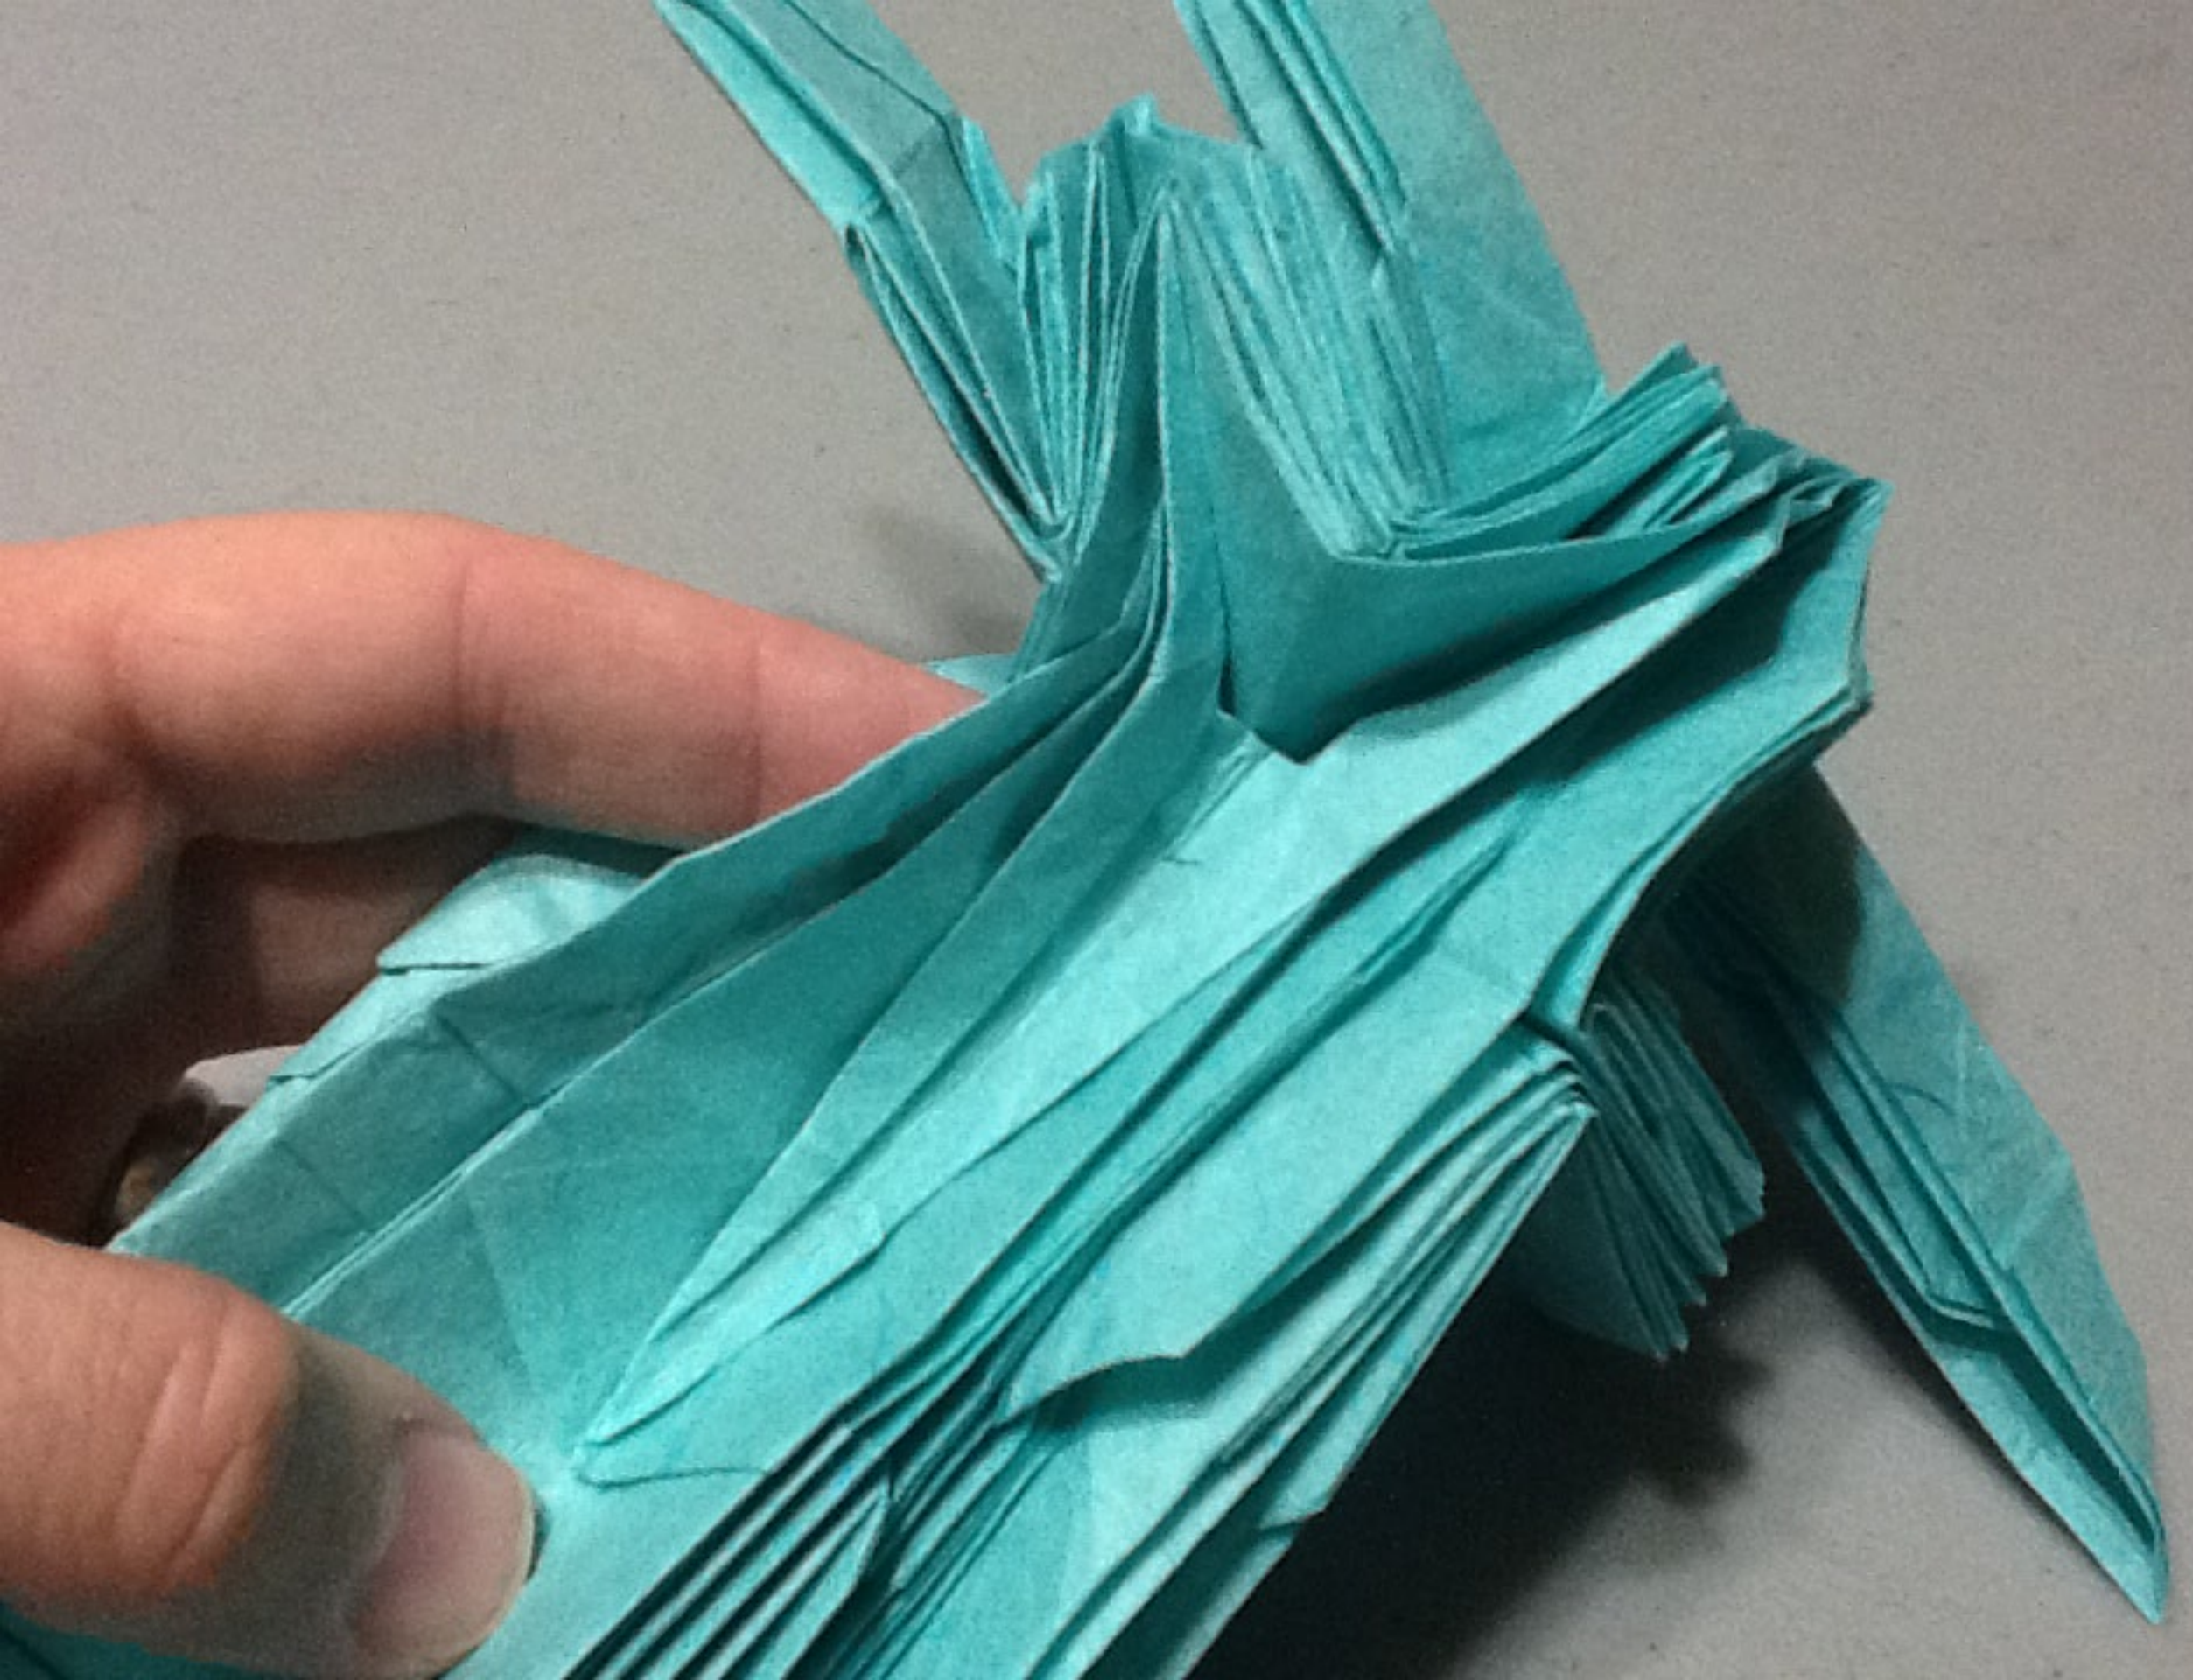

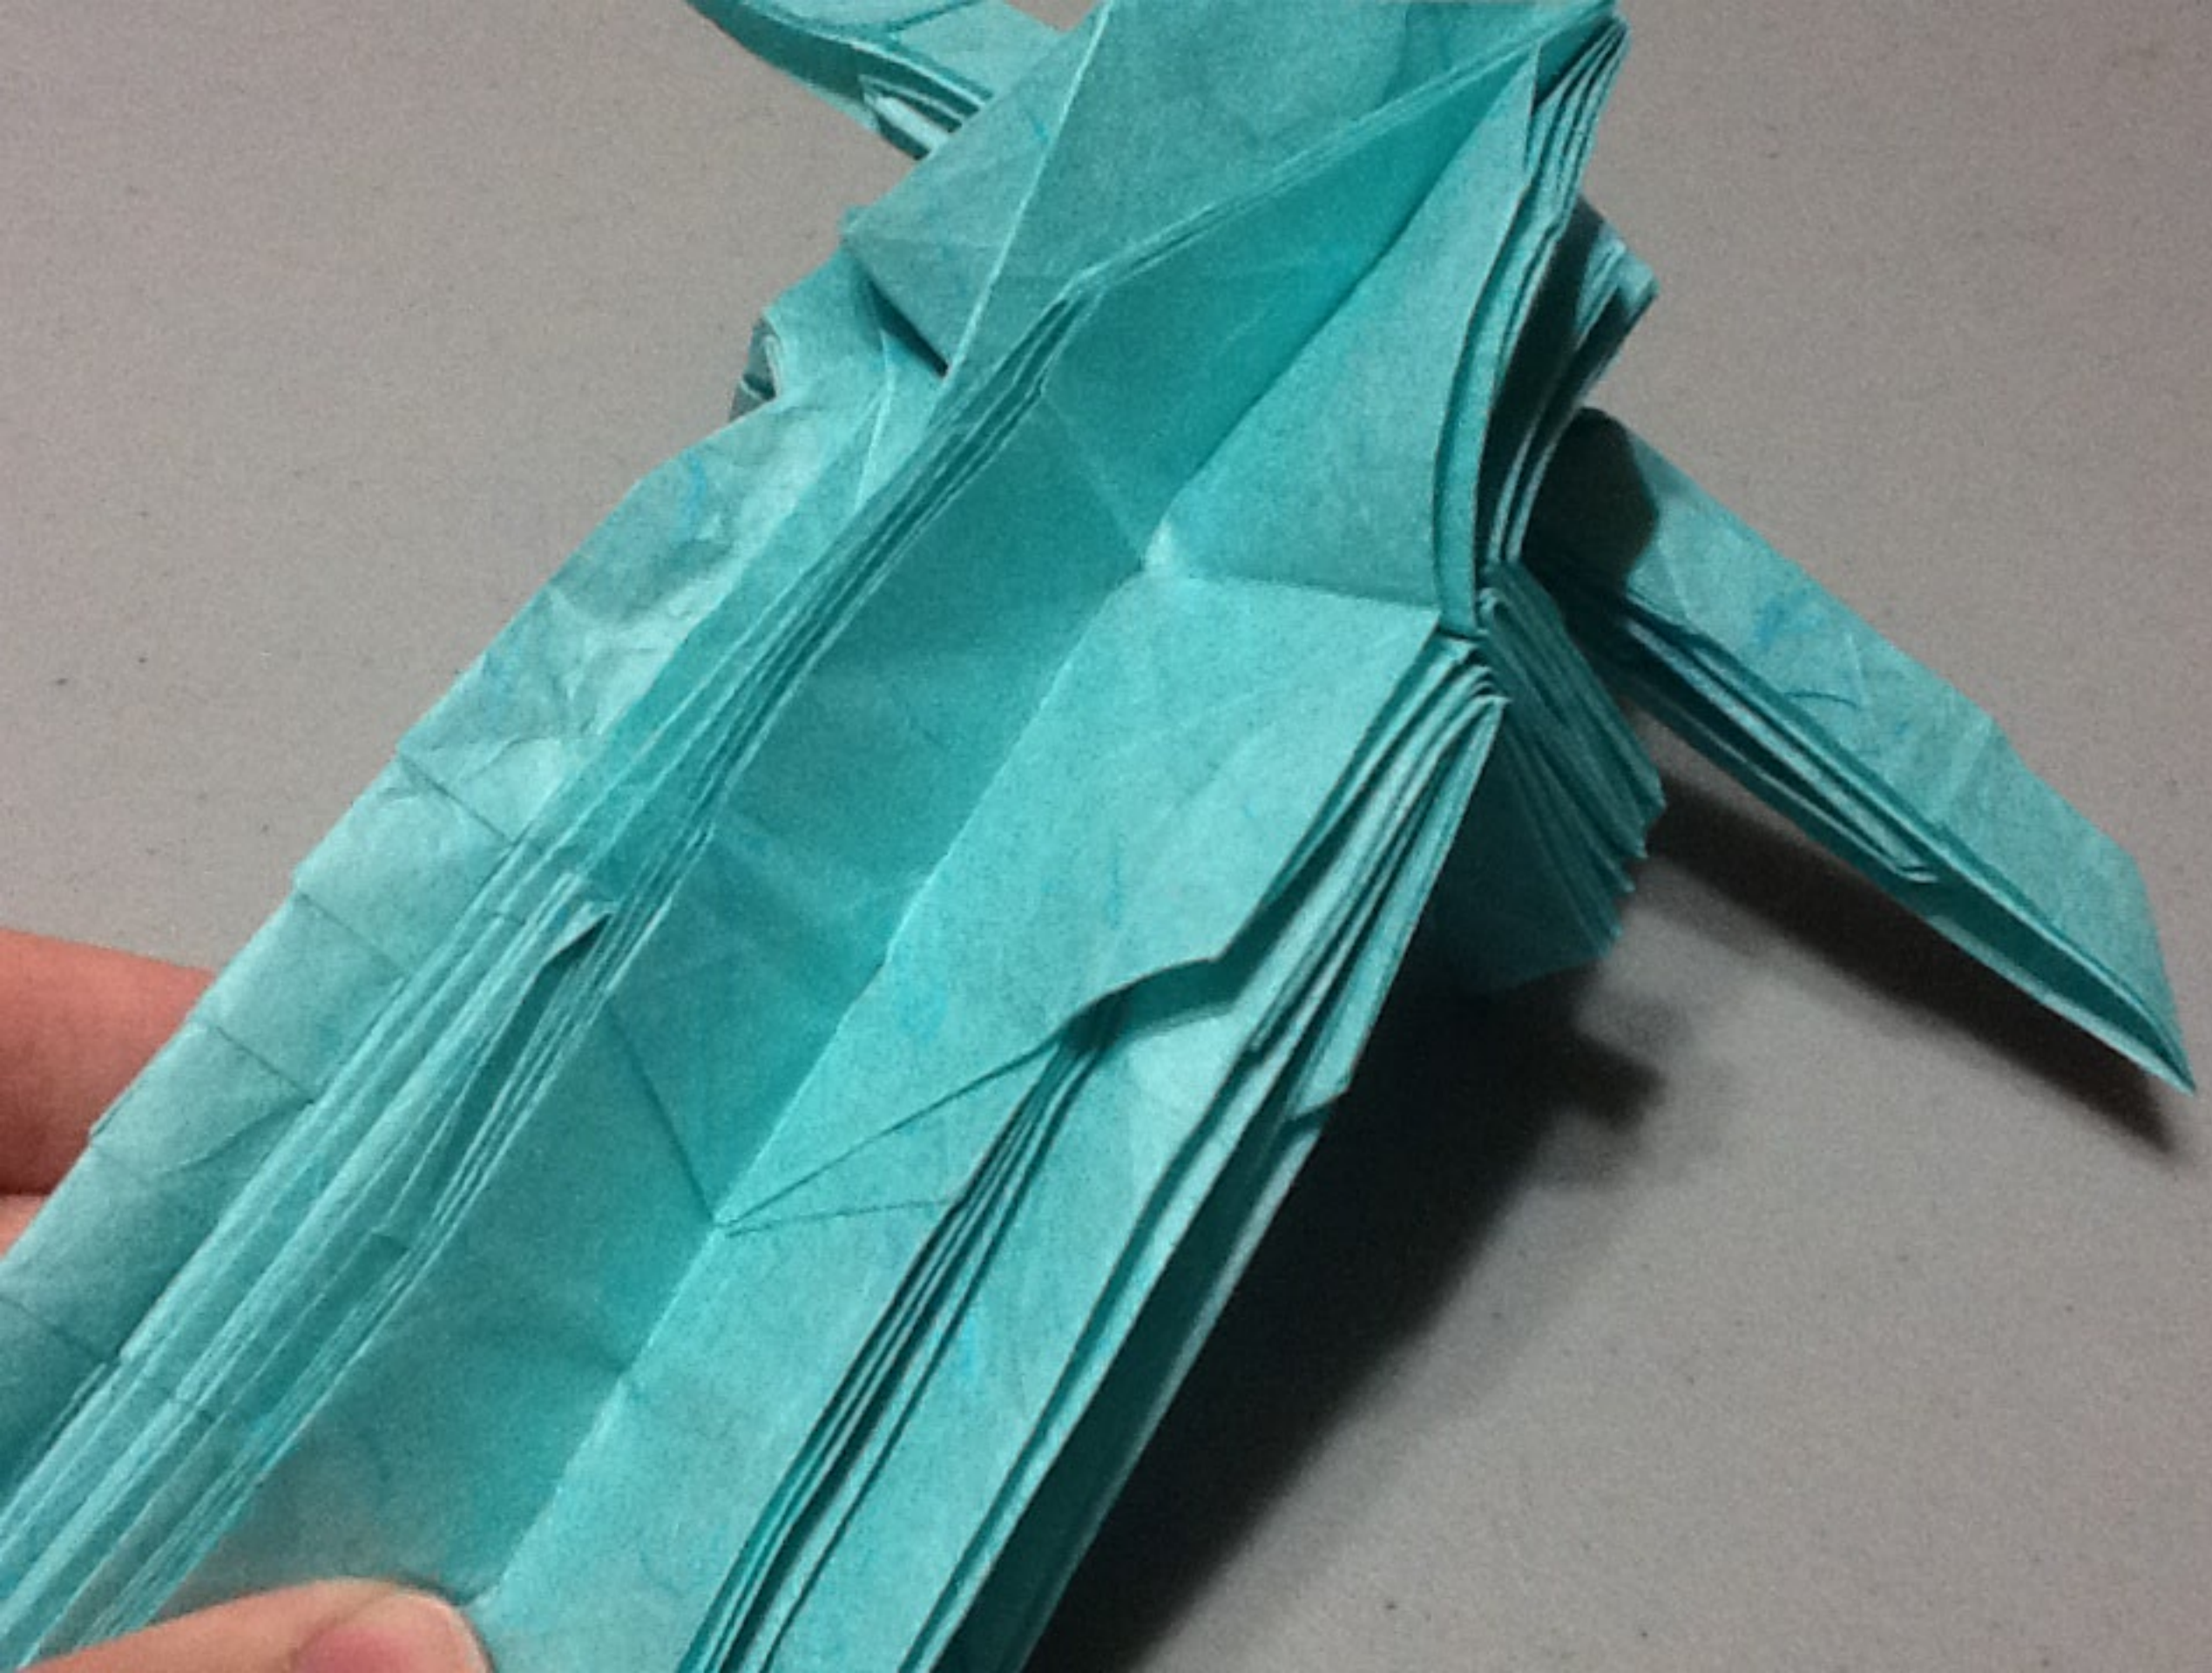

Underneath.  
These need  
thinning  
to stay out  
of the way.

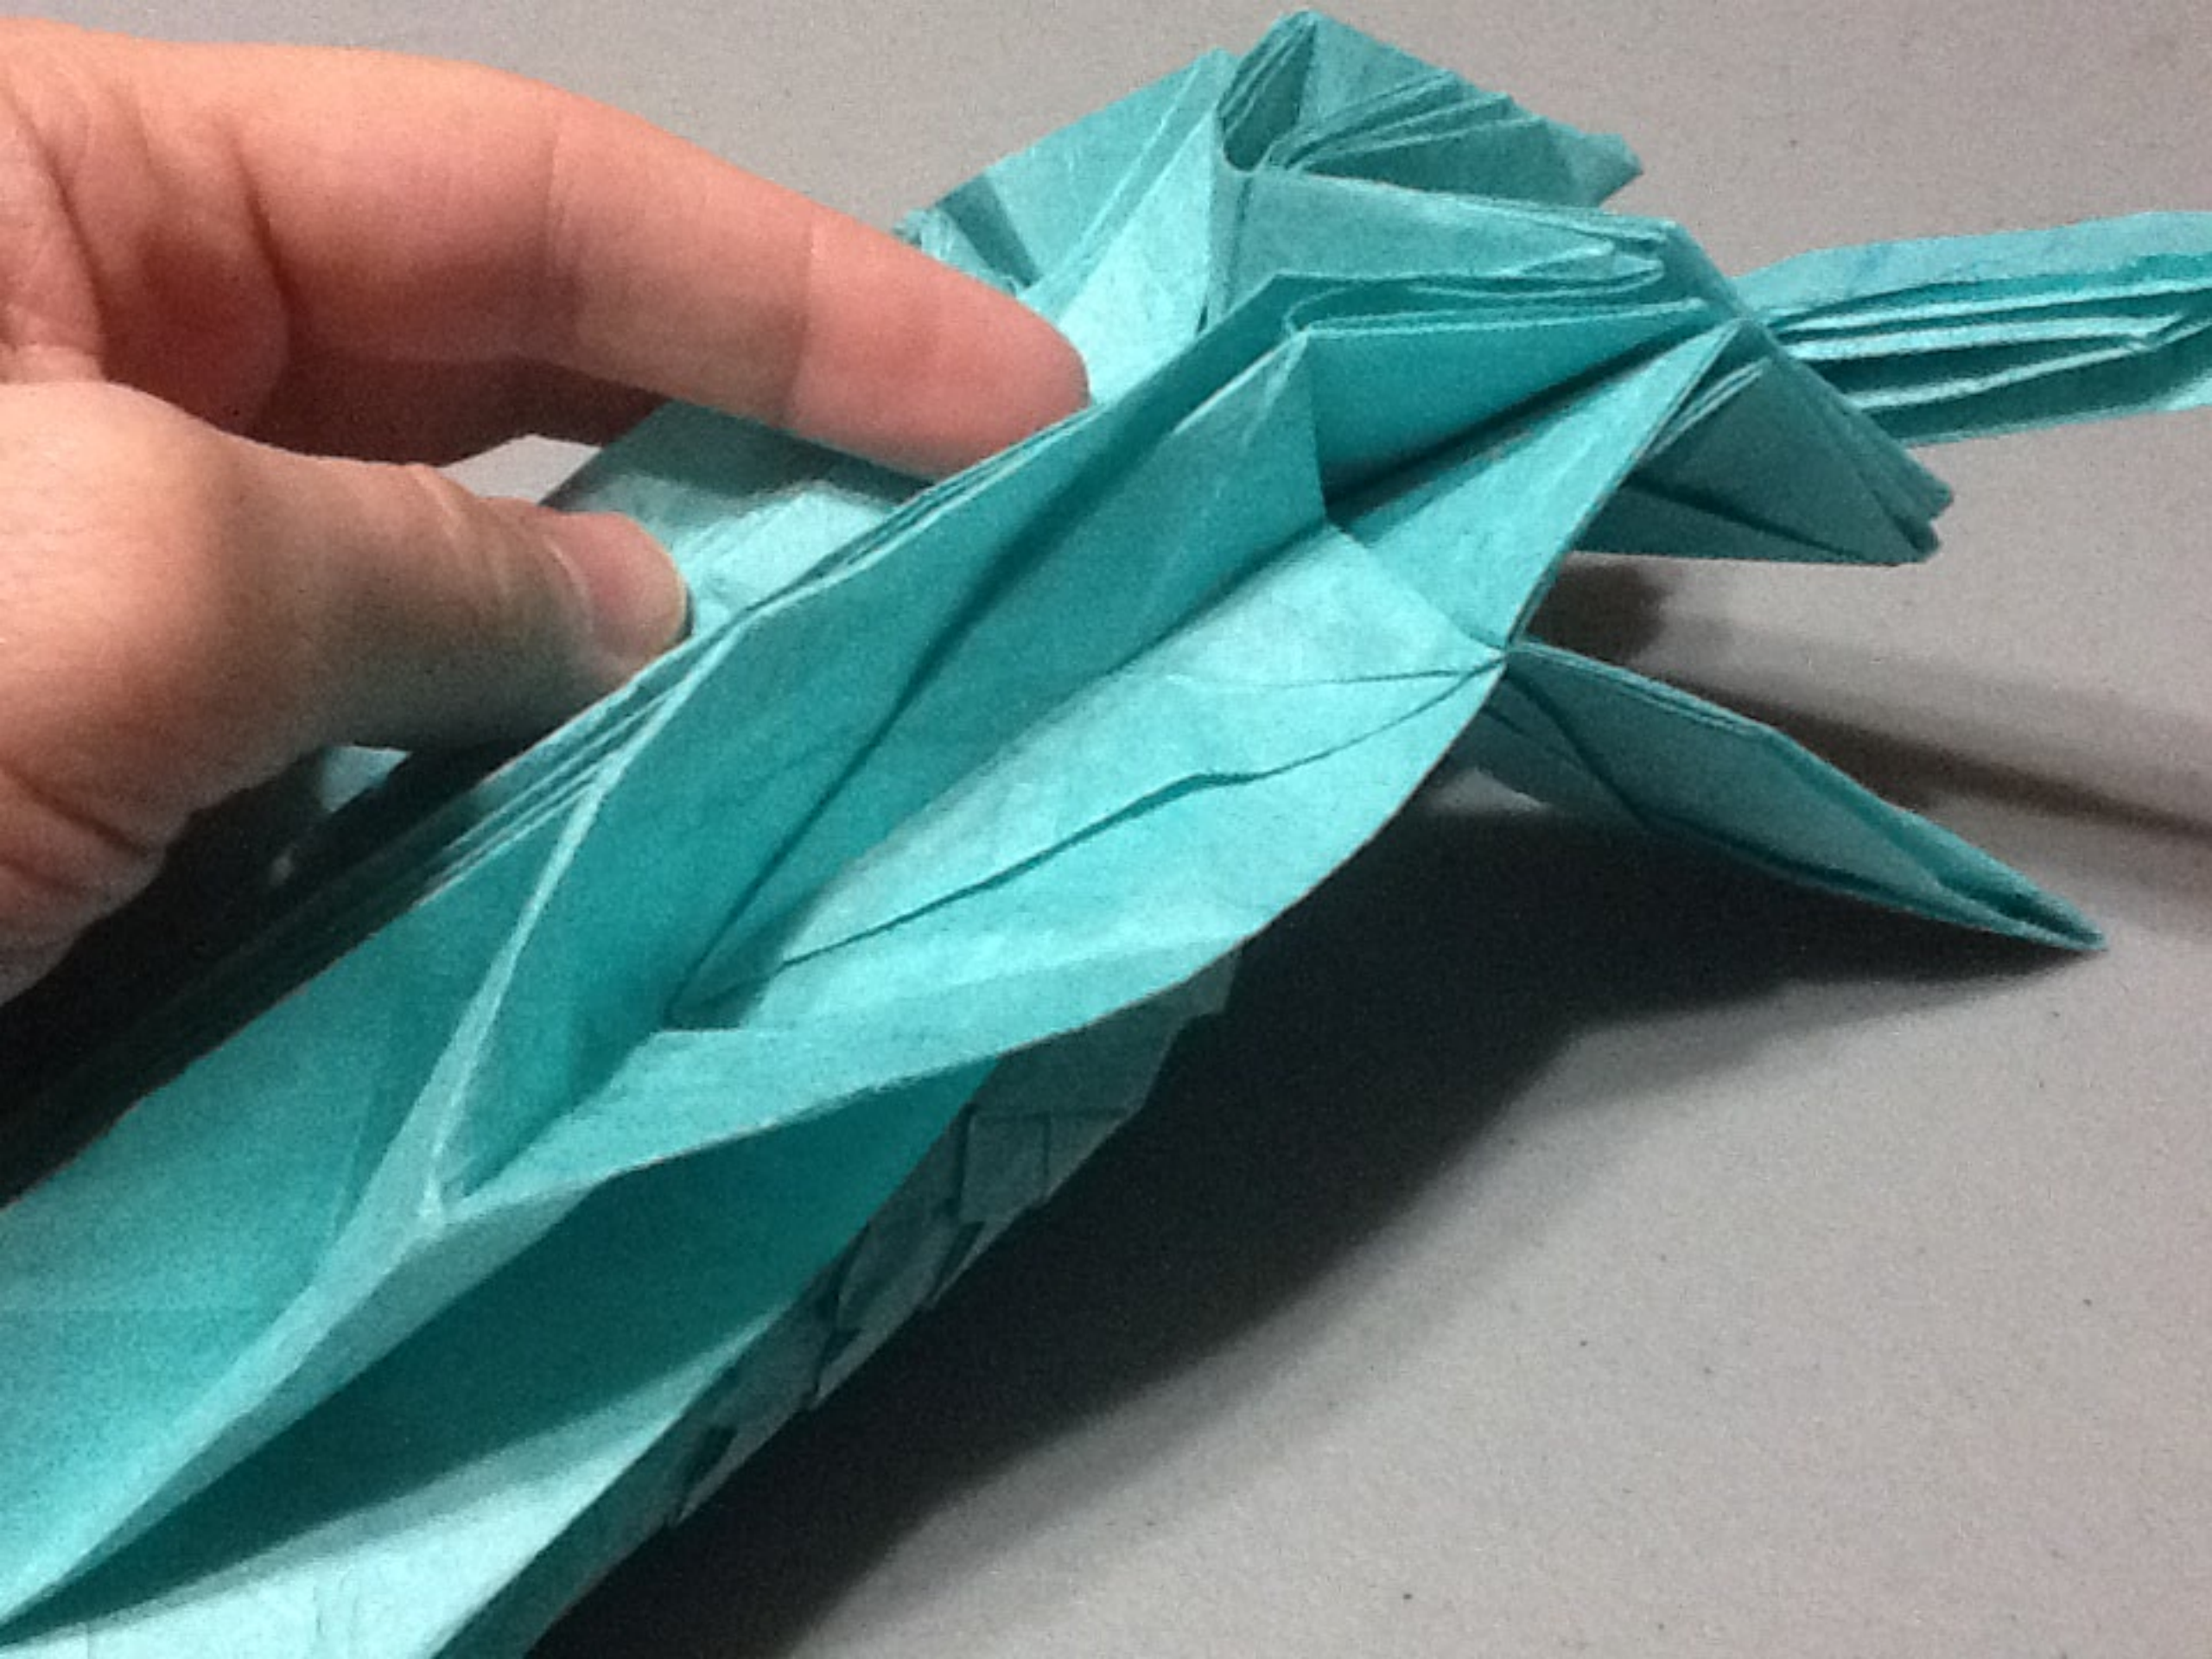

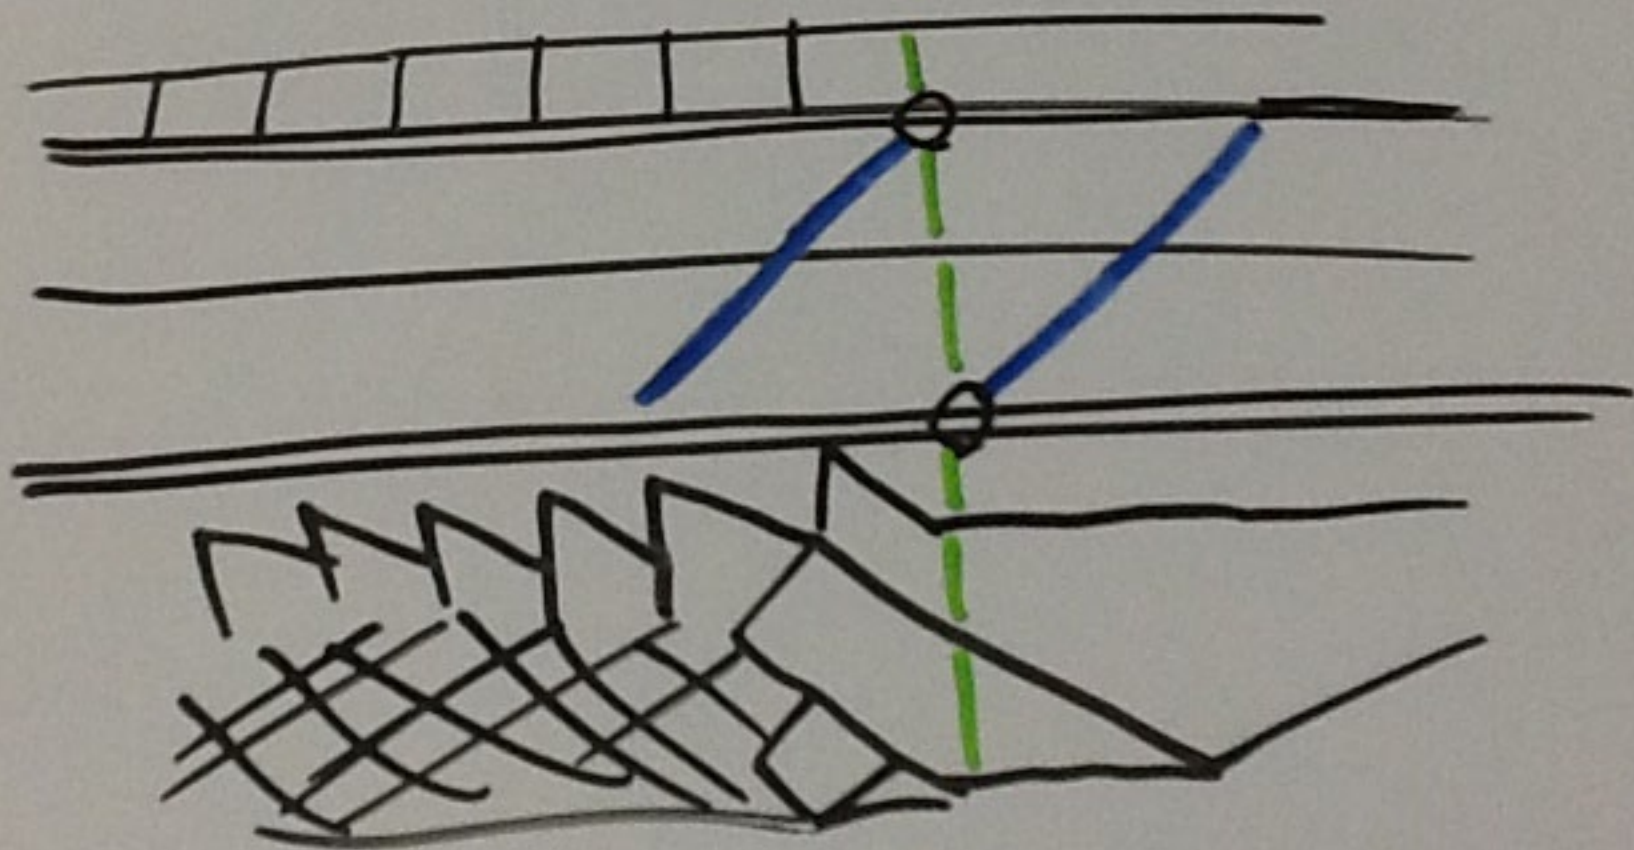

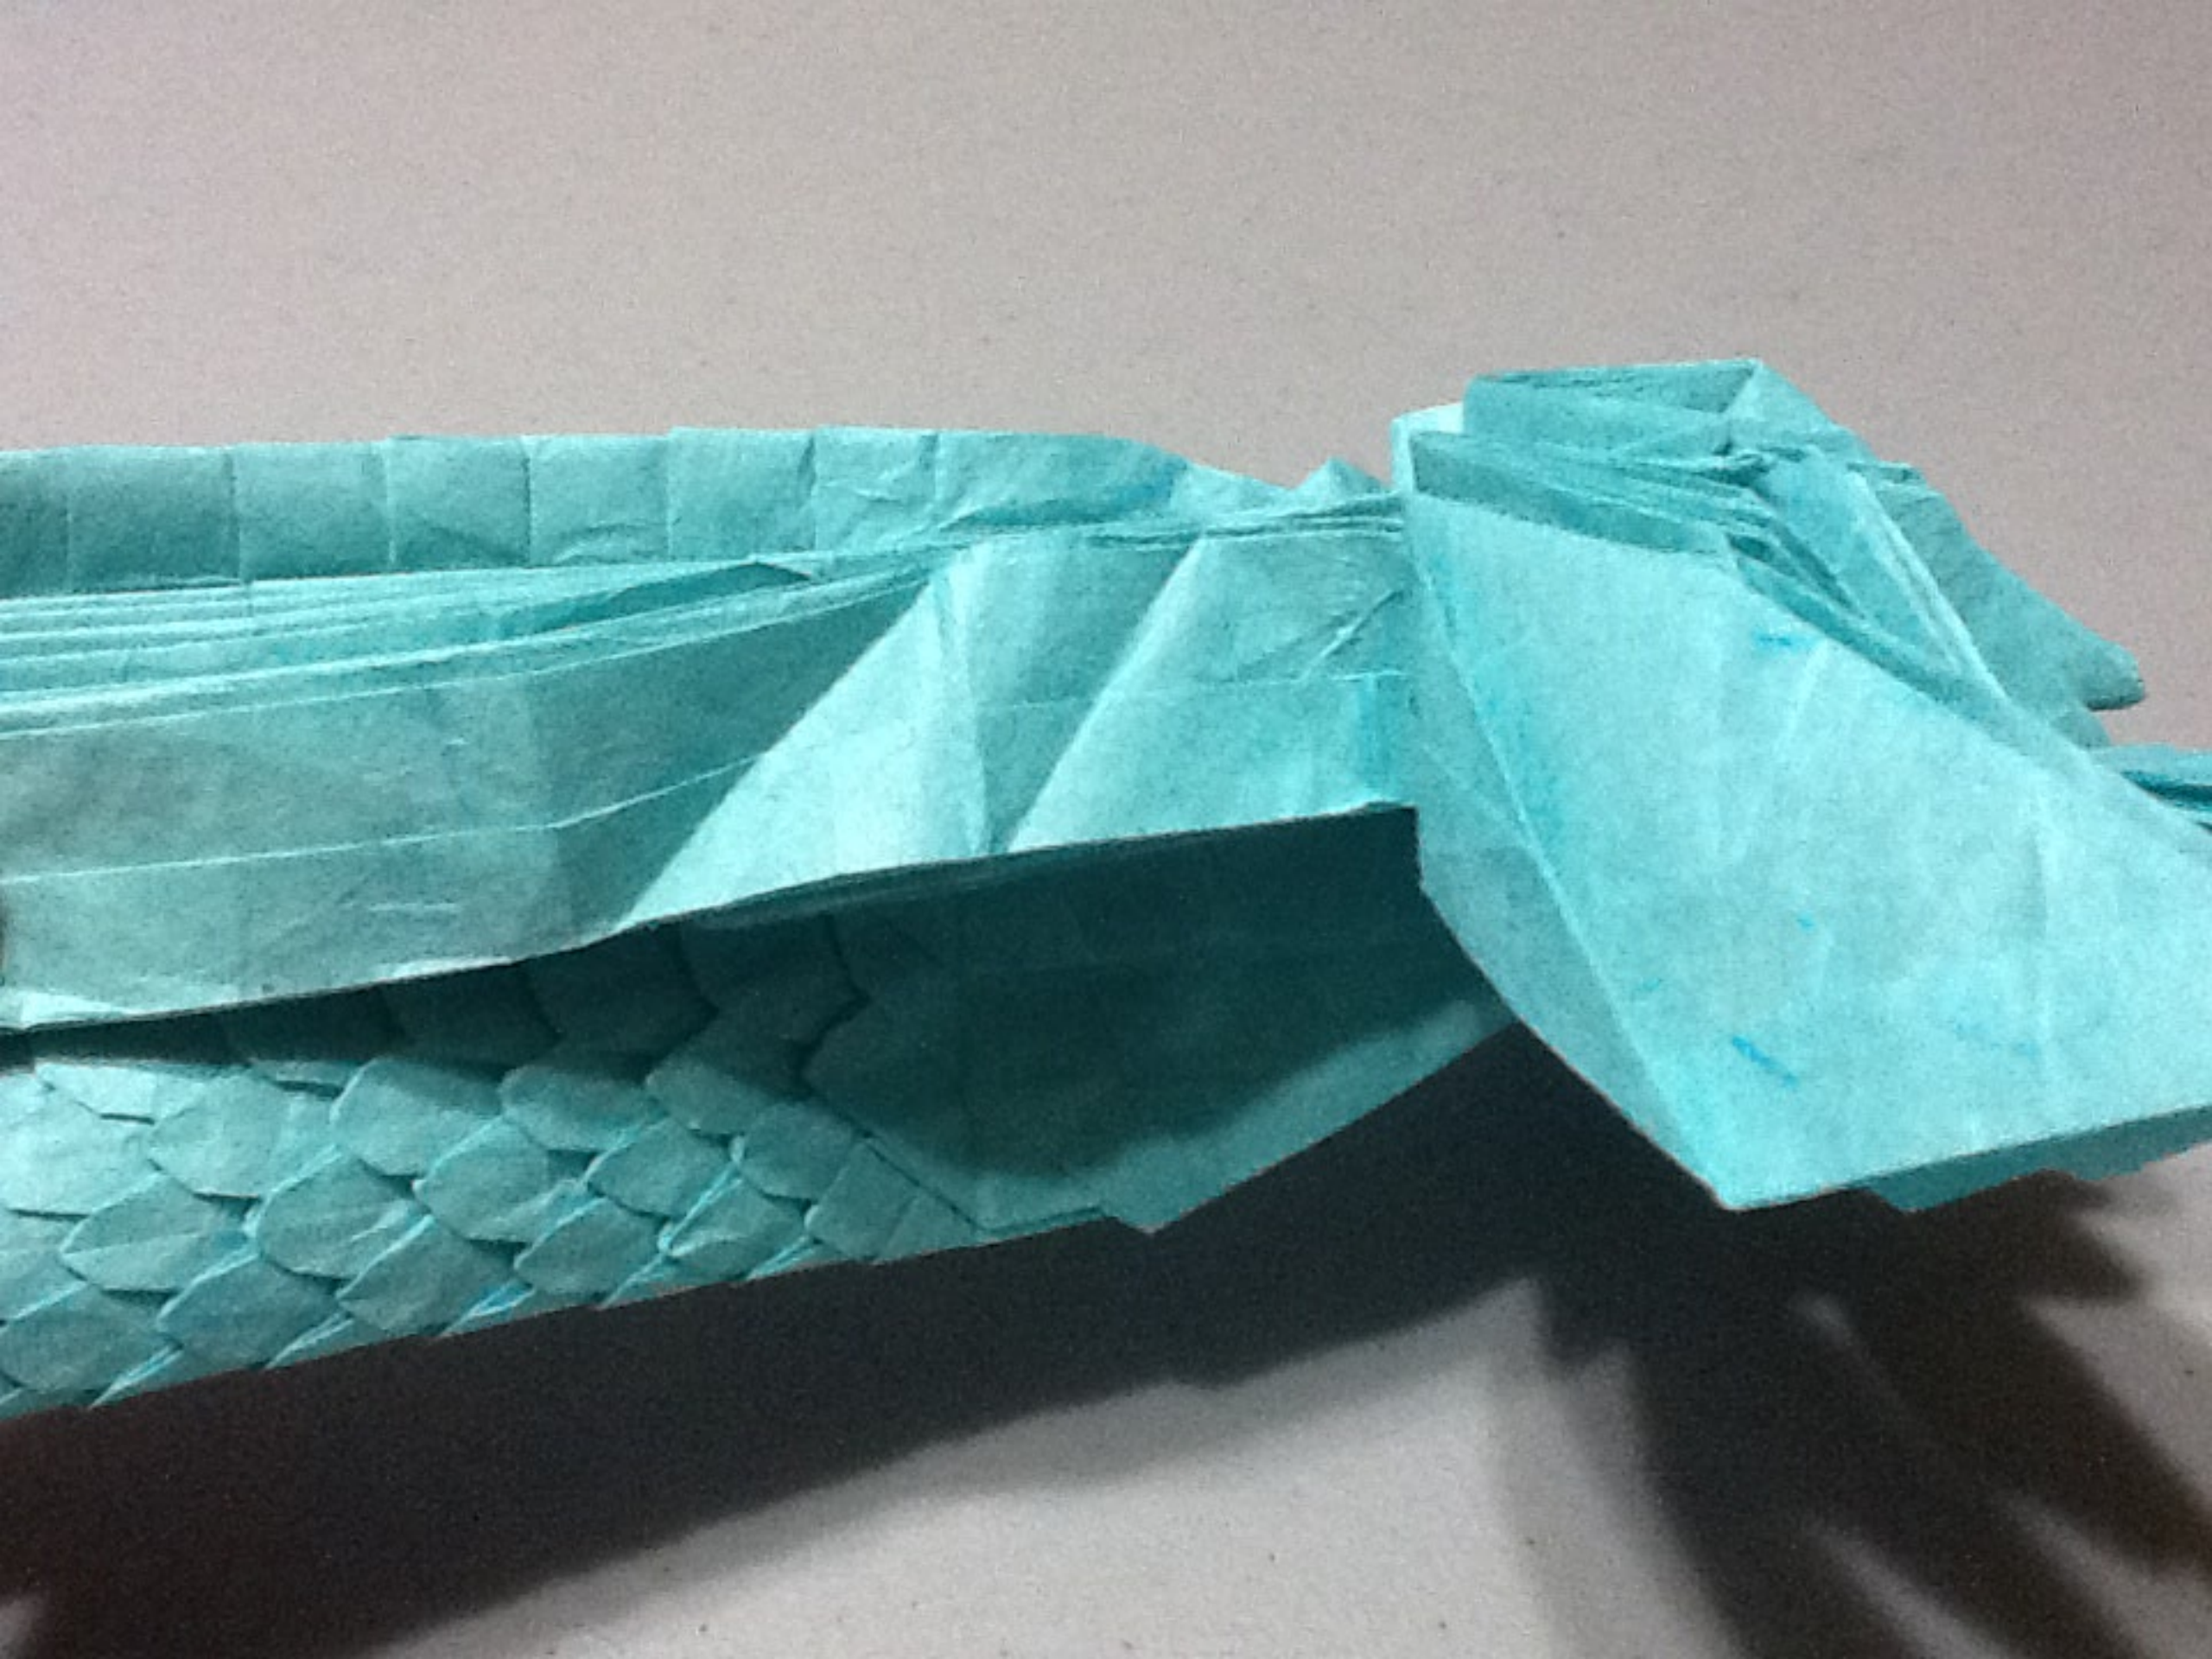

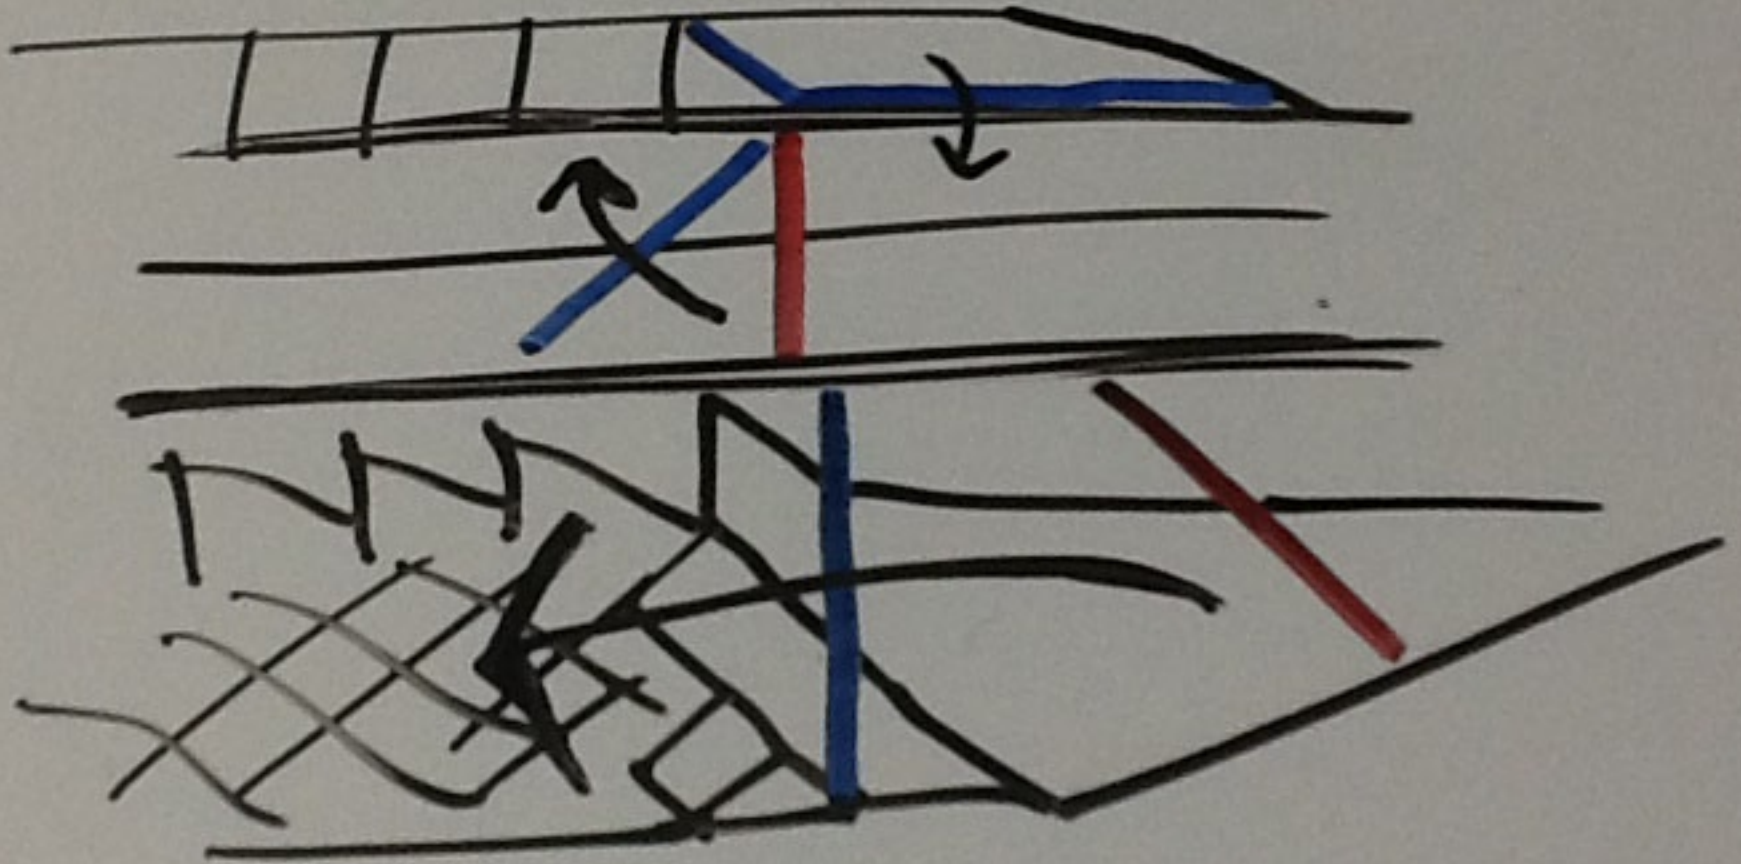

Precrease the pleats  
a few at a time

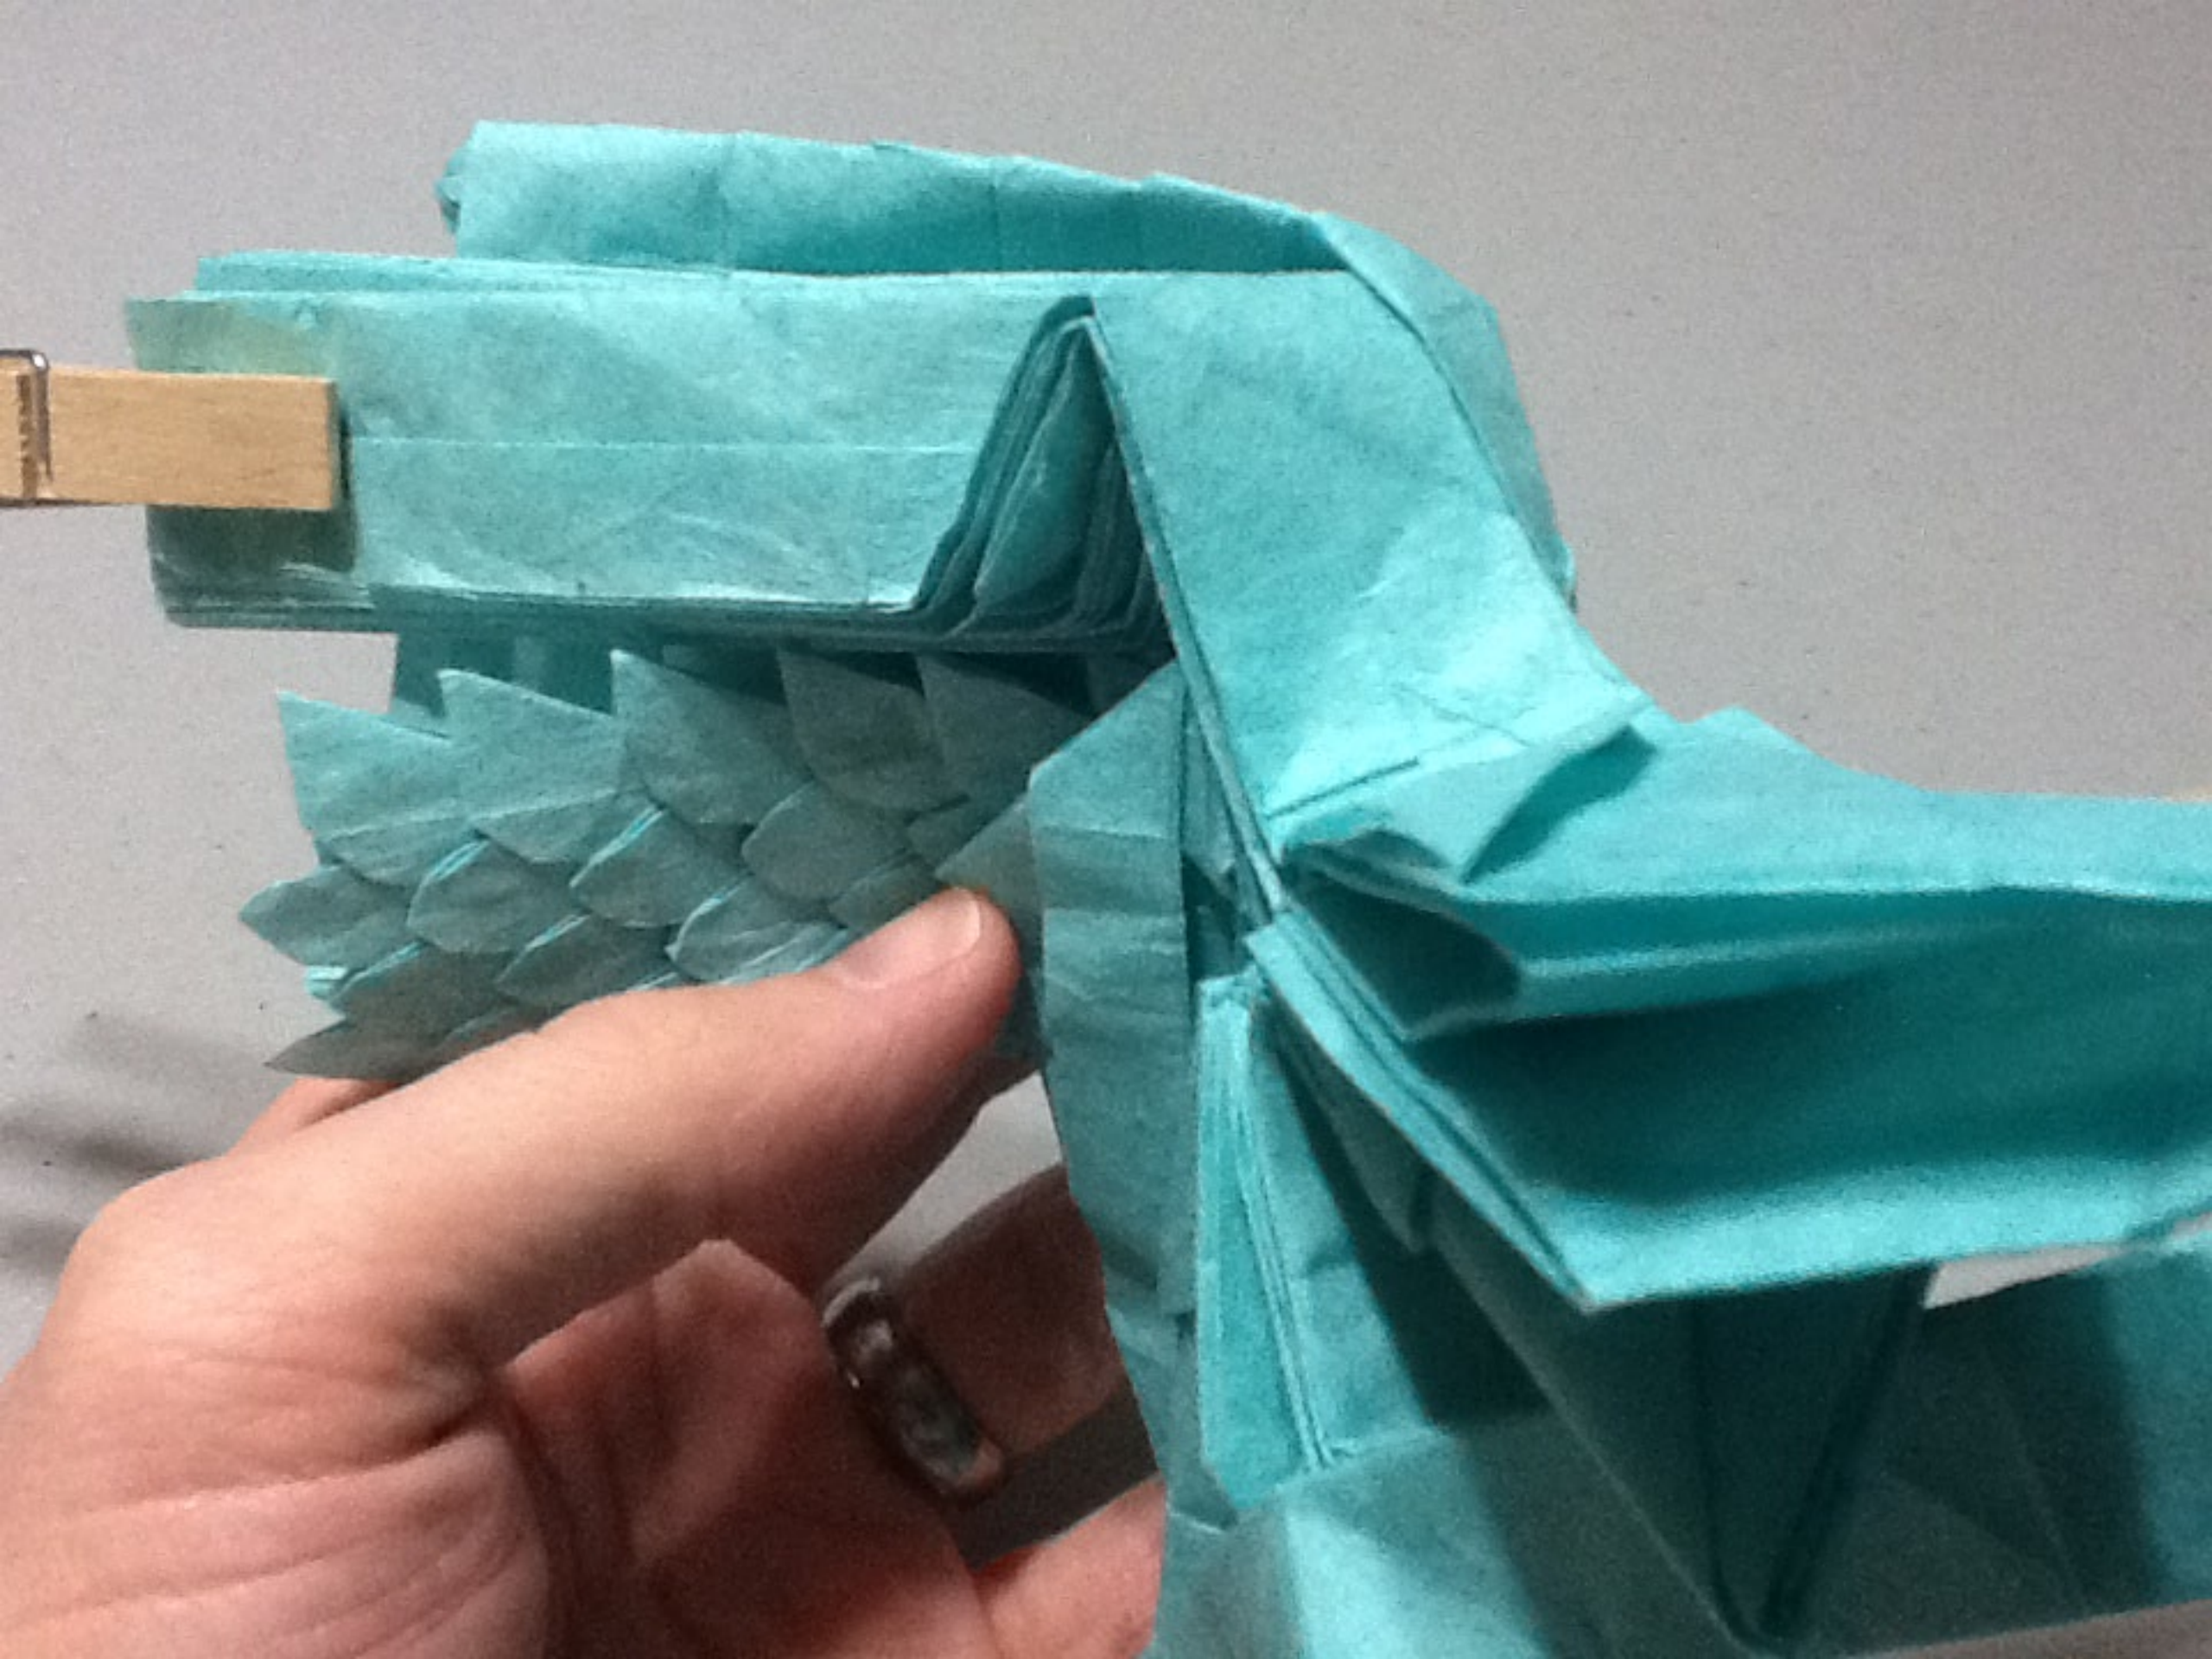

MVC

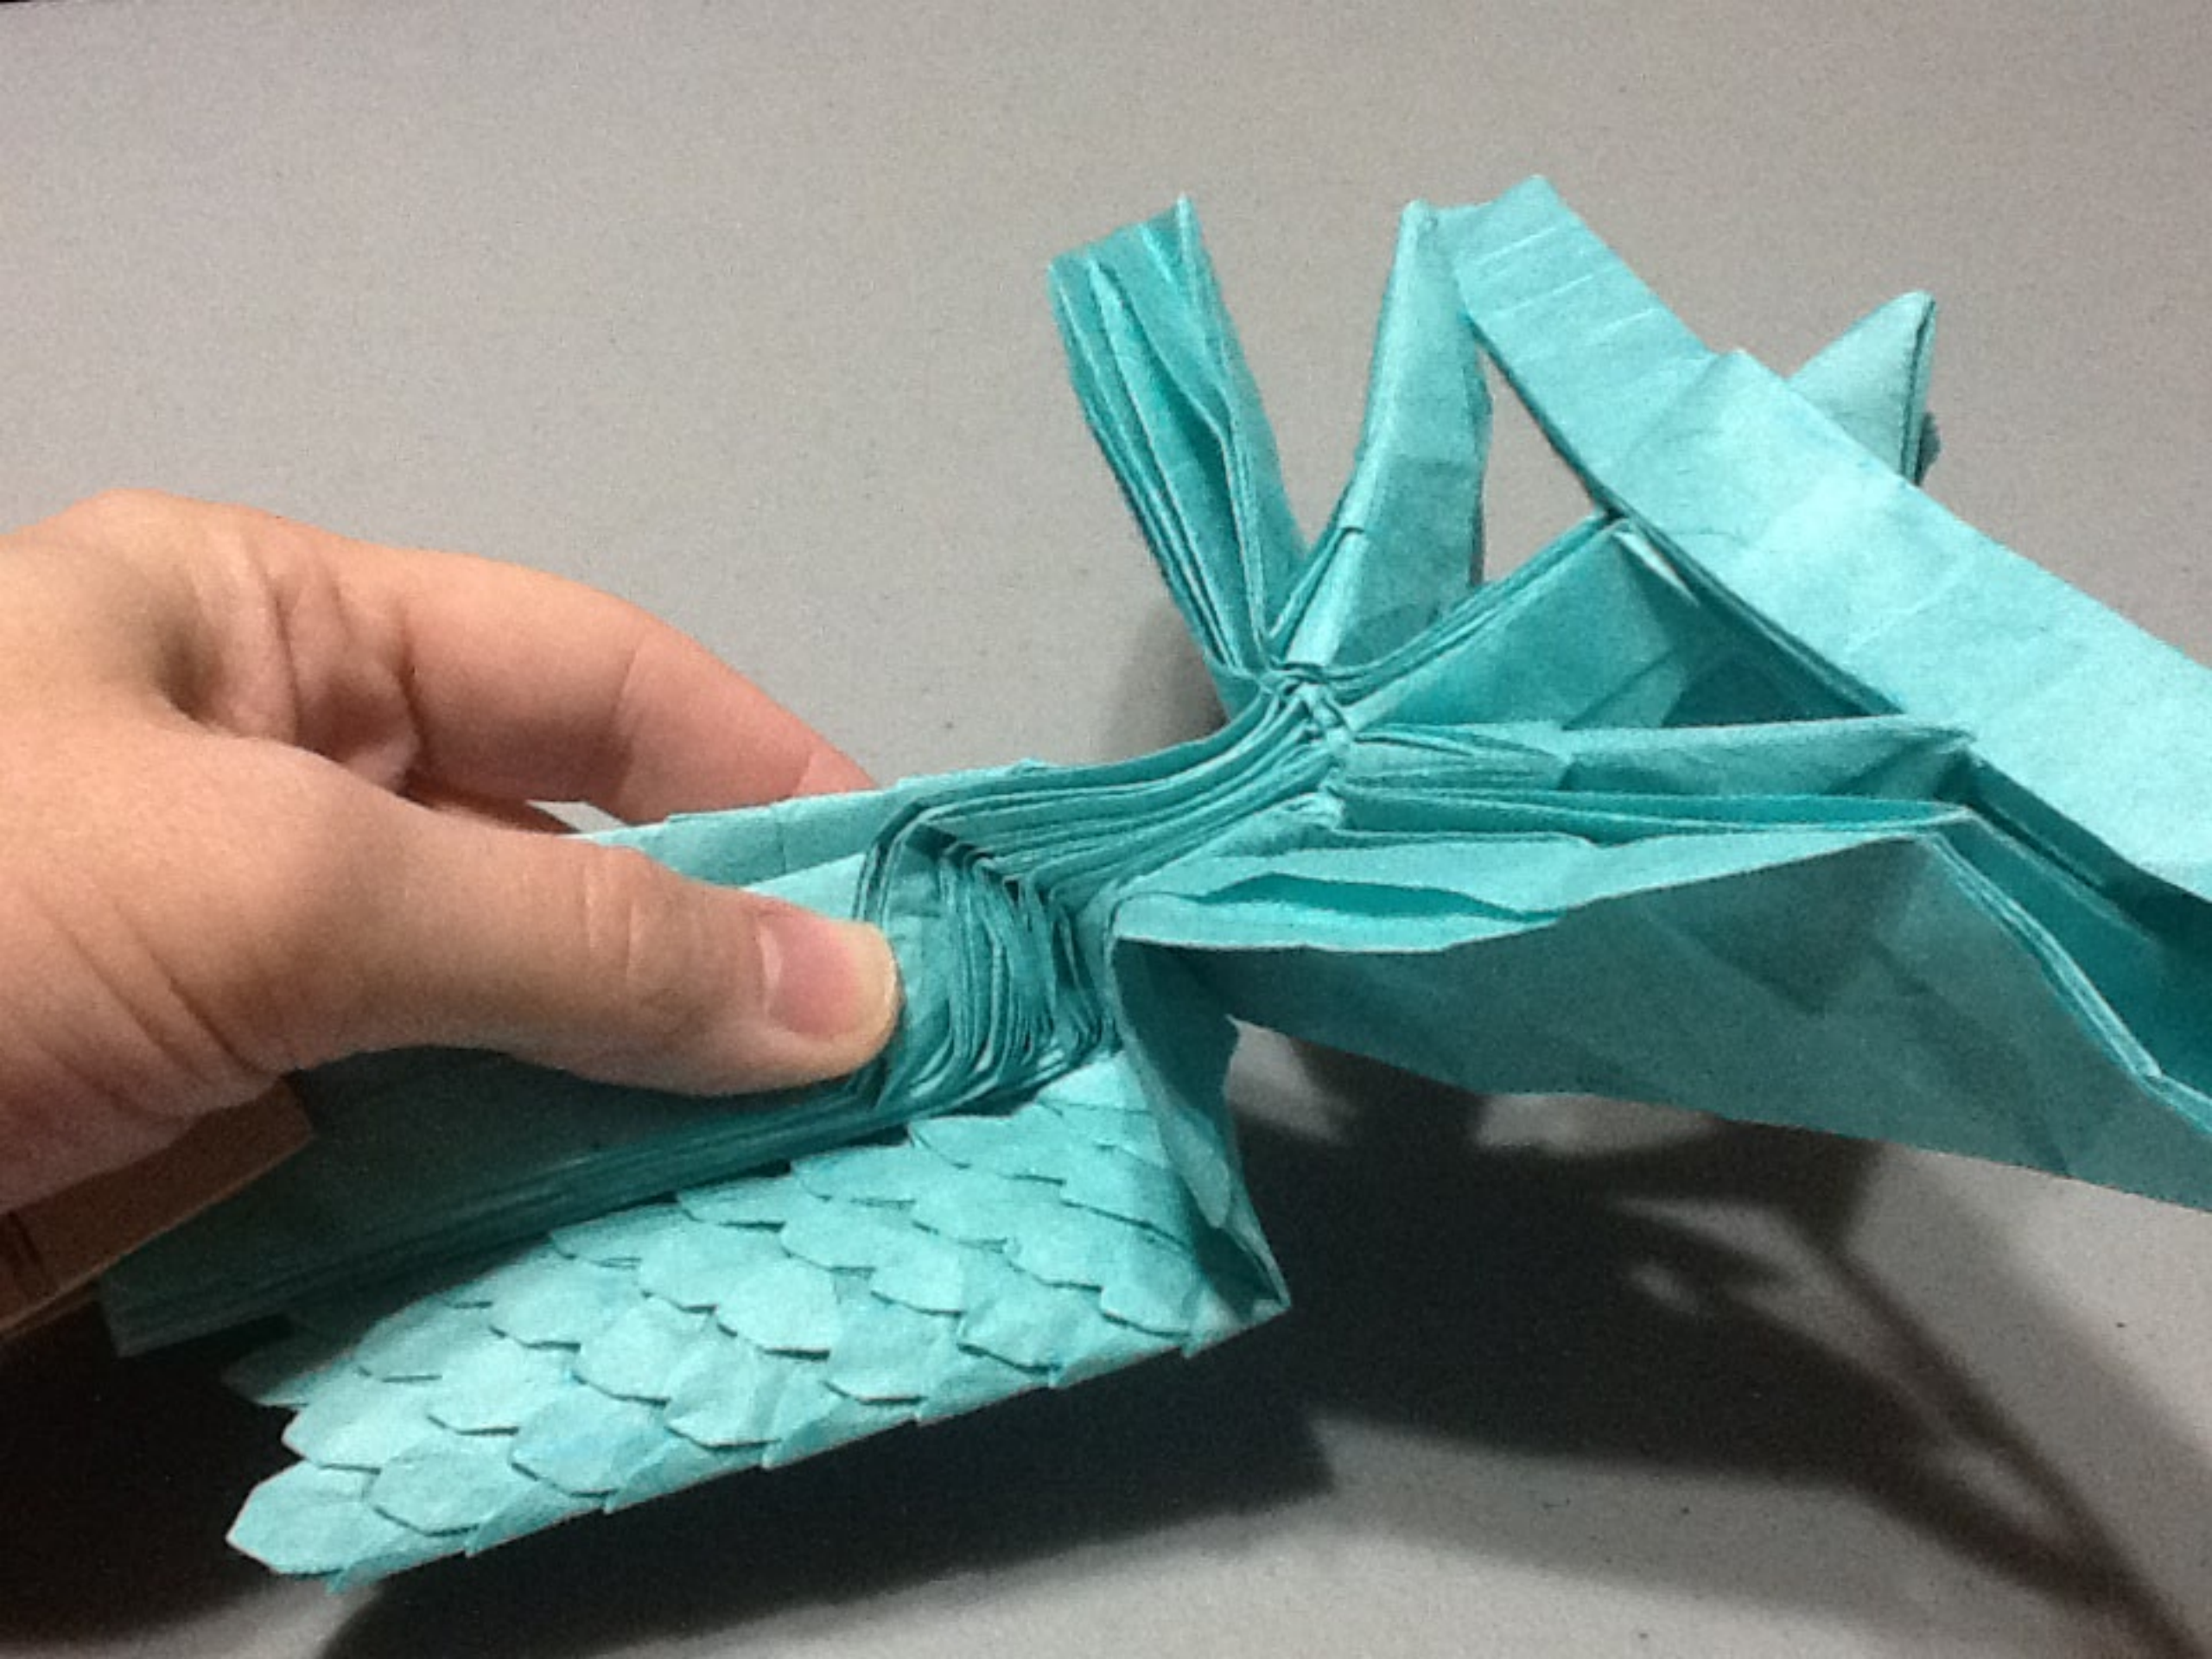

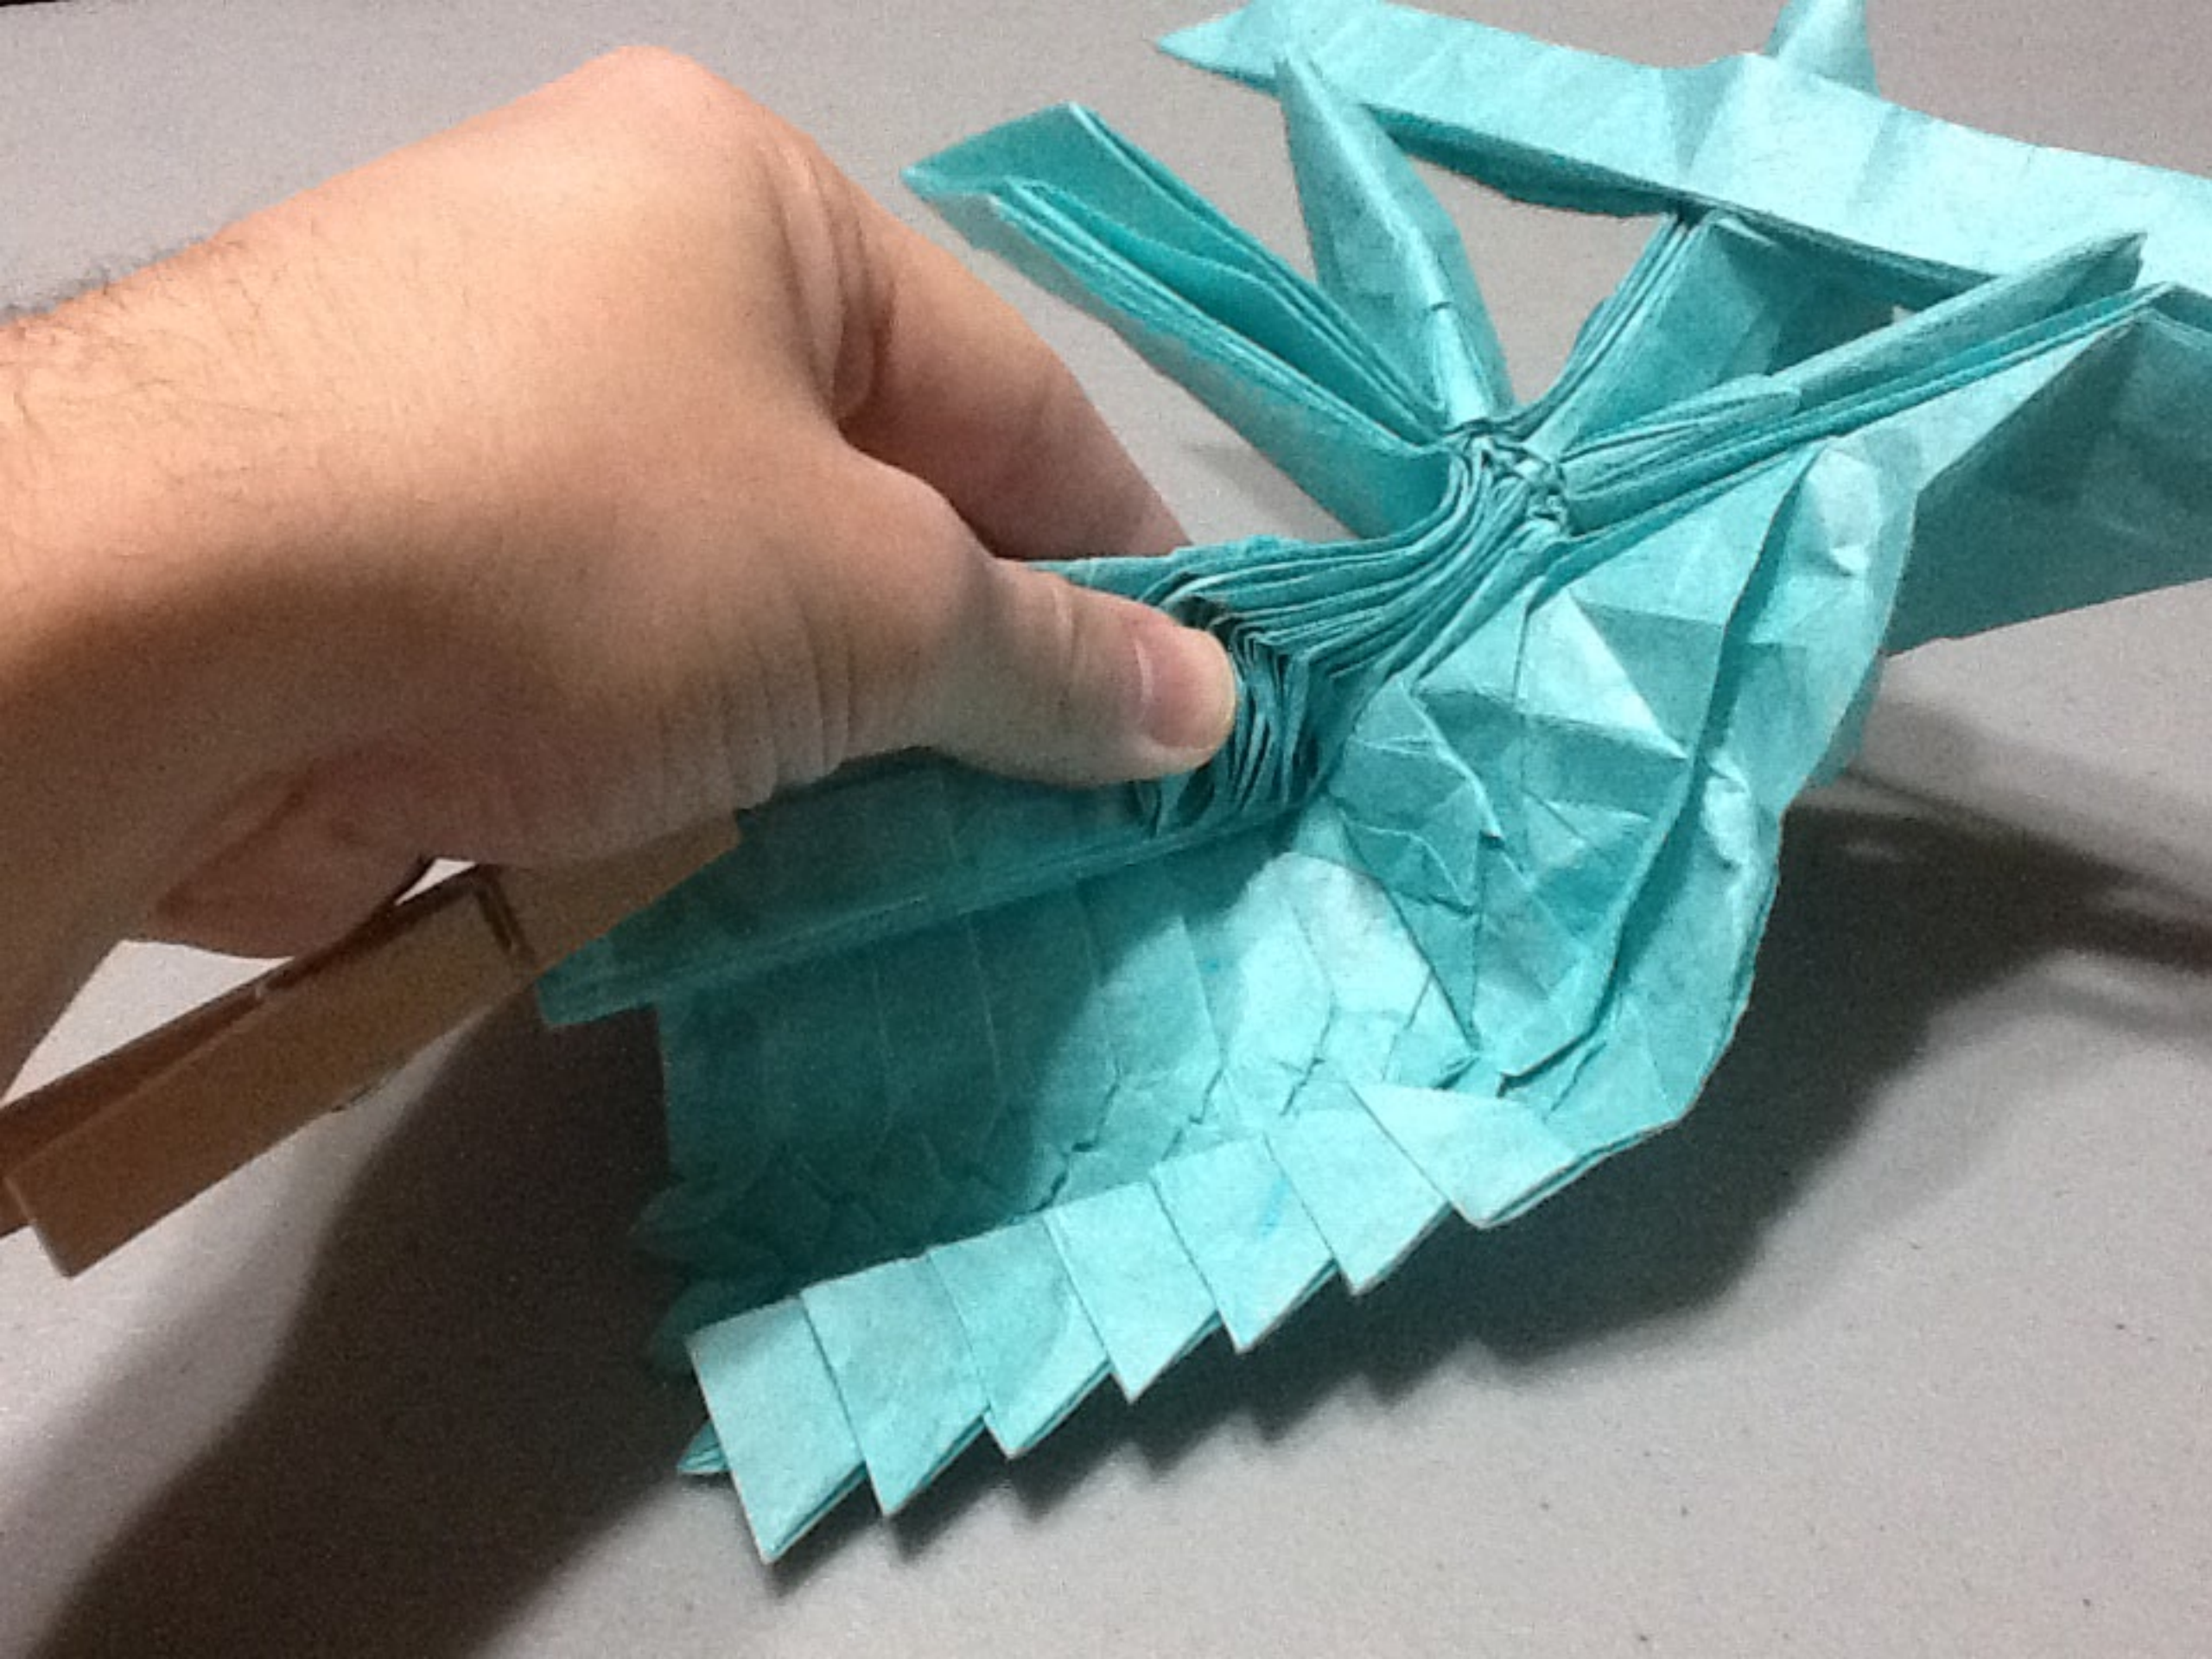

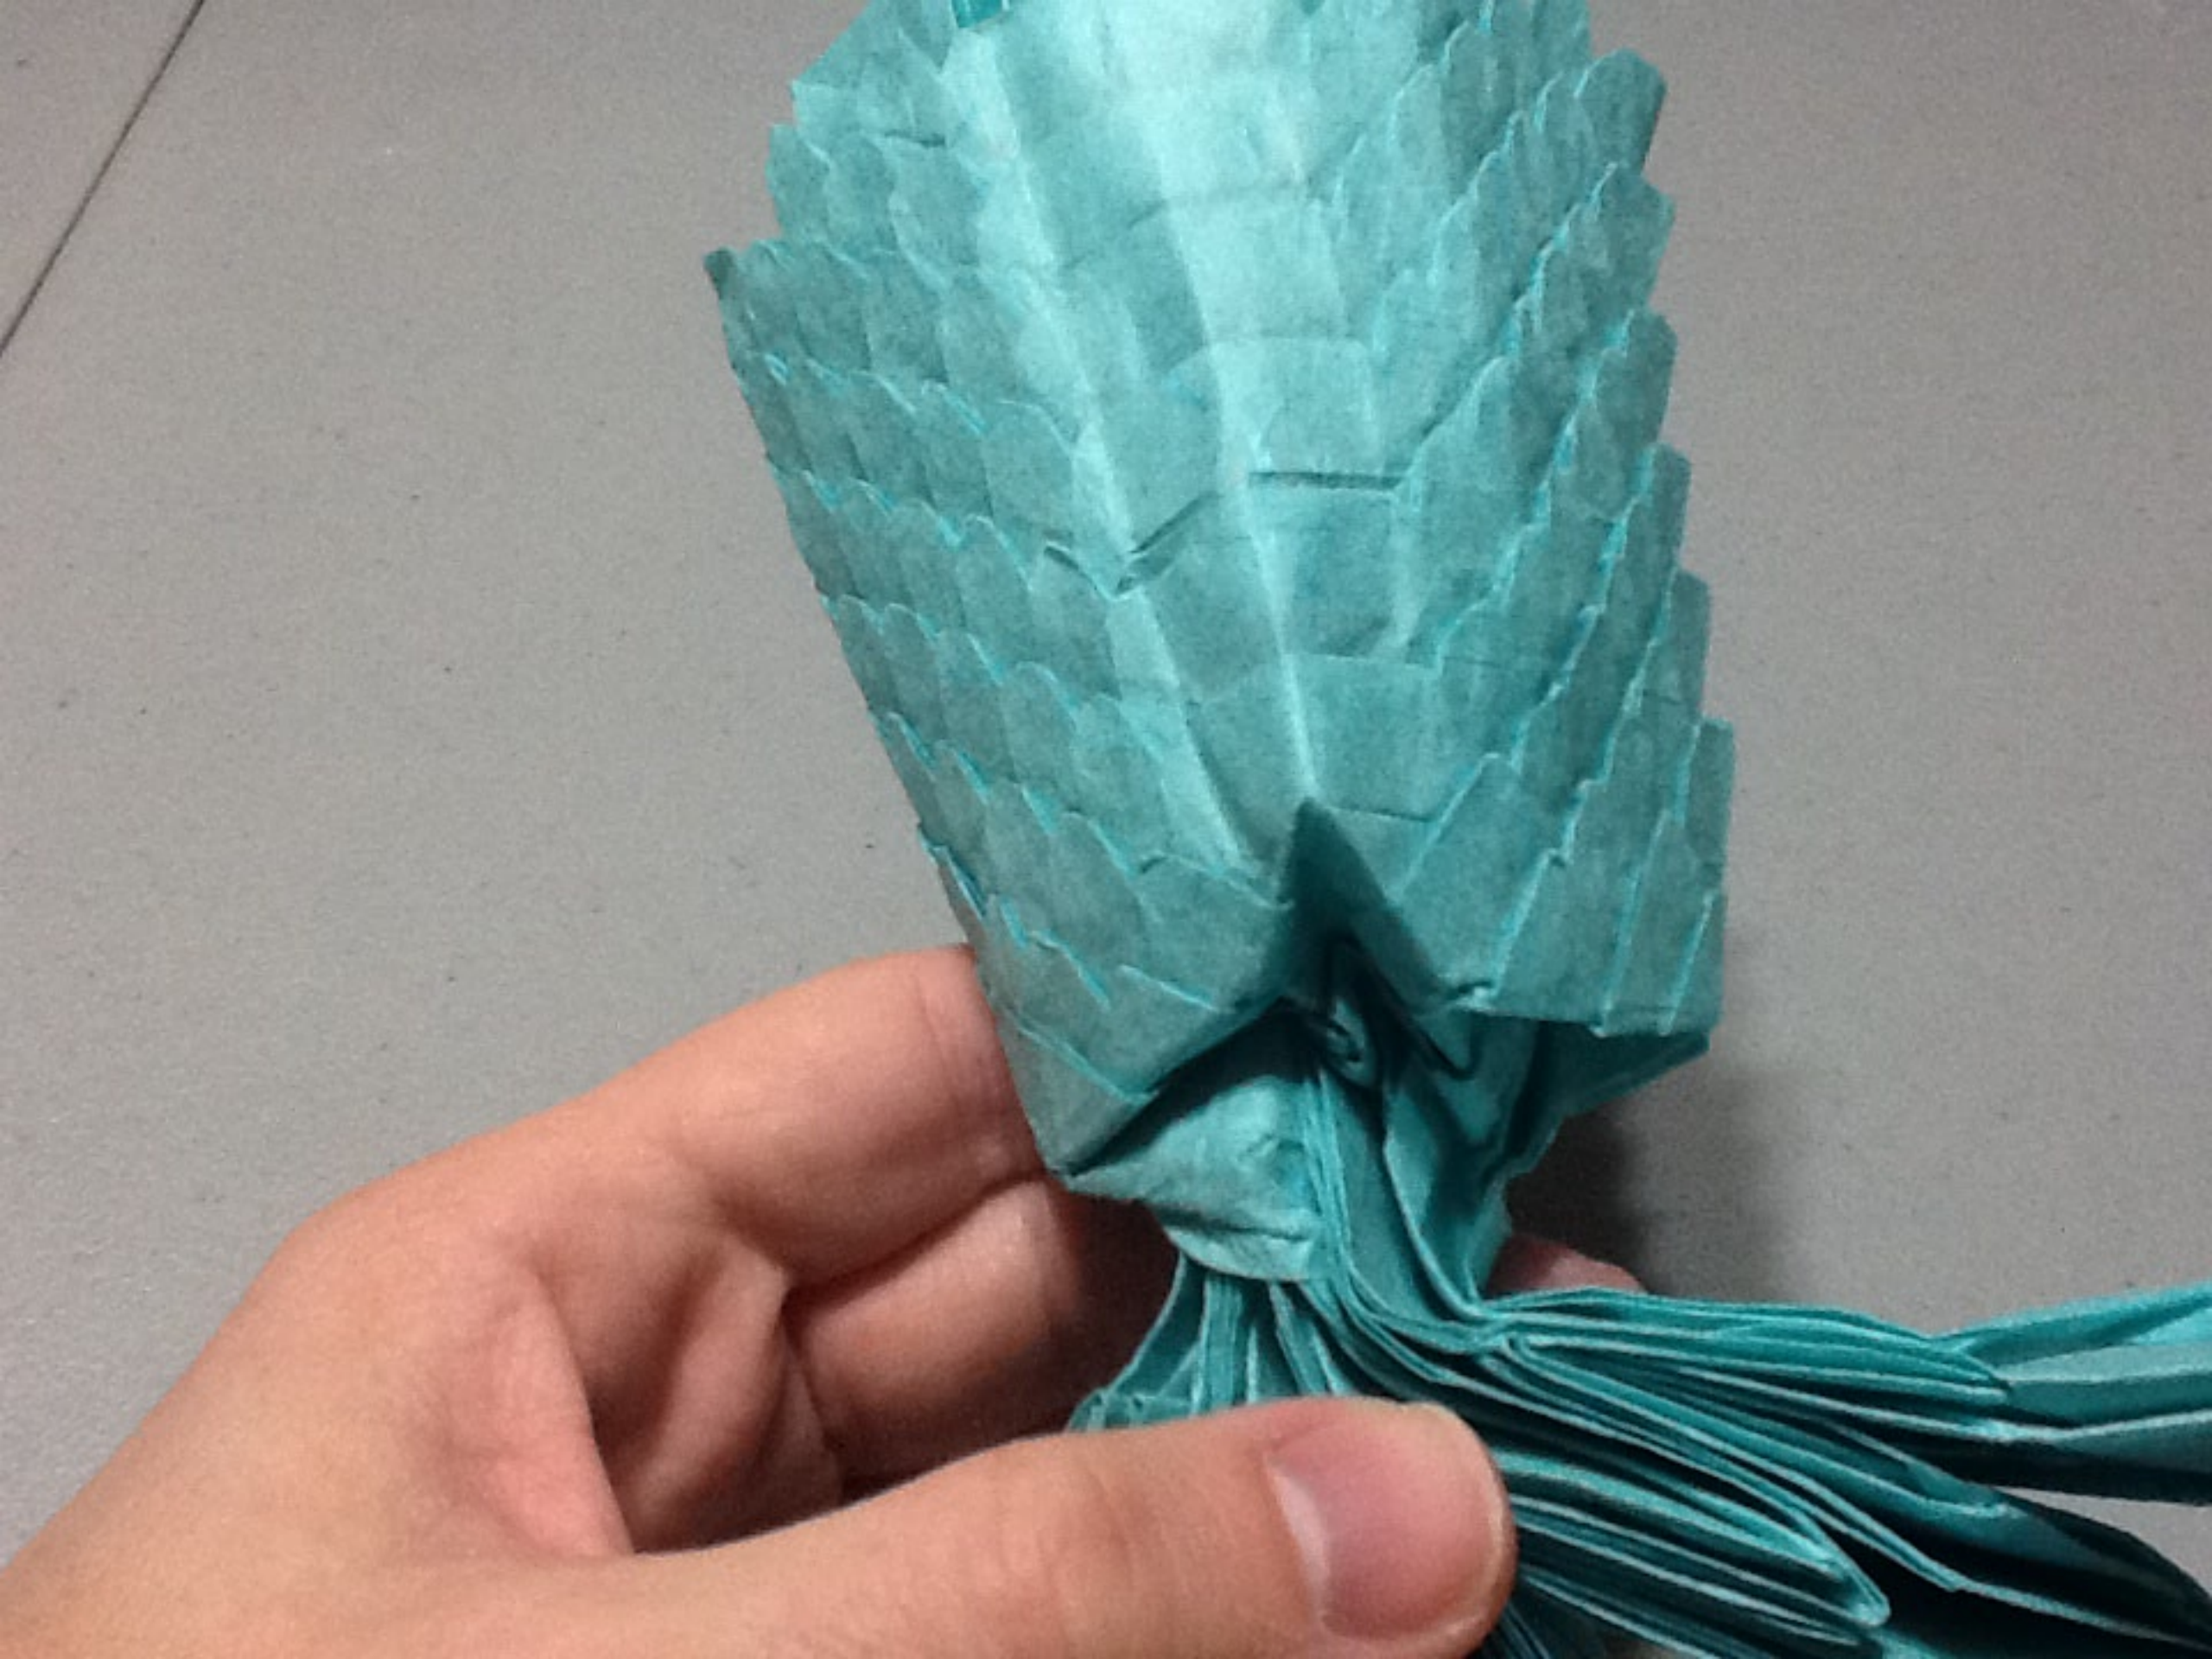

MVC

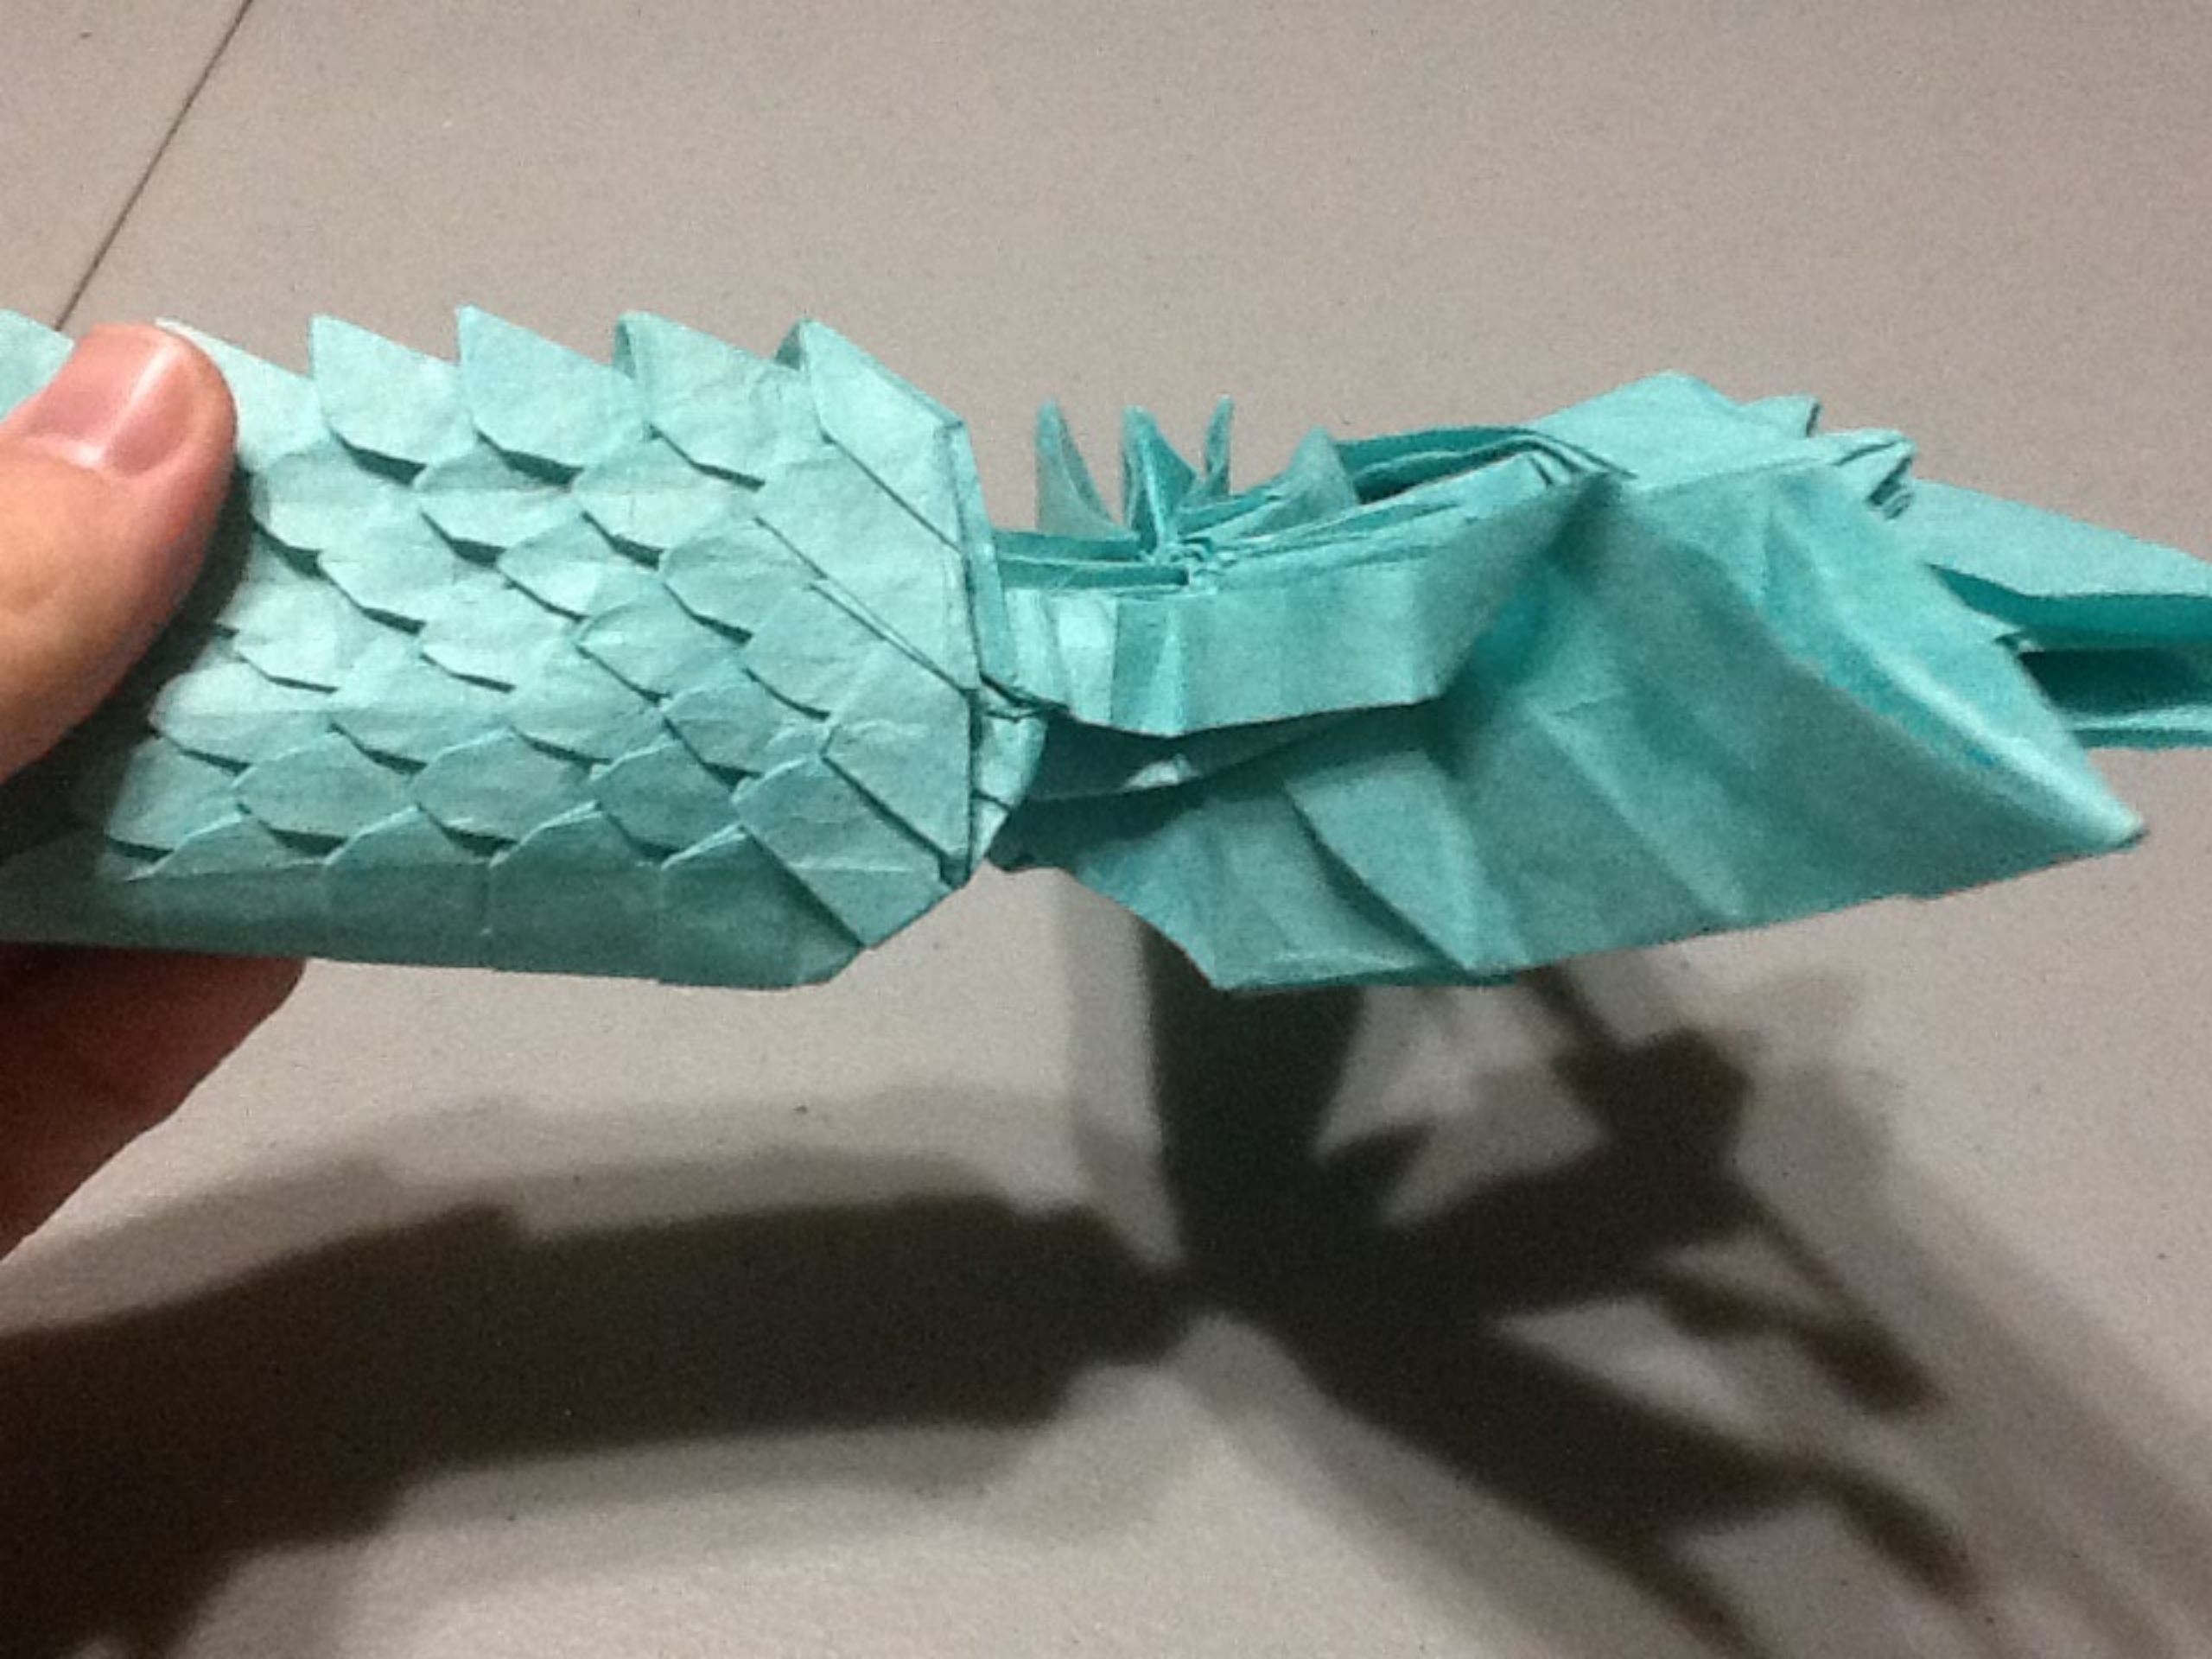

Continue as in  
Lesson 15-

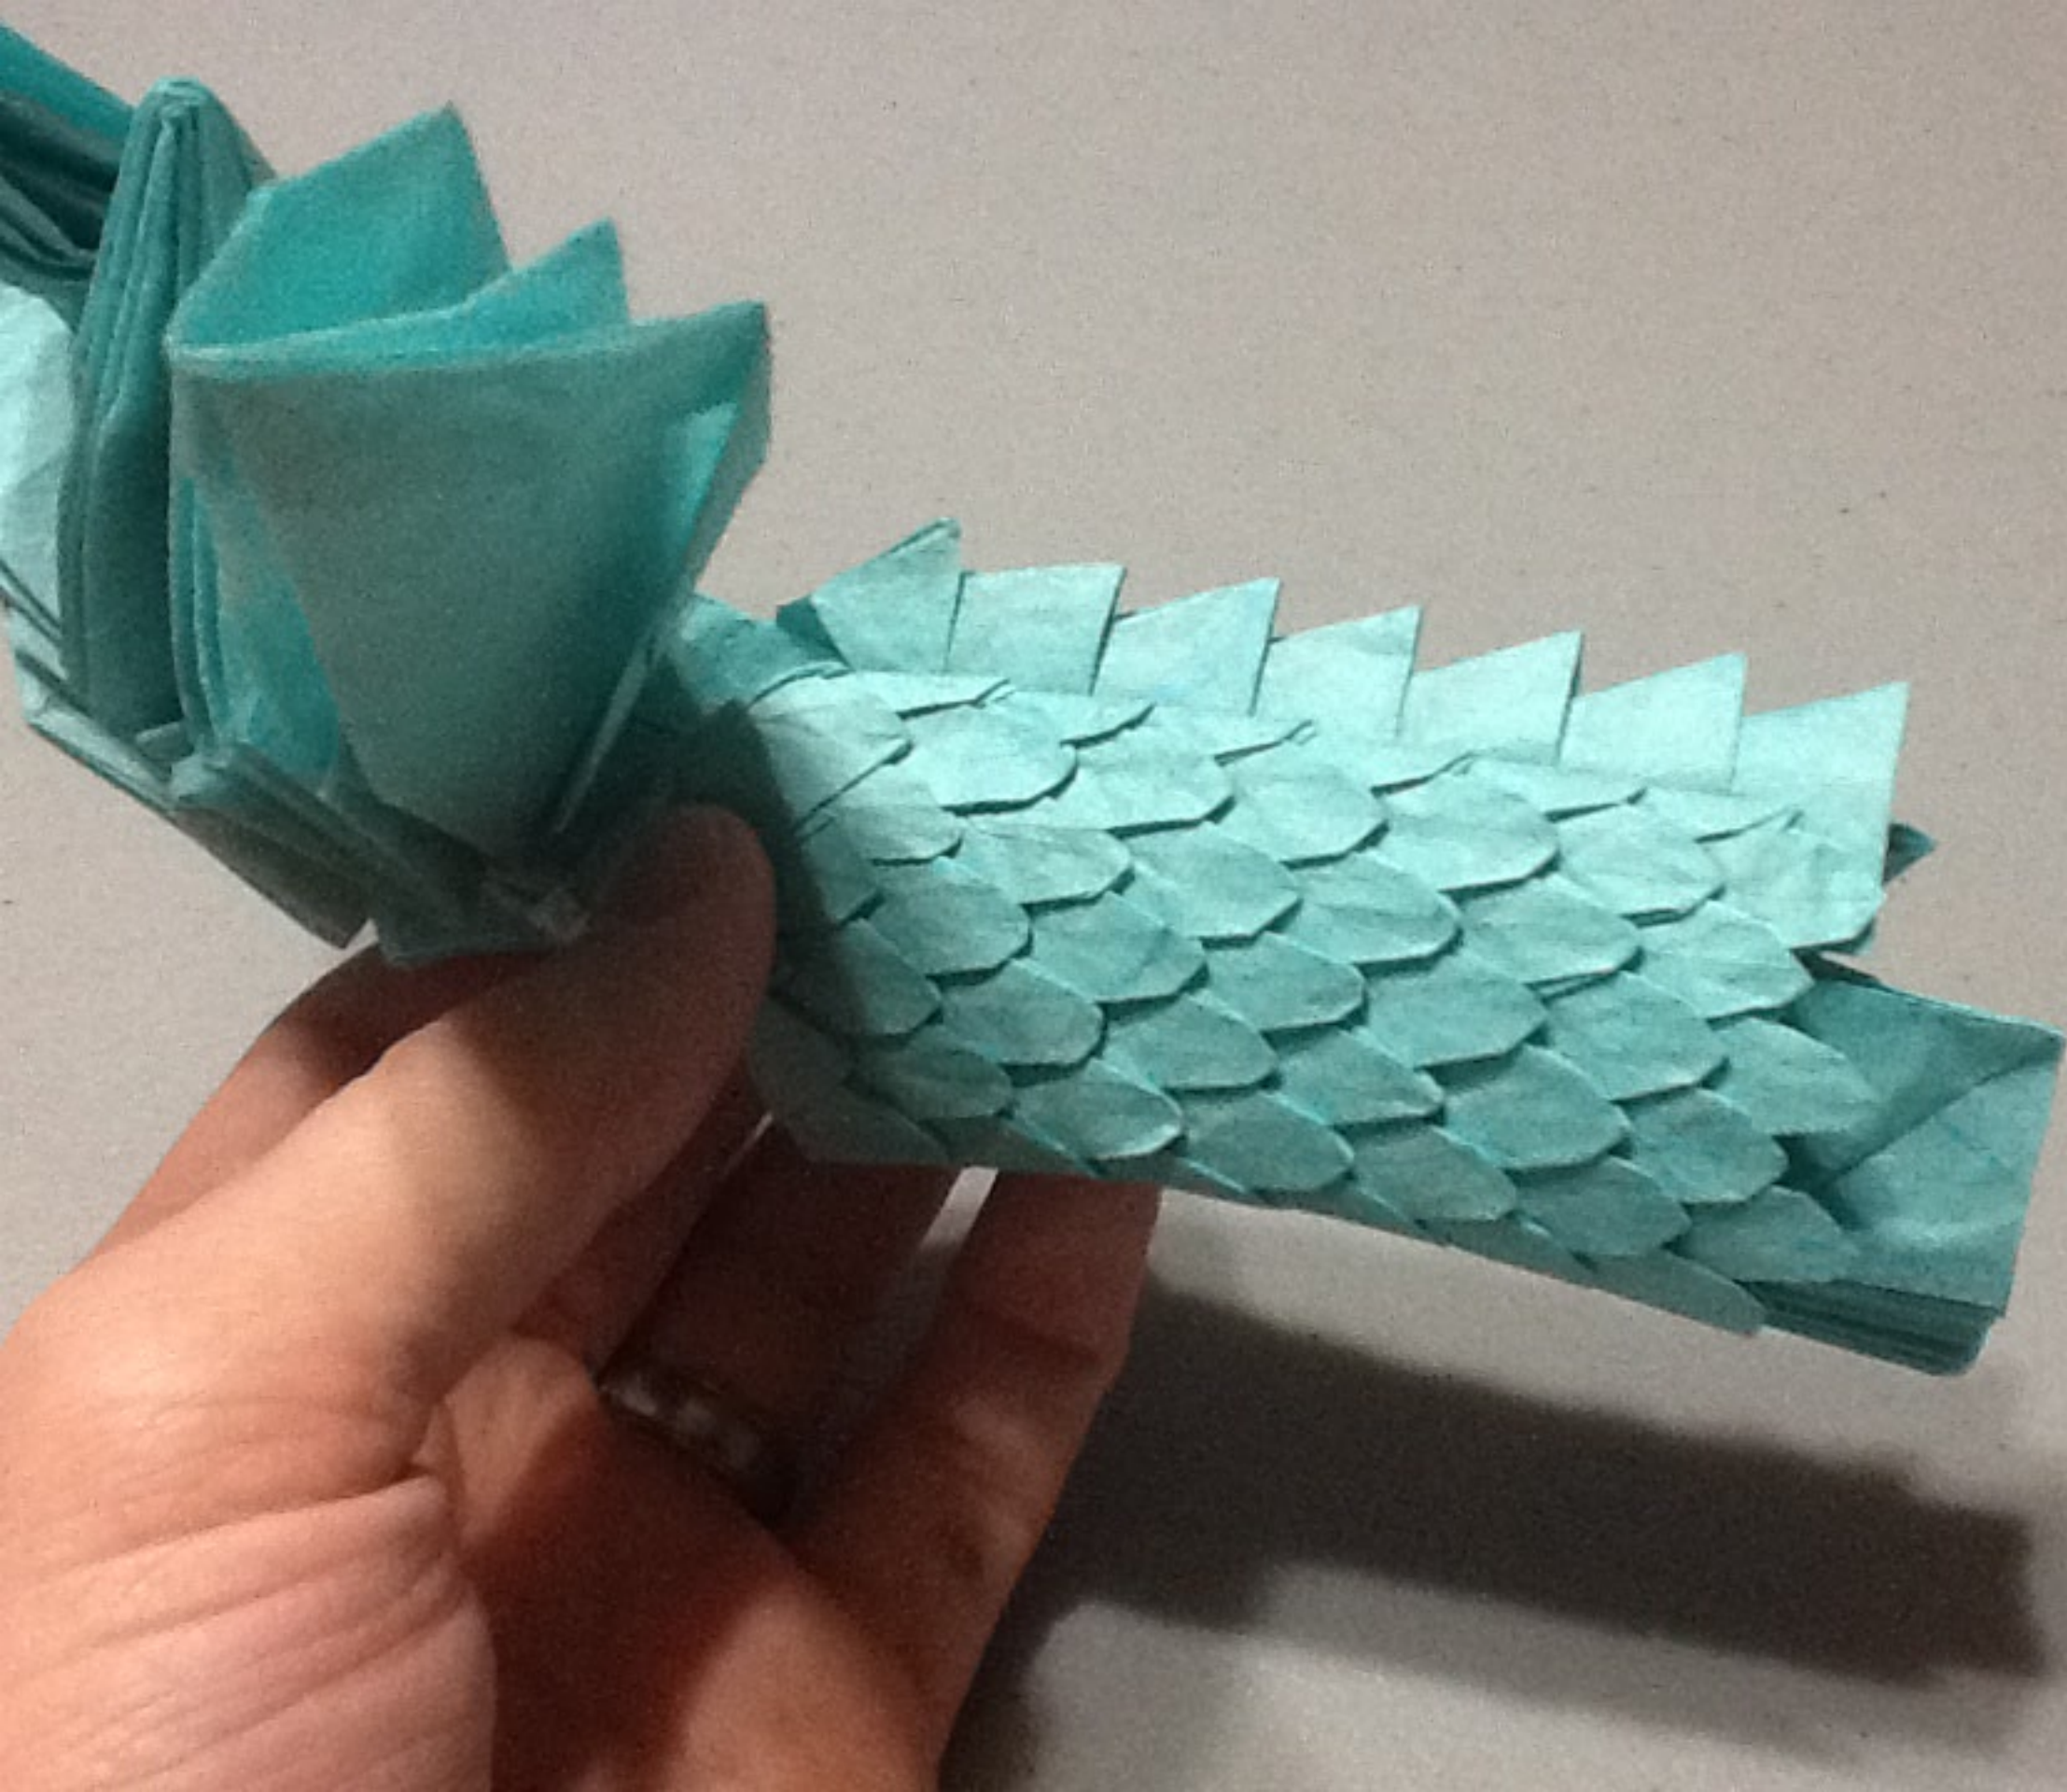

Glue dorsal  
spines to the  
other side-

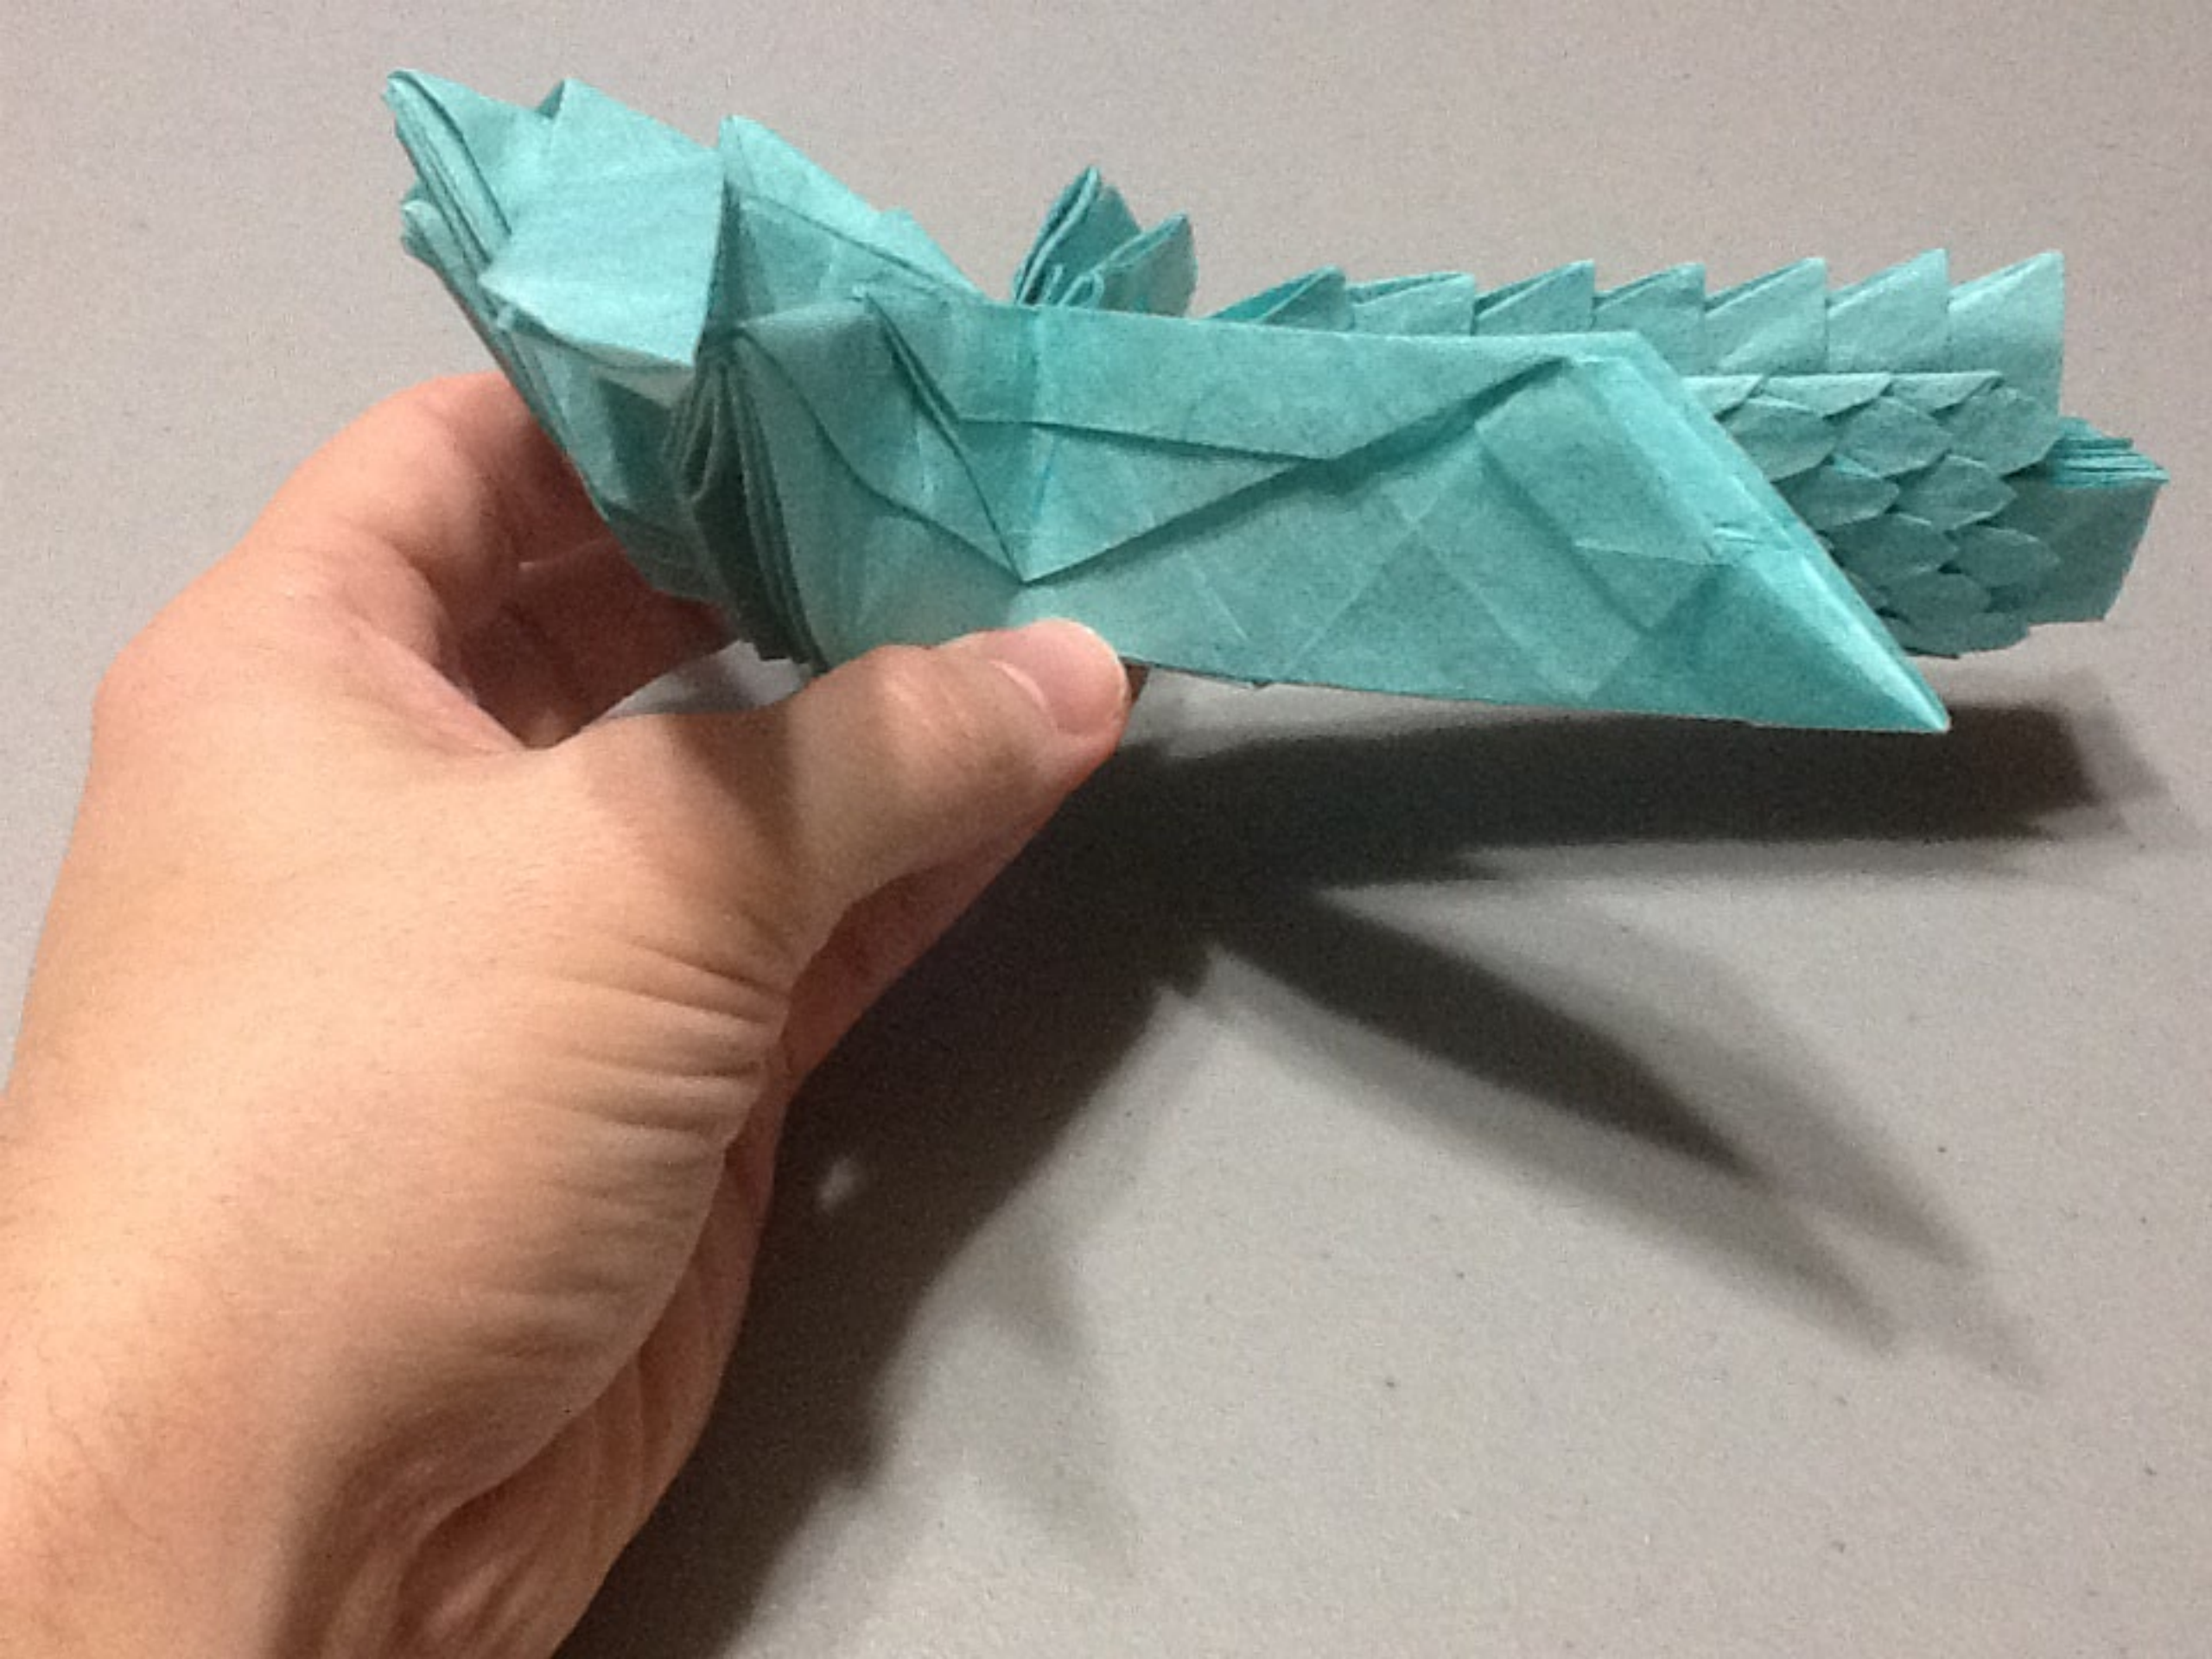

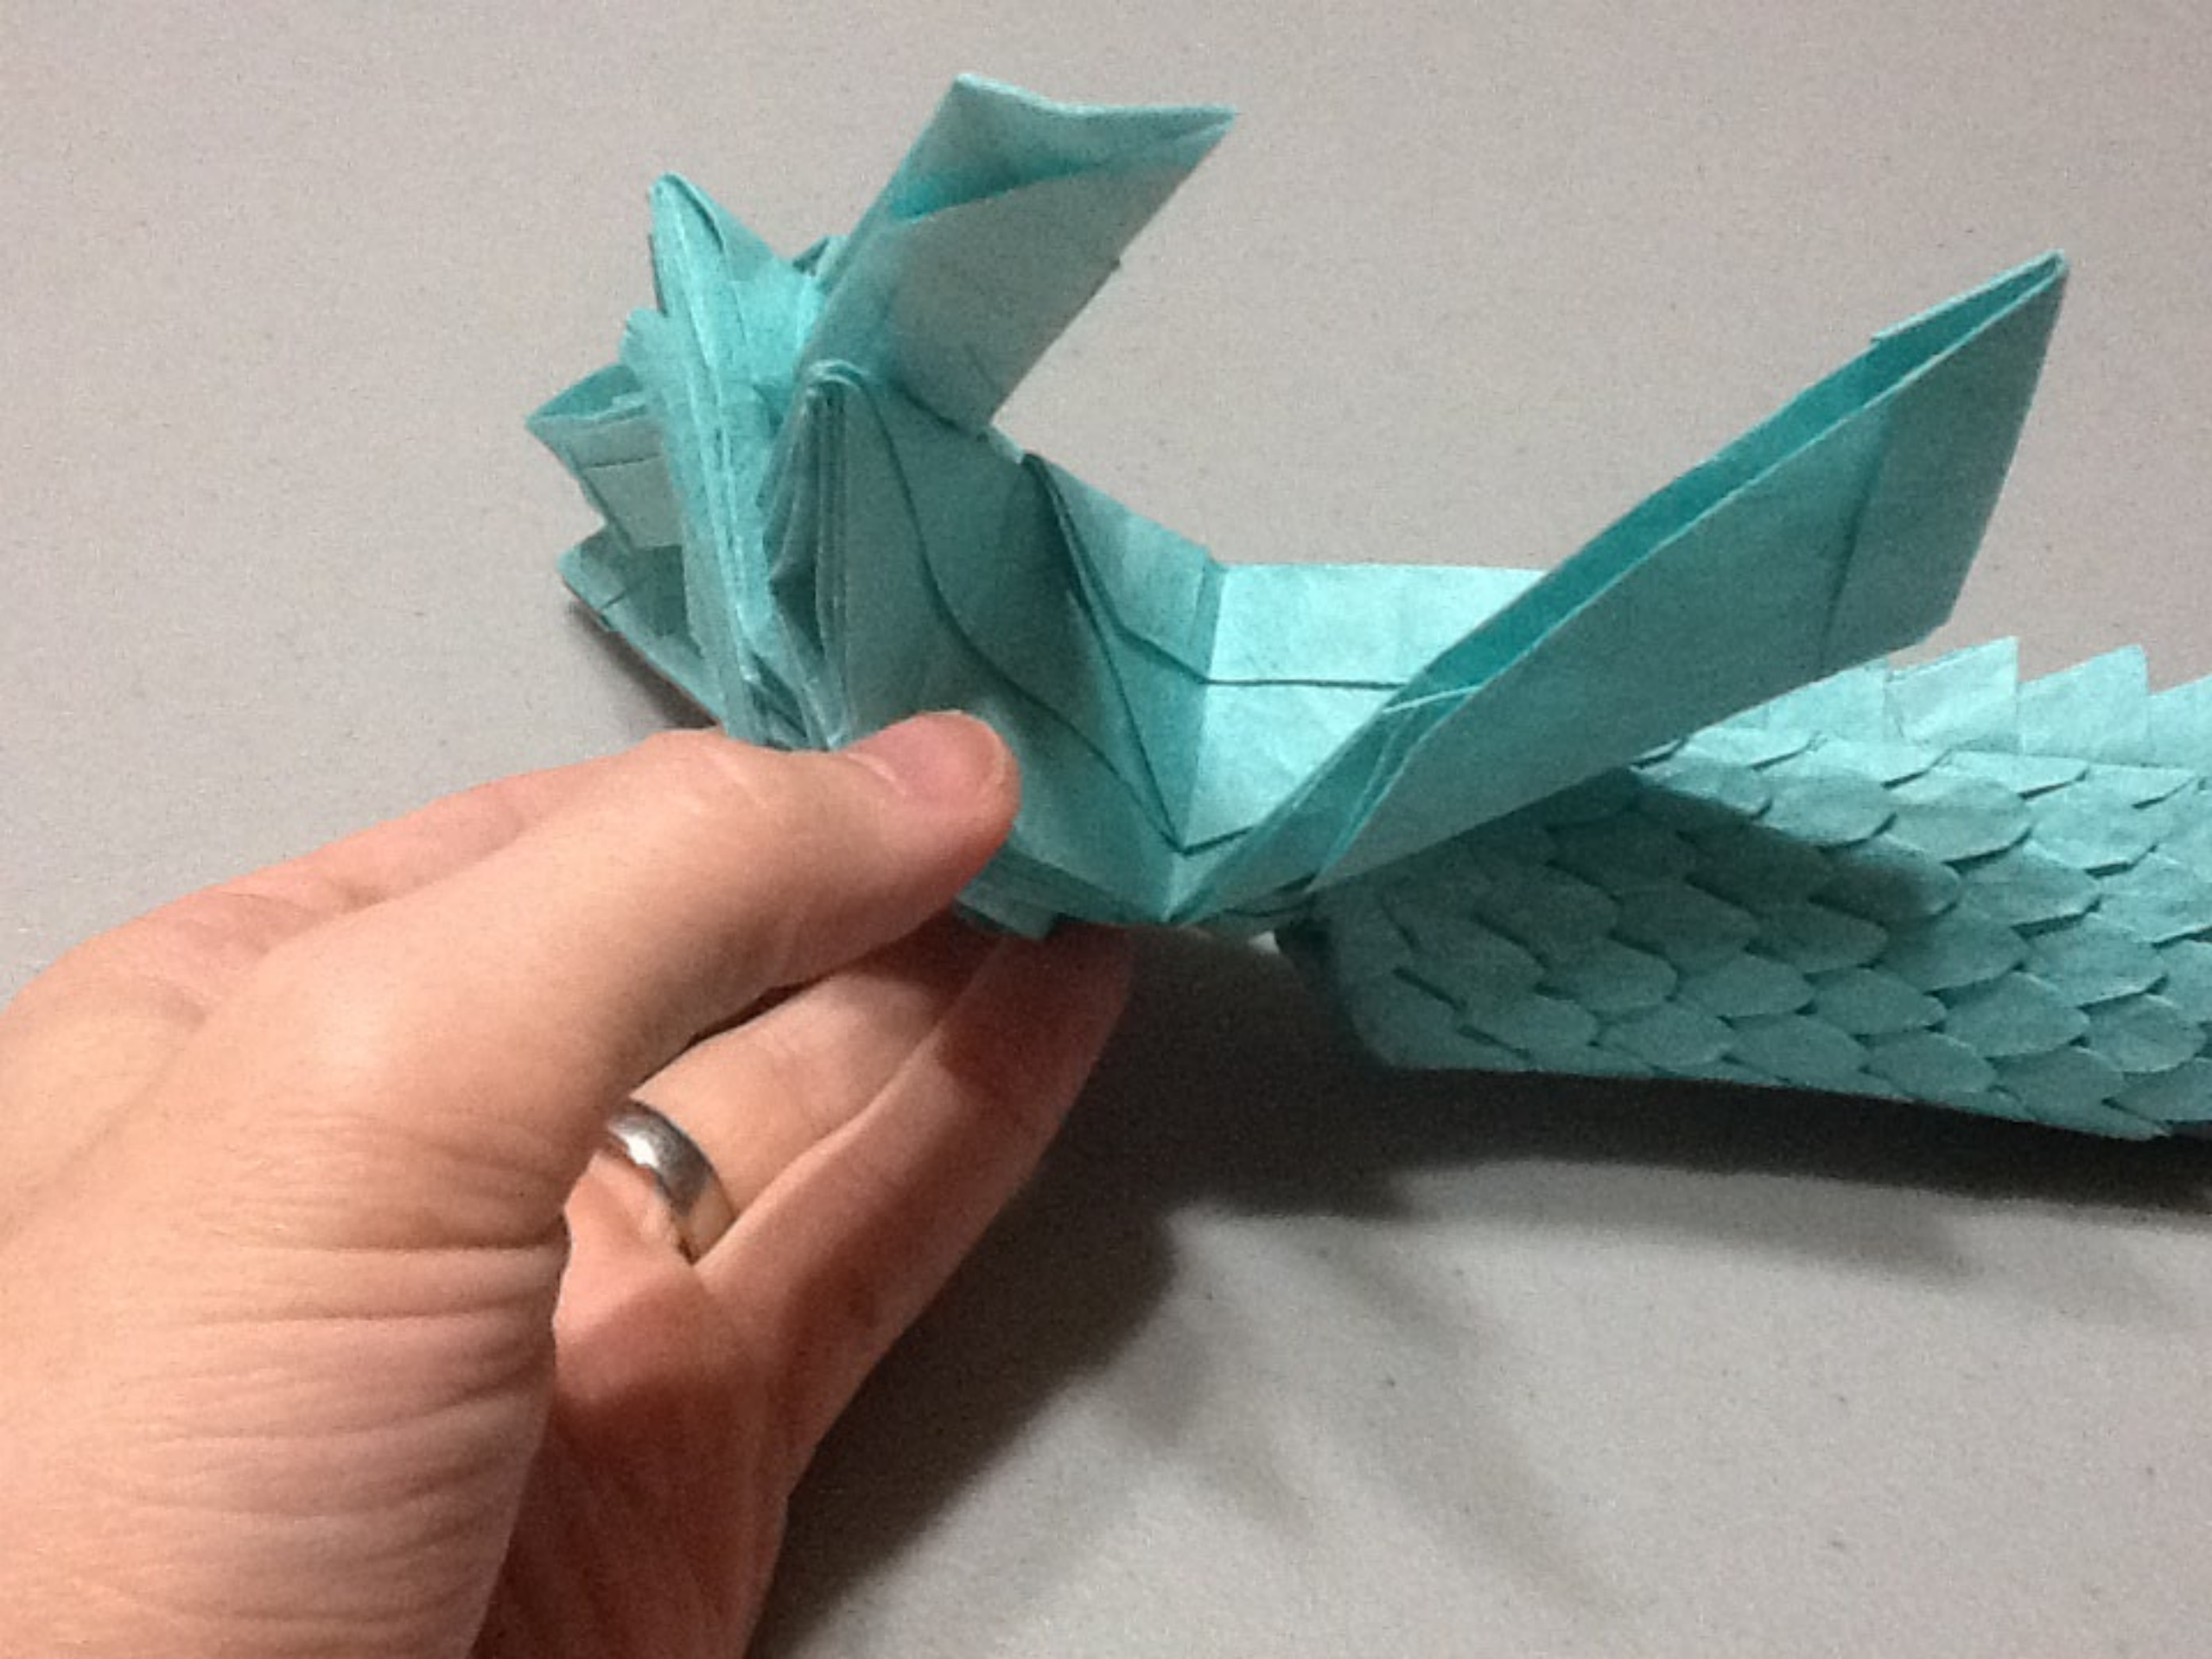

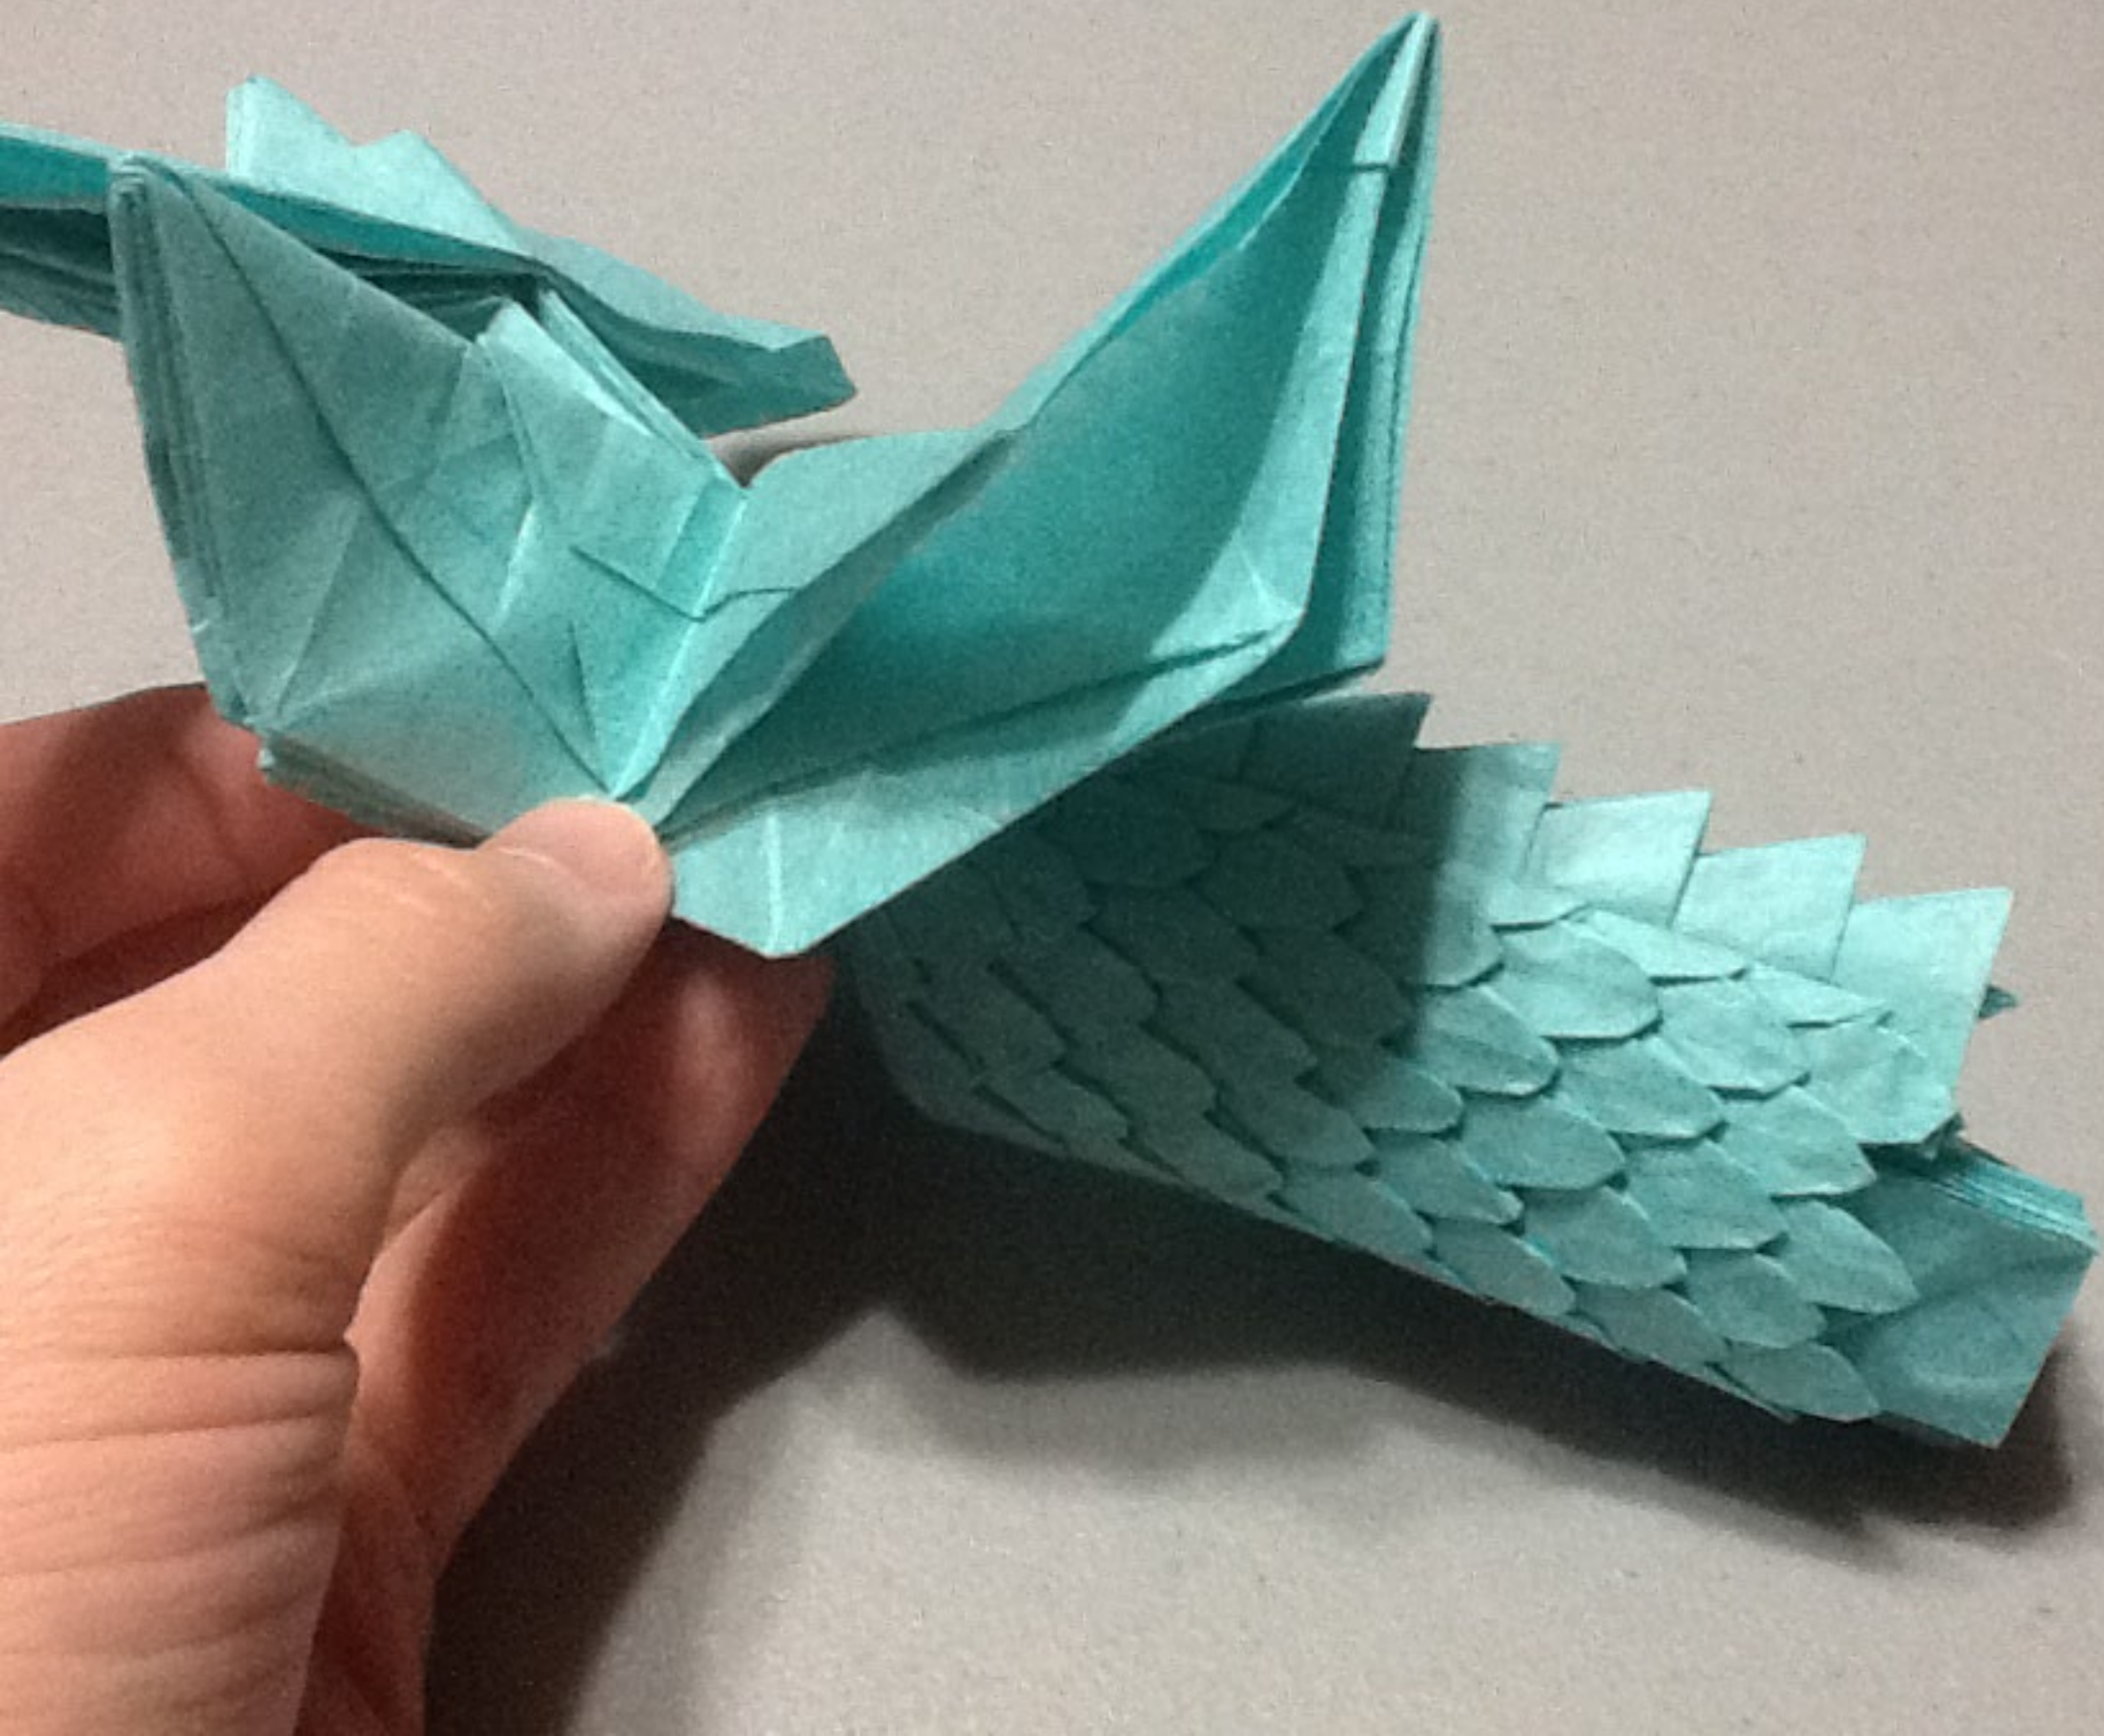

Antlers-

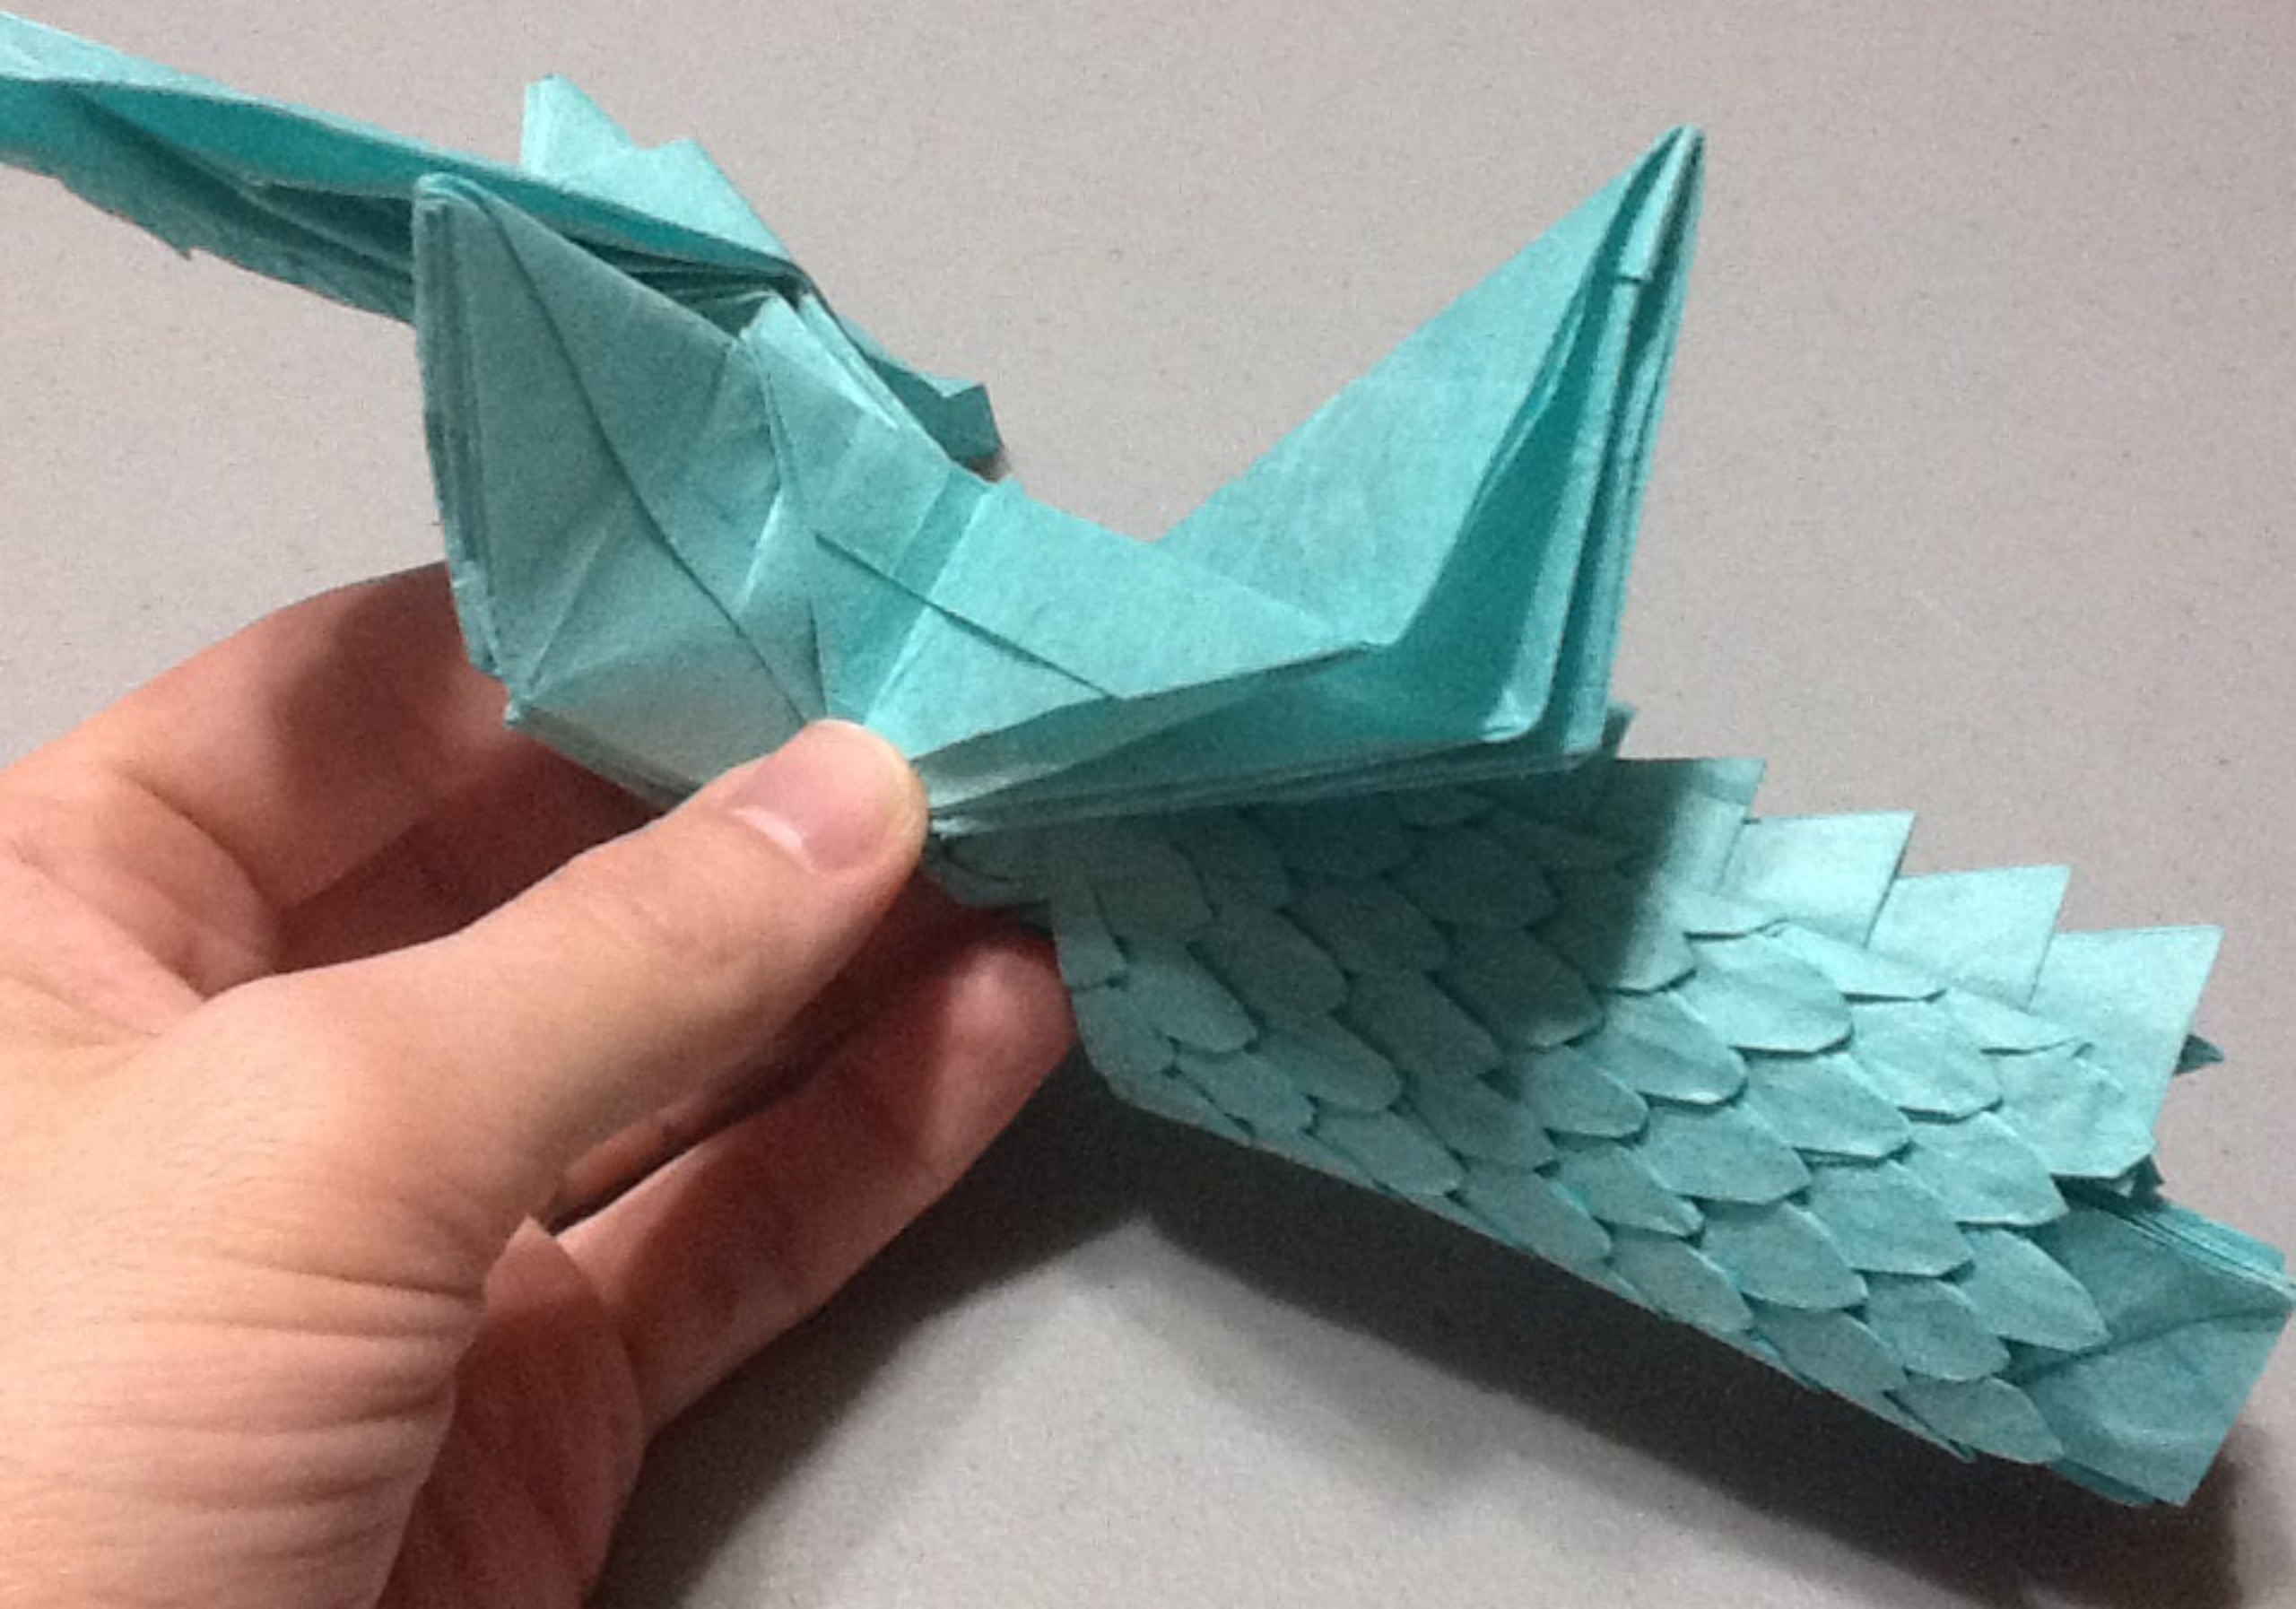

Follow photos-

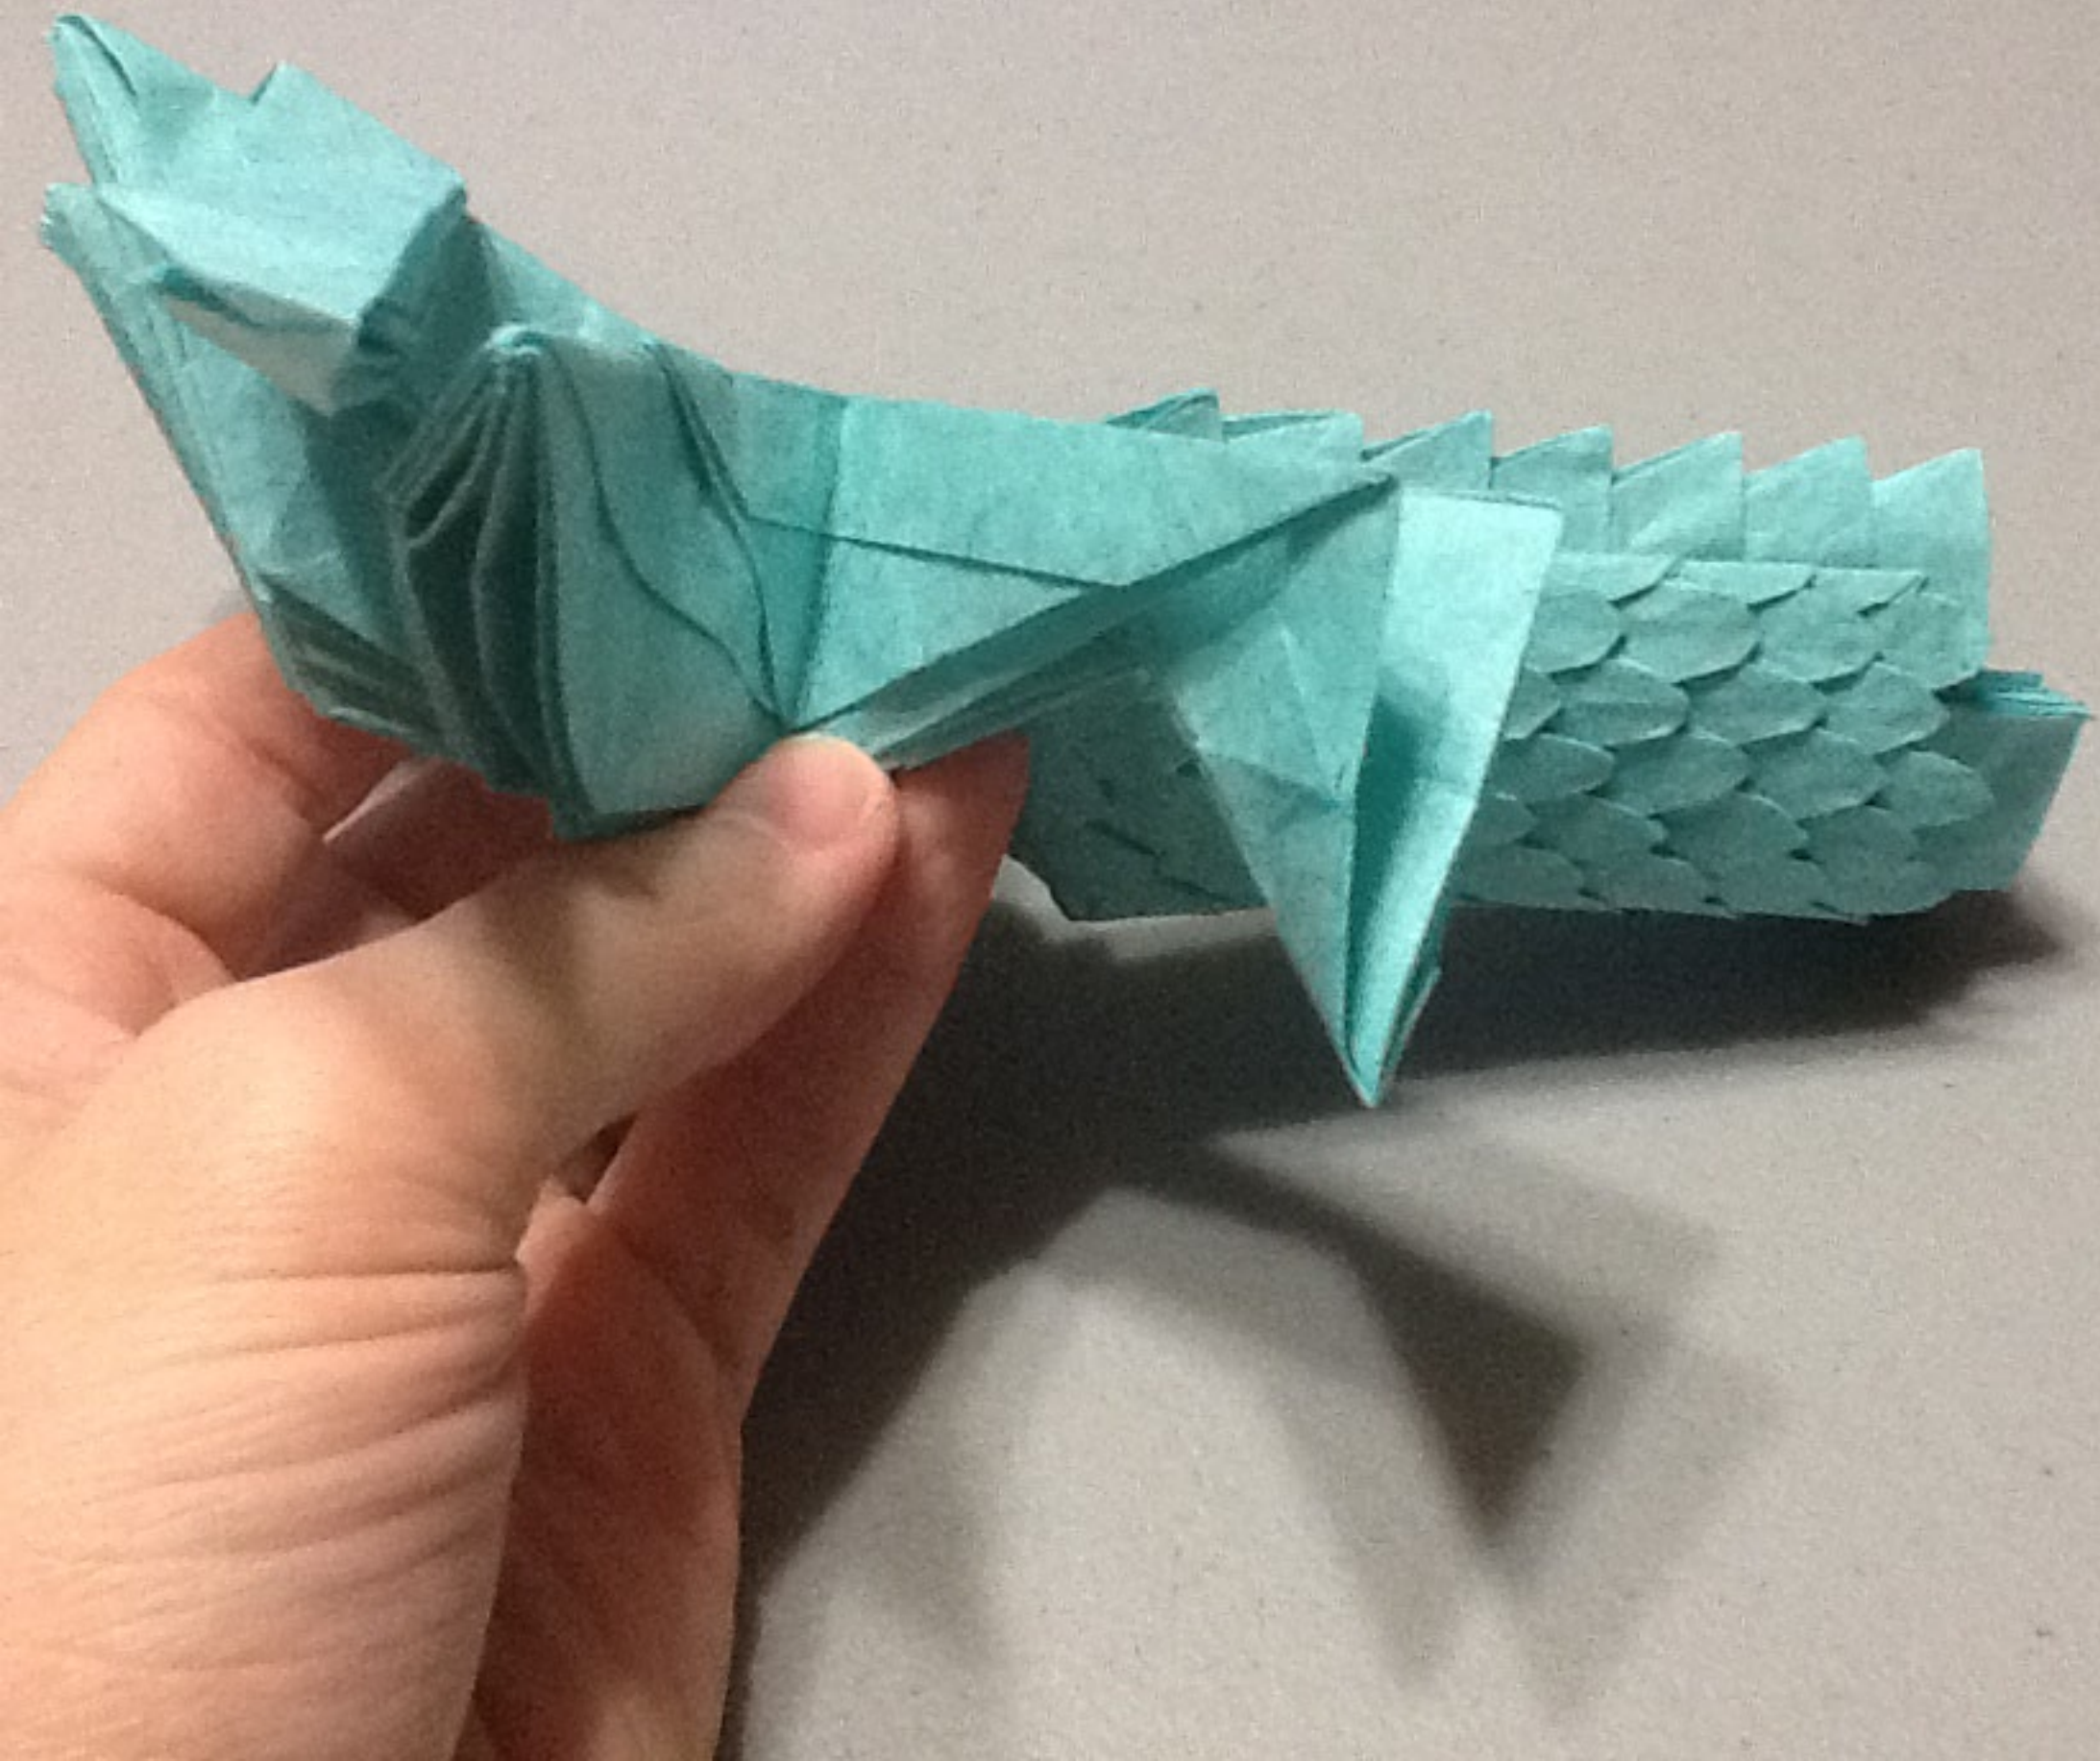

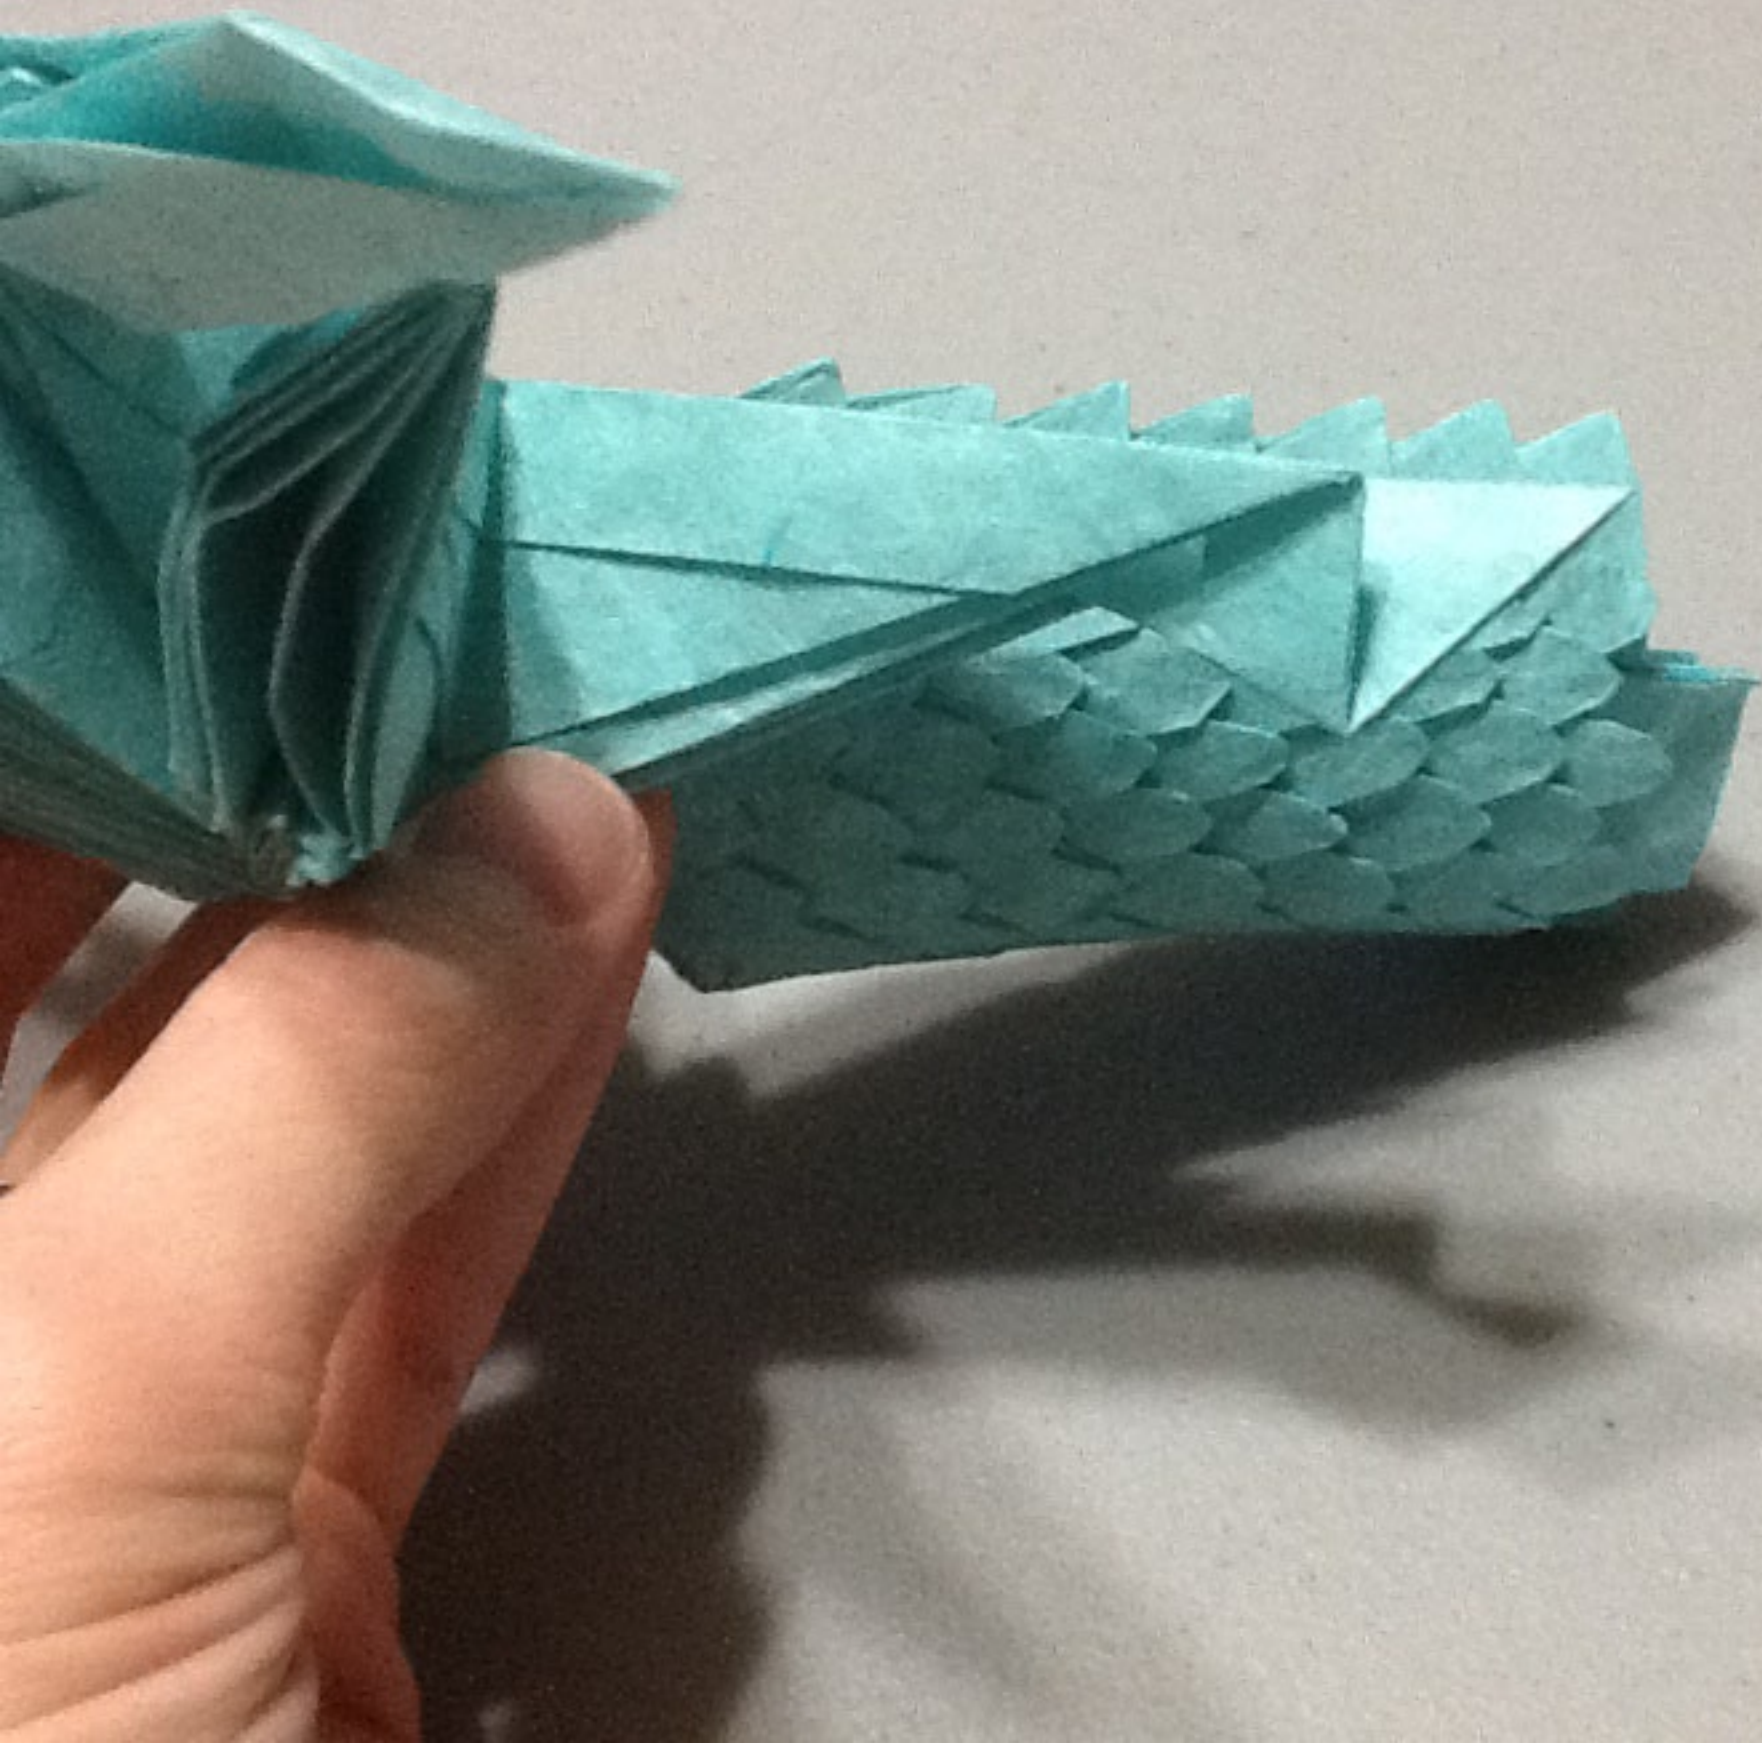

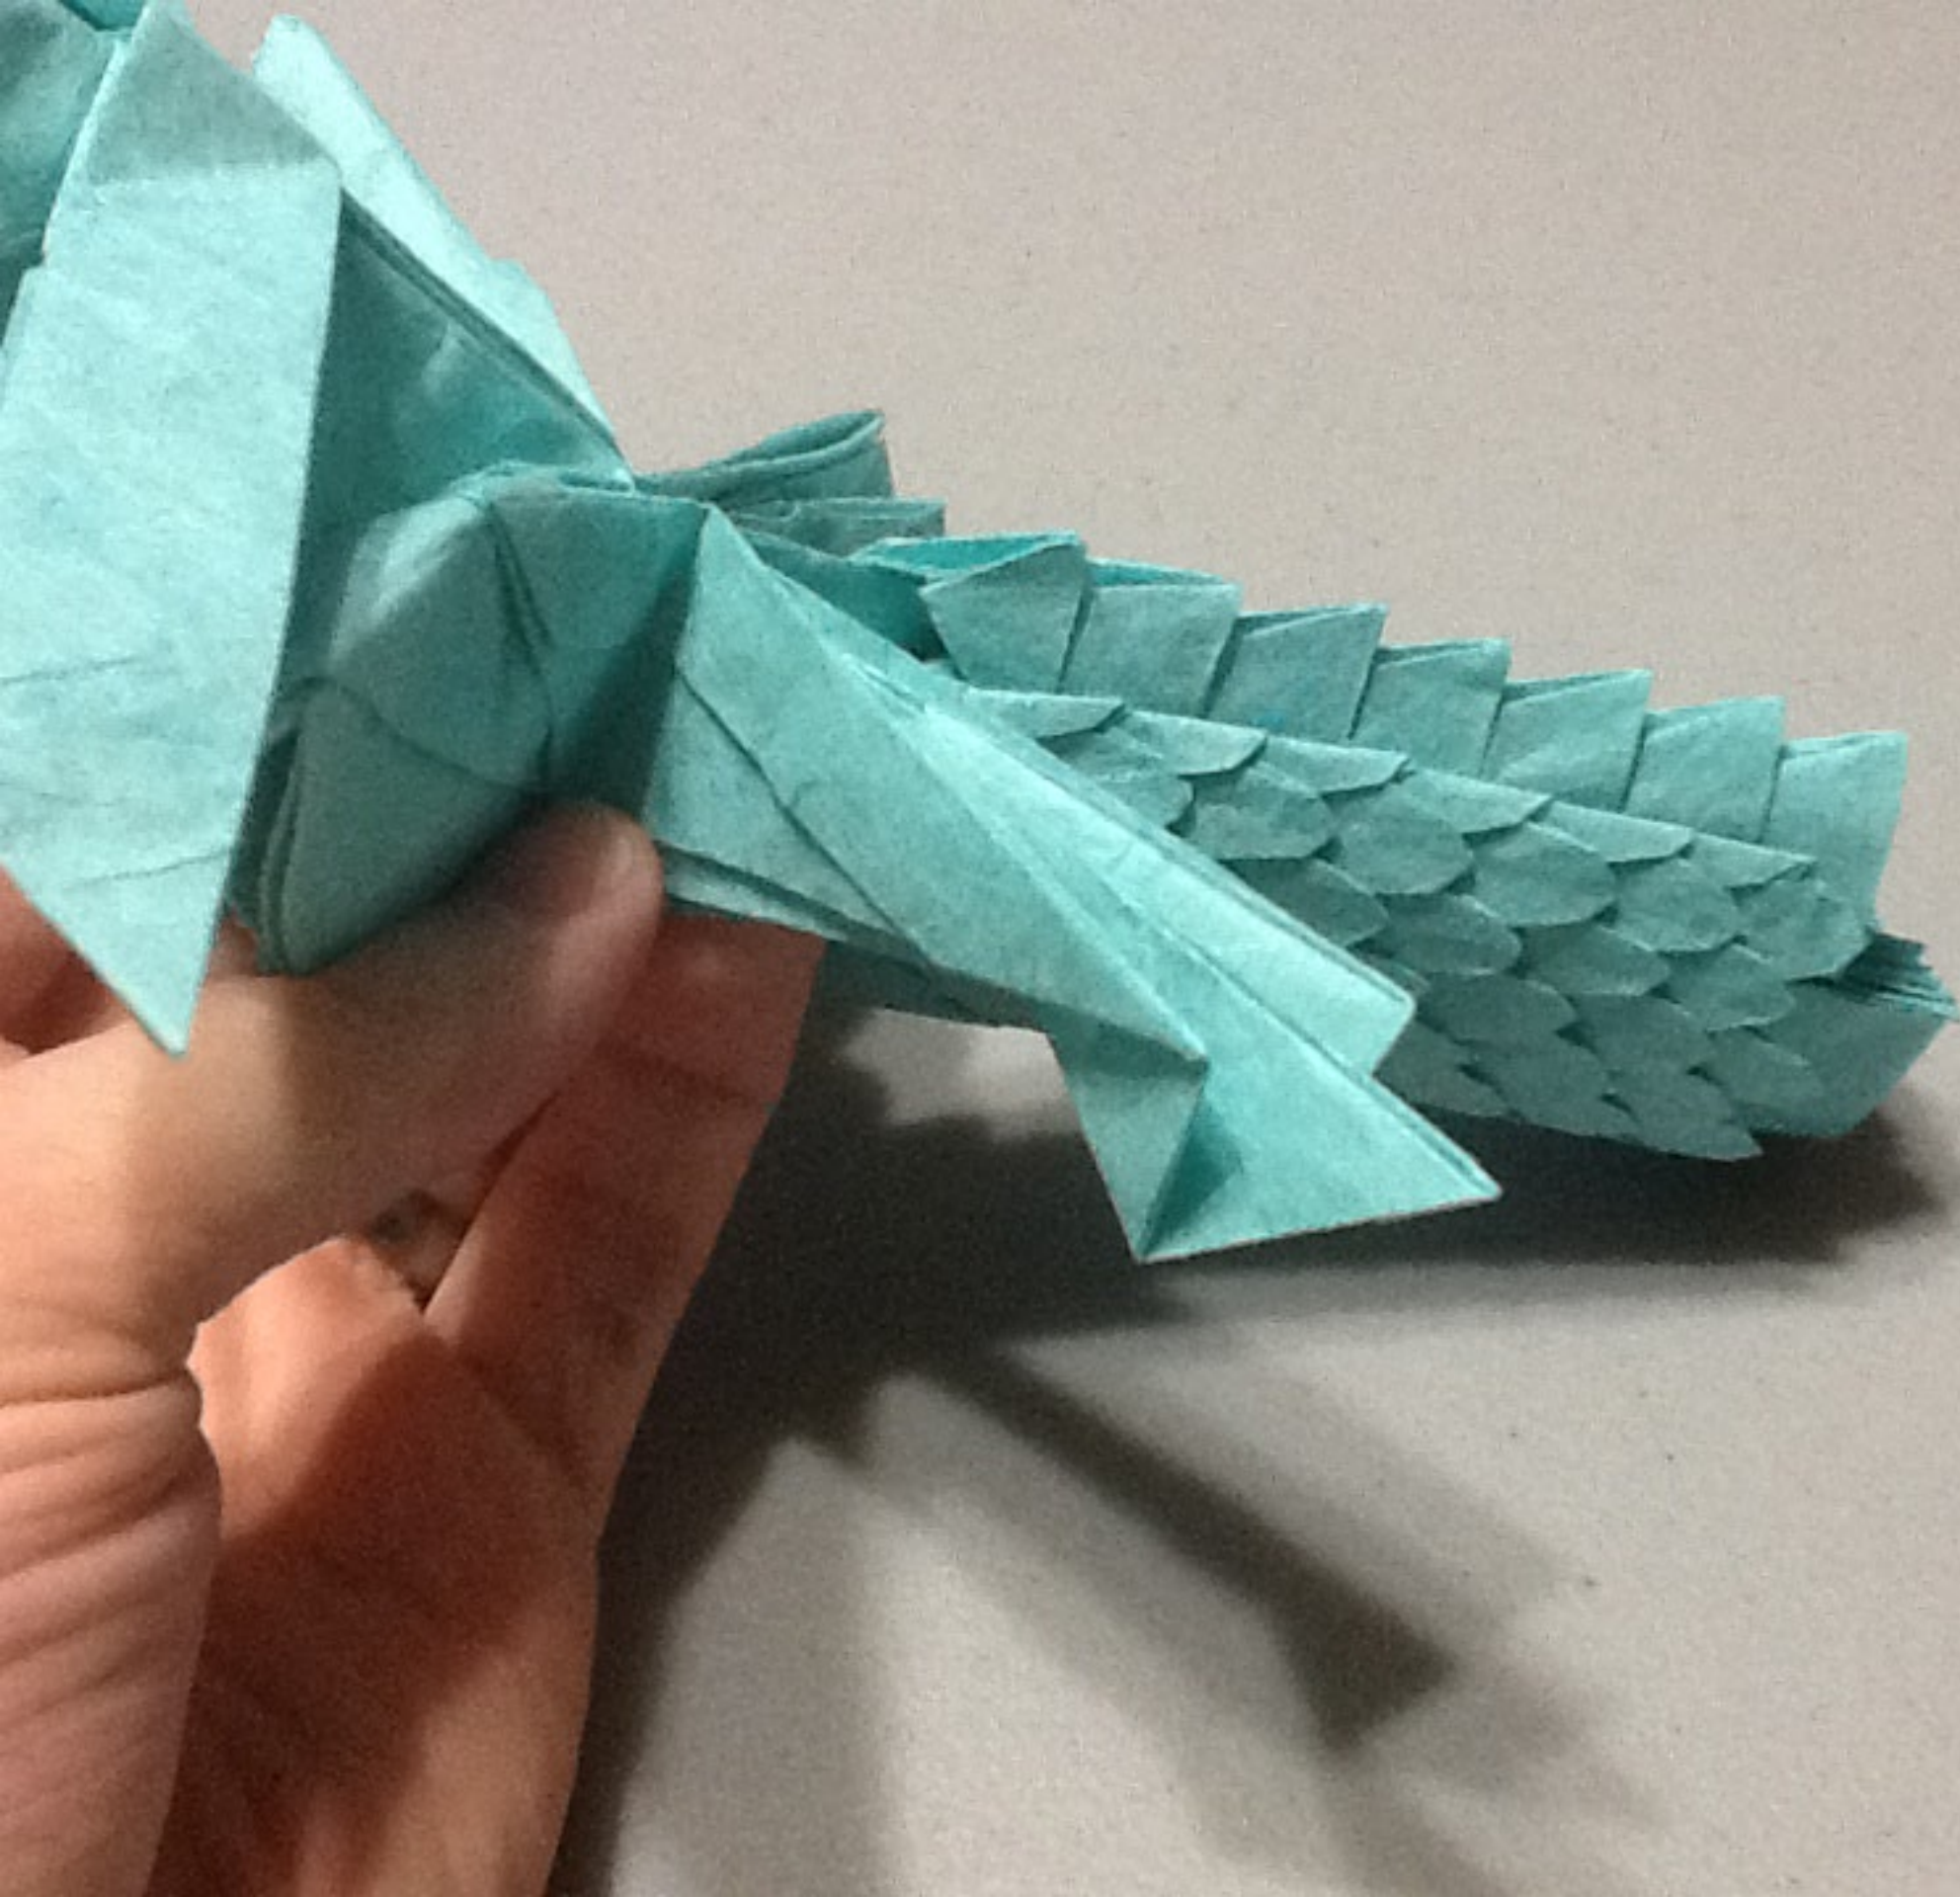

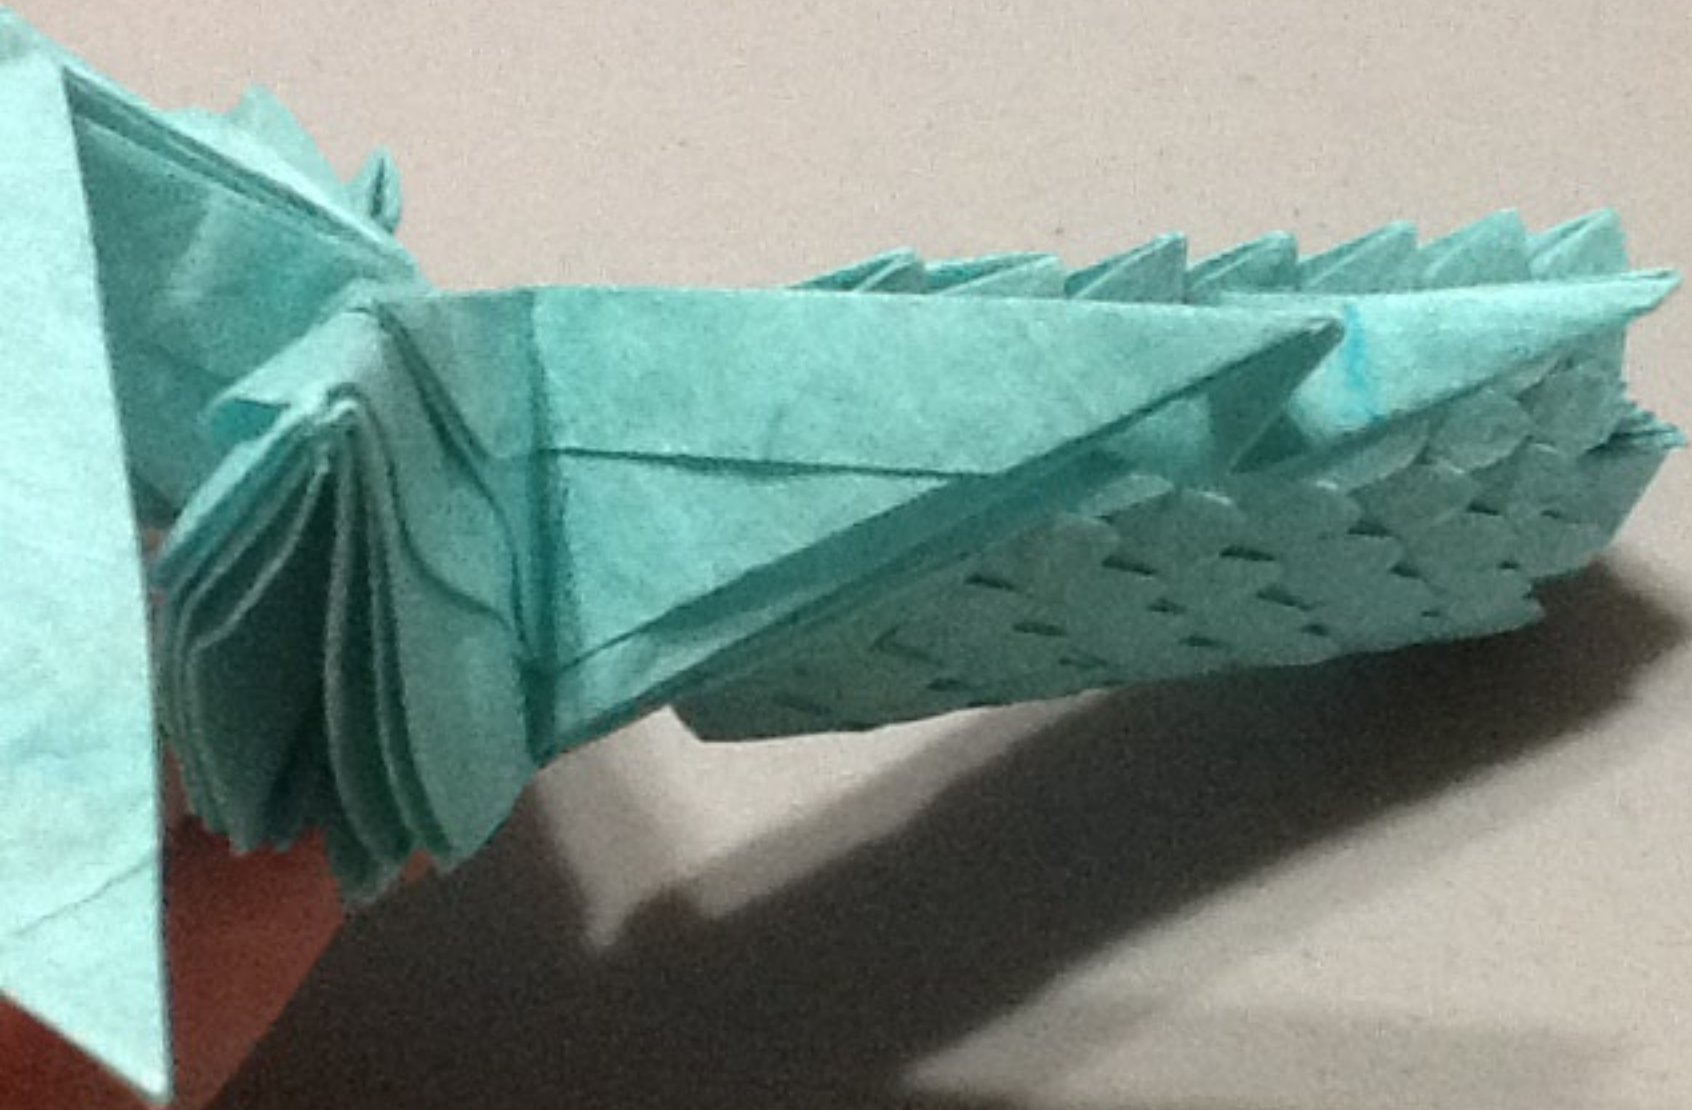

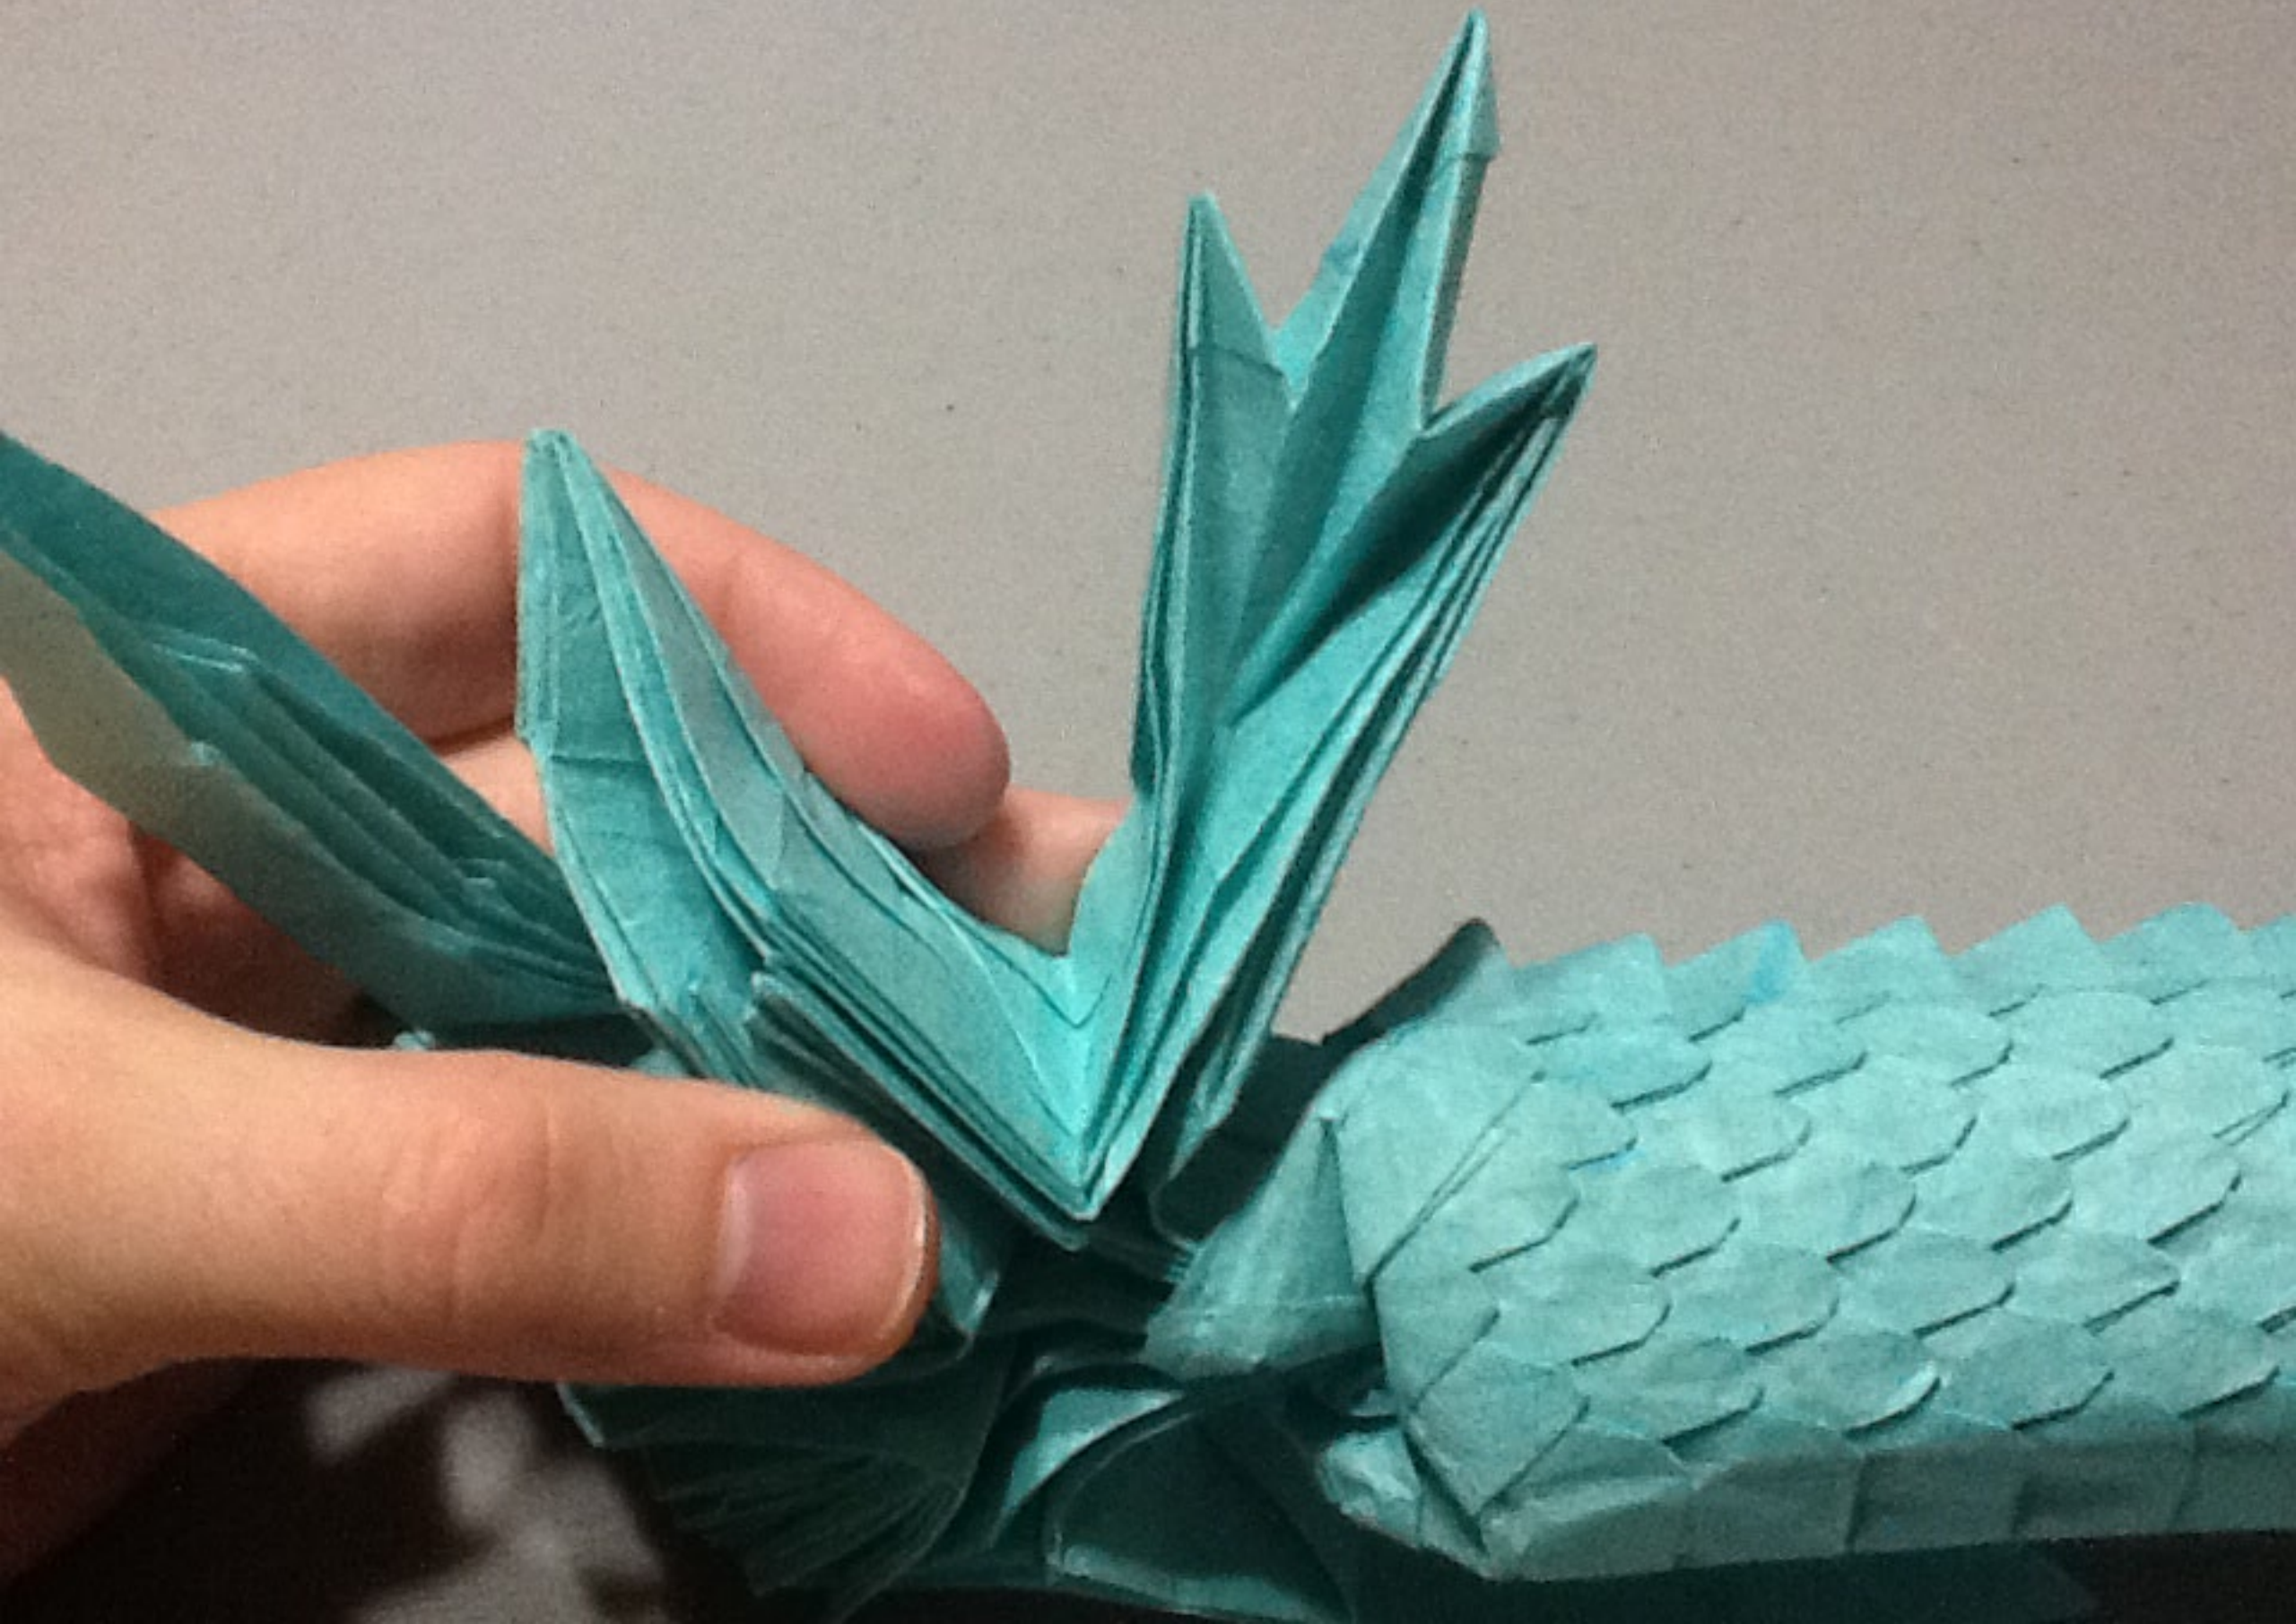

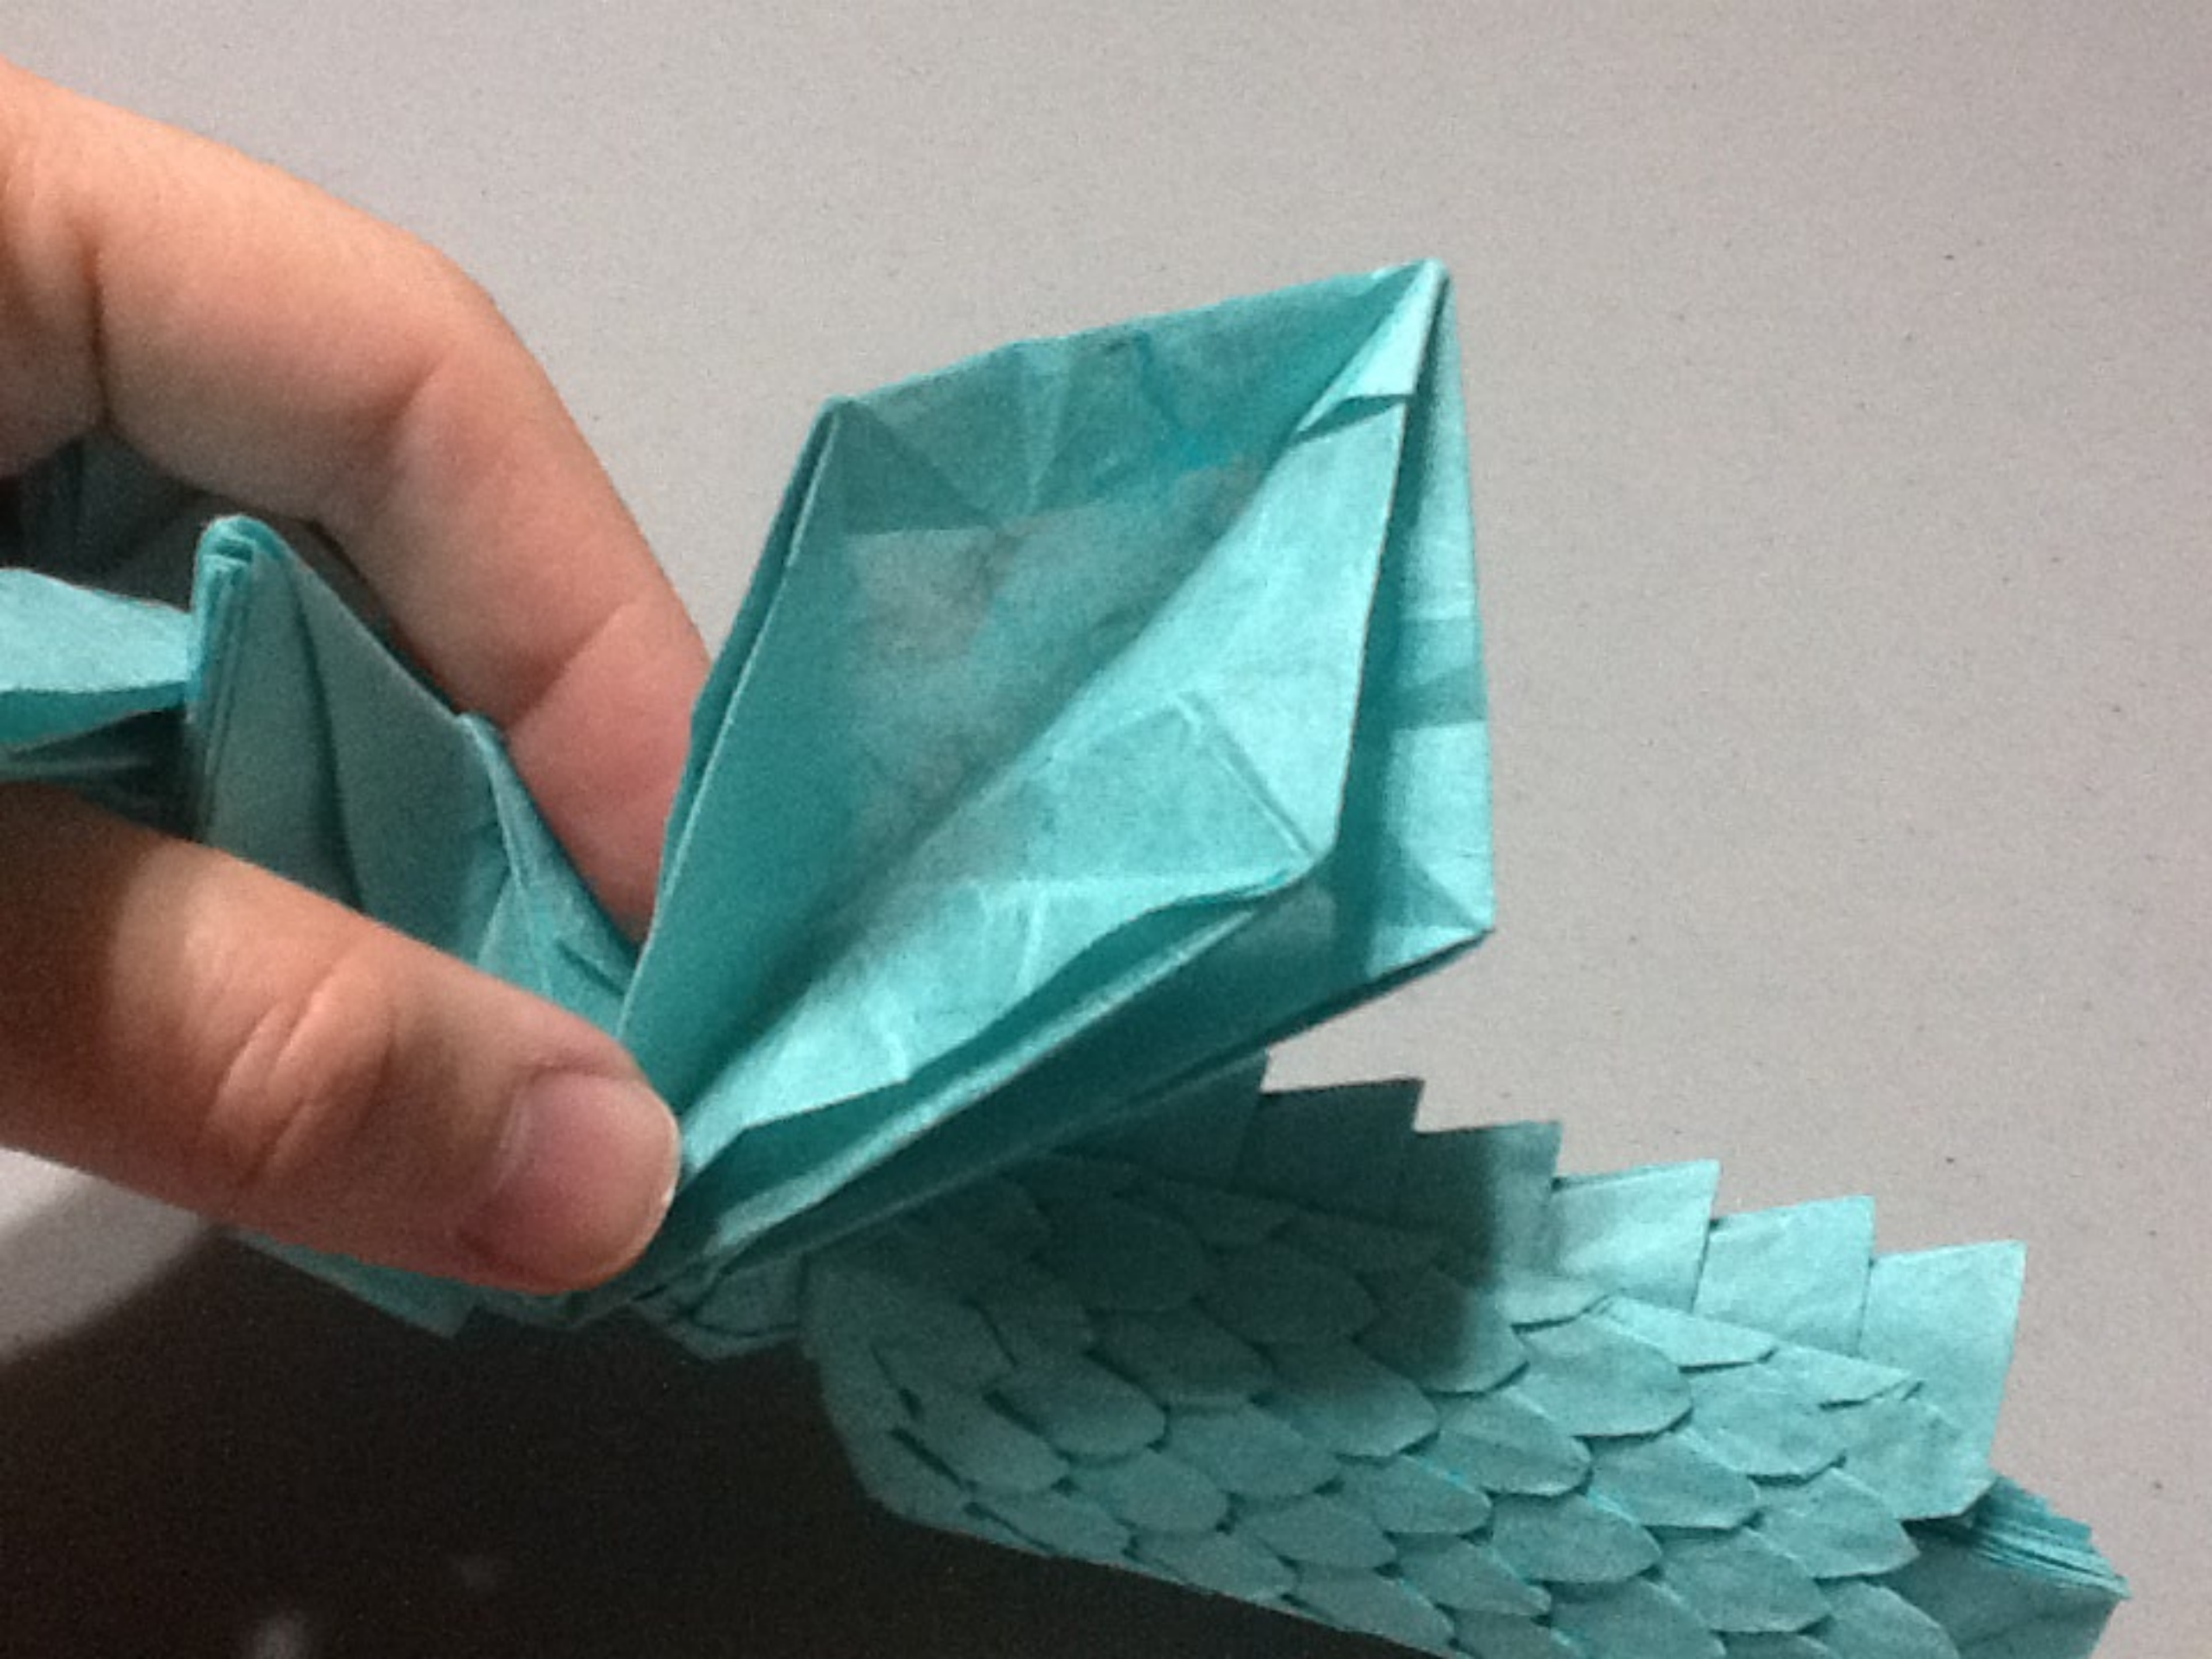

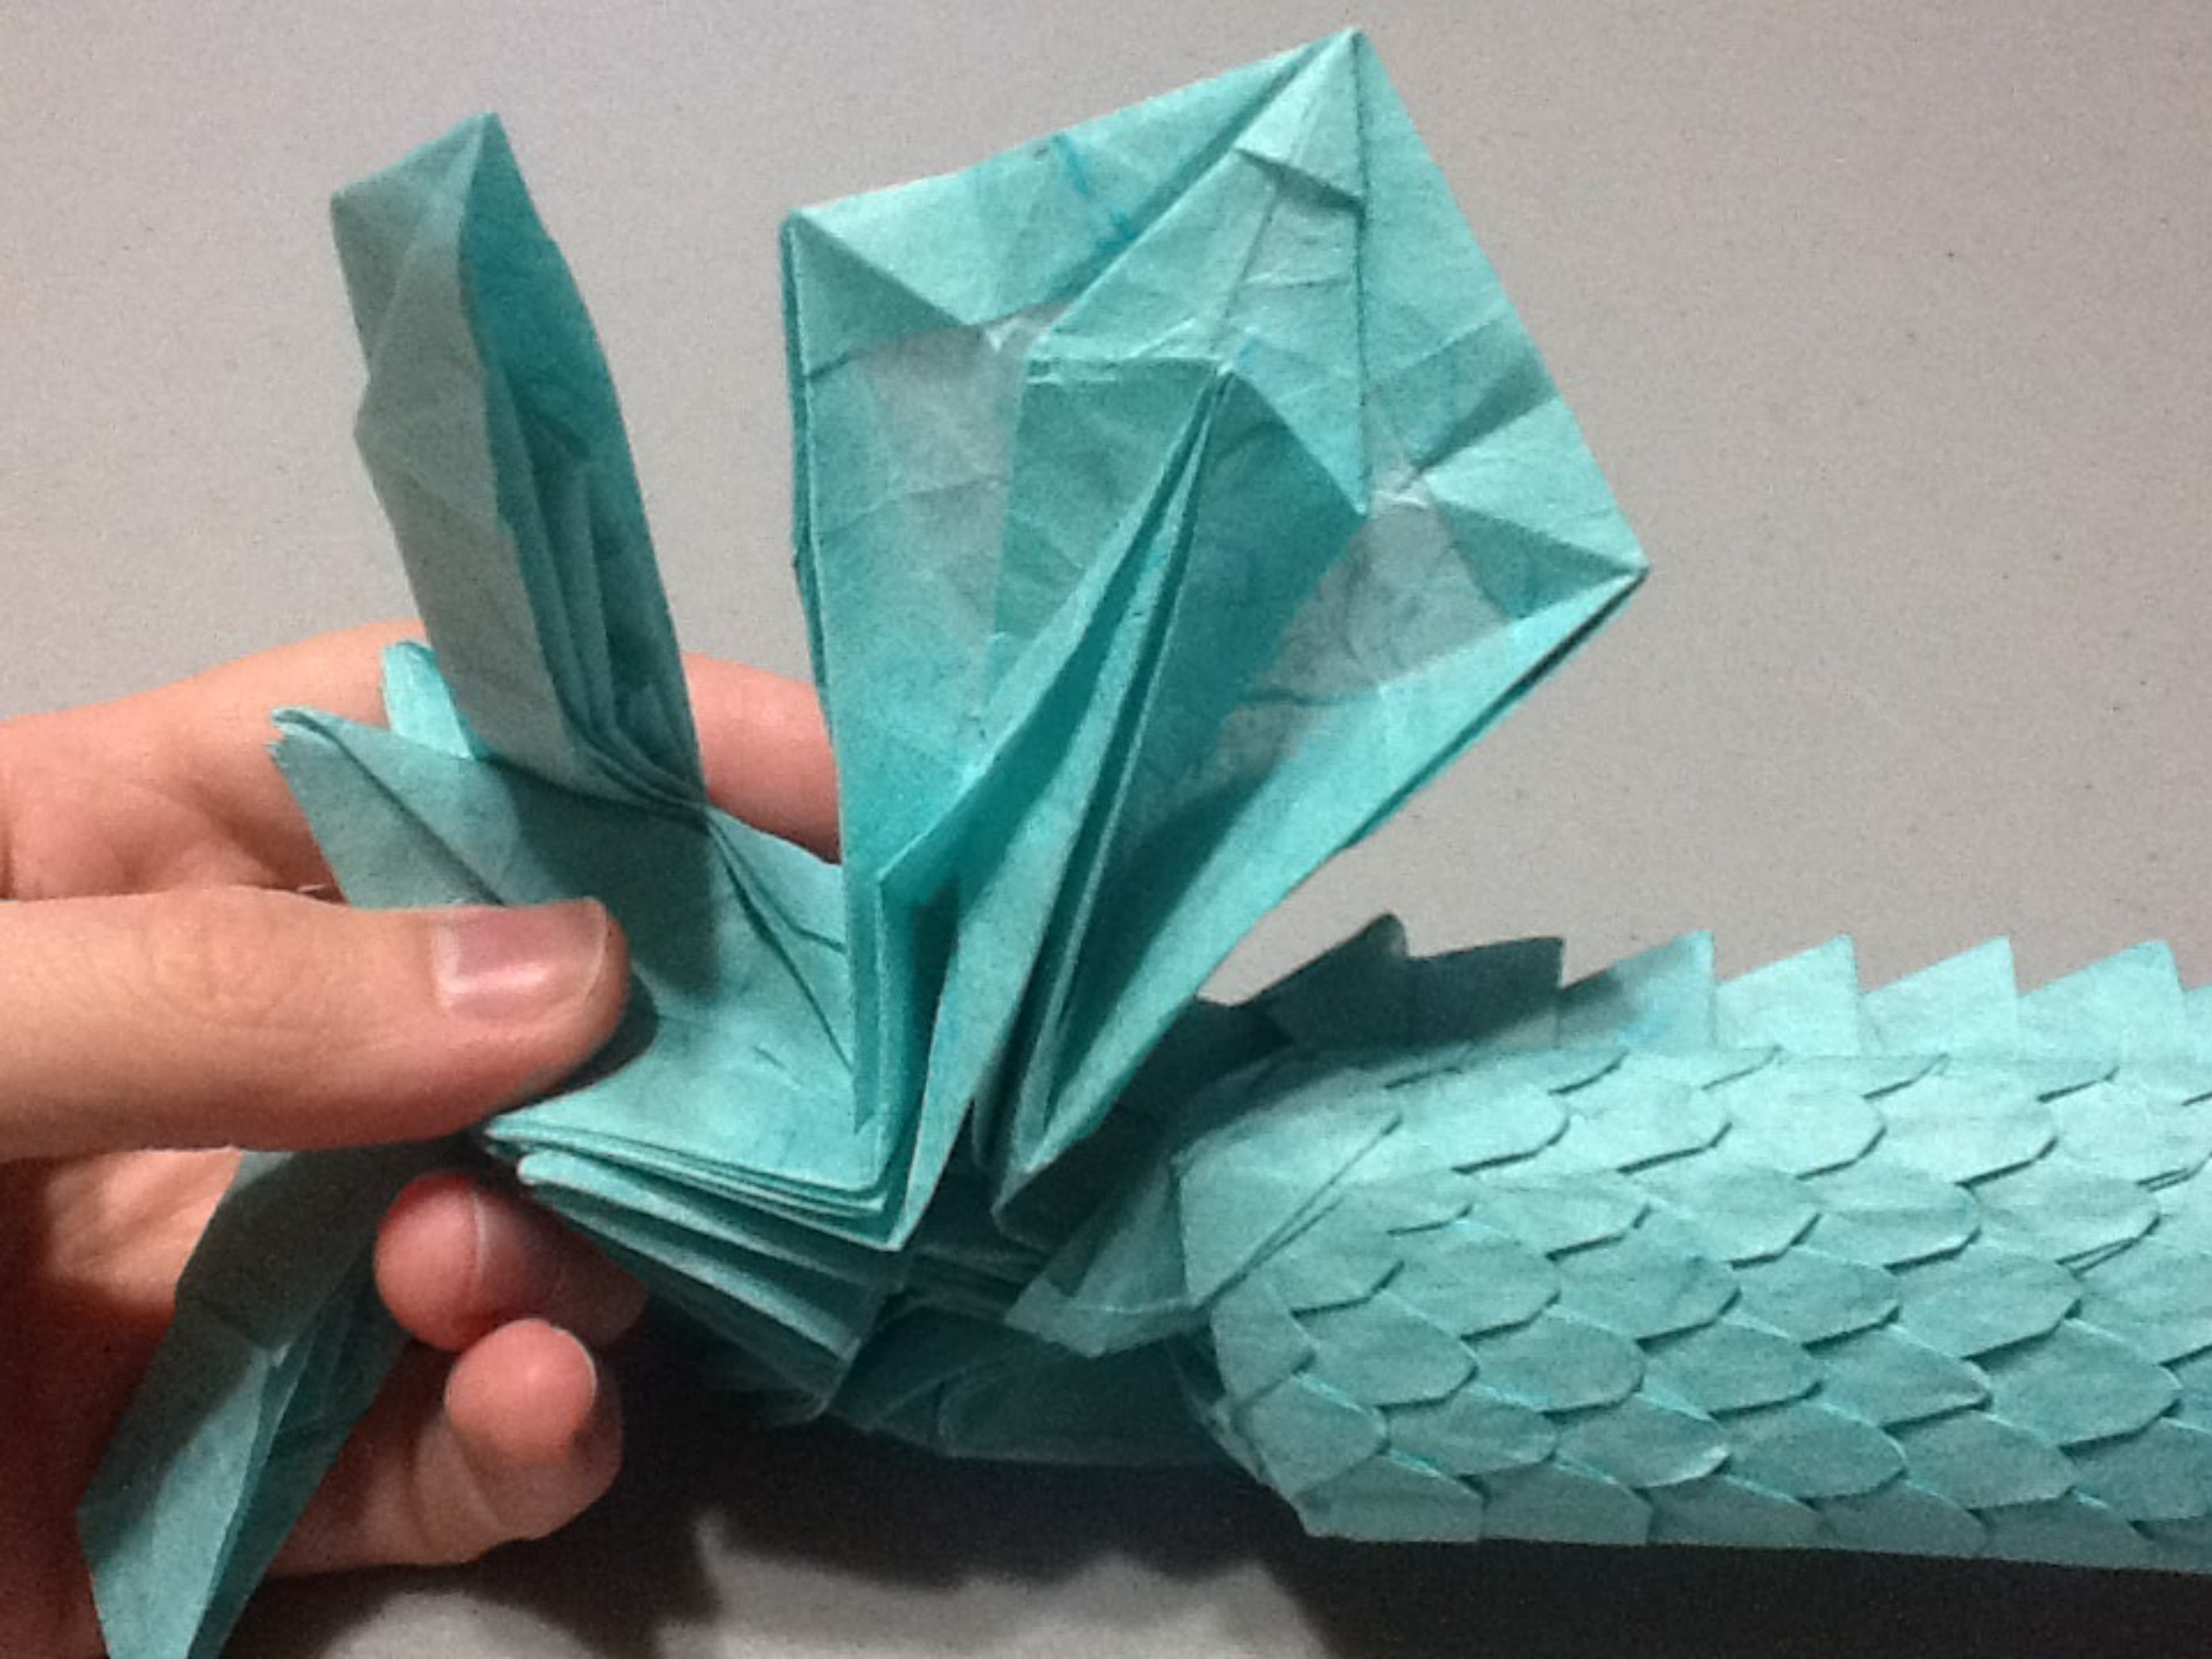

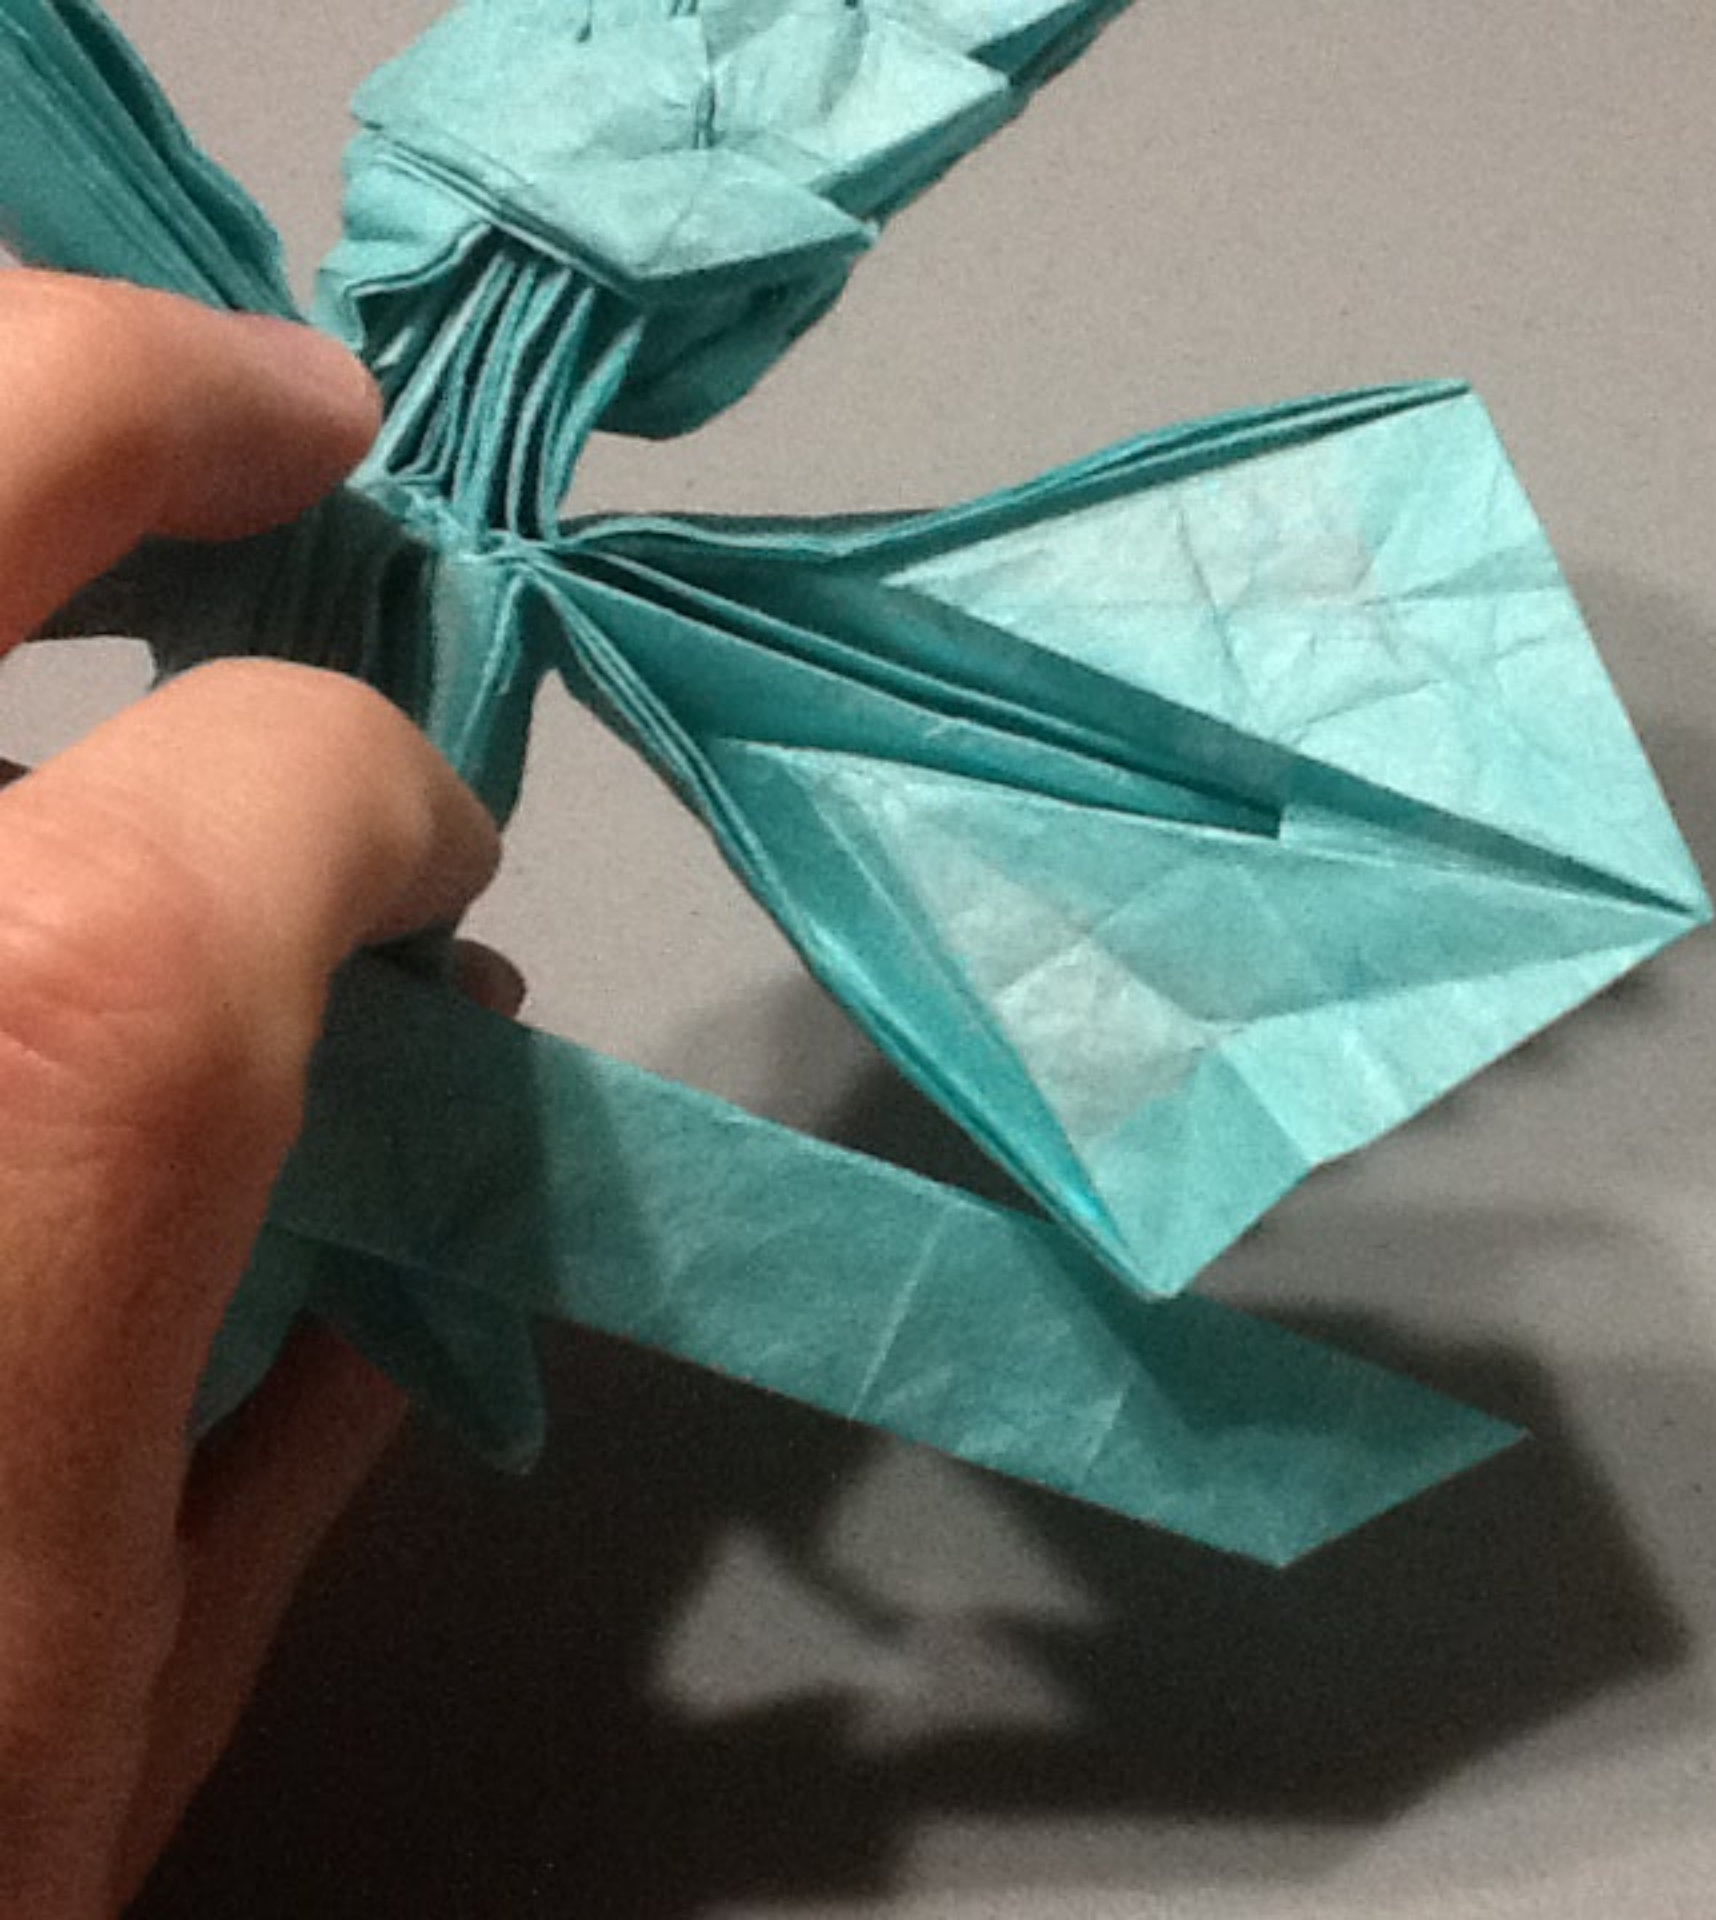

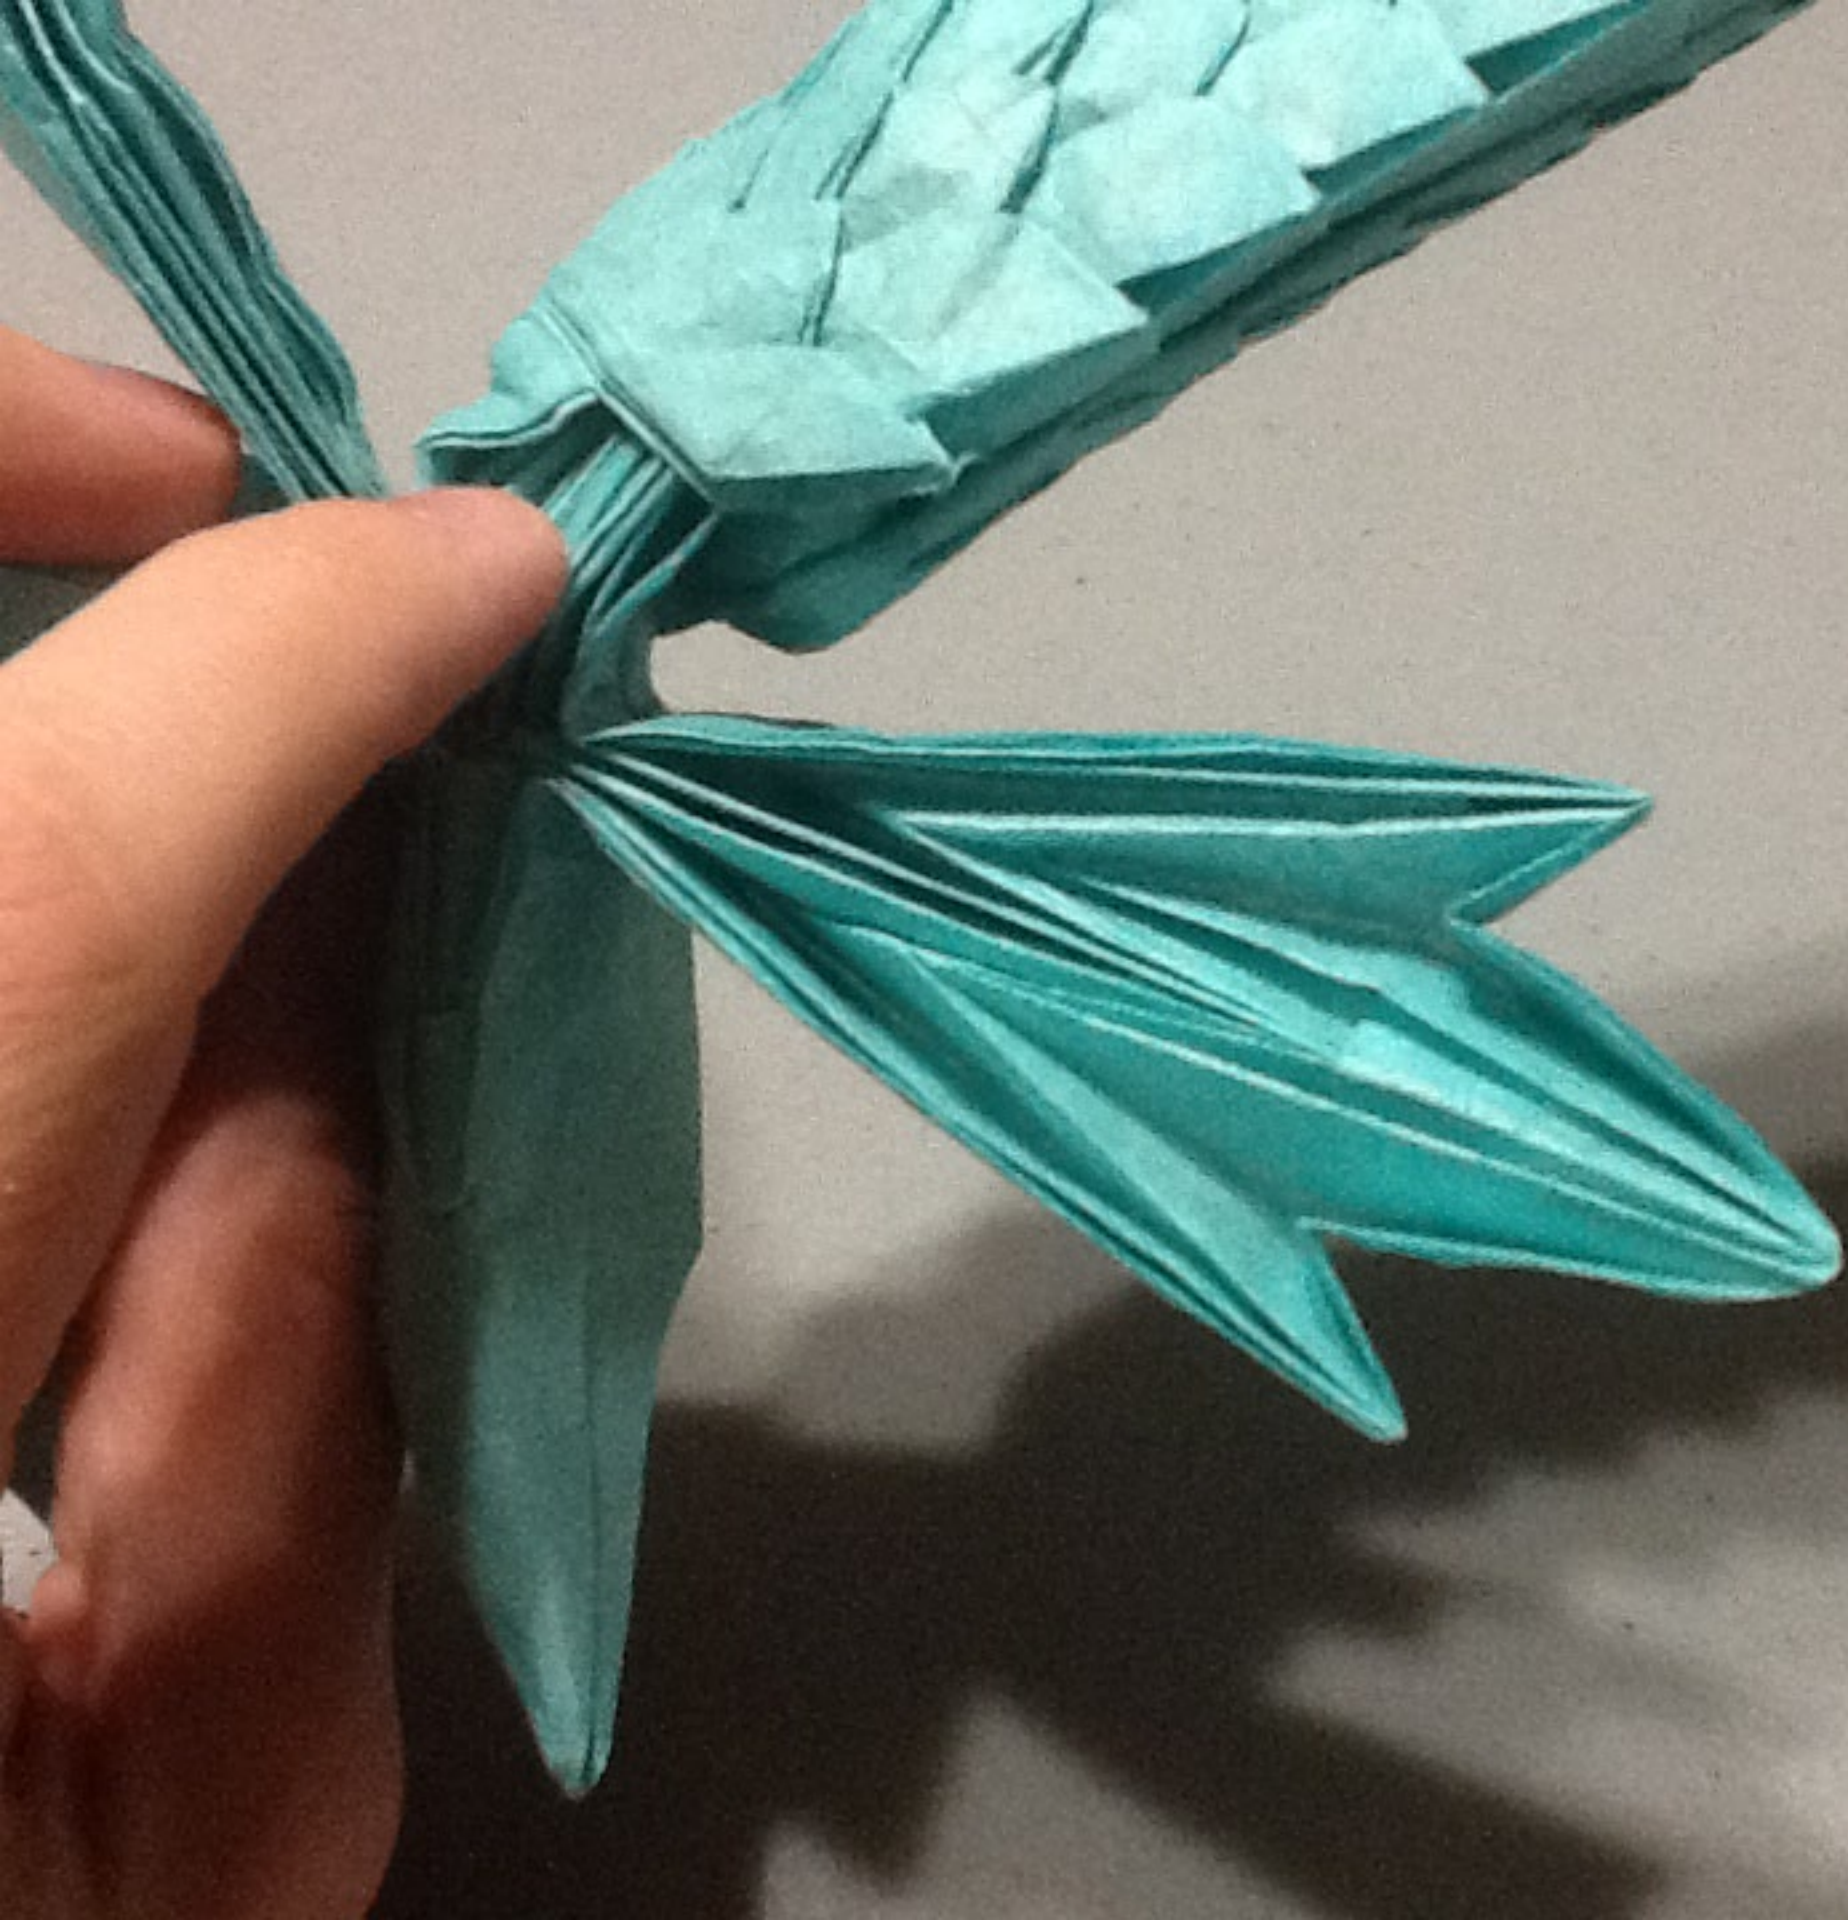

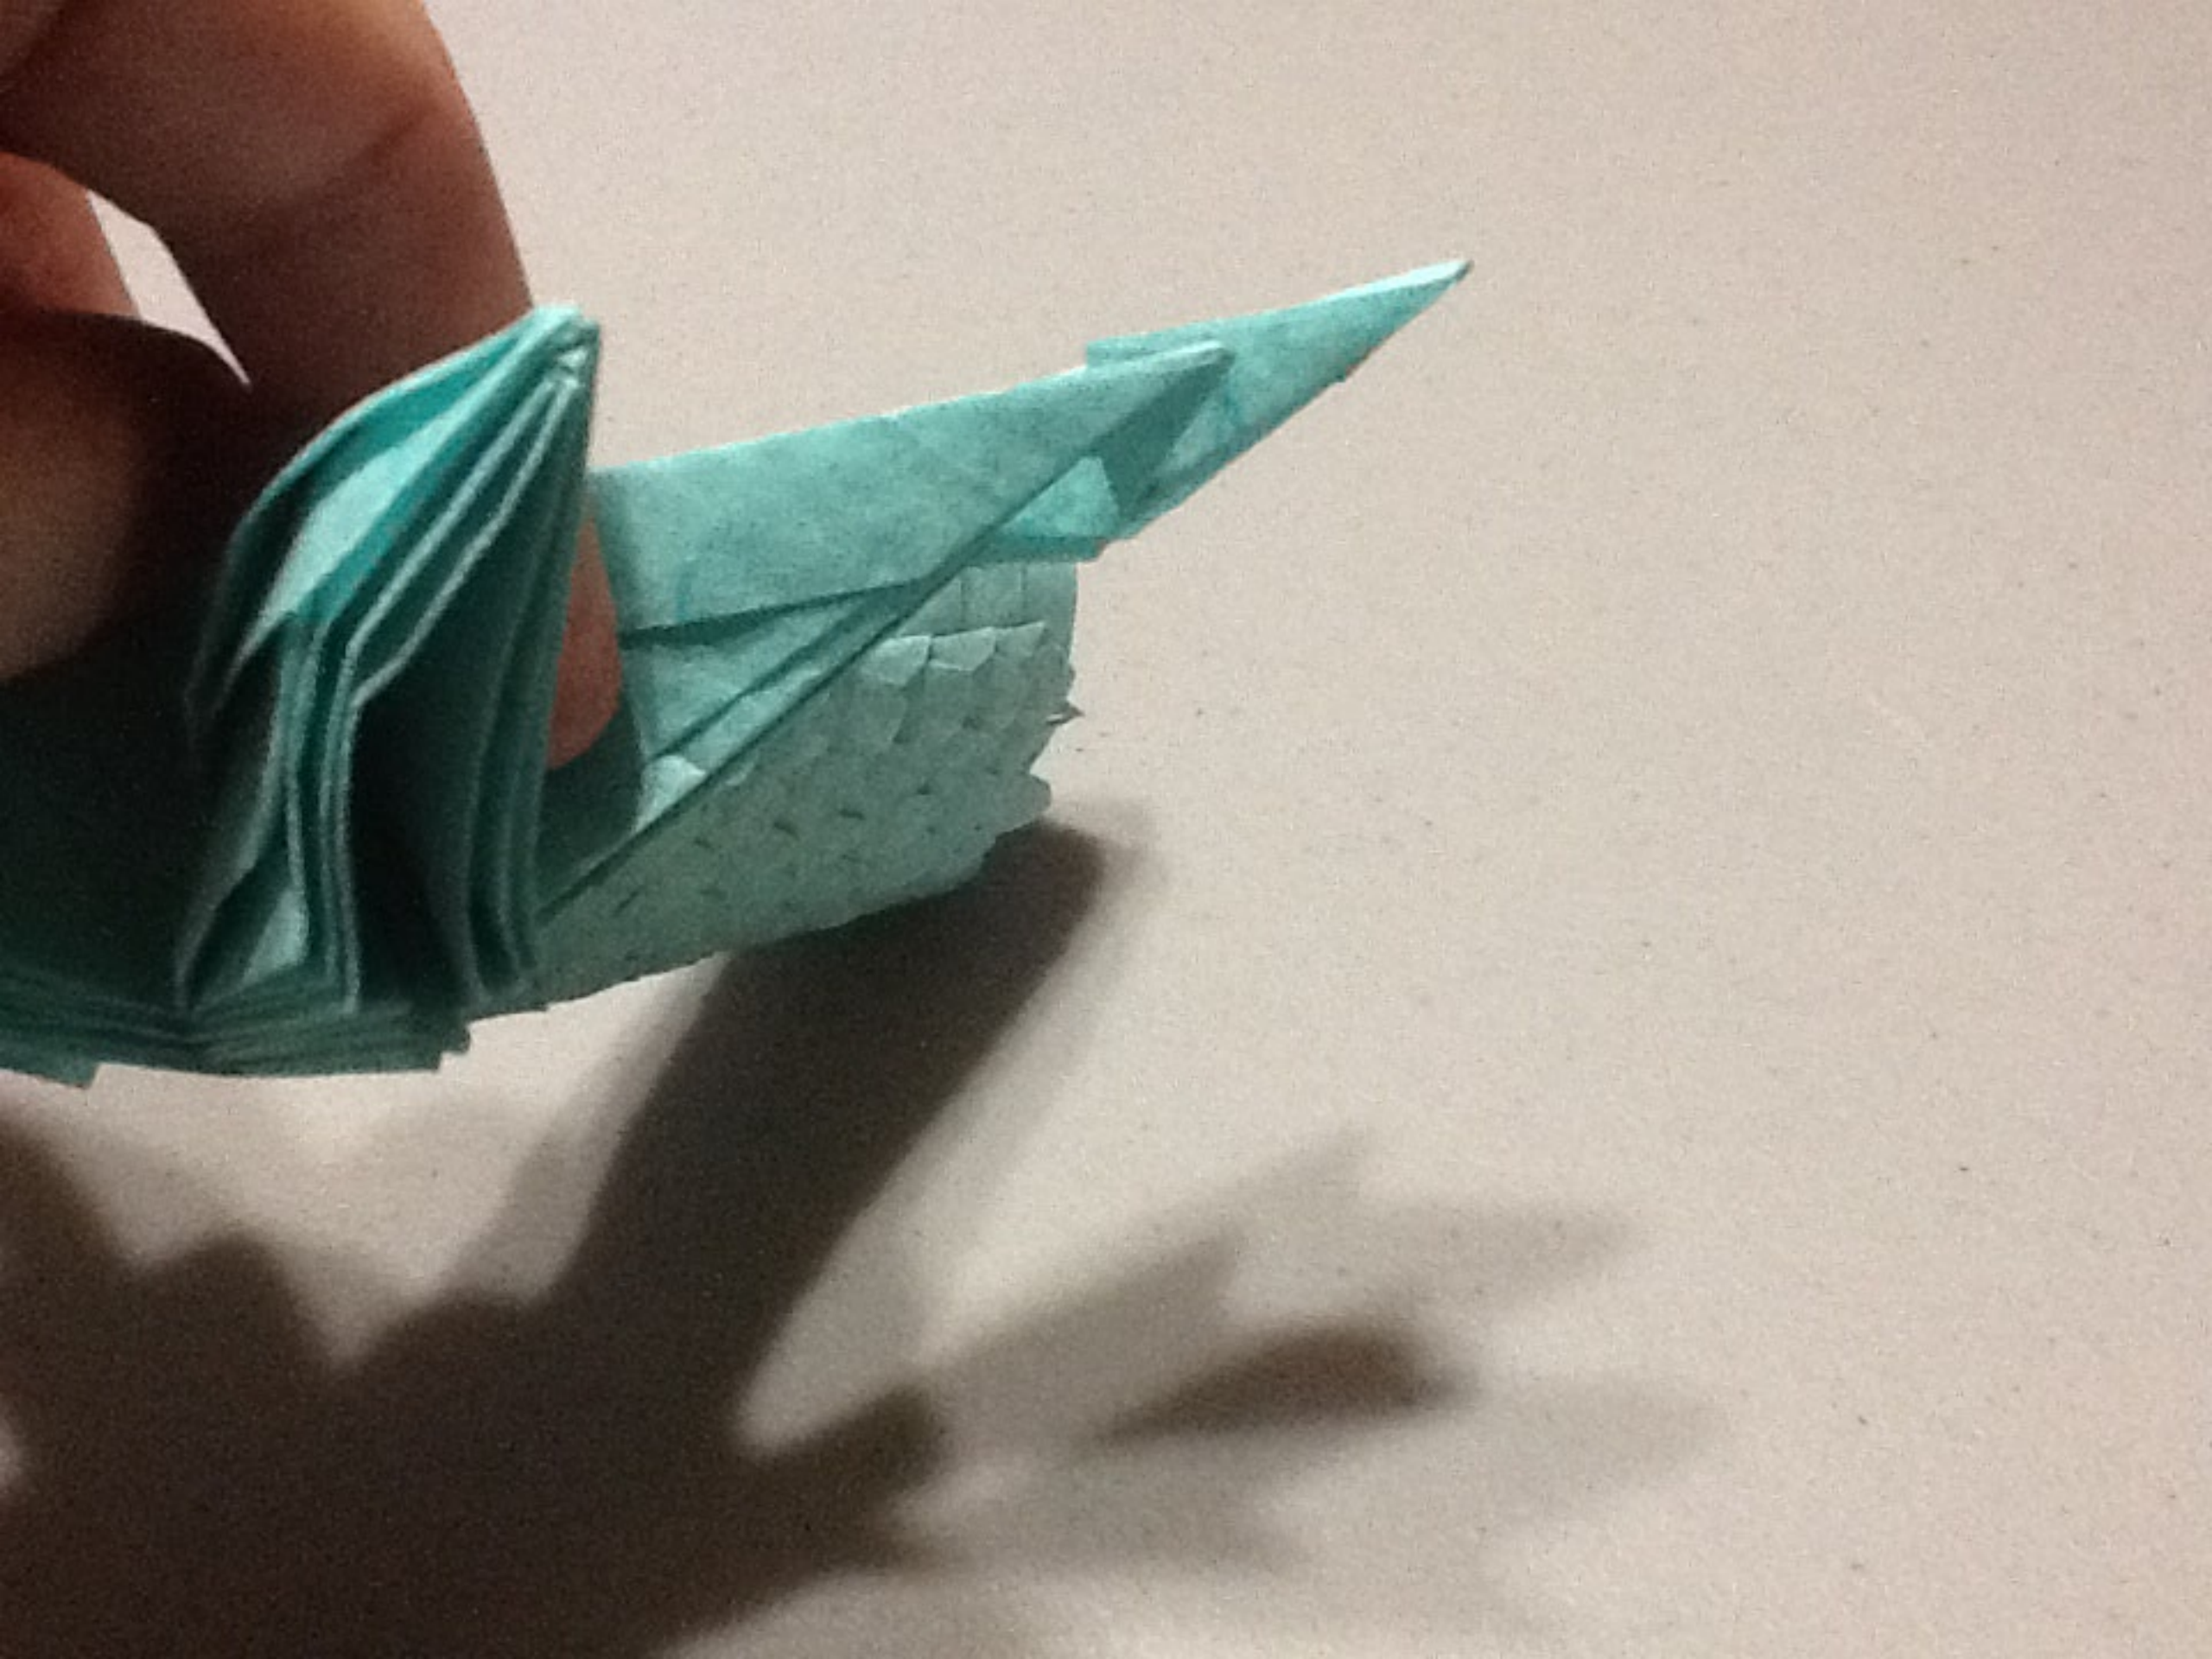

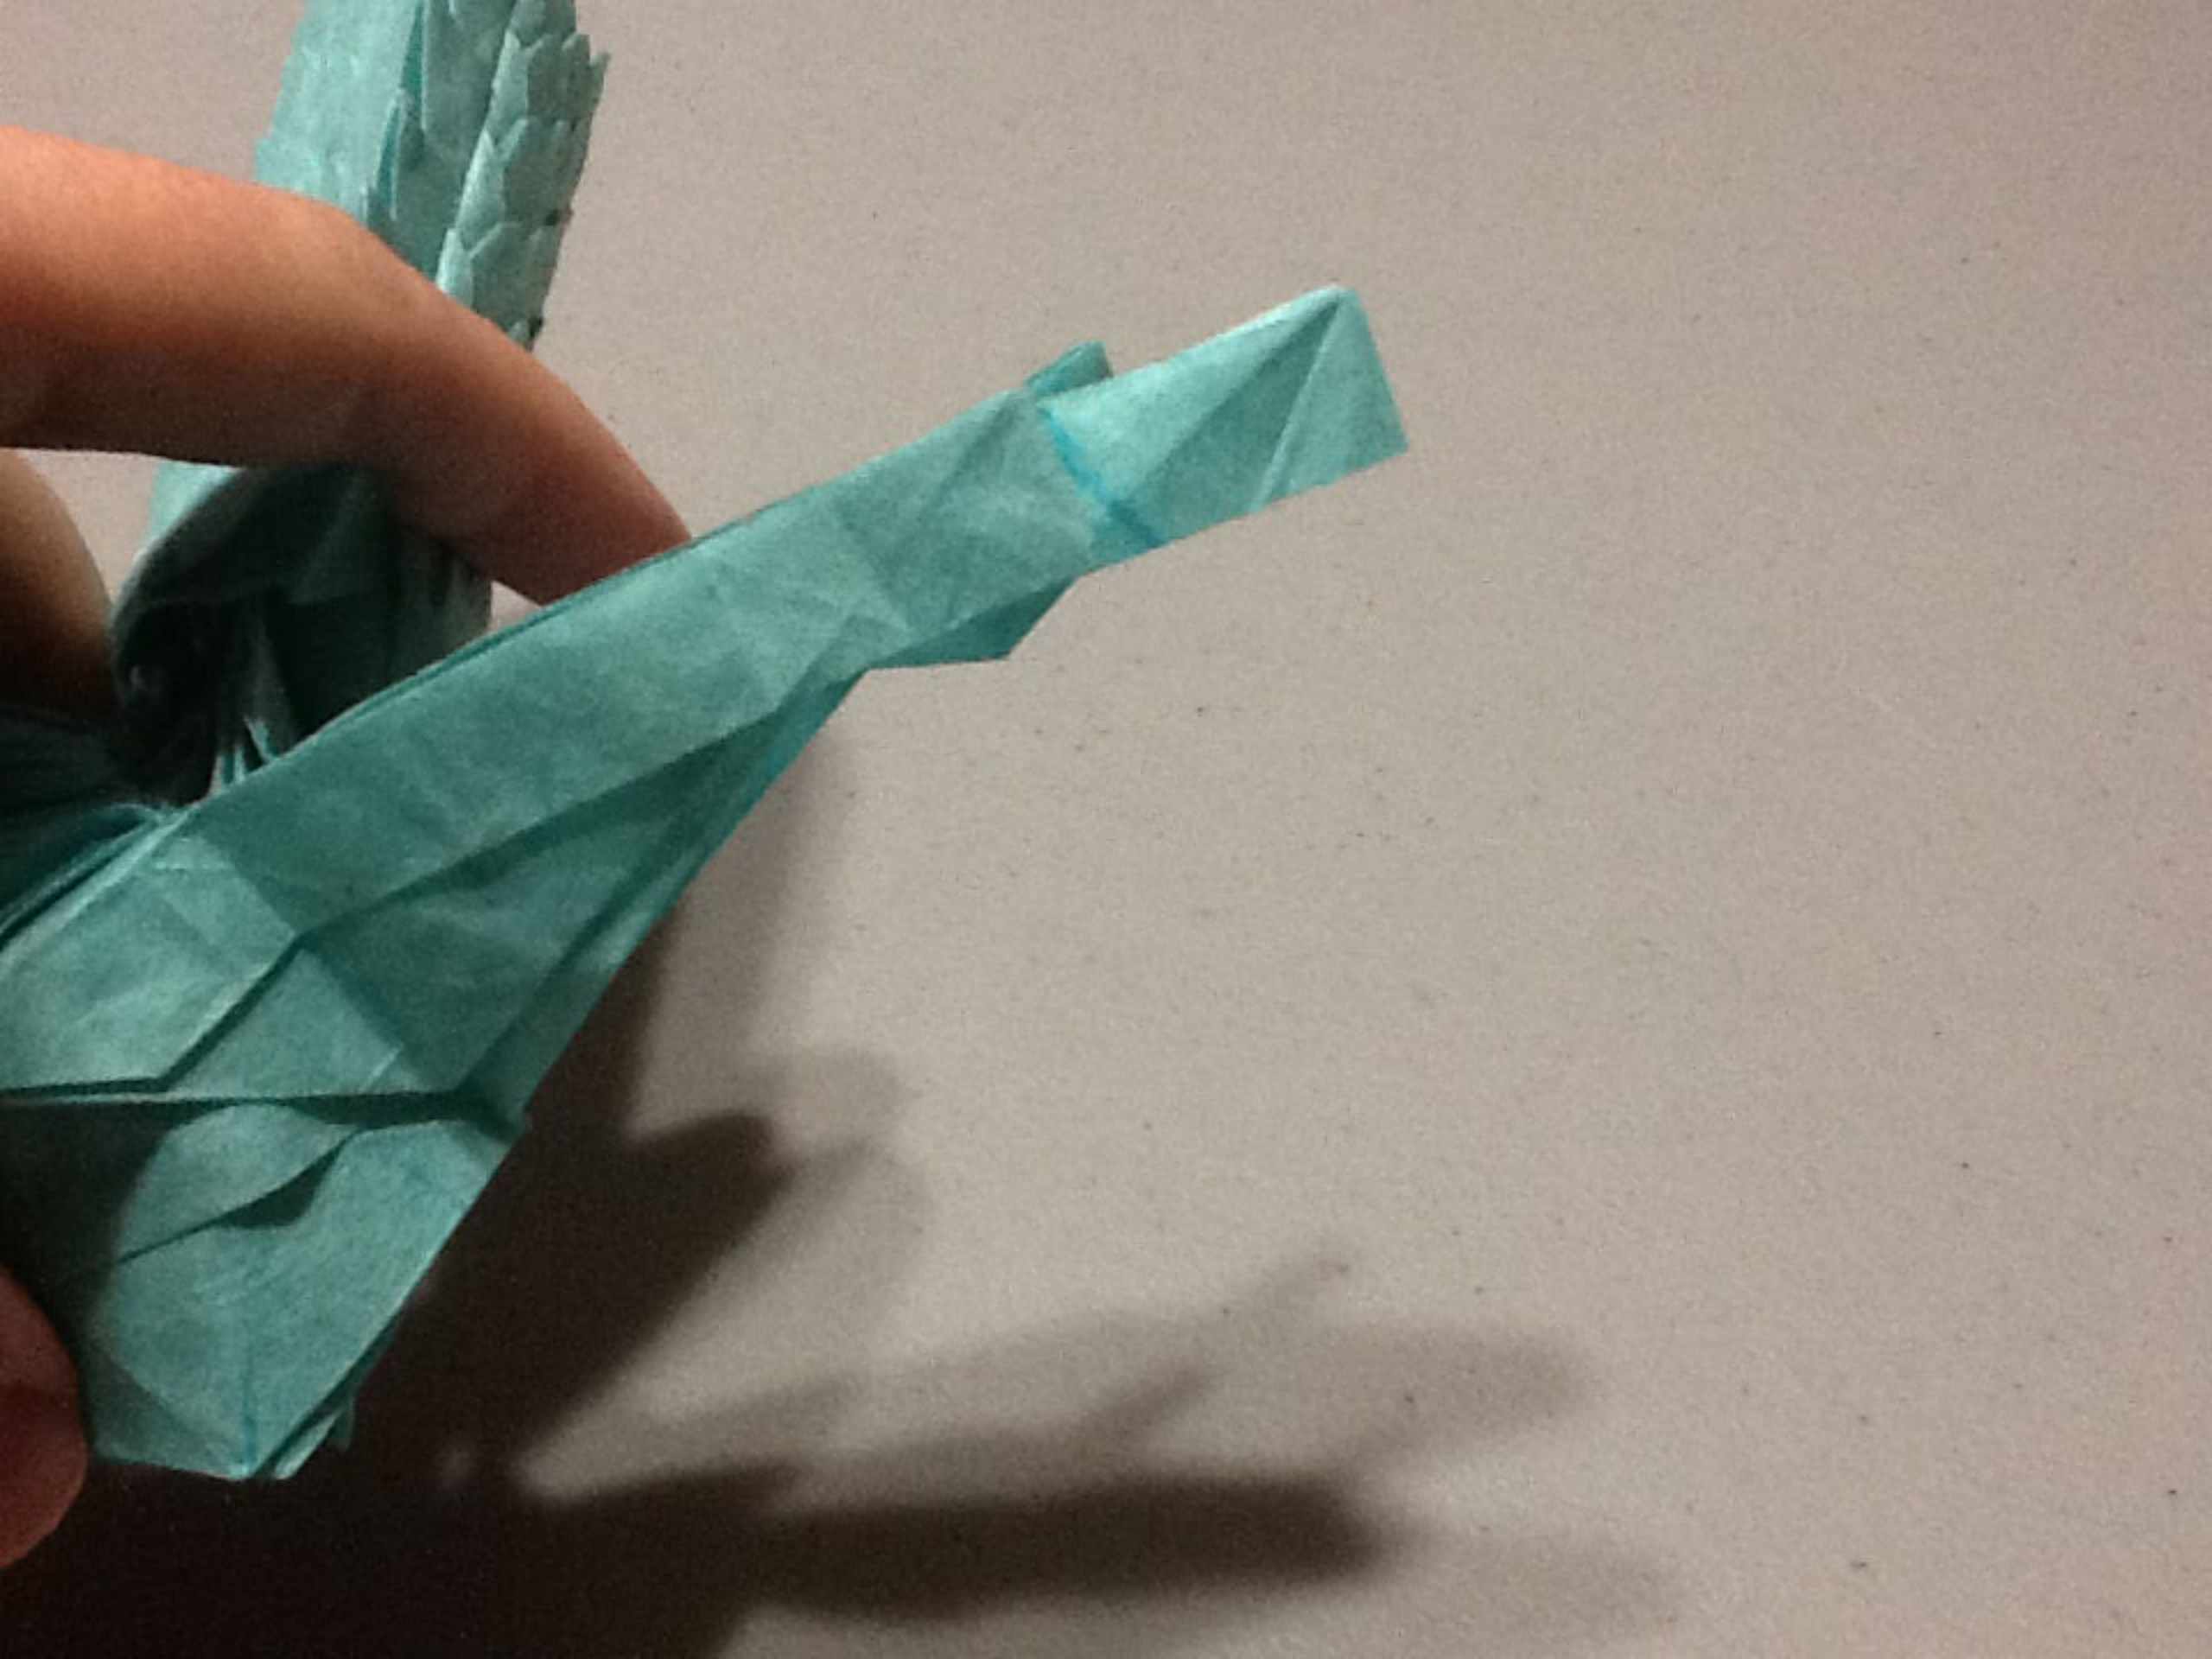

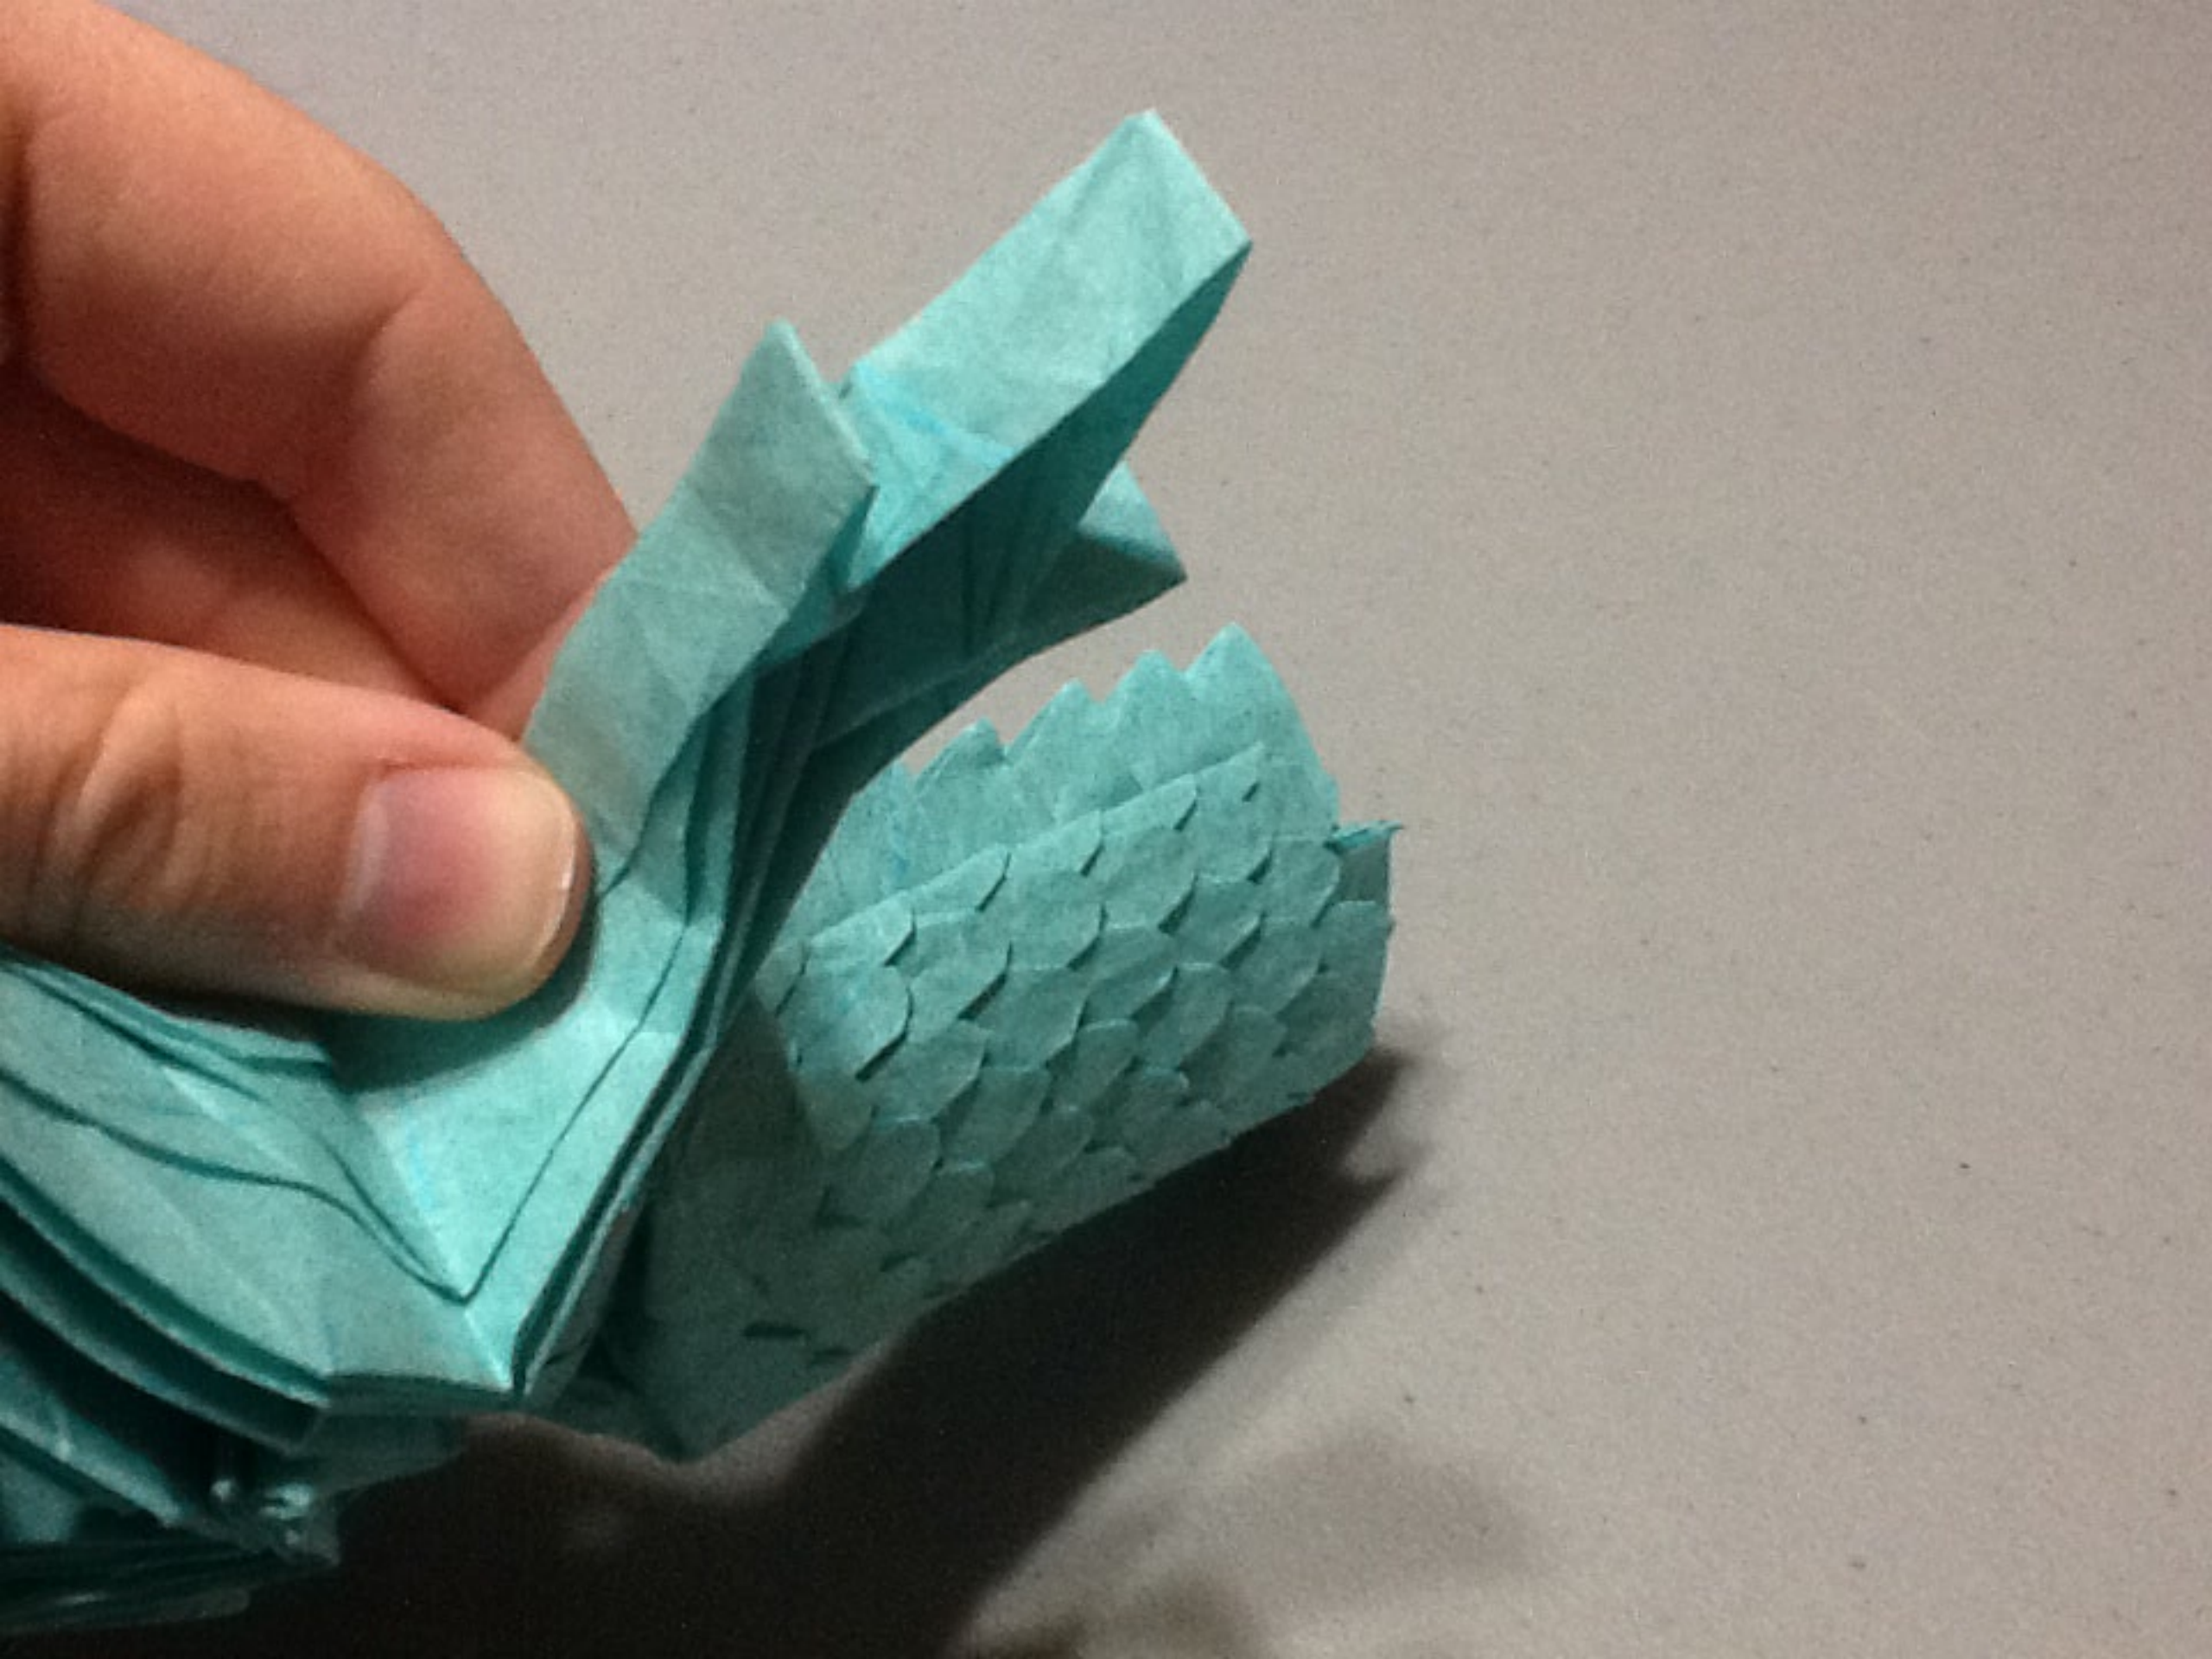

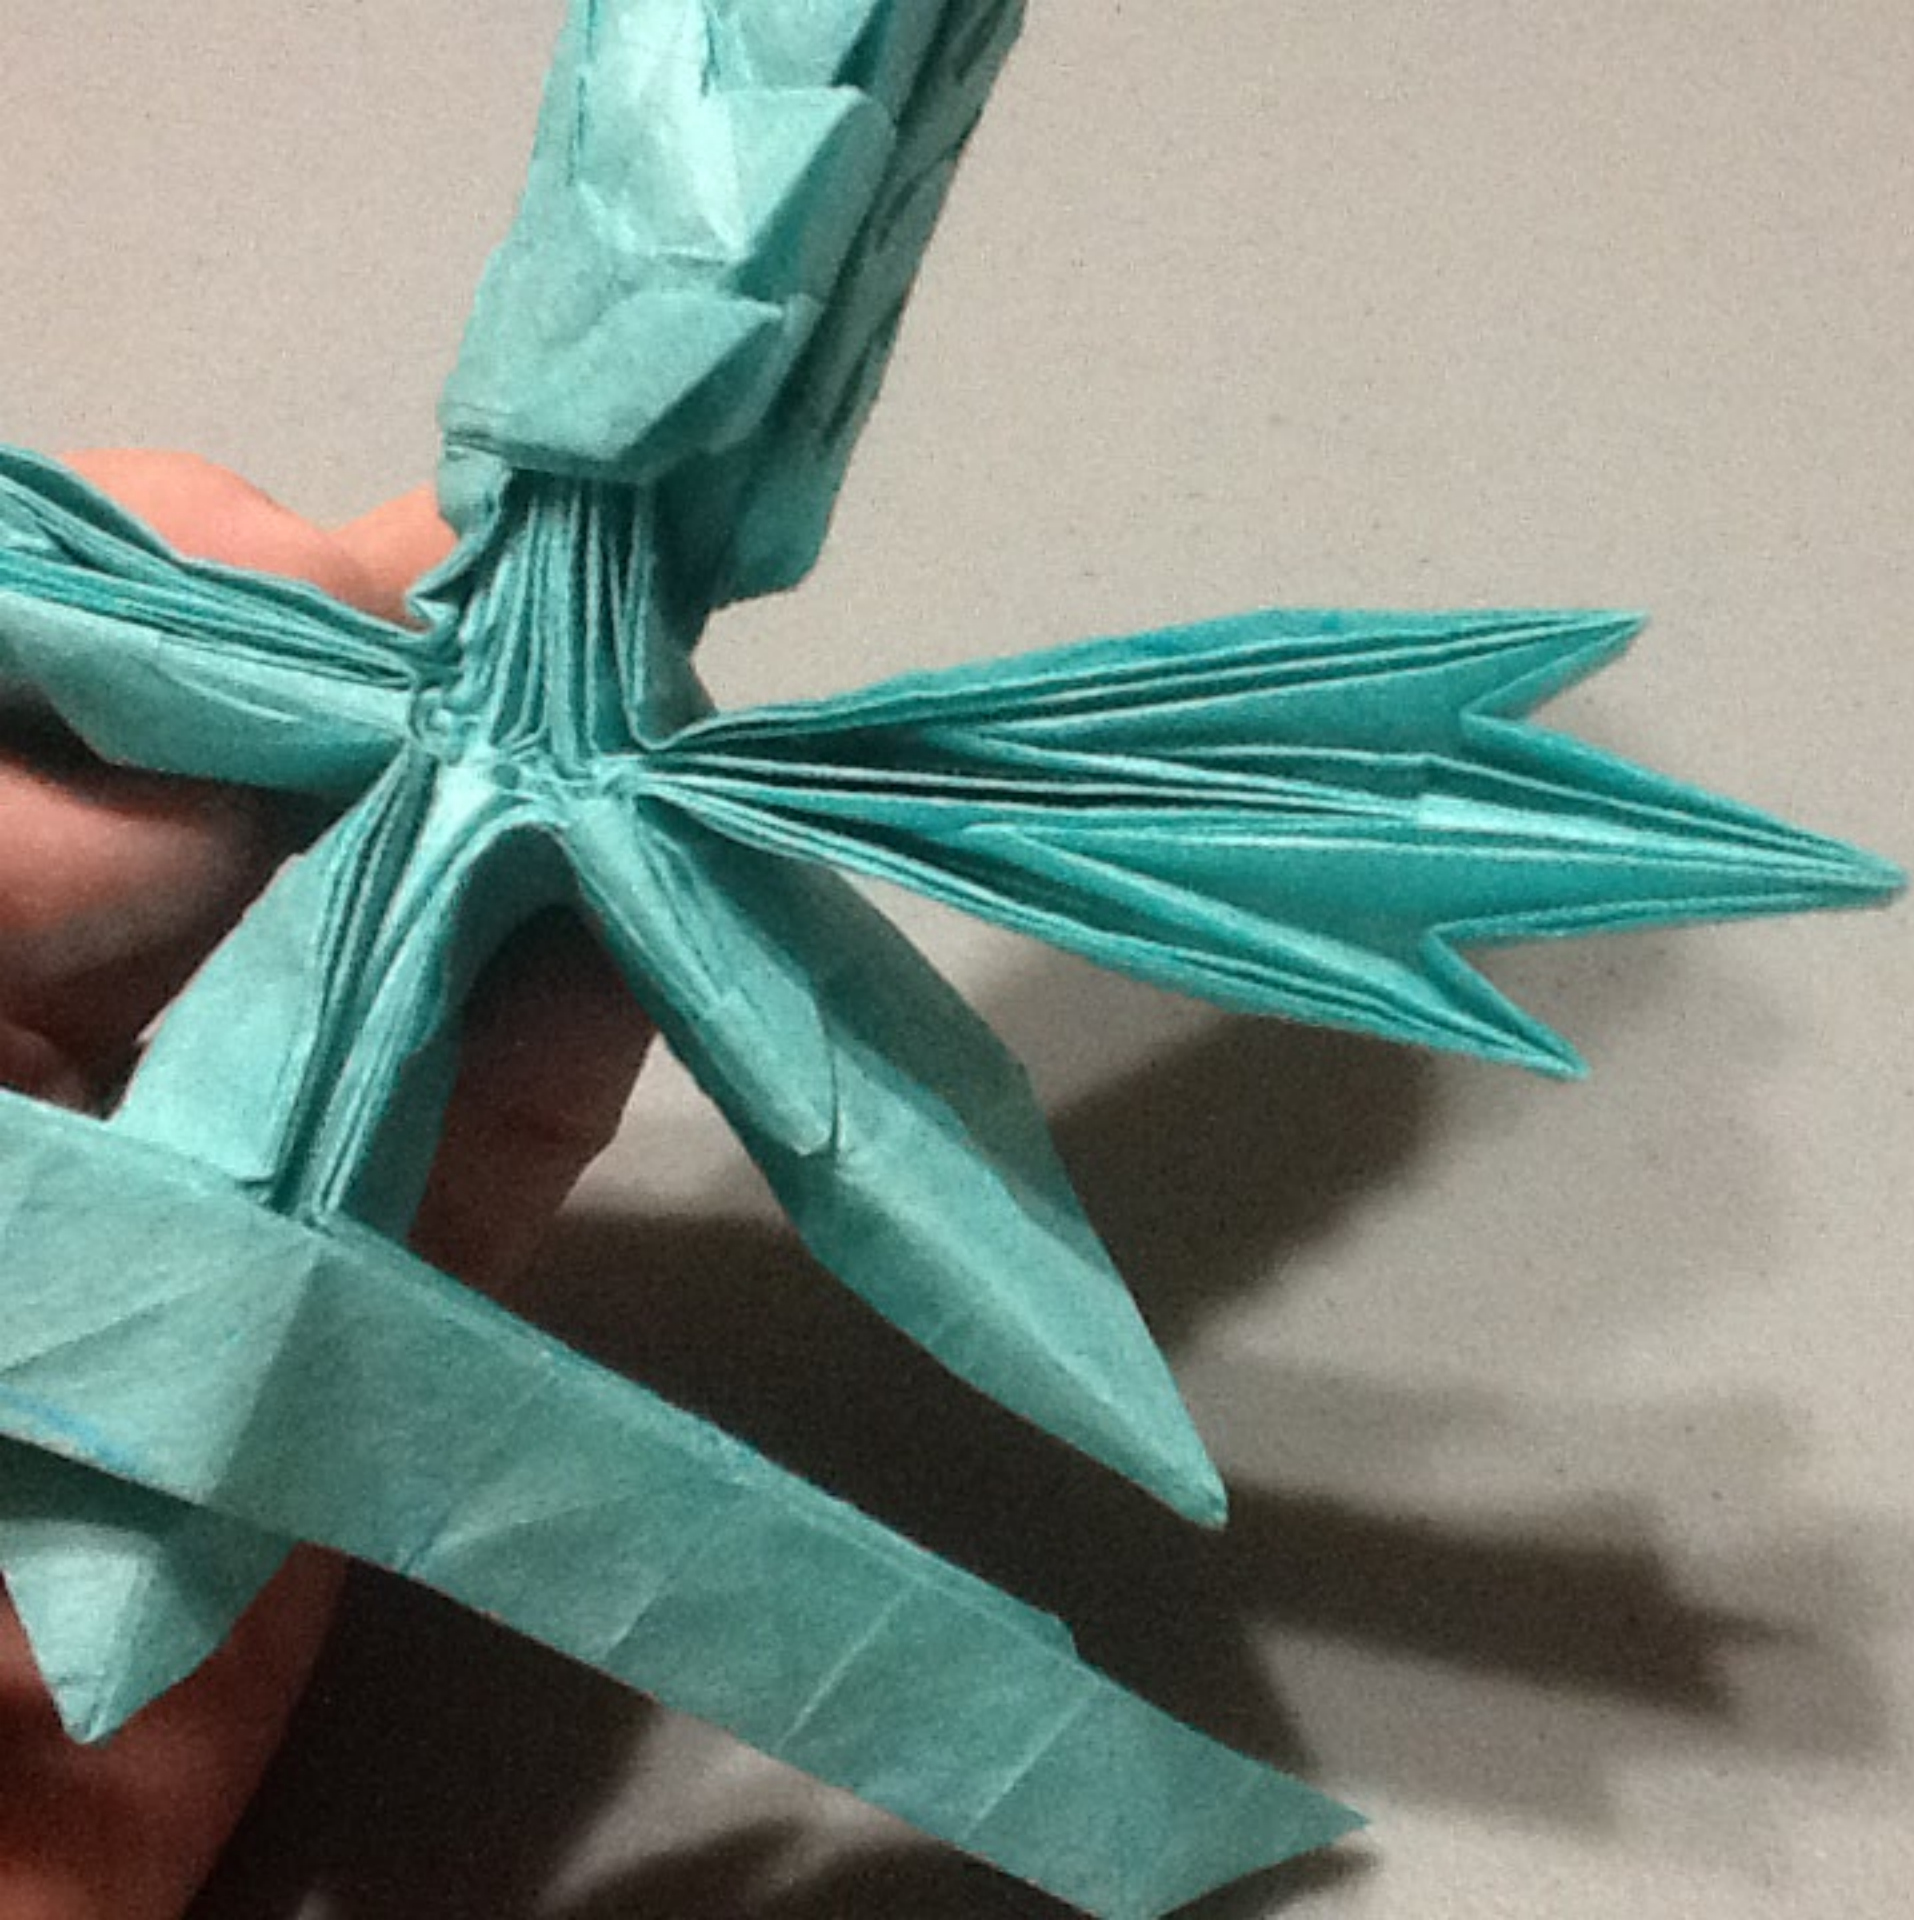

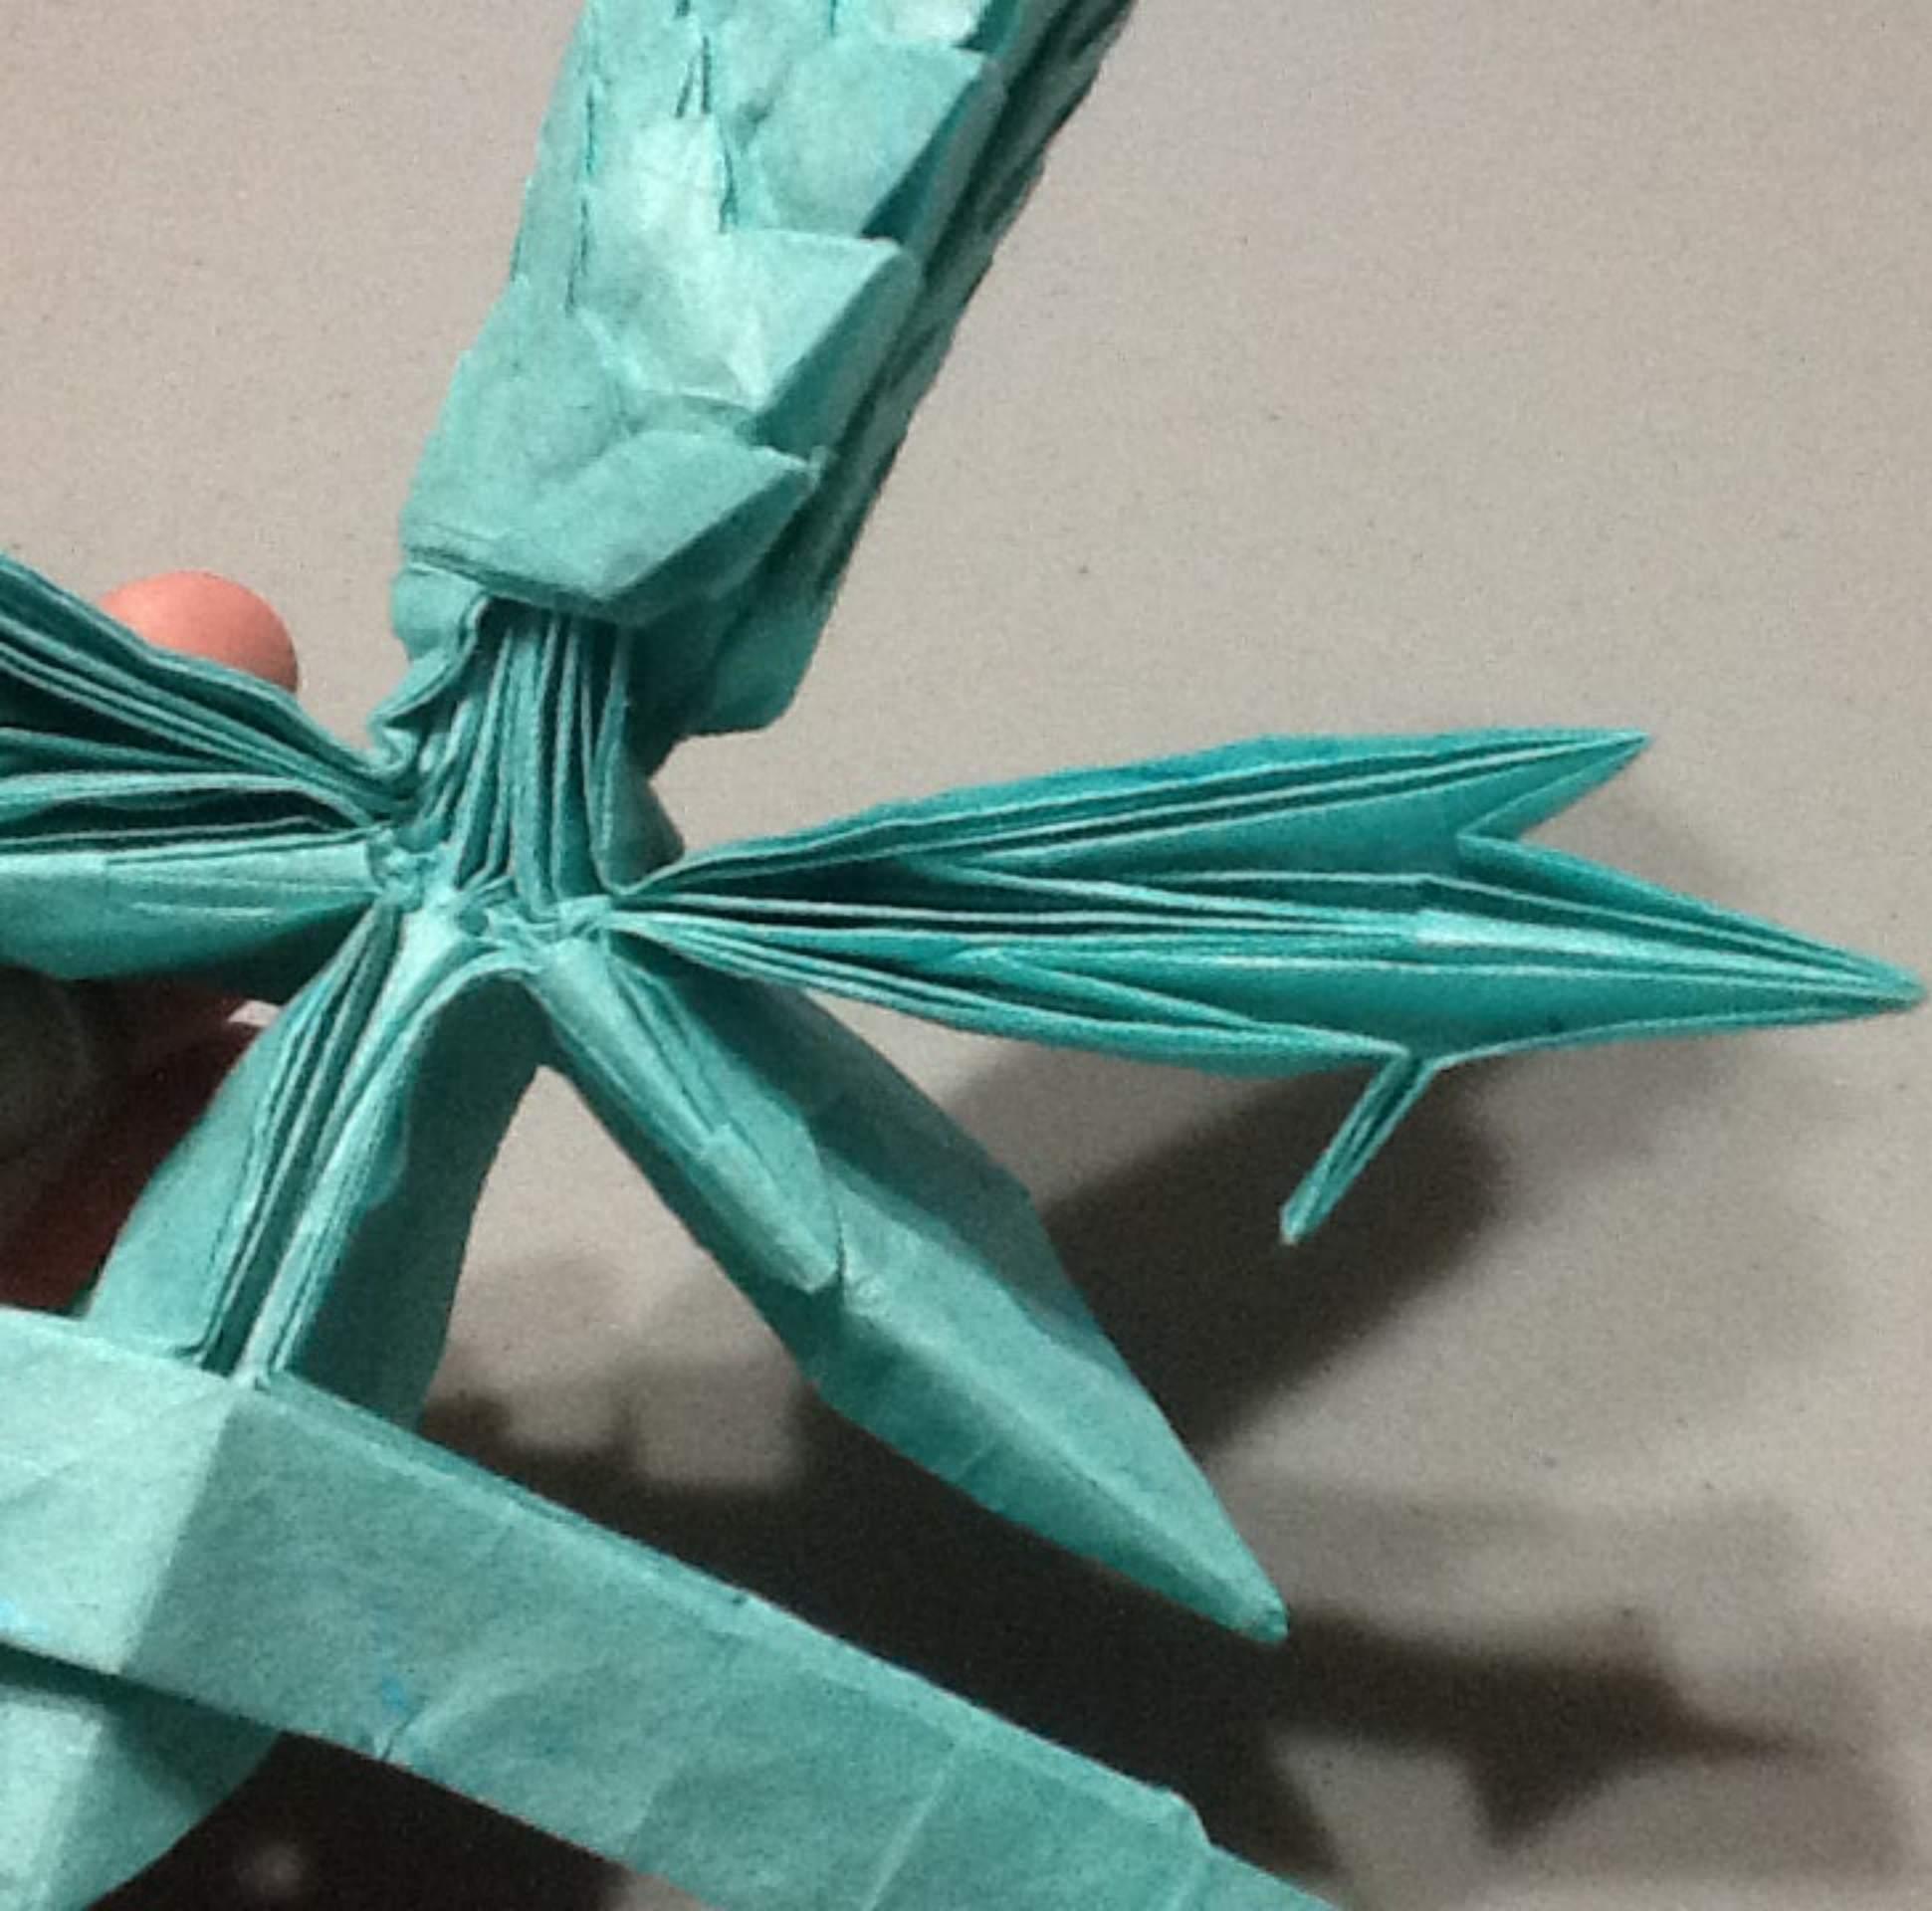

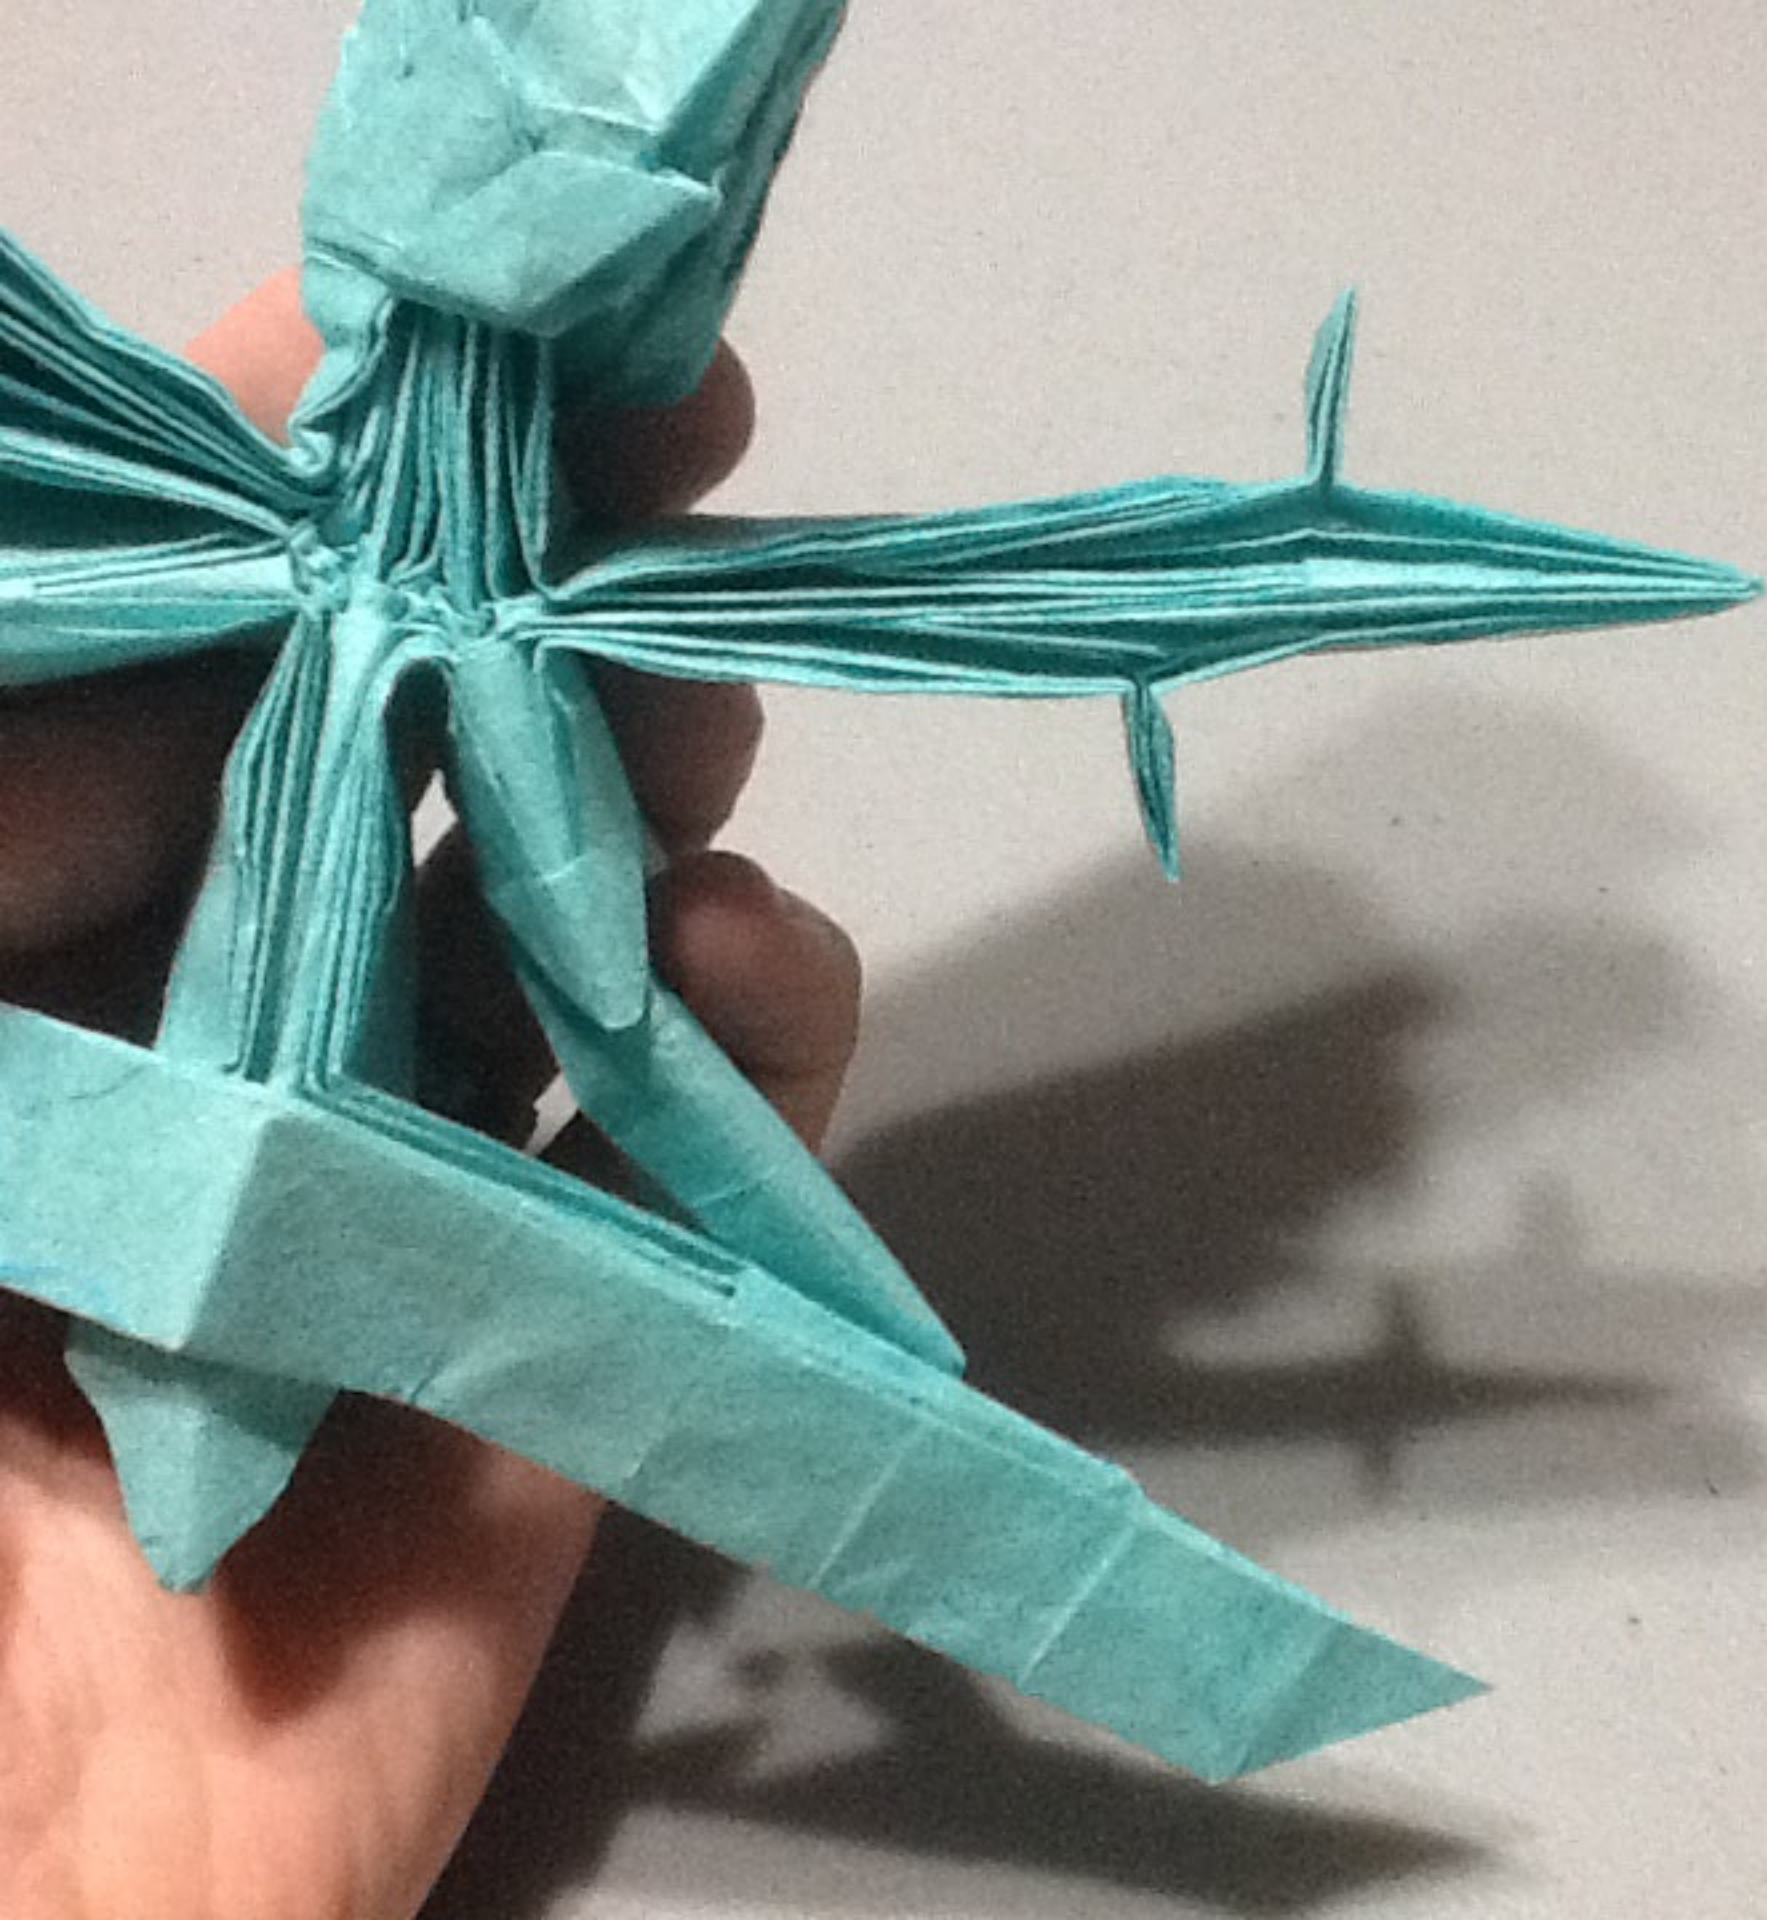

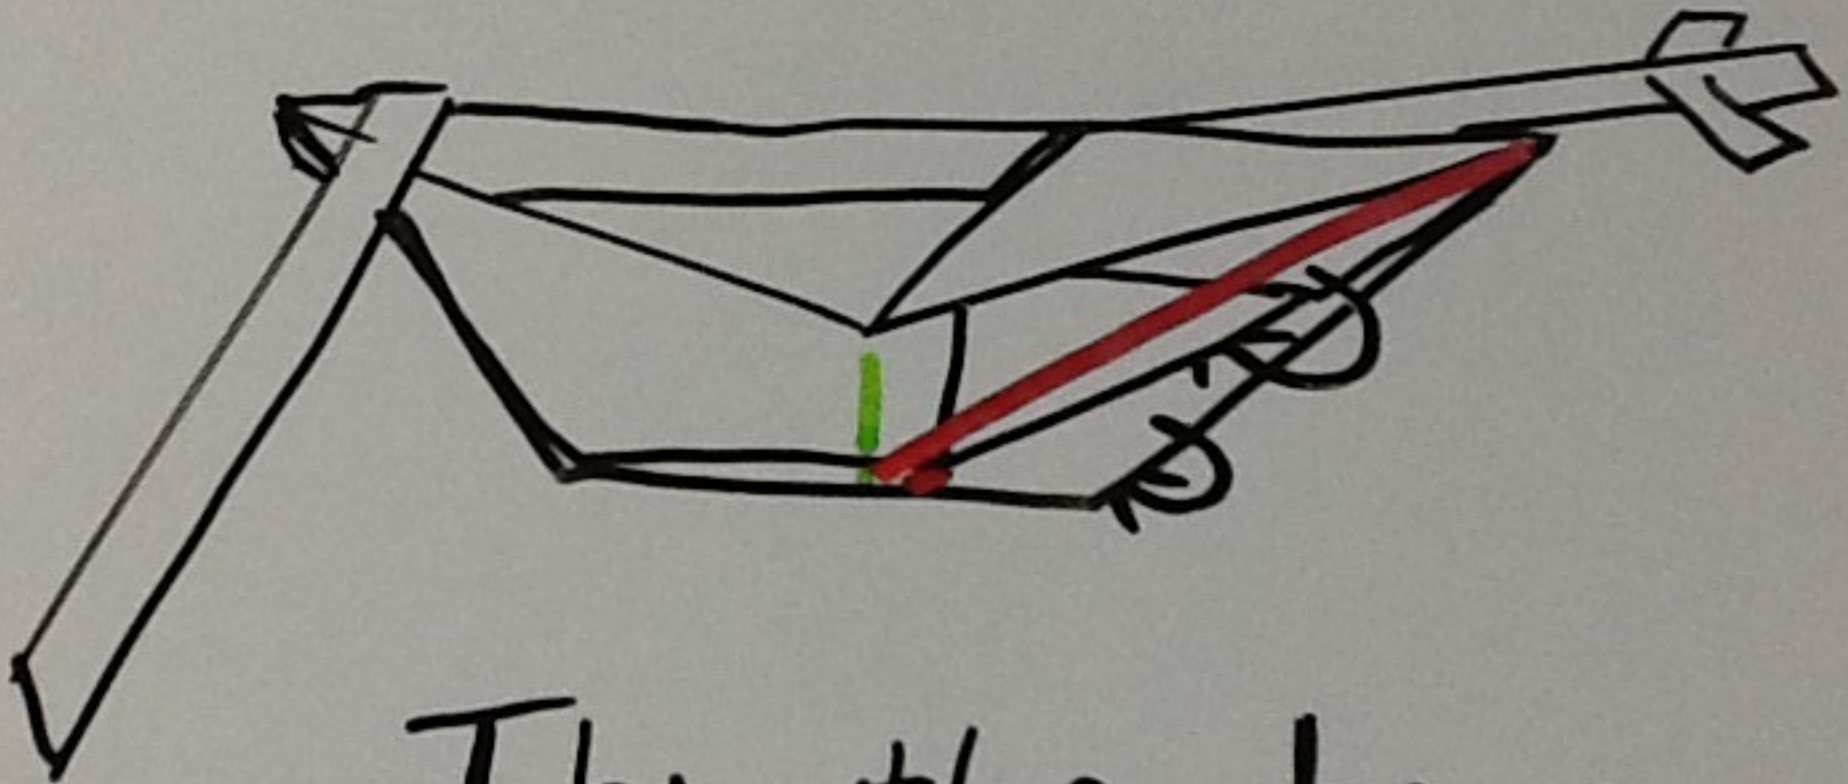

MVC

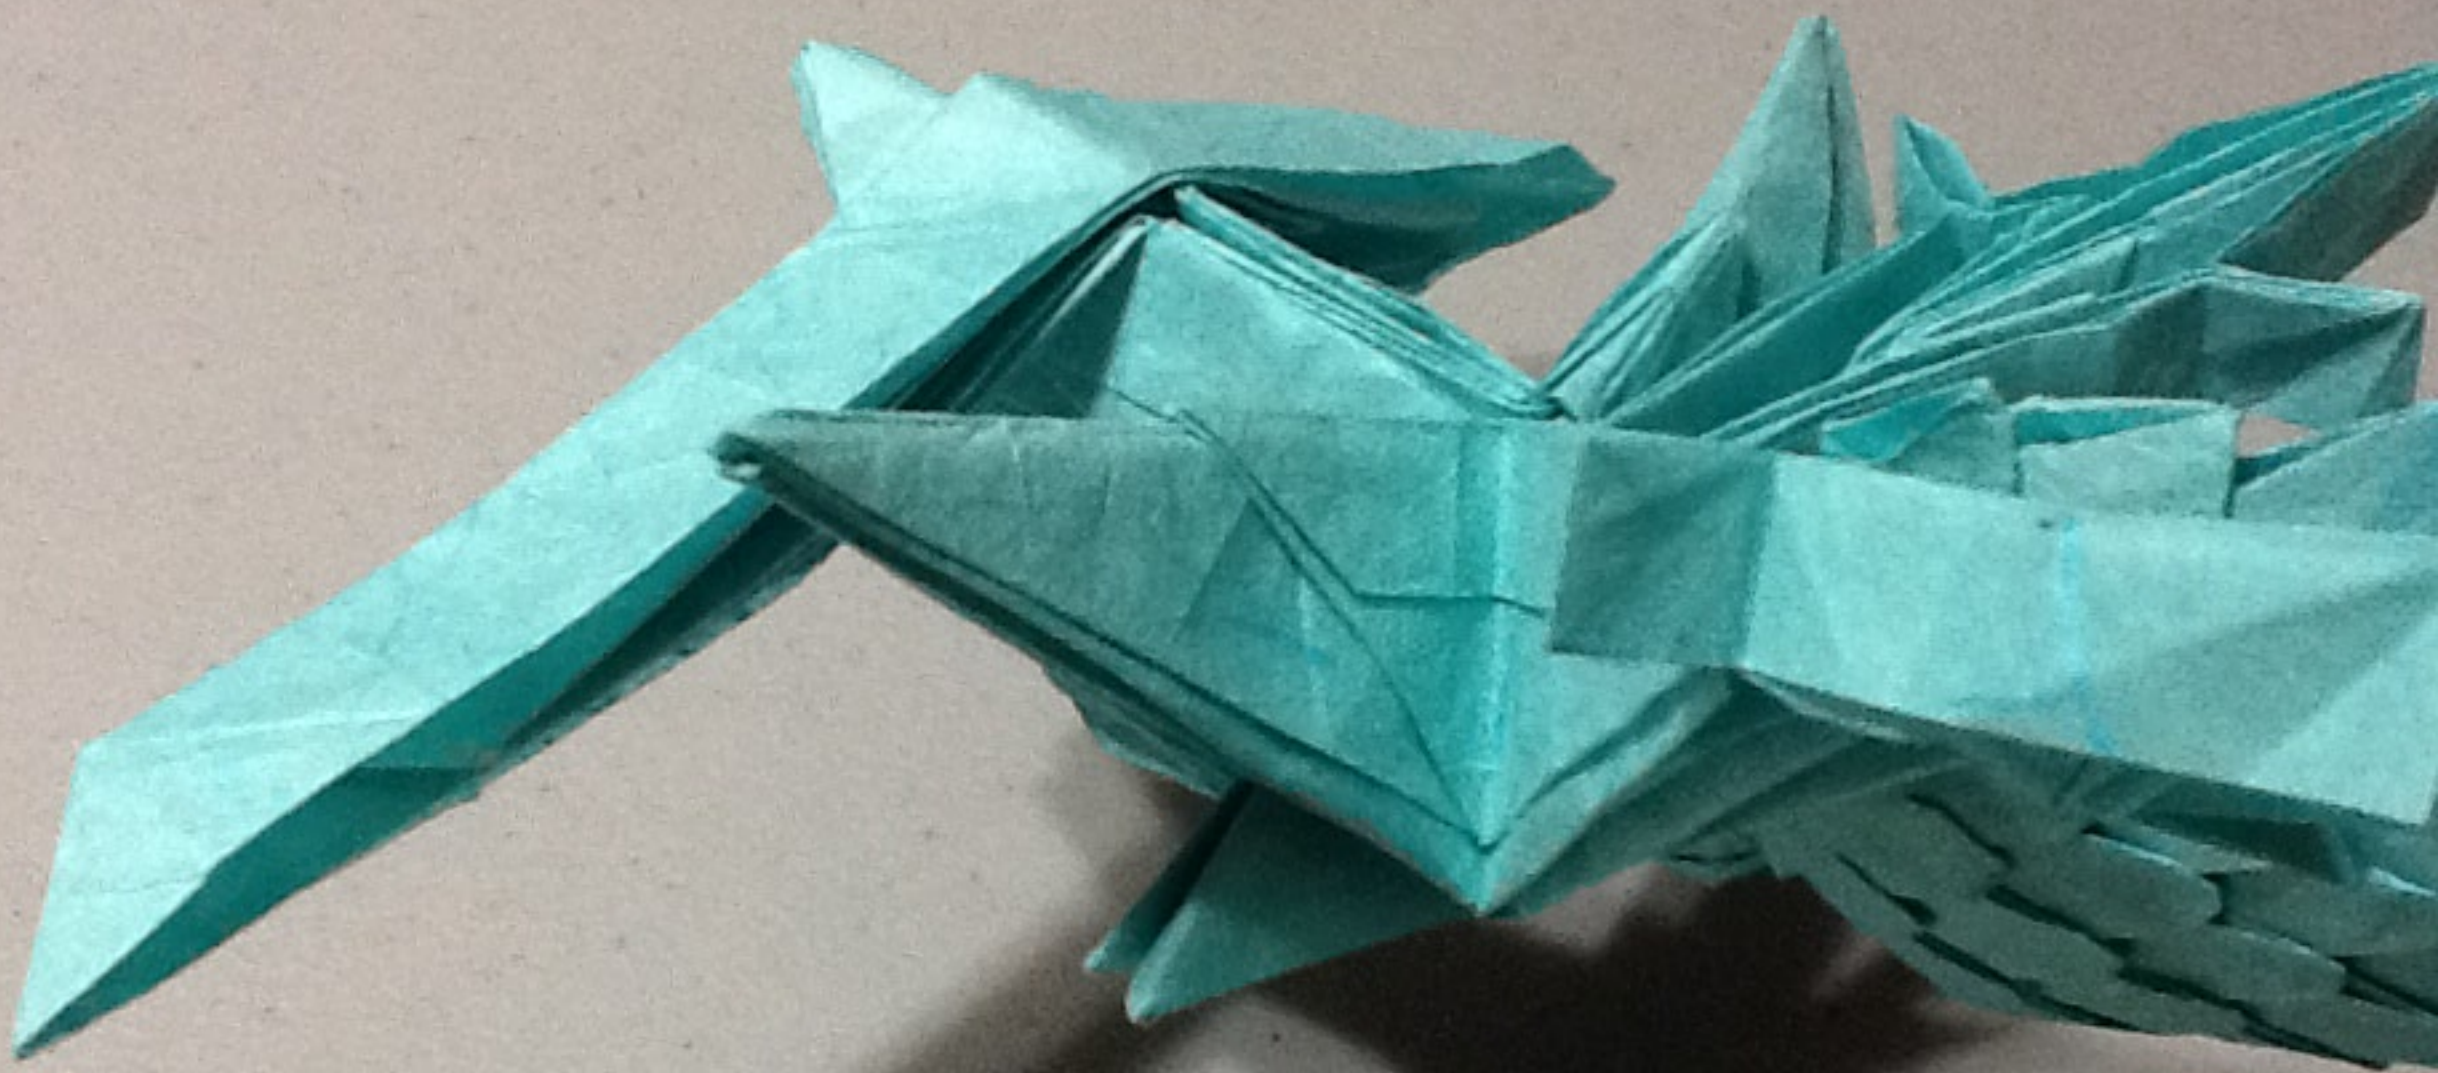

Thin the horns -

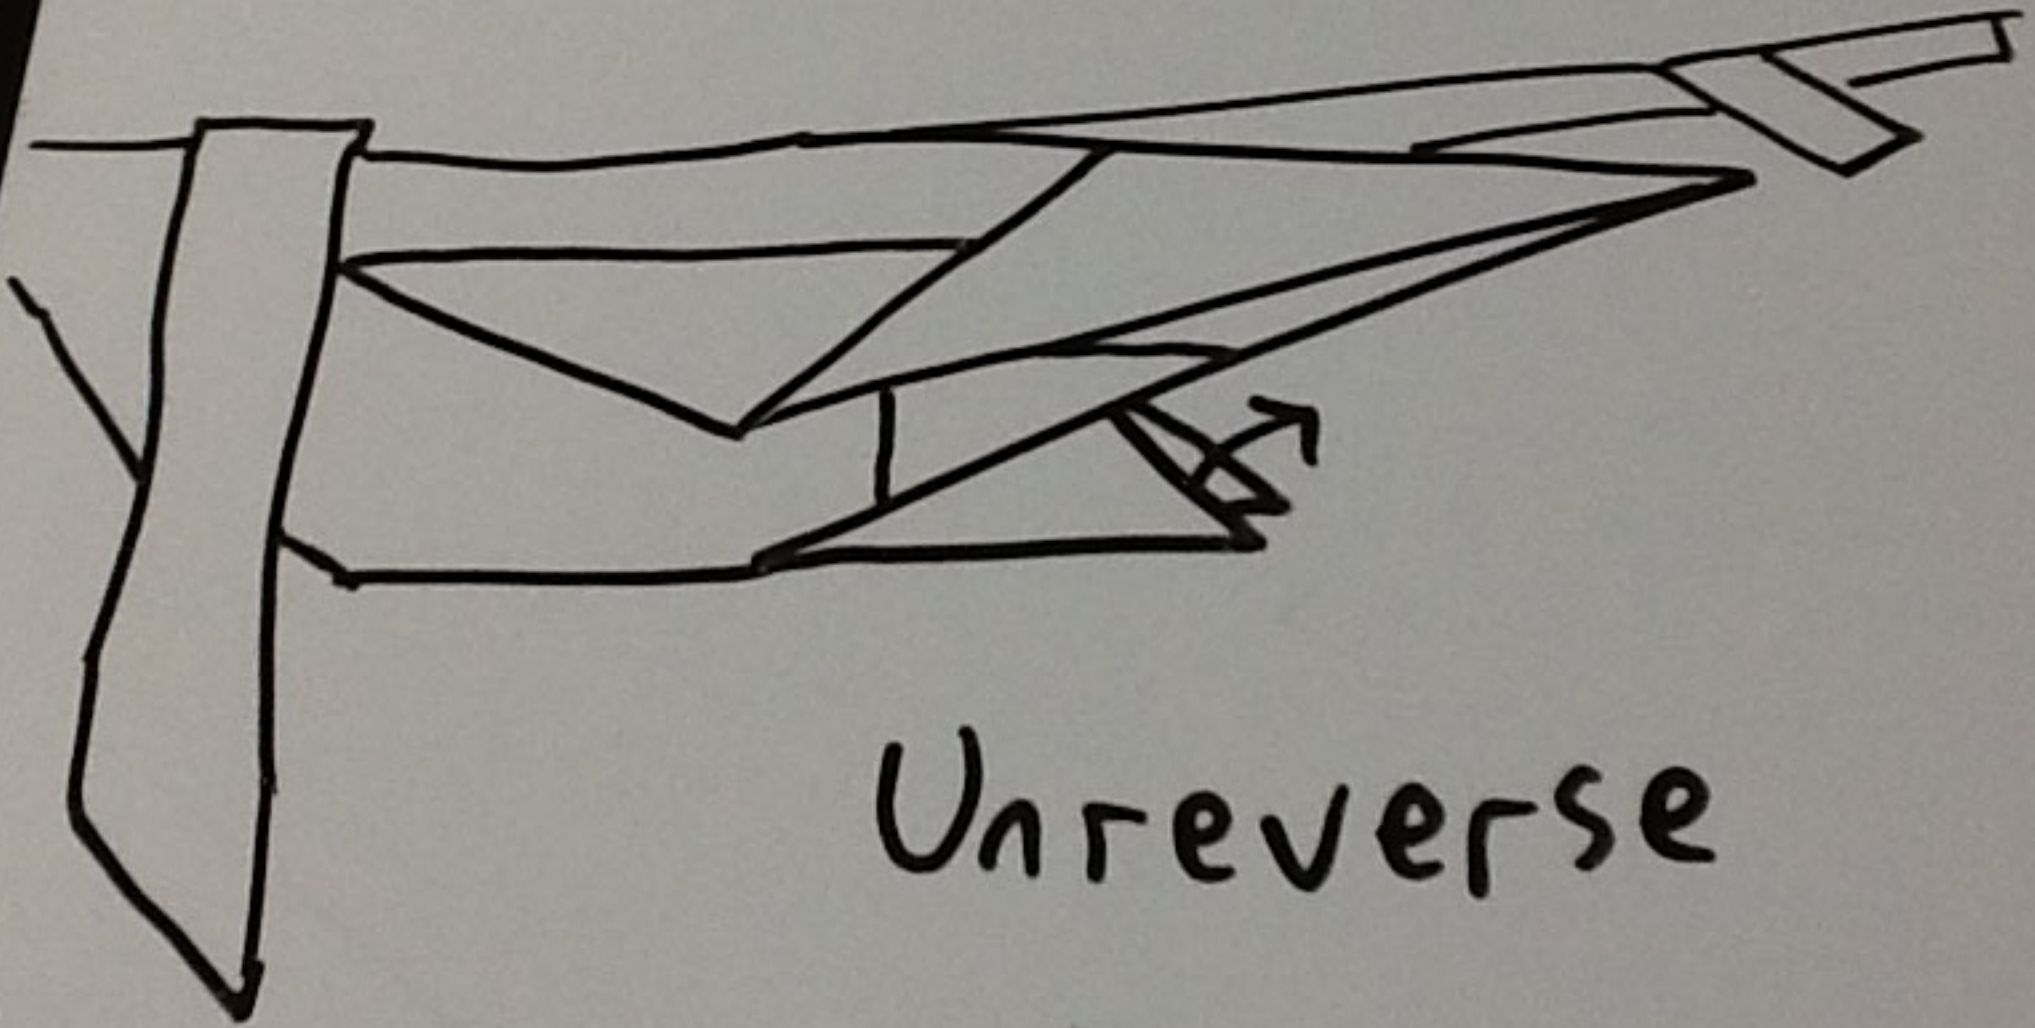

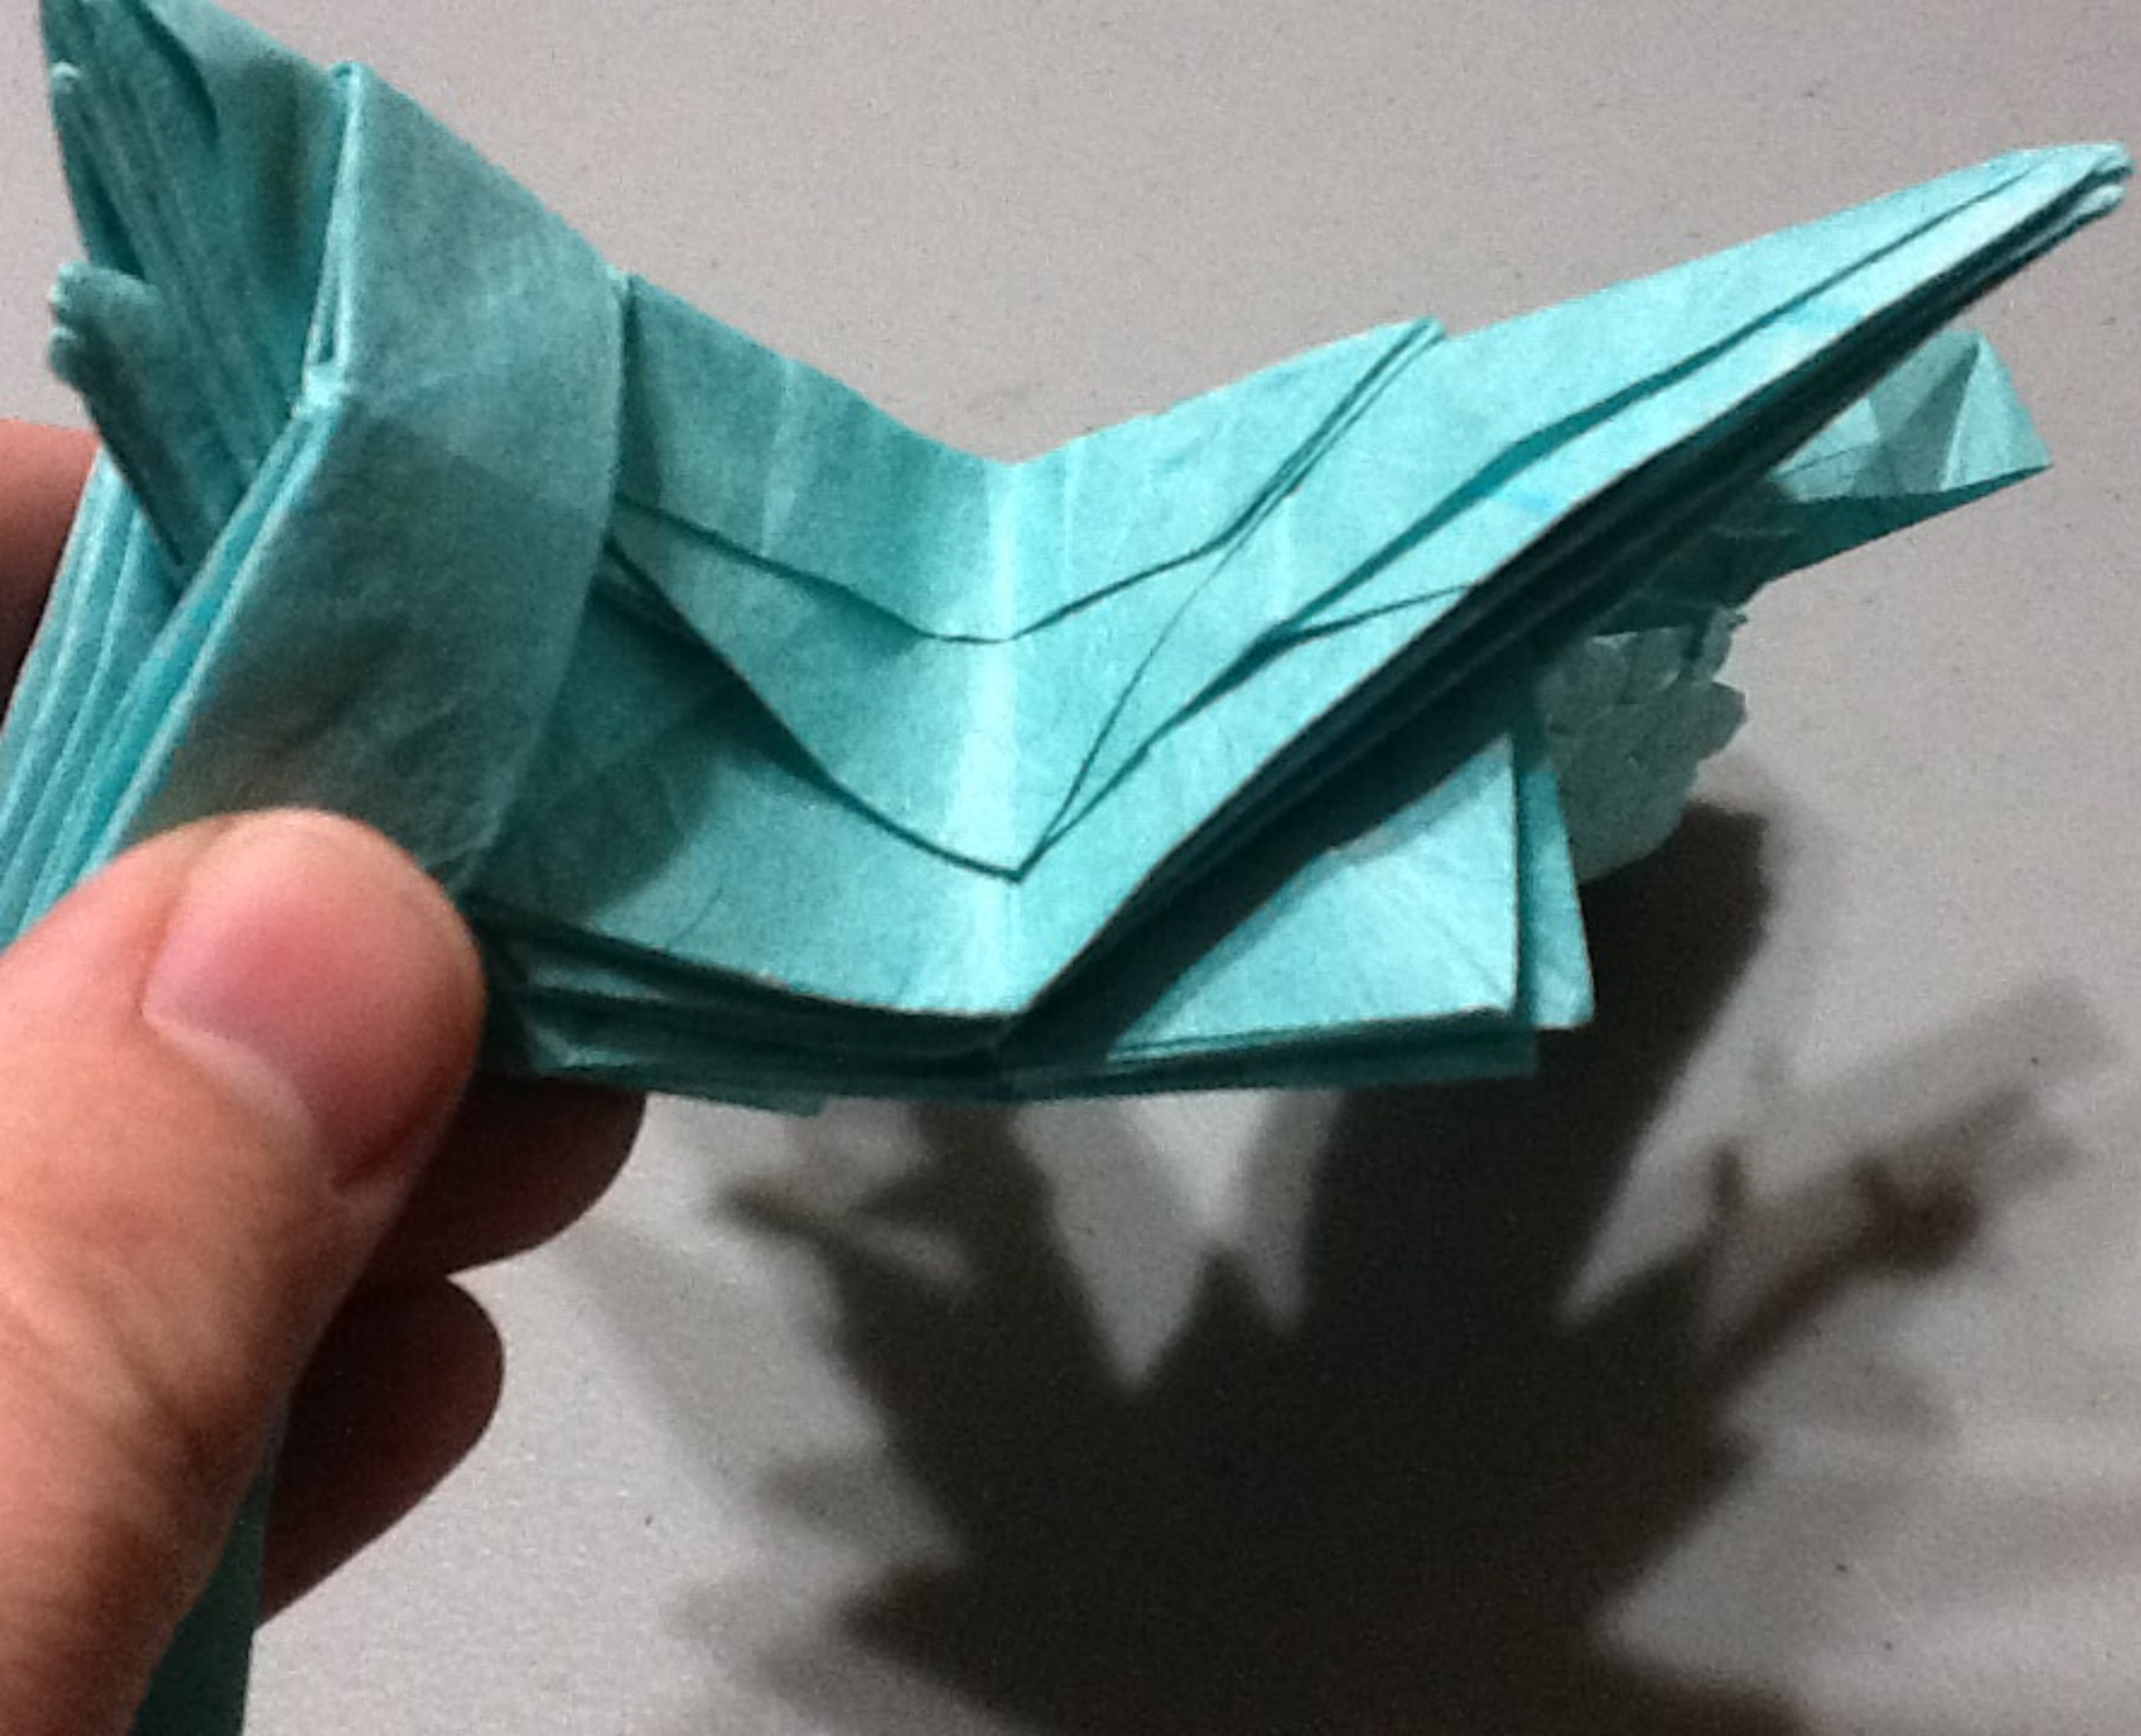

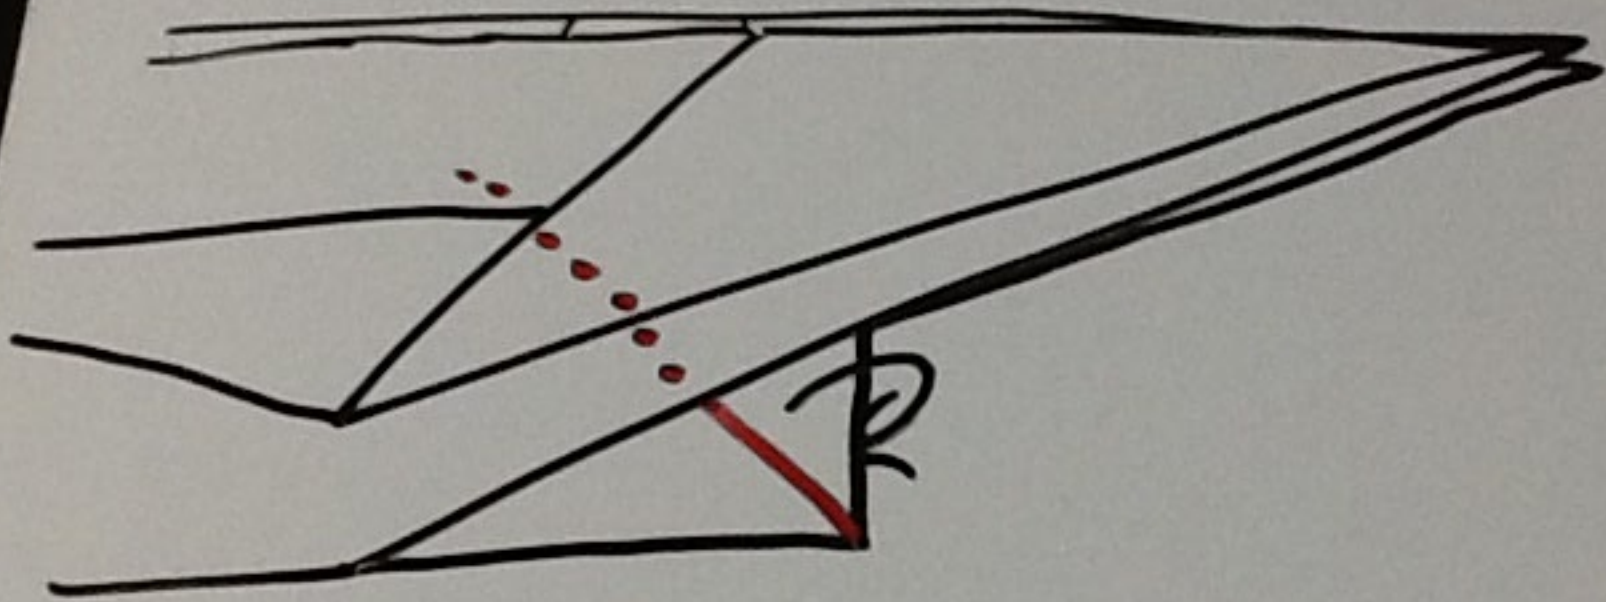

MVC

Unreverse

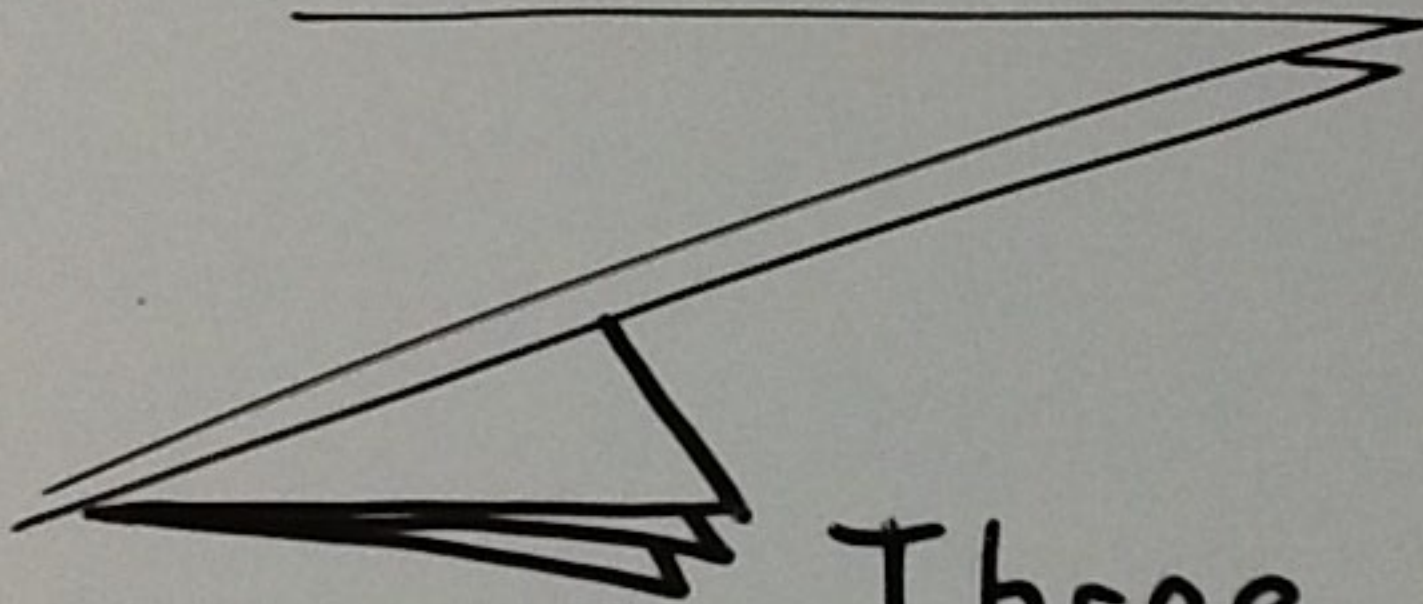

mountain fold behind  
the other short horns

Two nested  
long horns

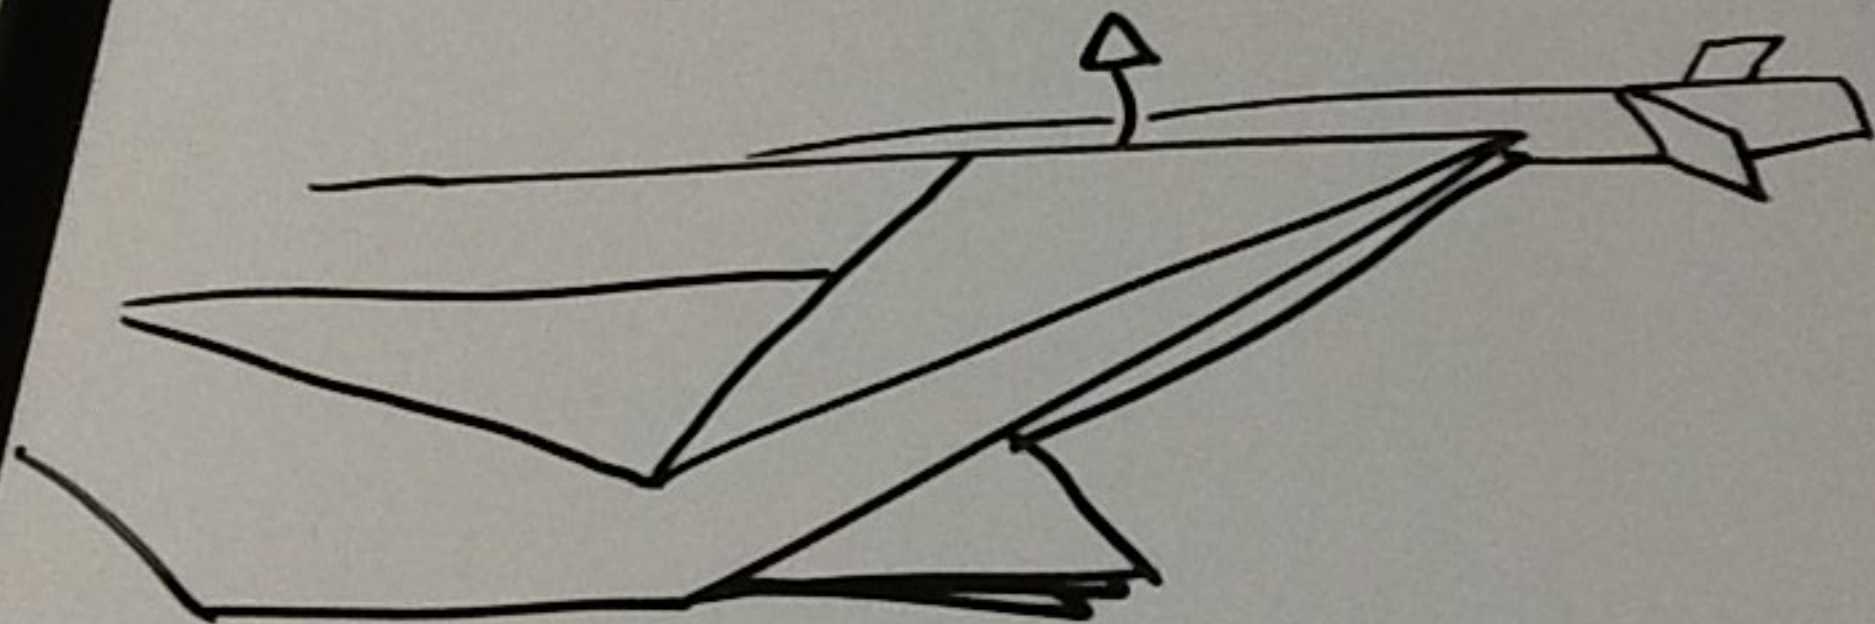

Three  
nested

Short horns

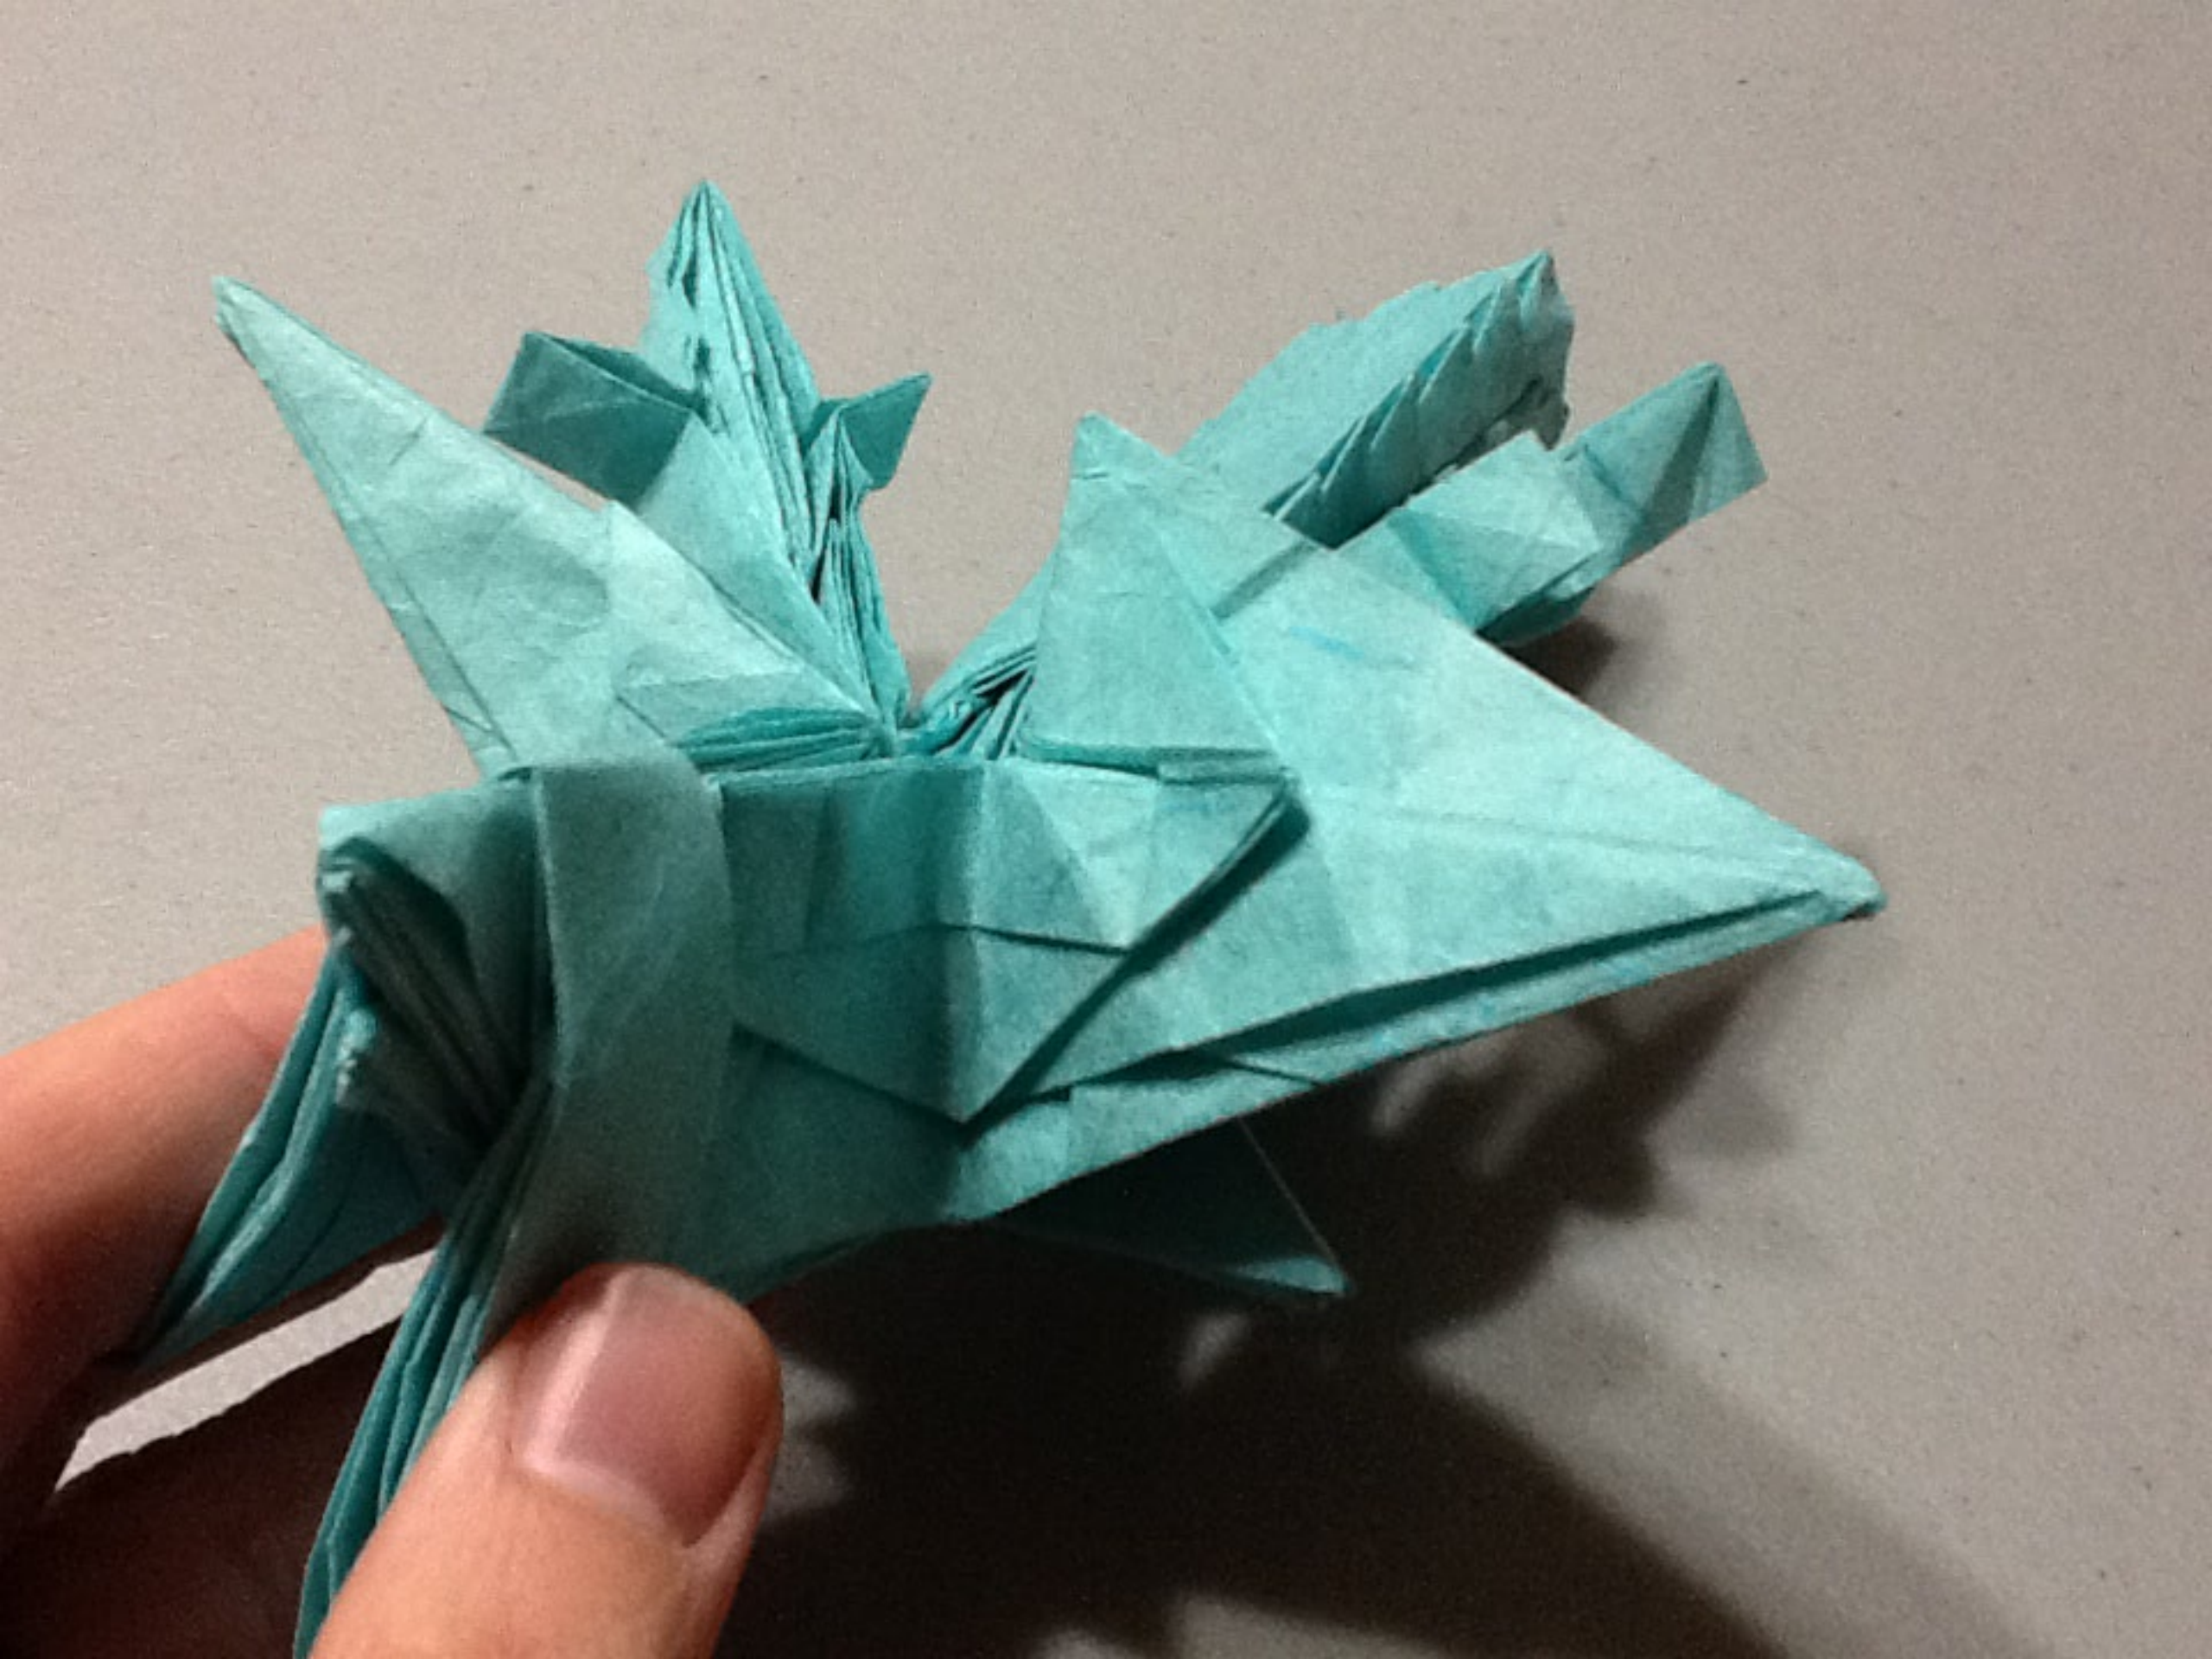

MVC

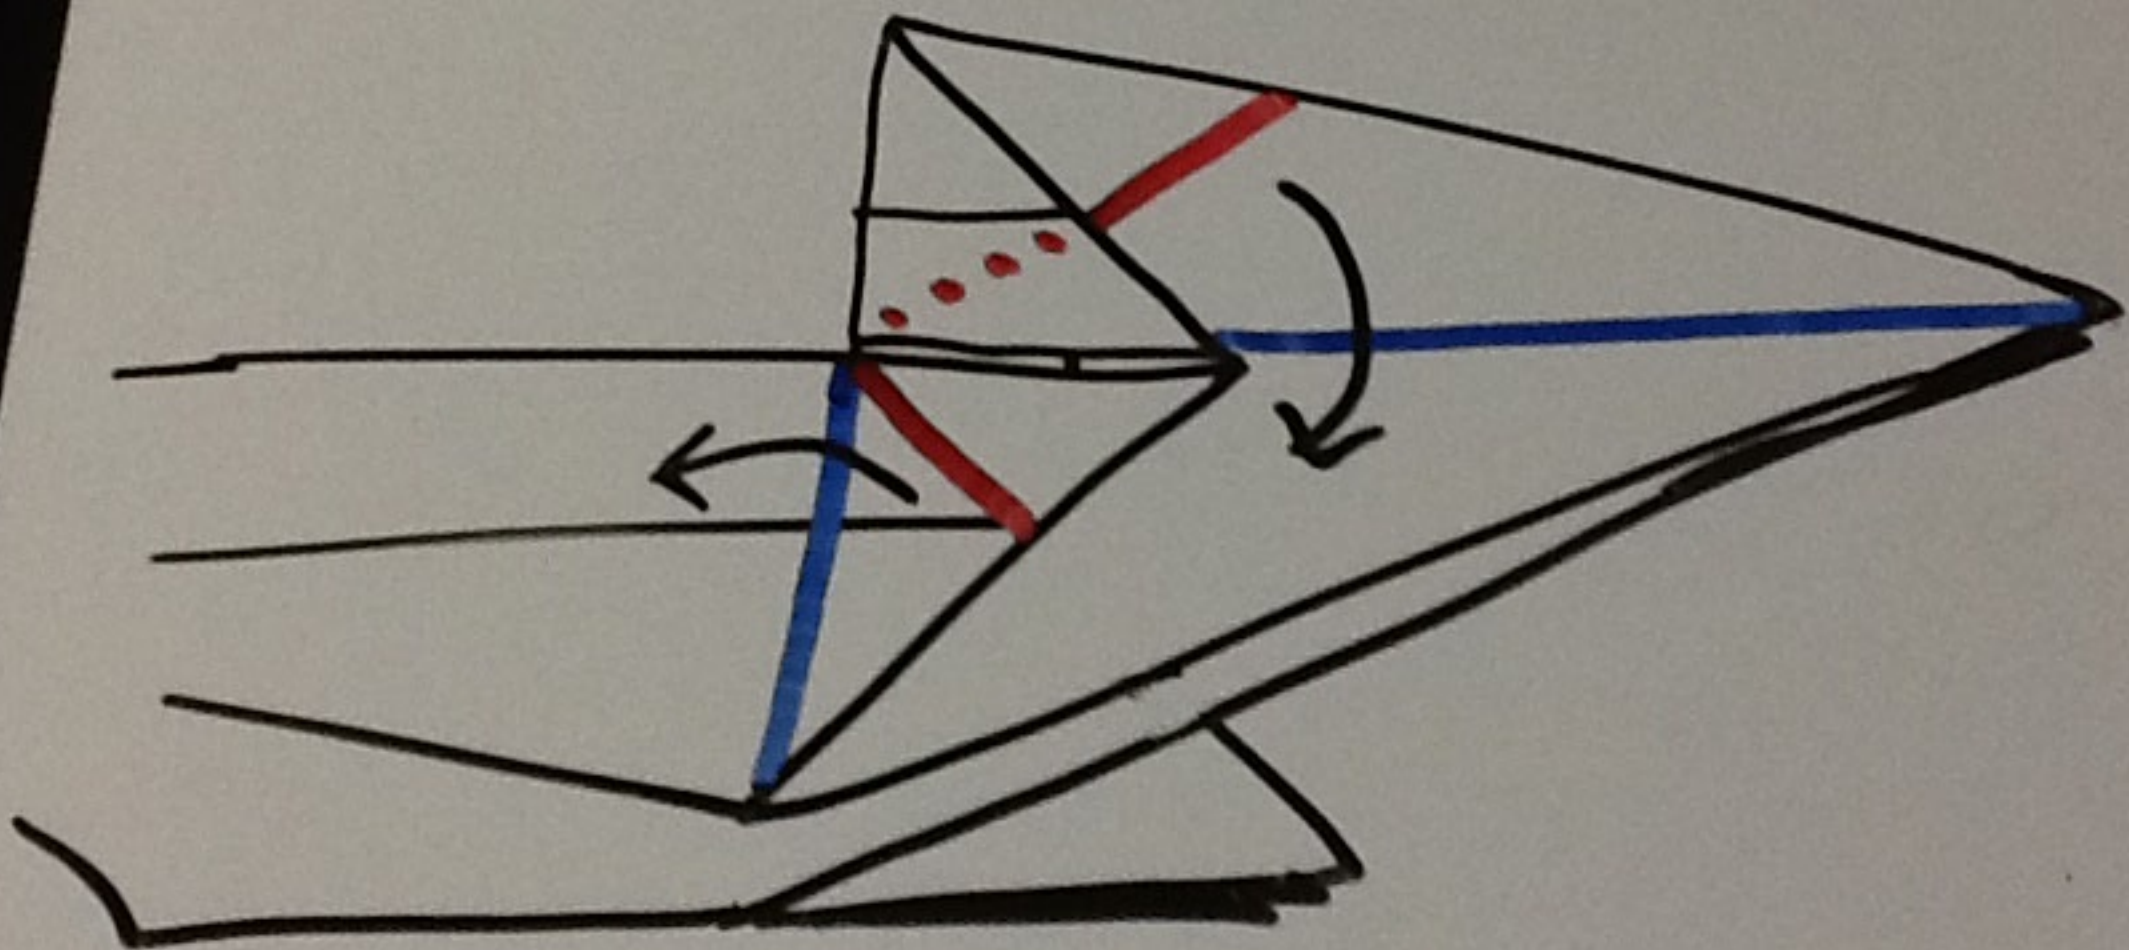

Bring up the rear  
layer of the long horn-

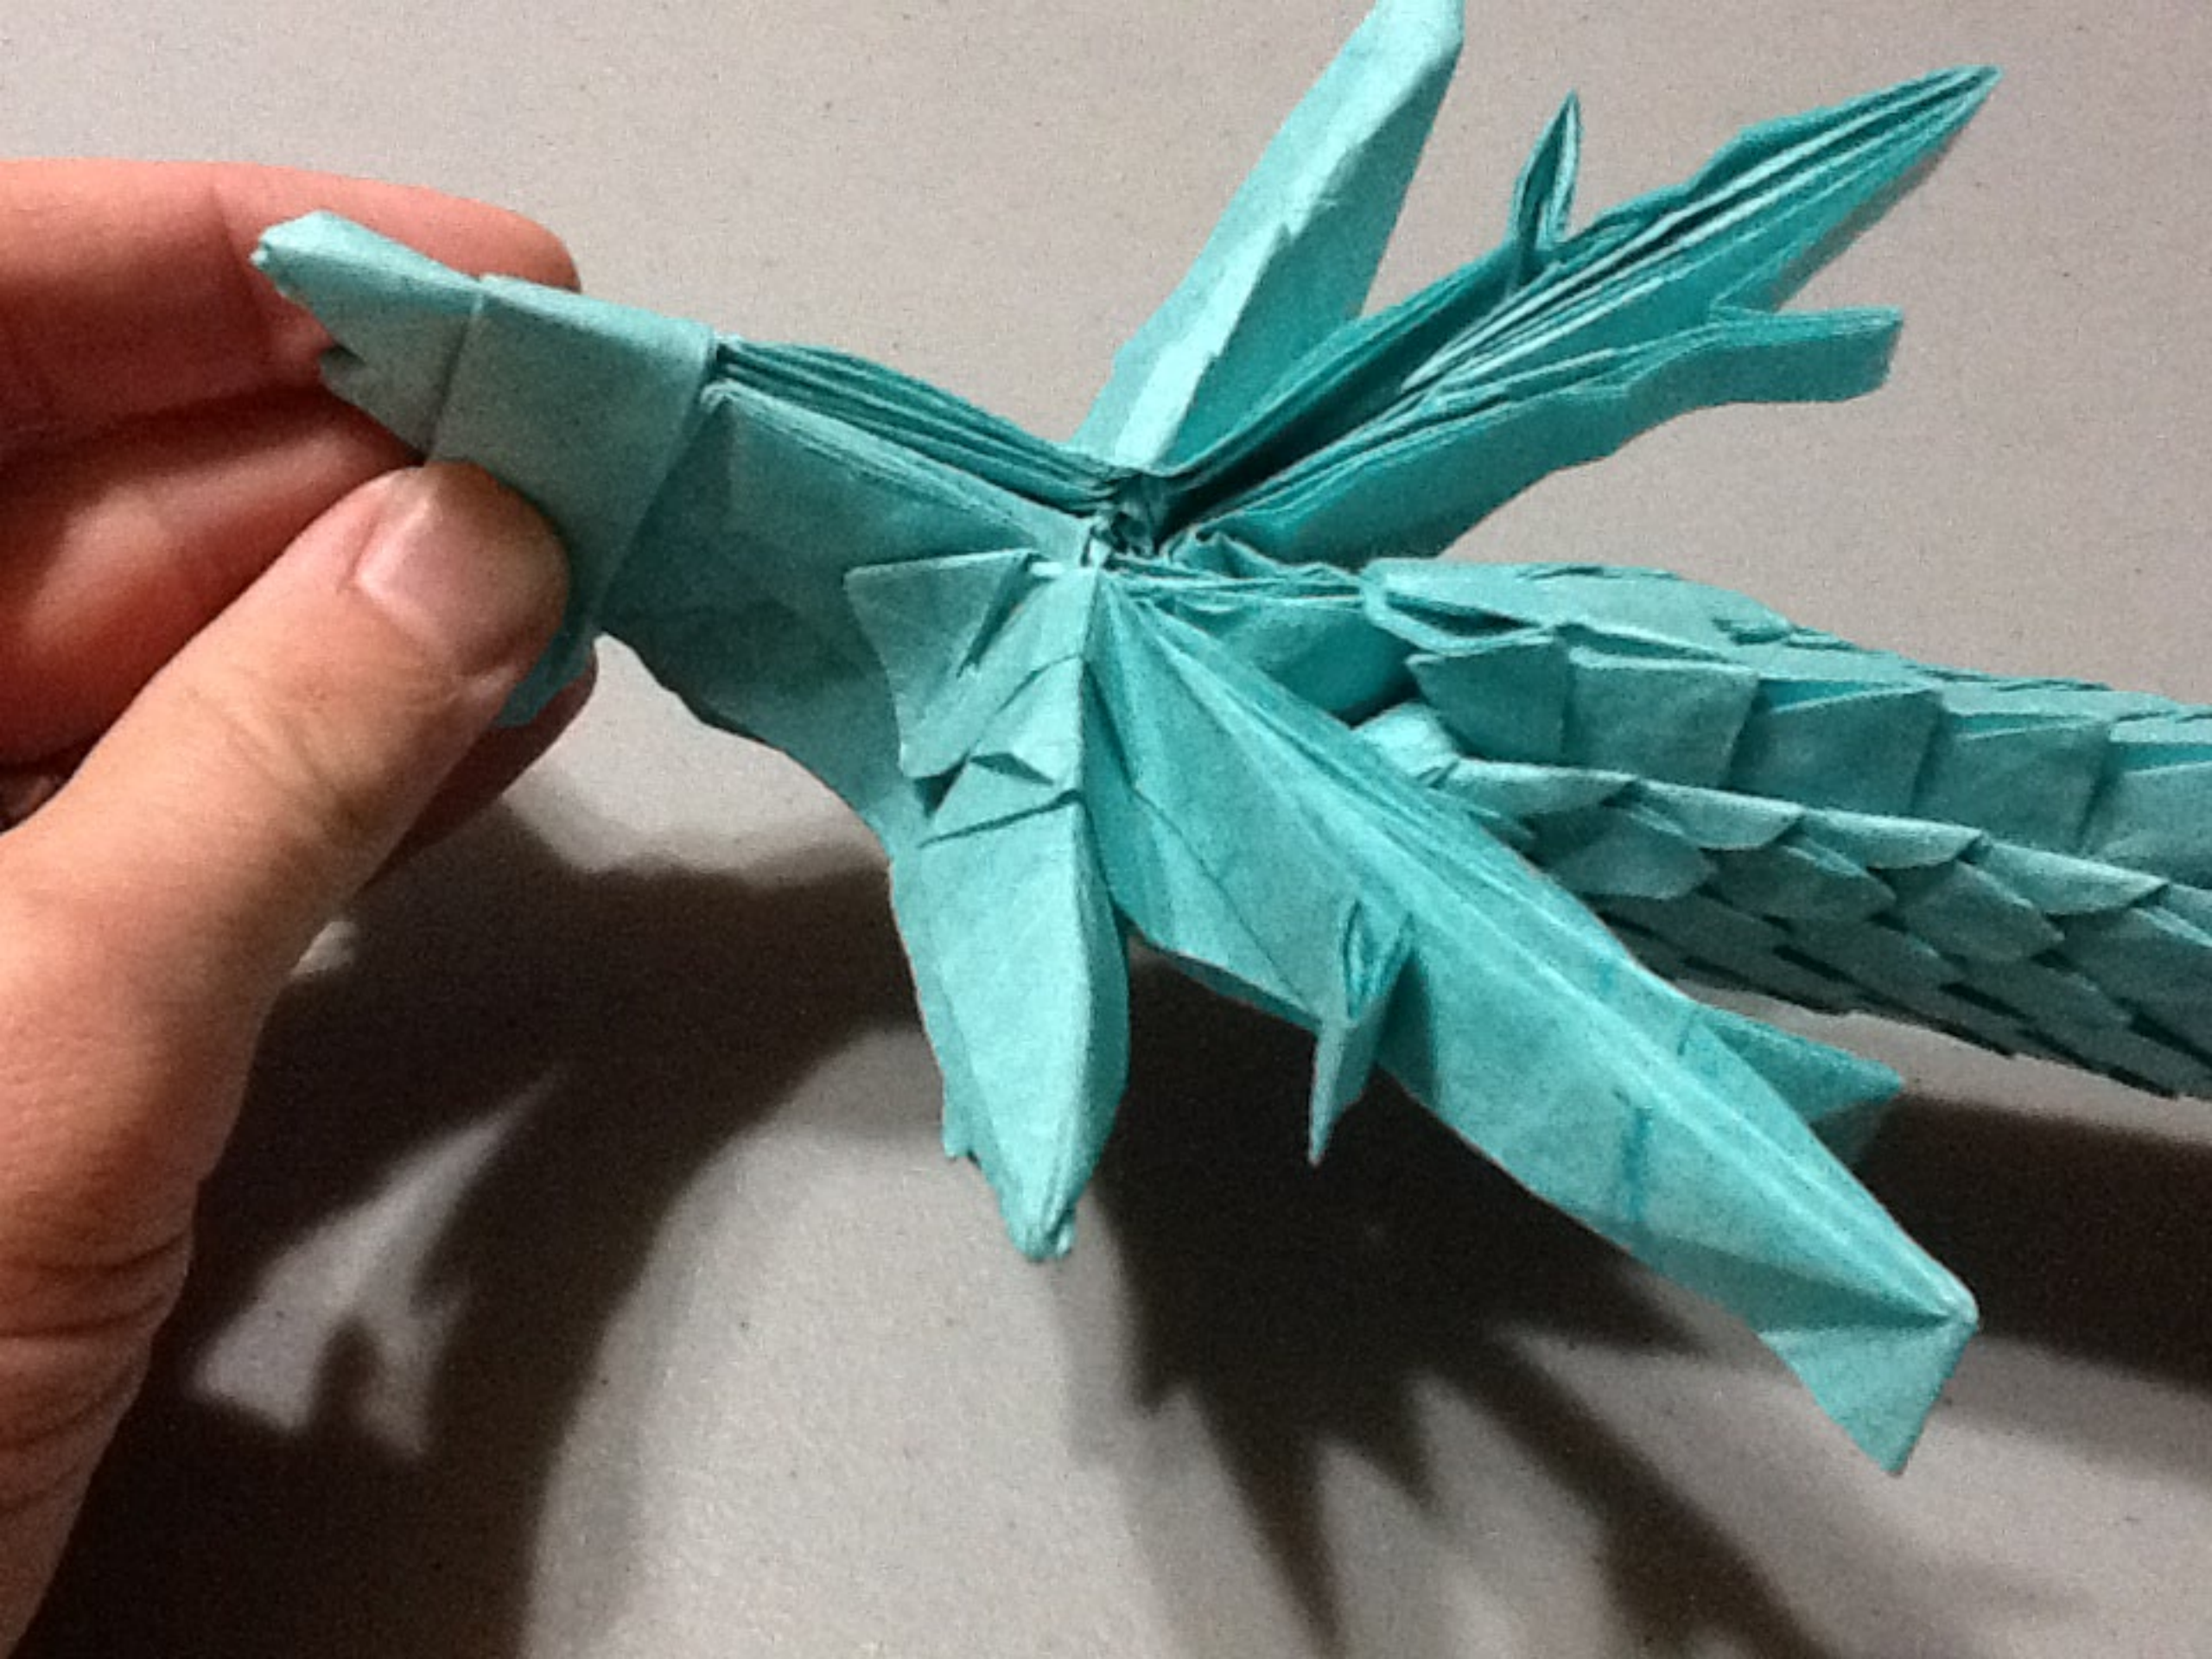

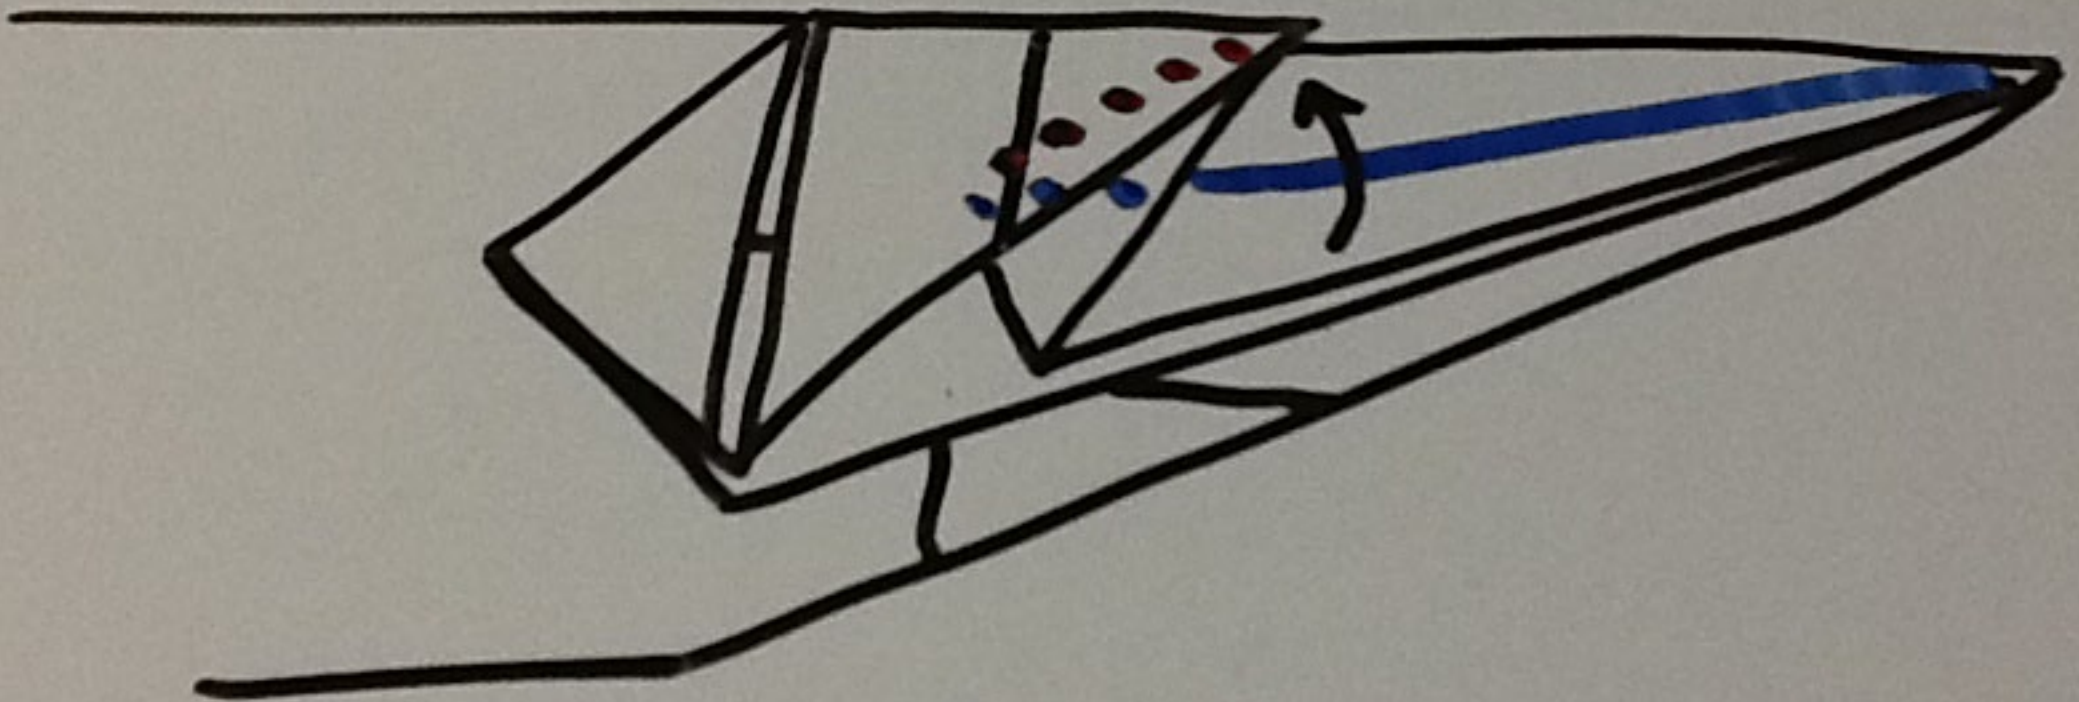

MVC

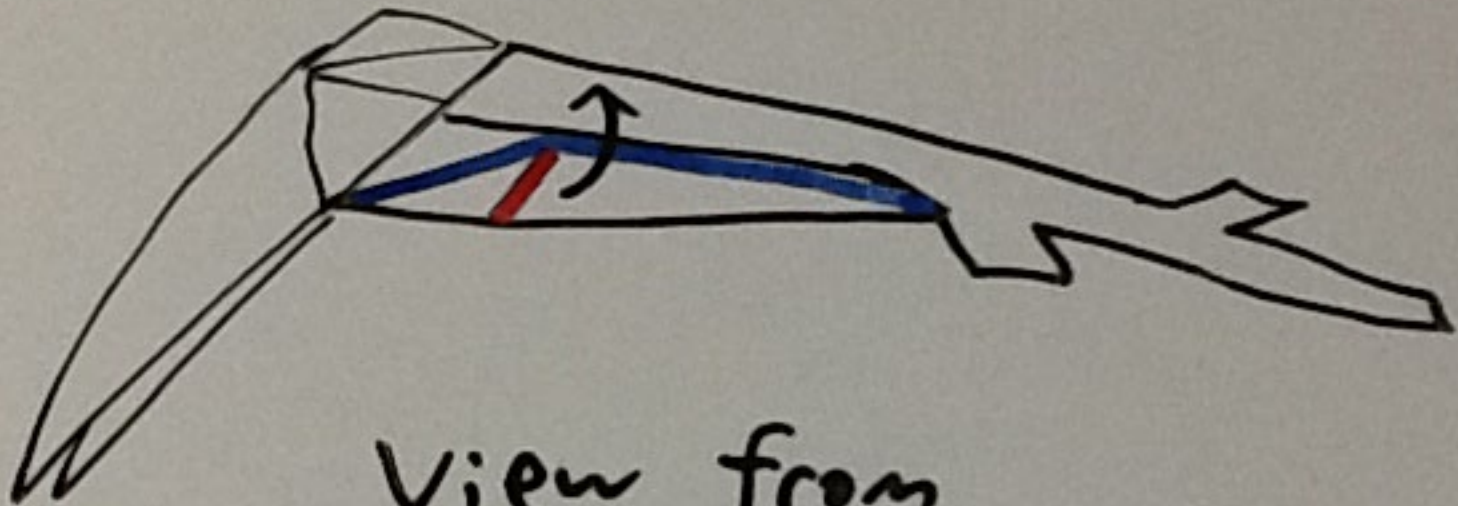

MVC

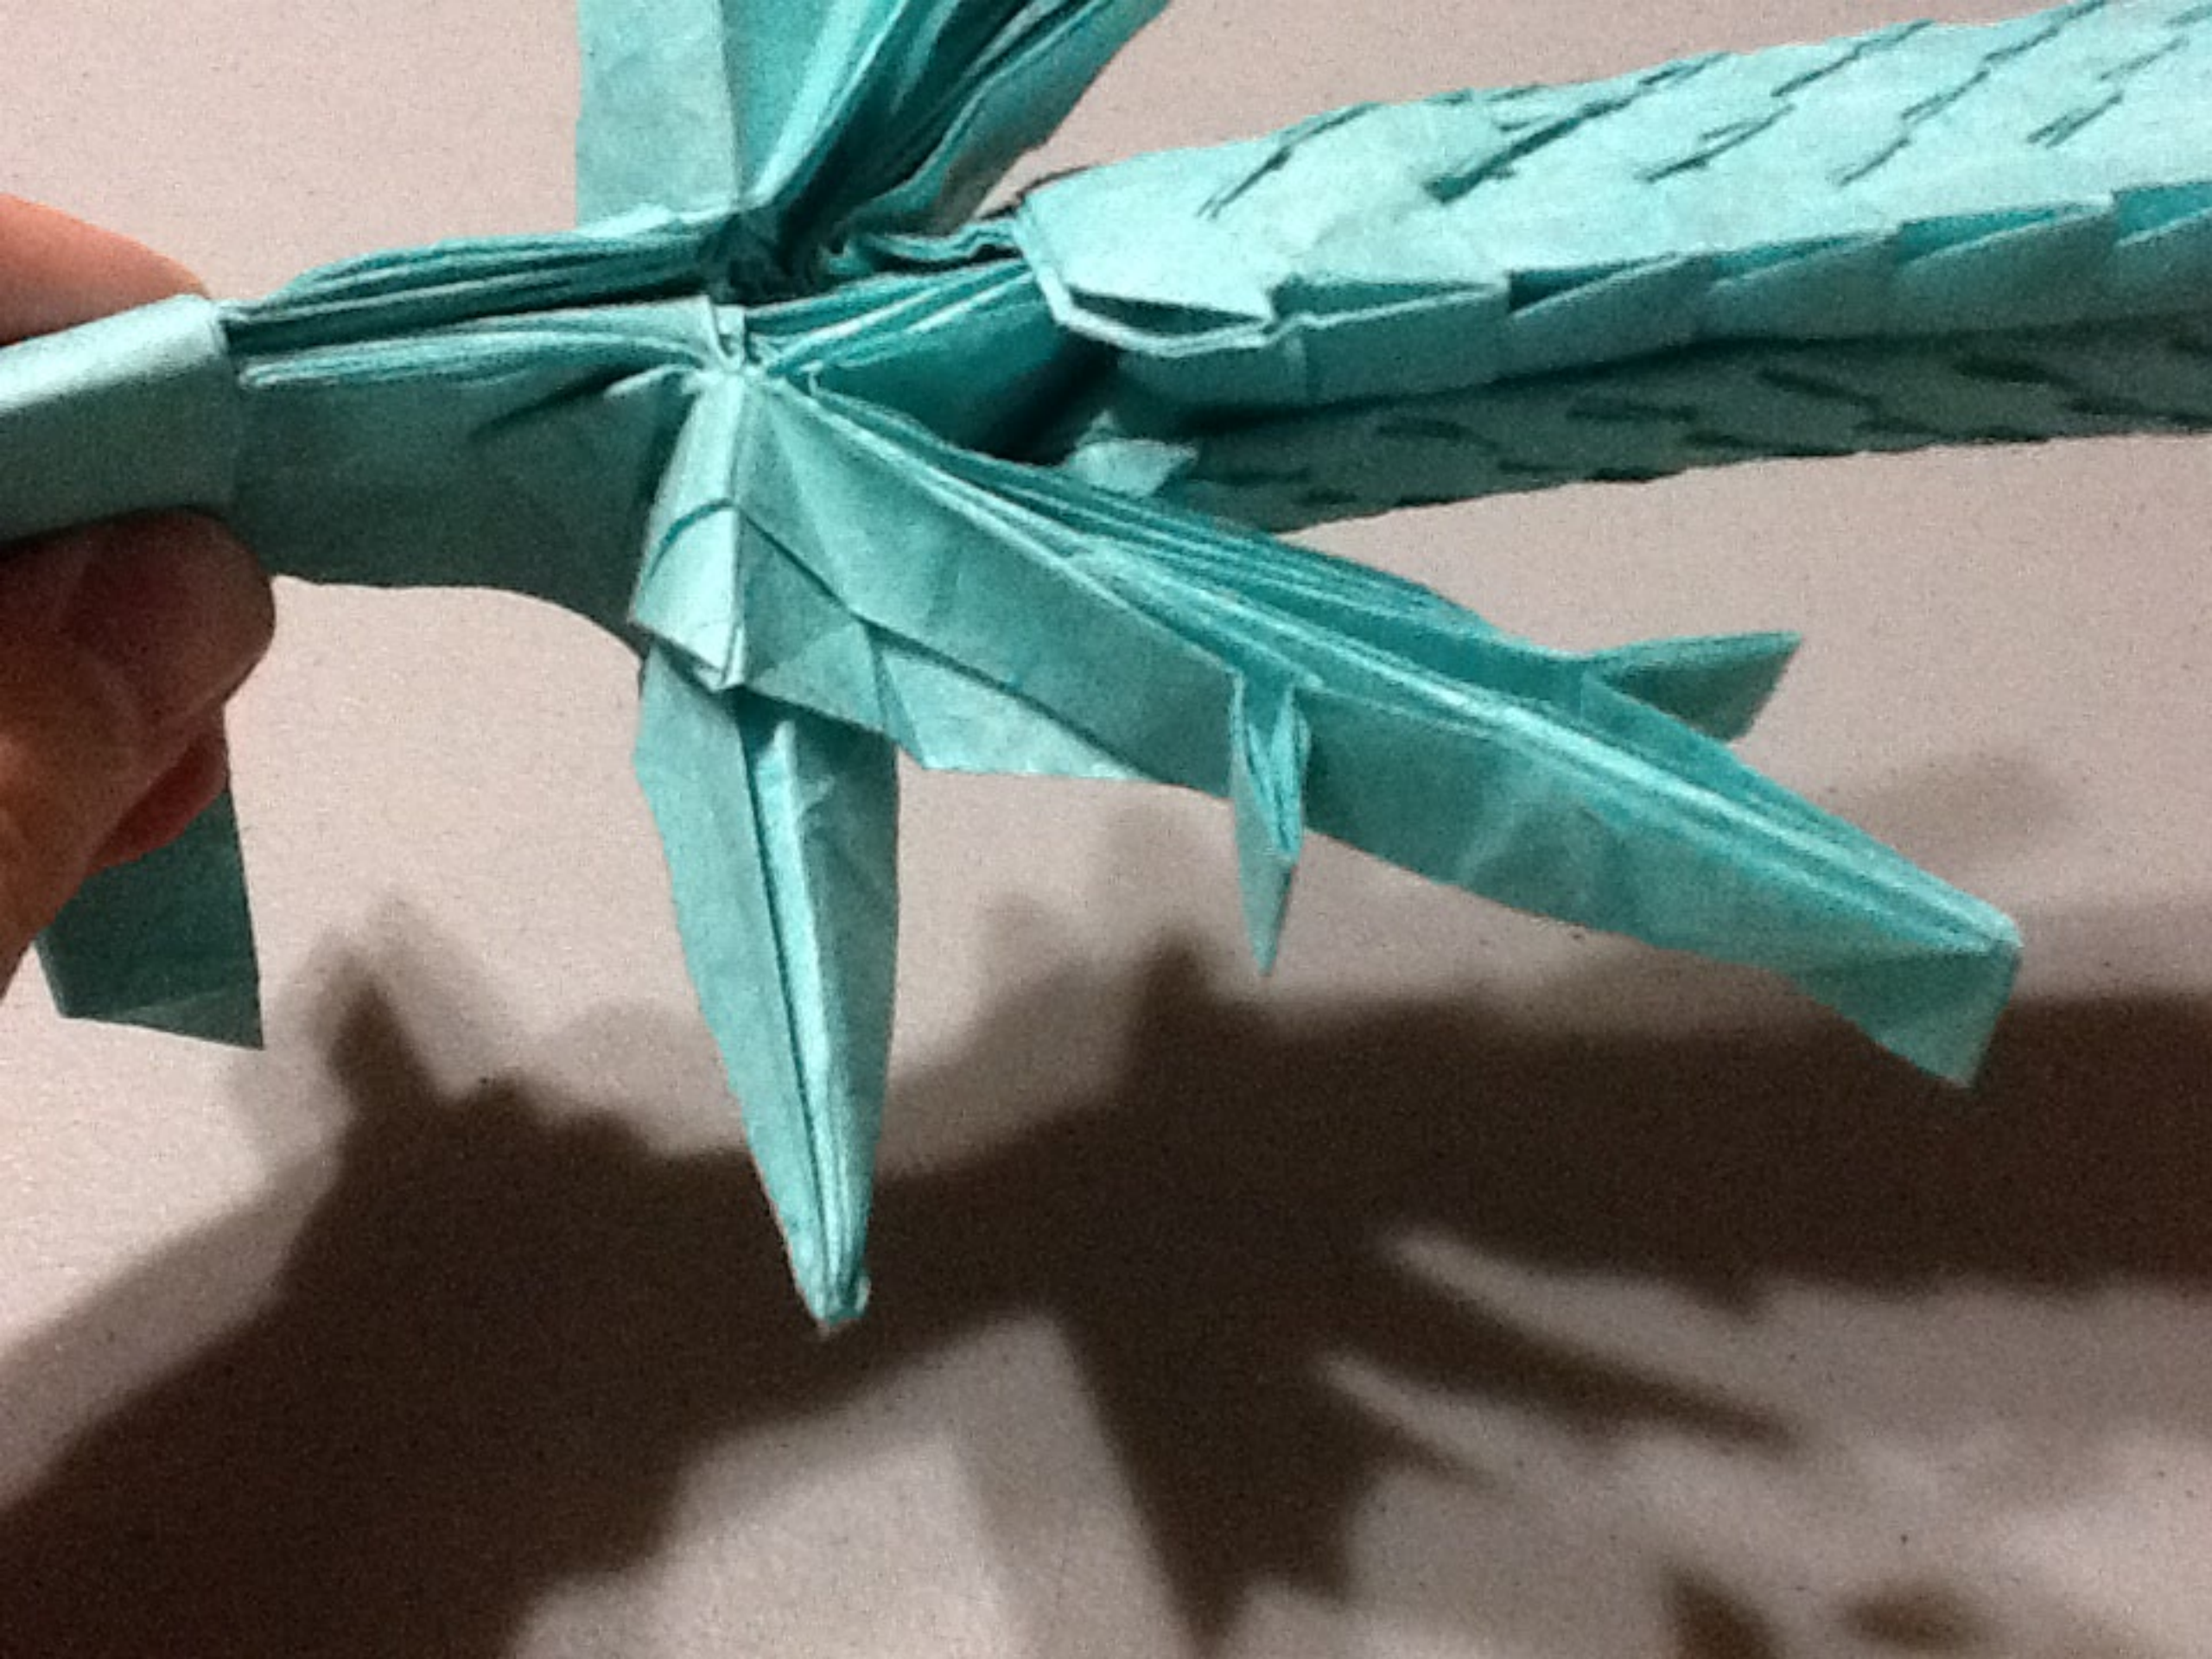

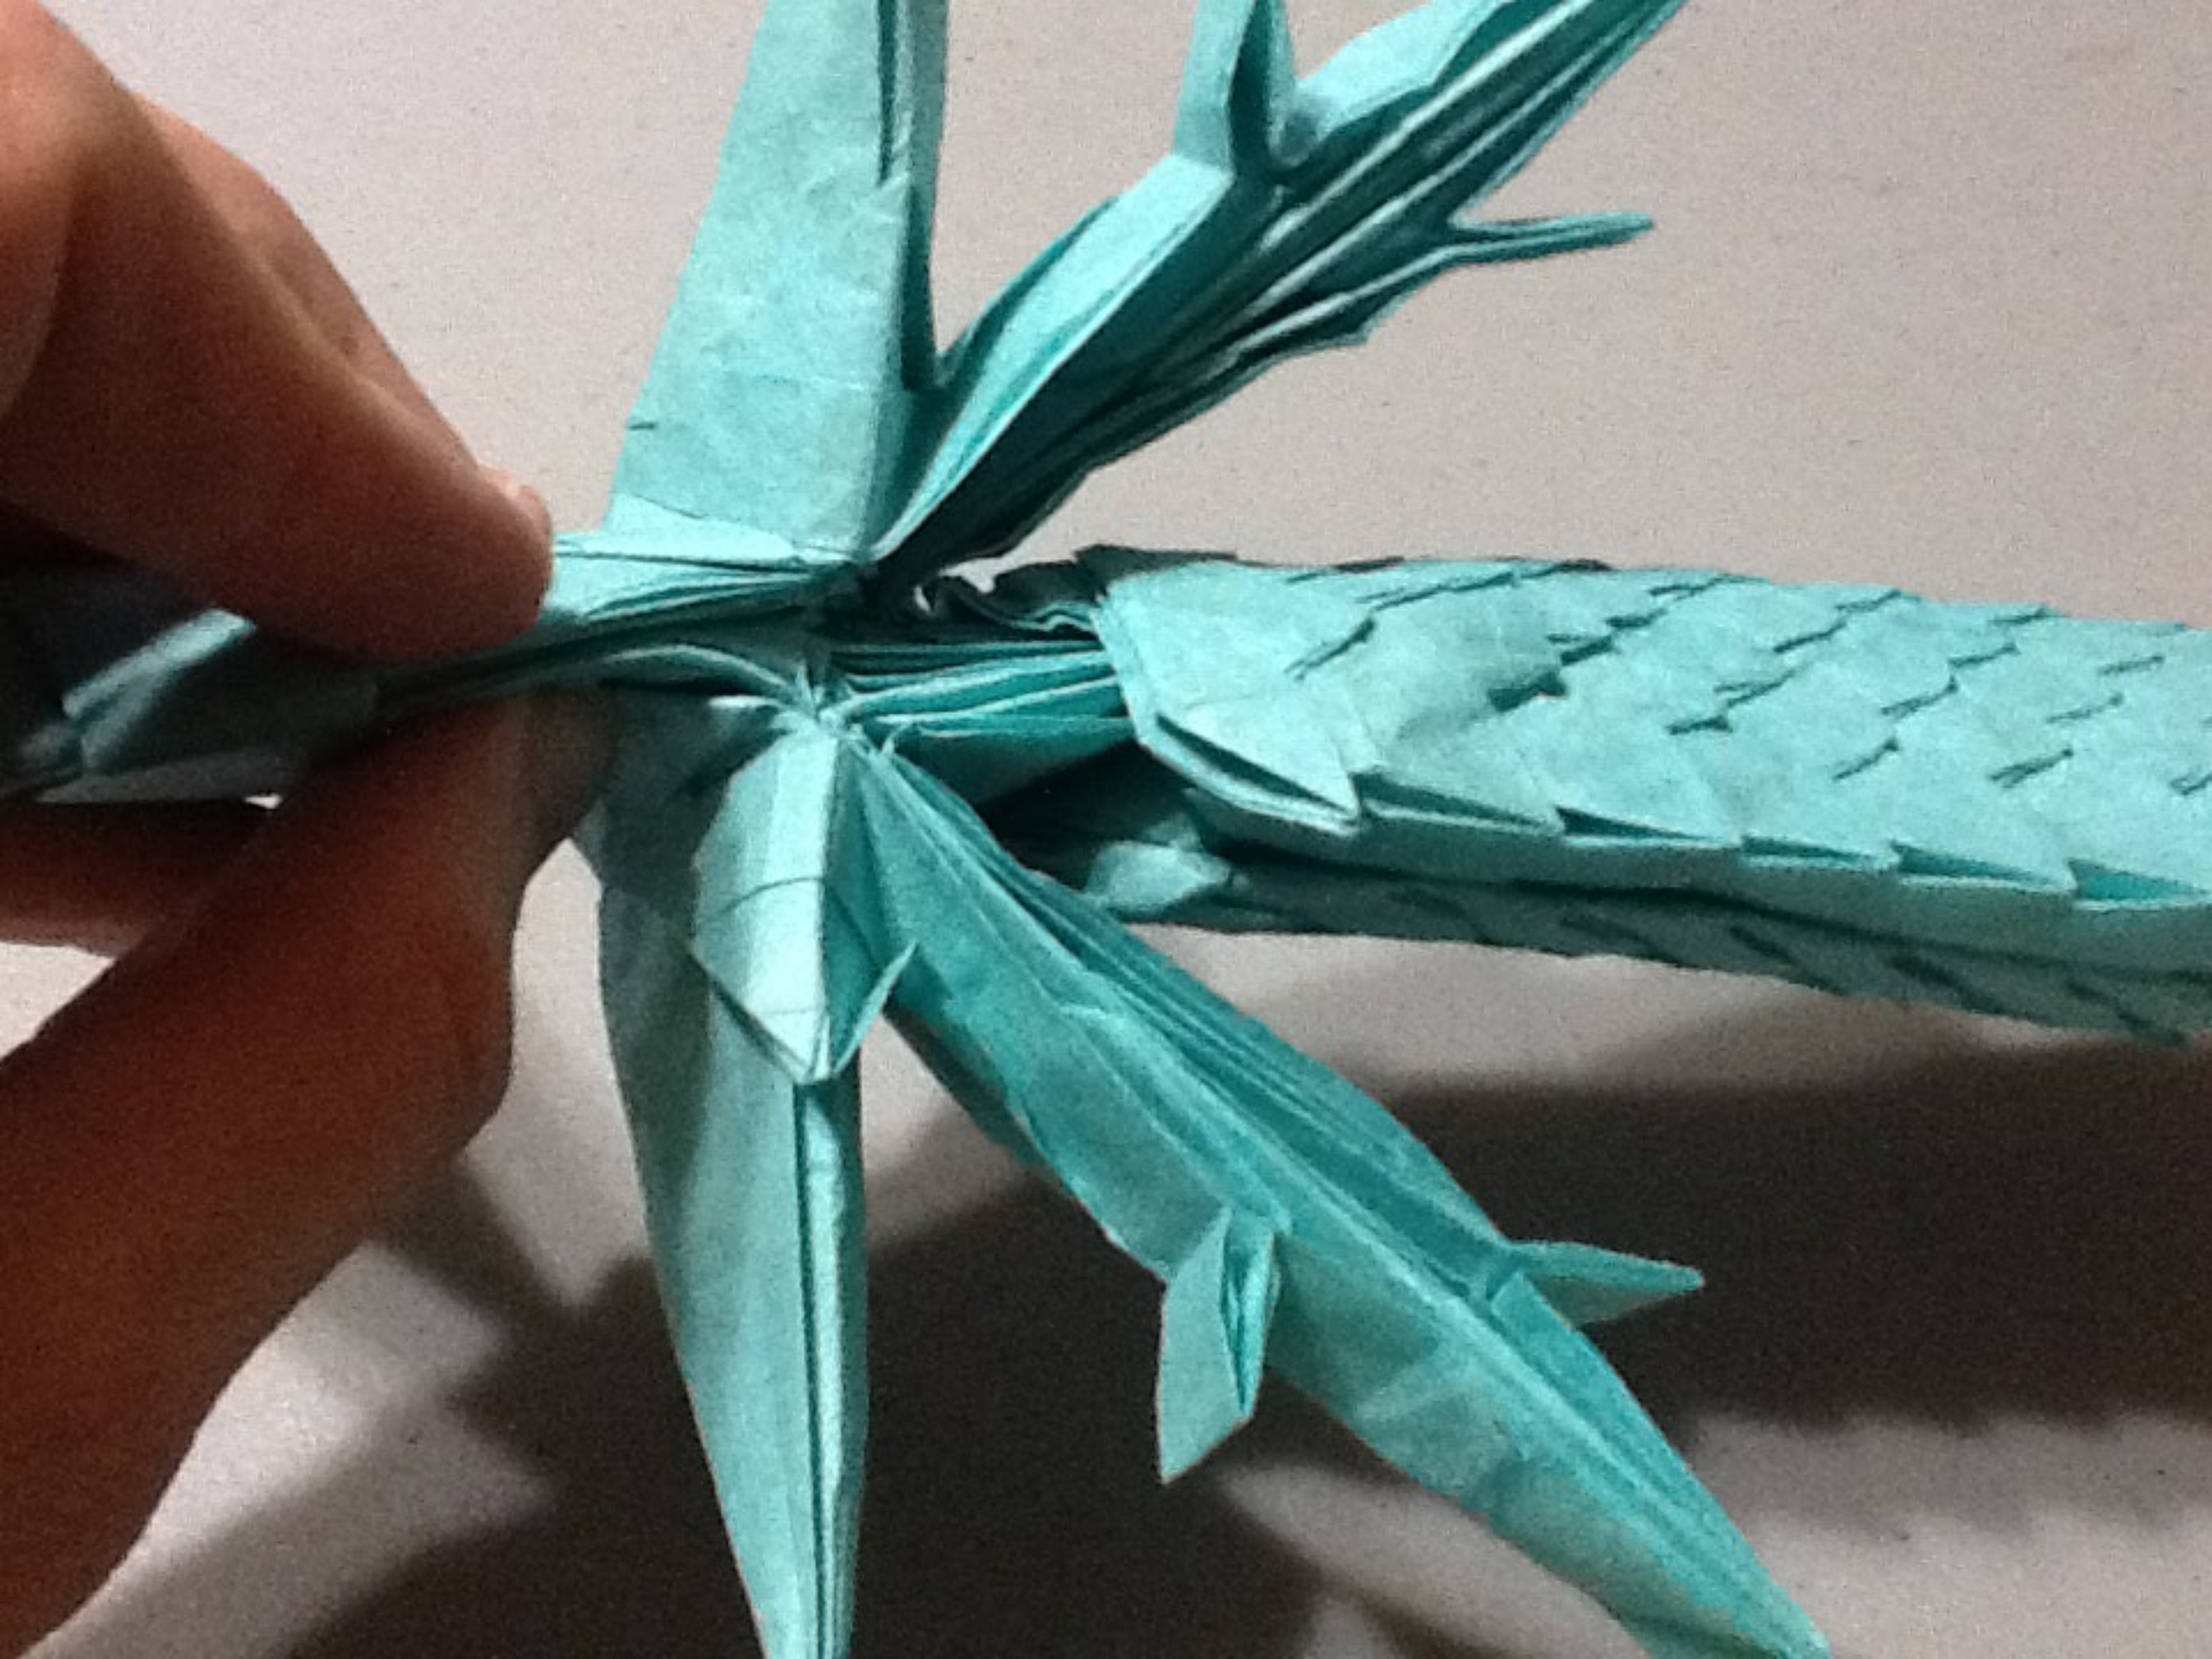

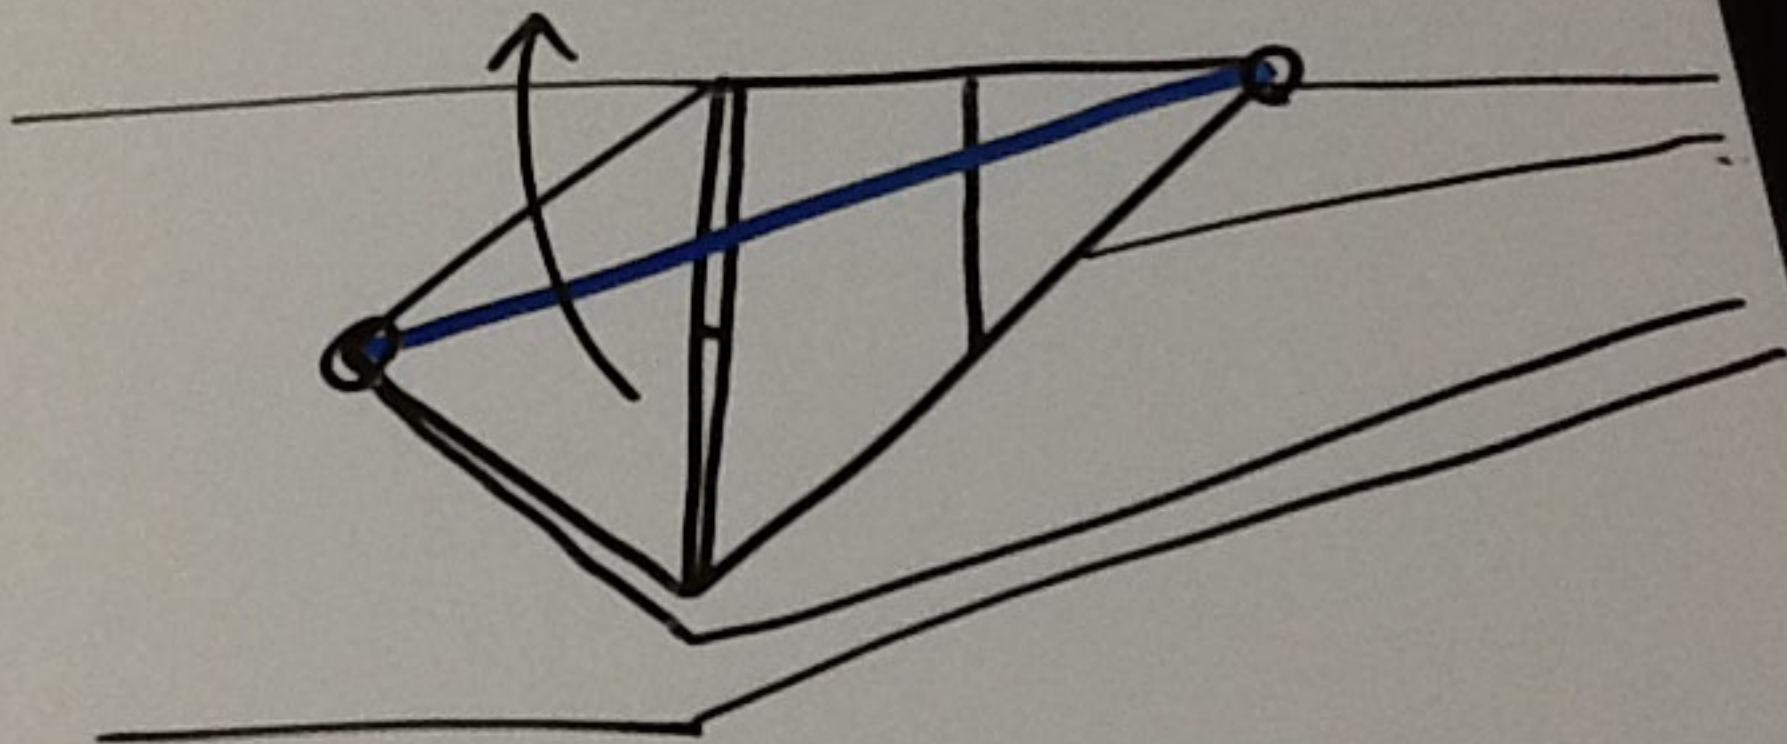

View from  
above.

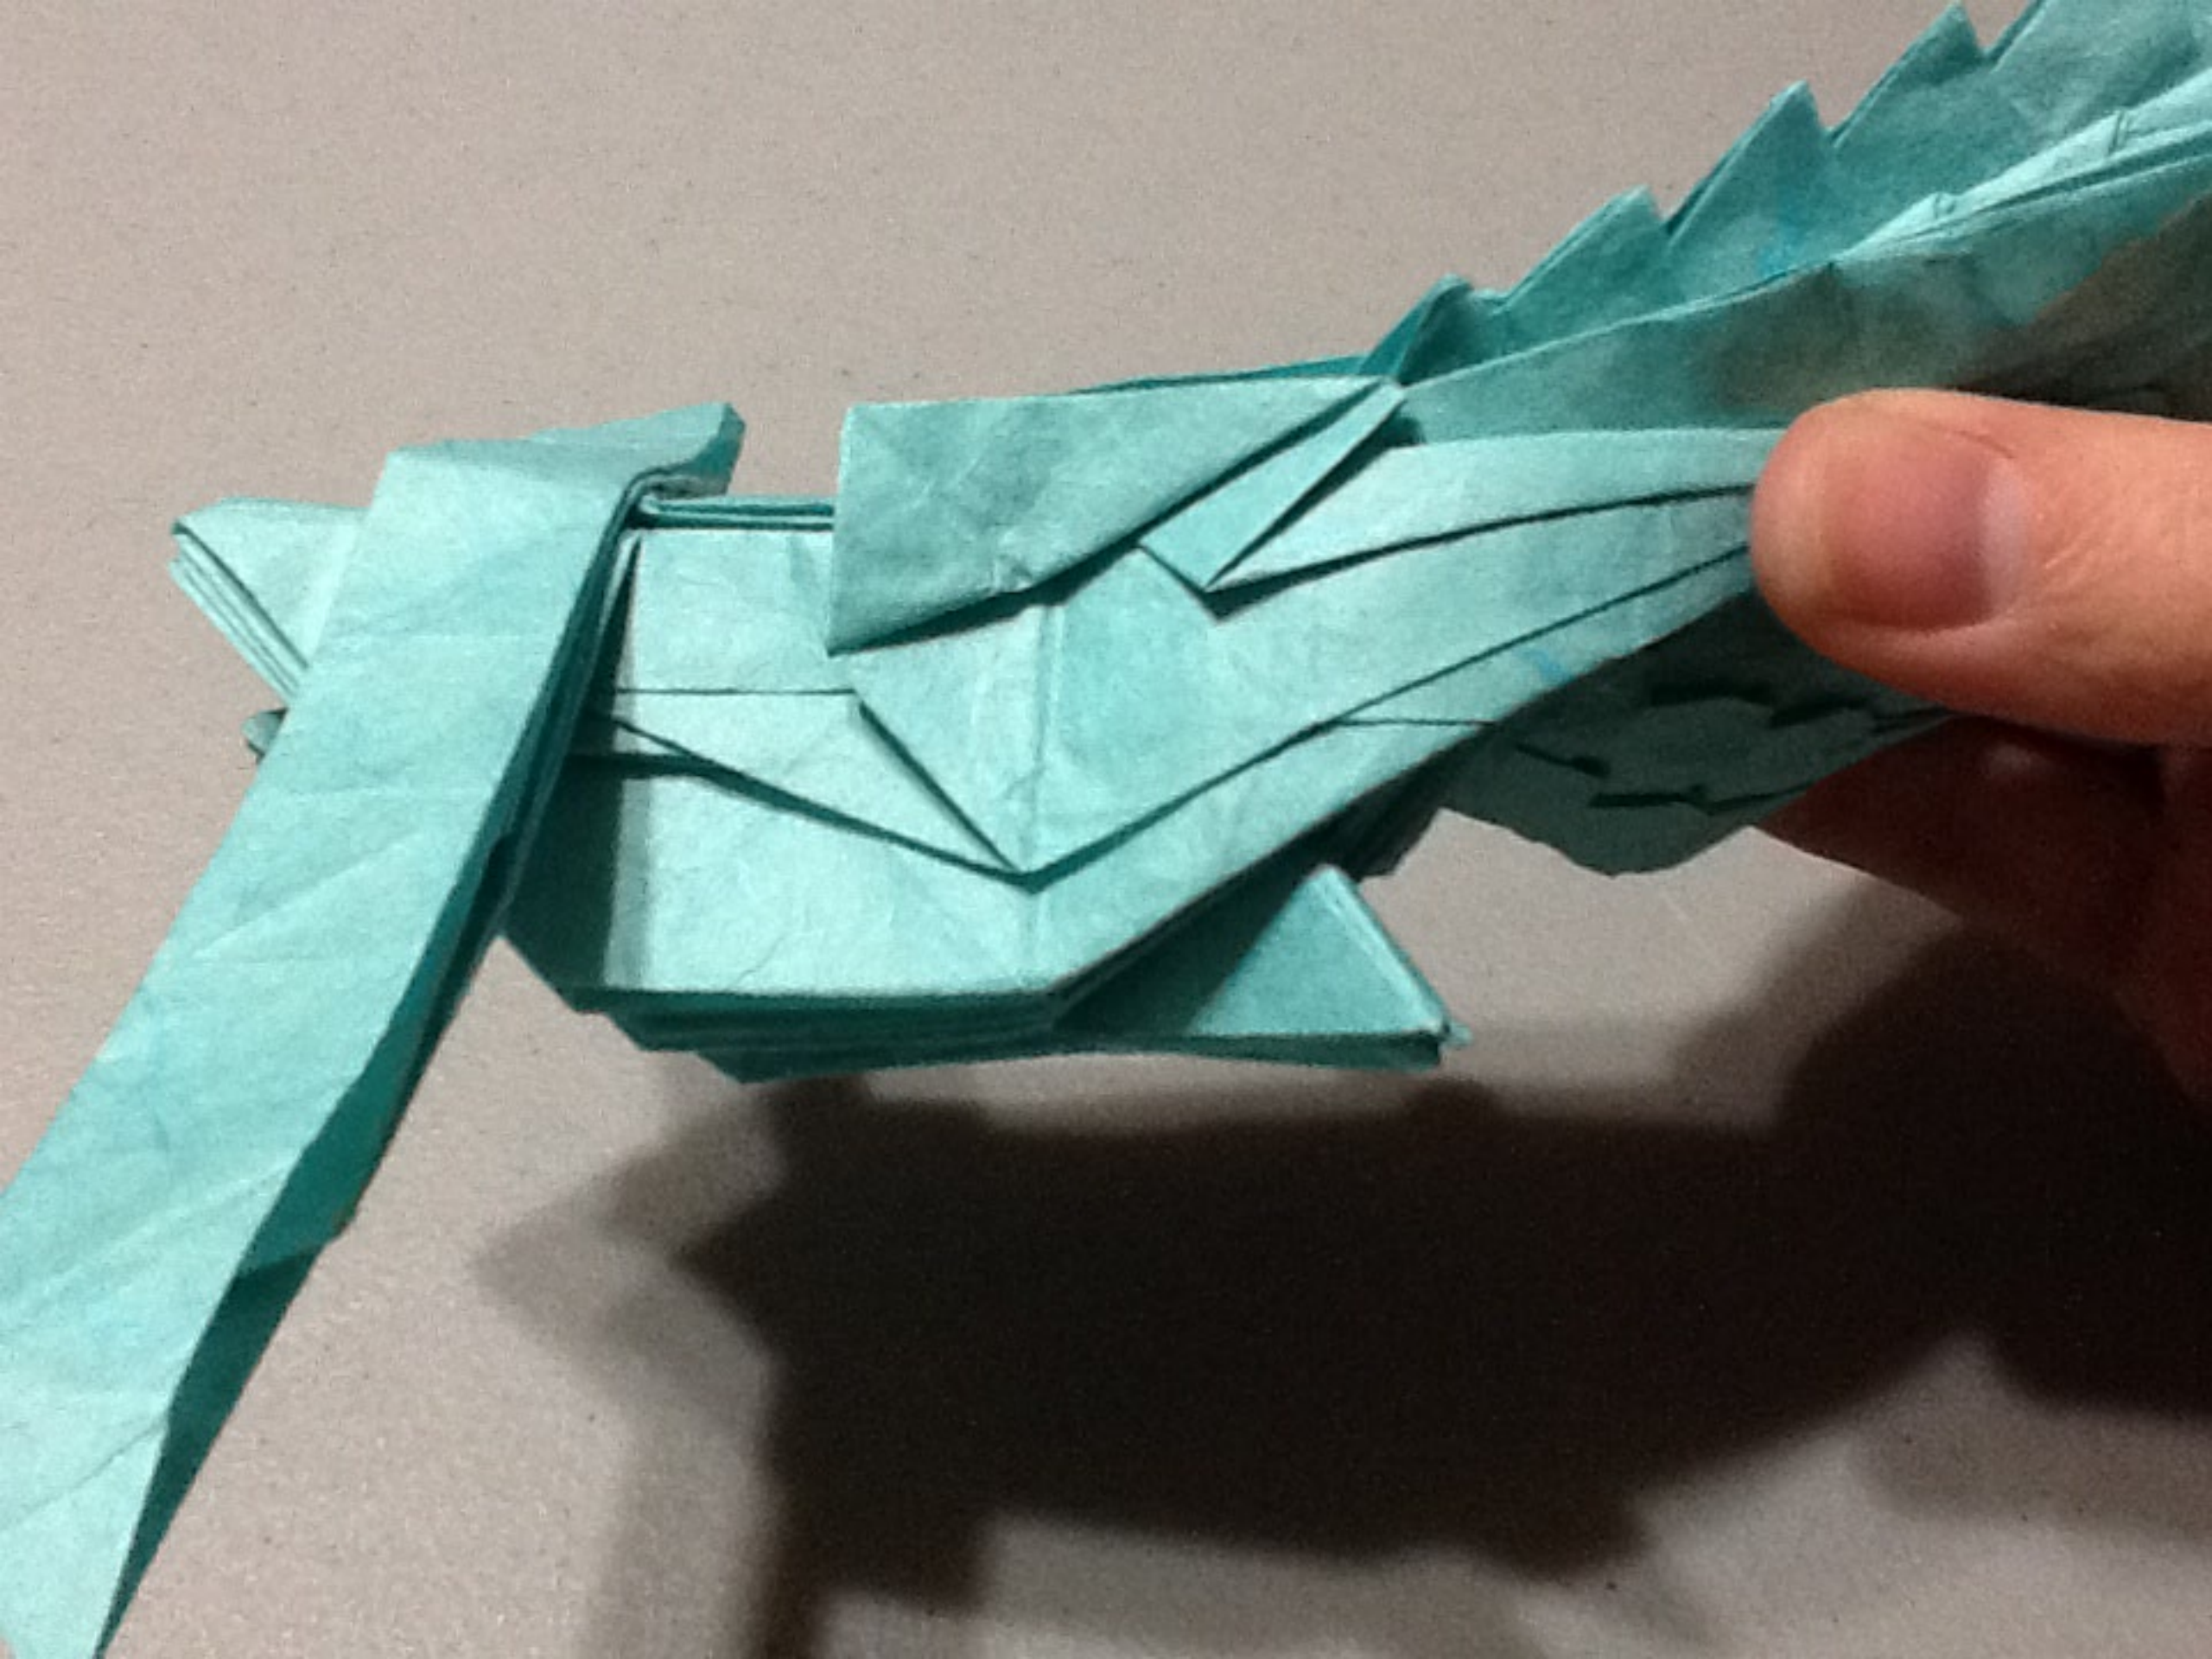

Between long horn  
& antler -

MVC

Shape eye-

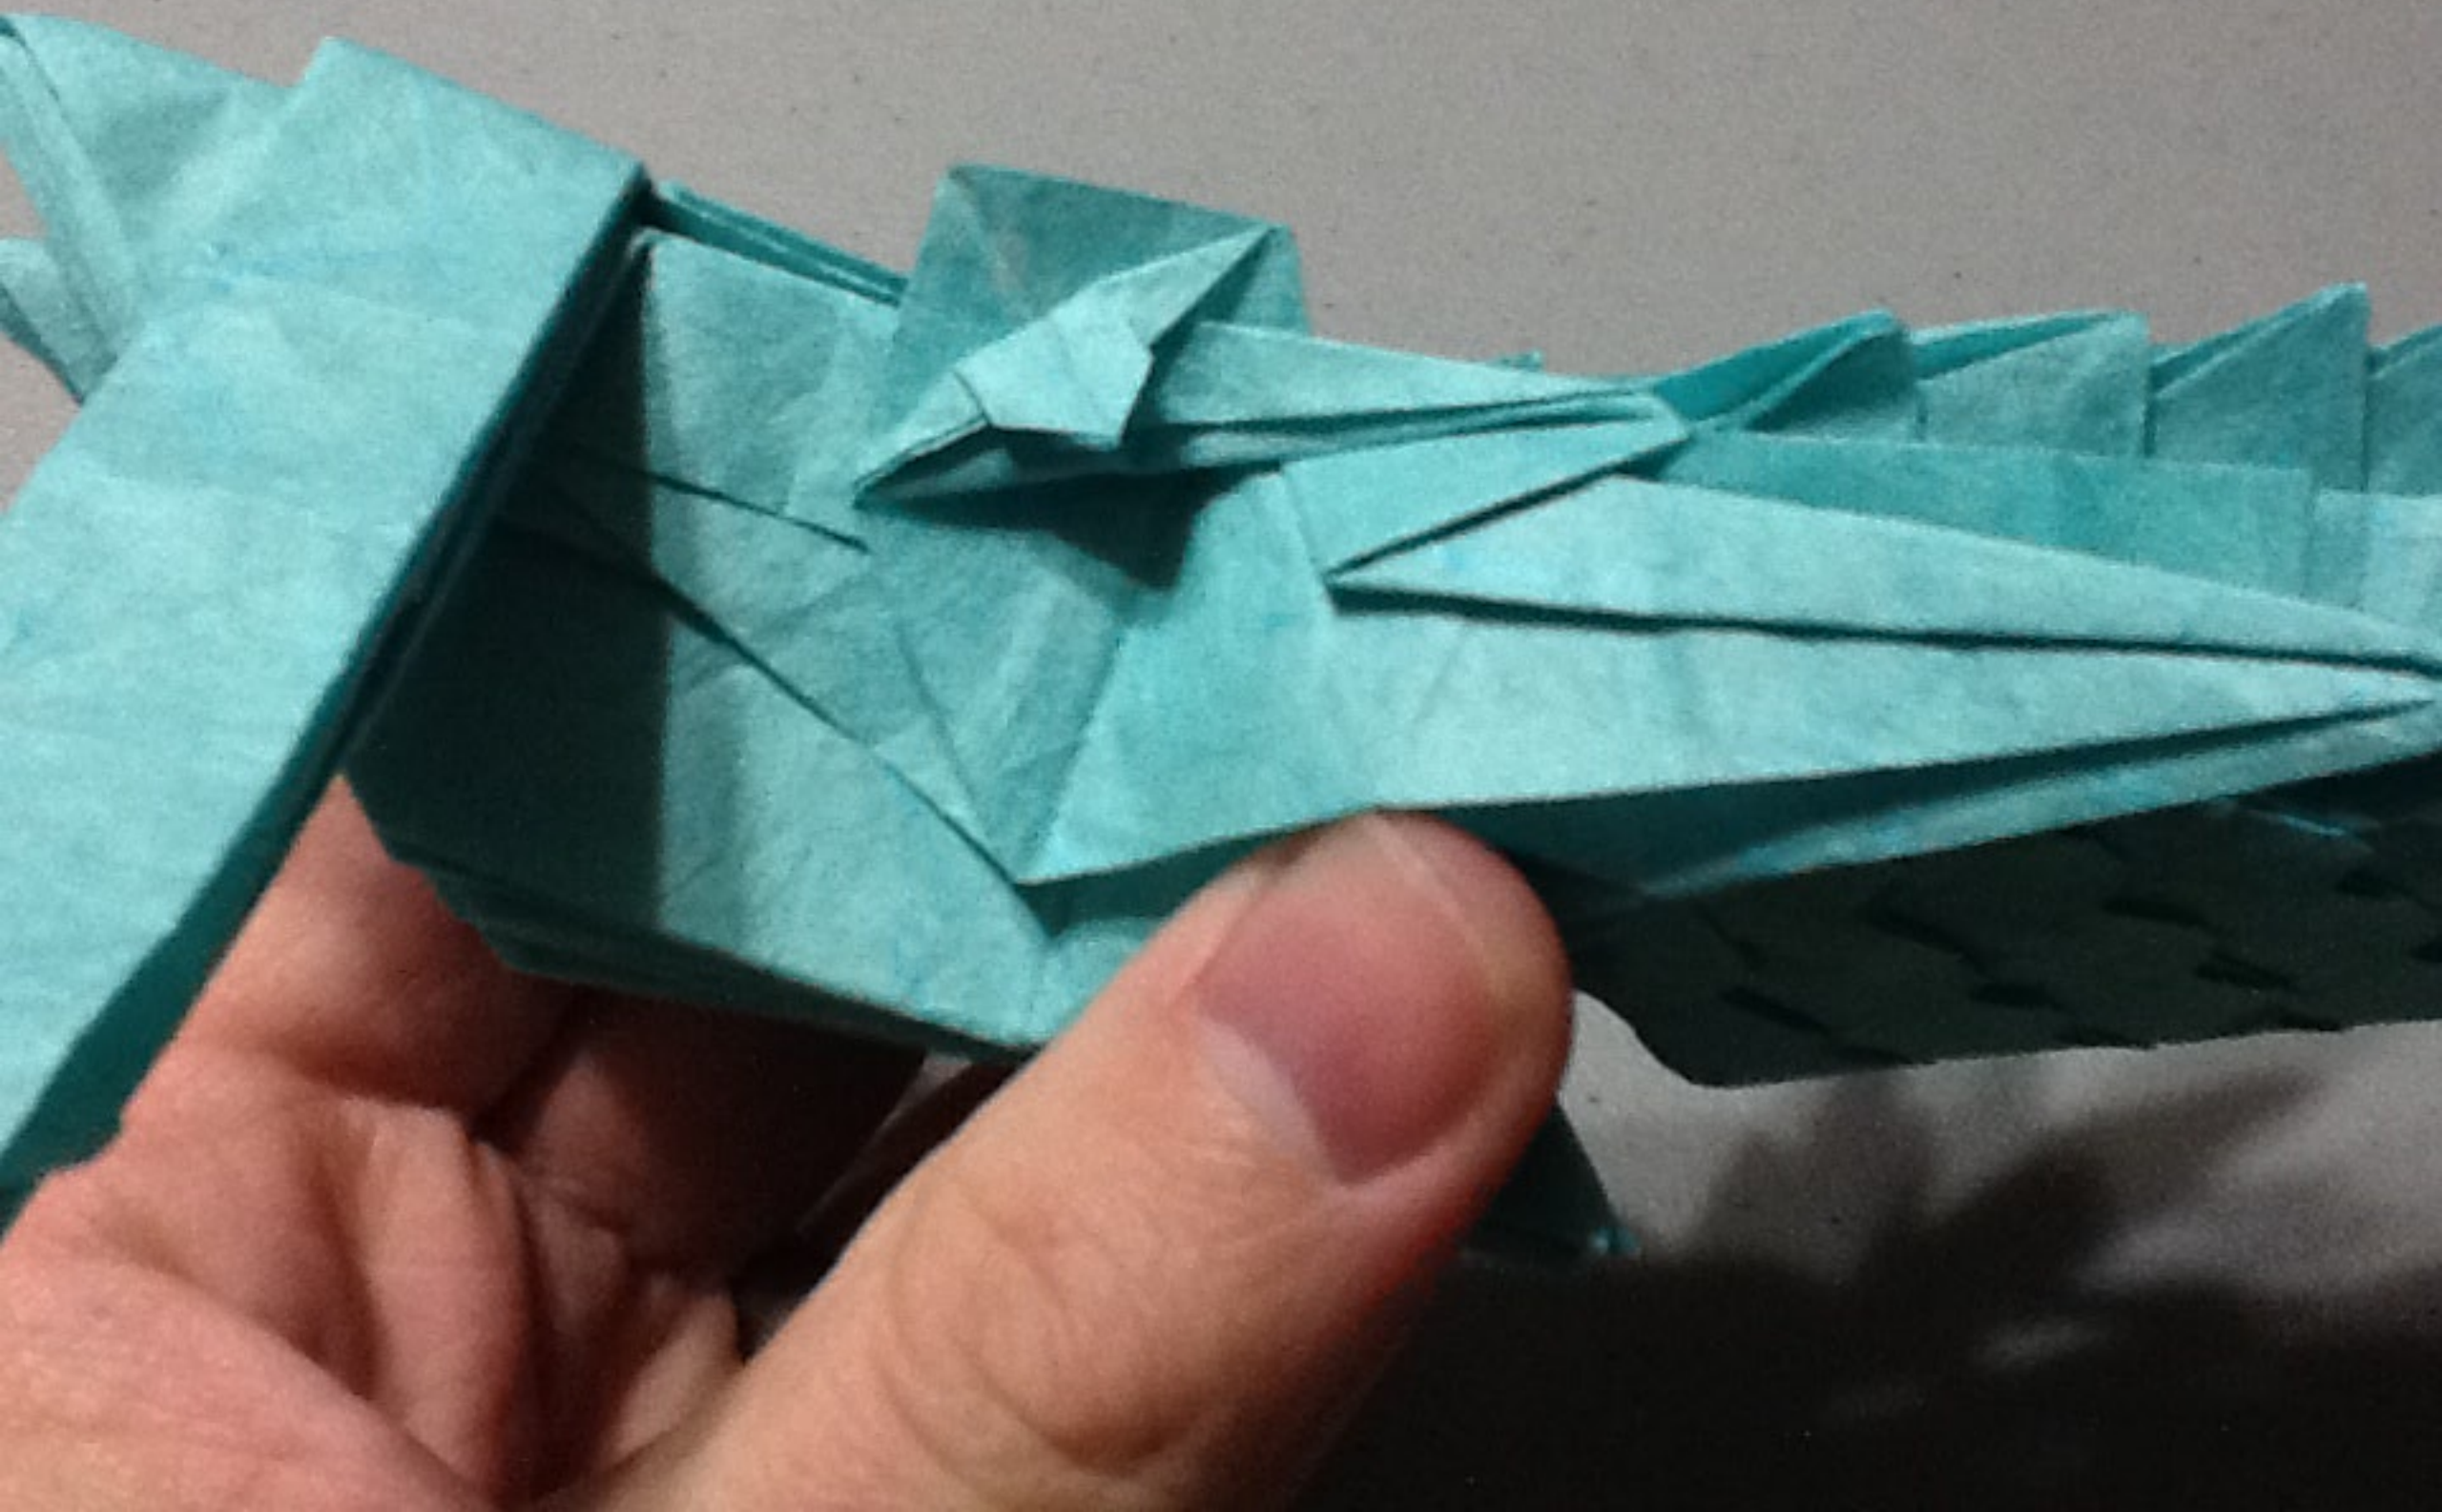

Follow photos

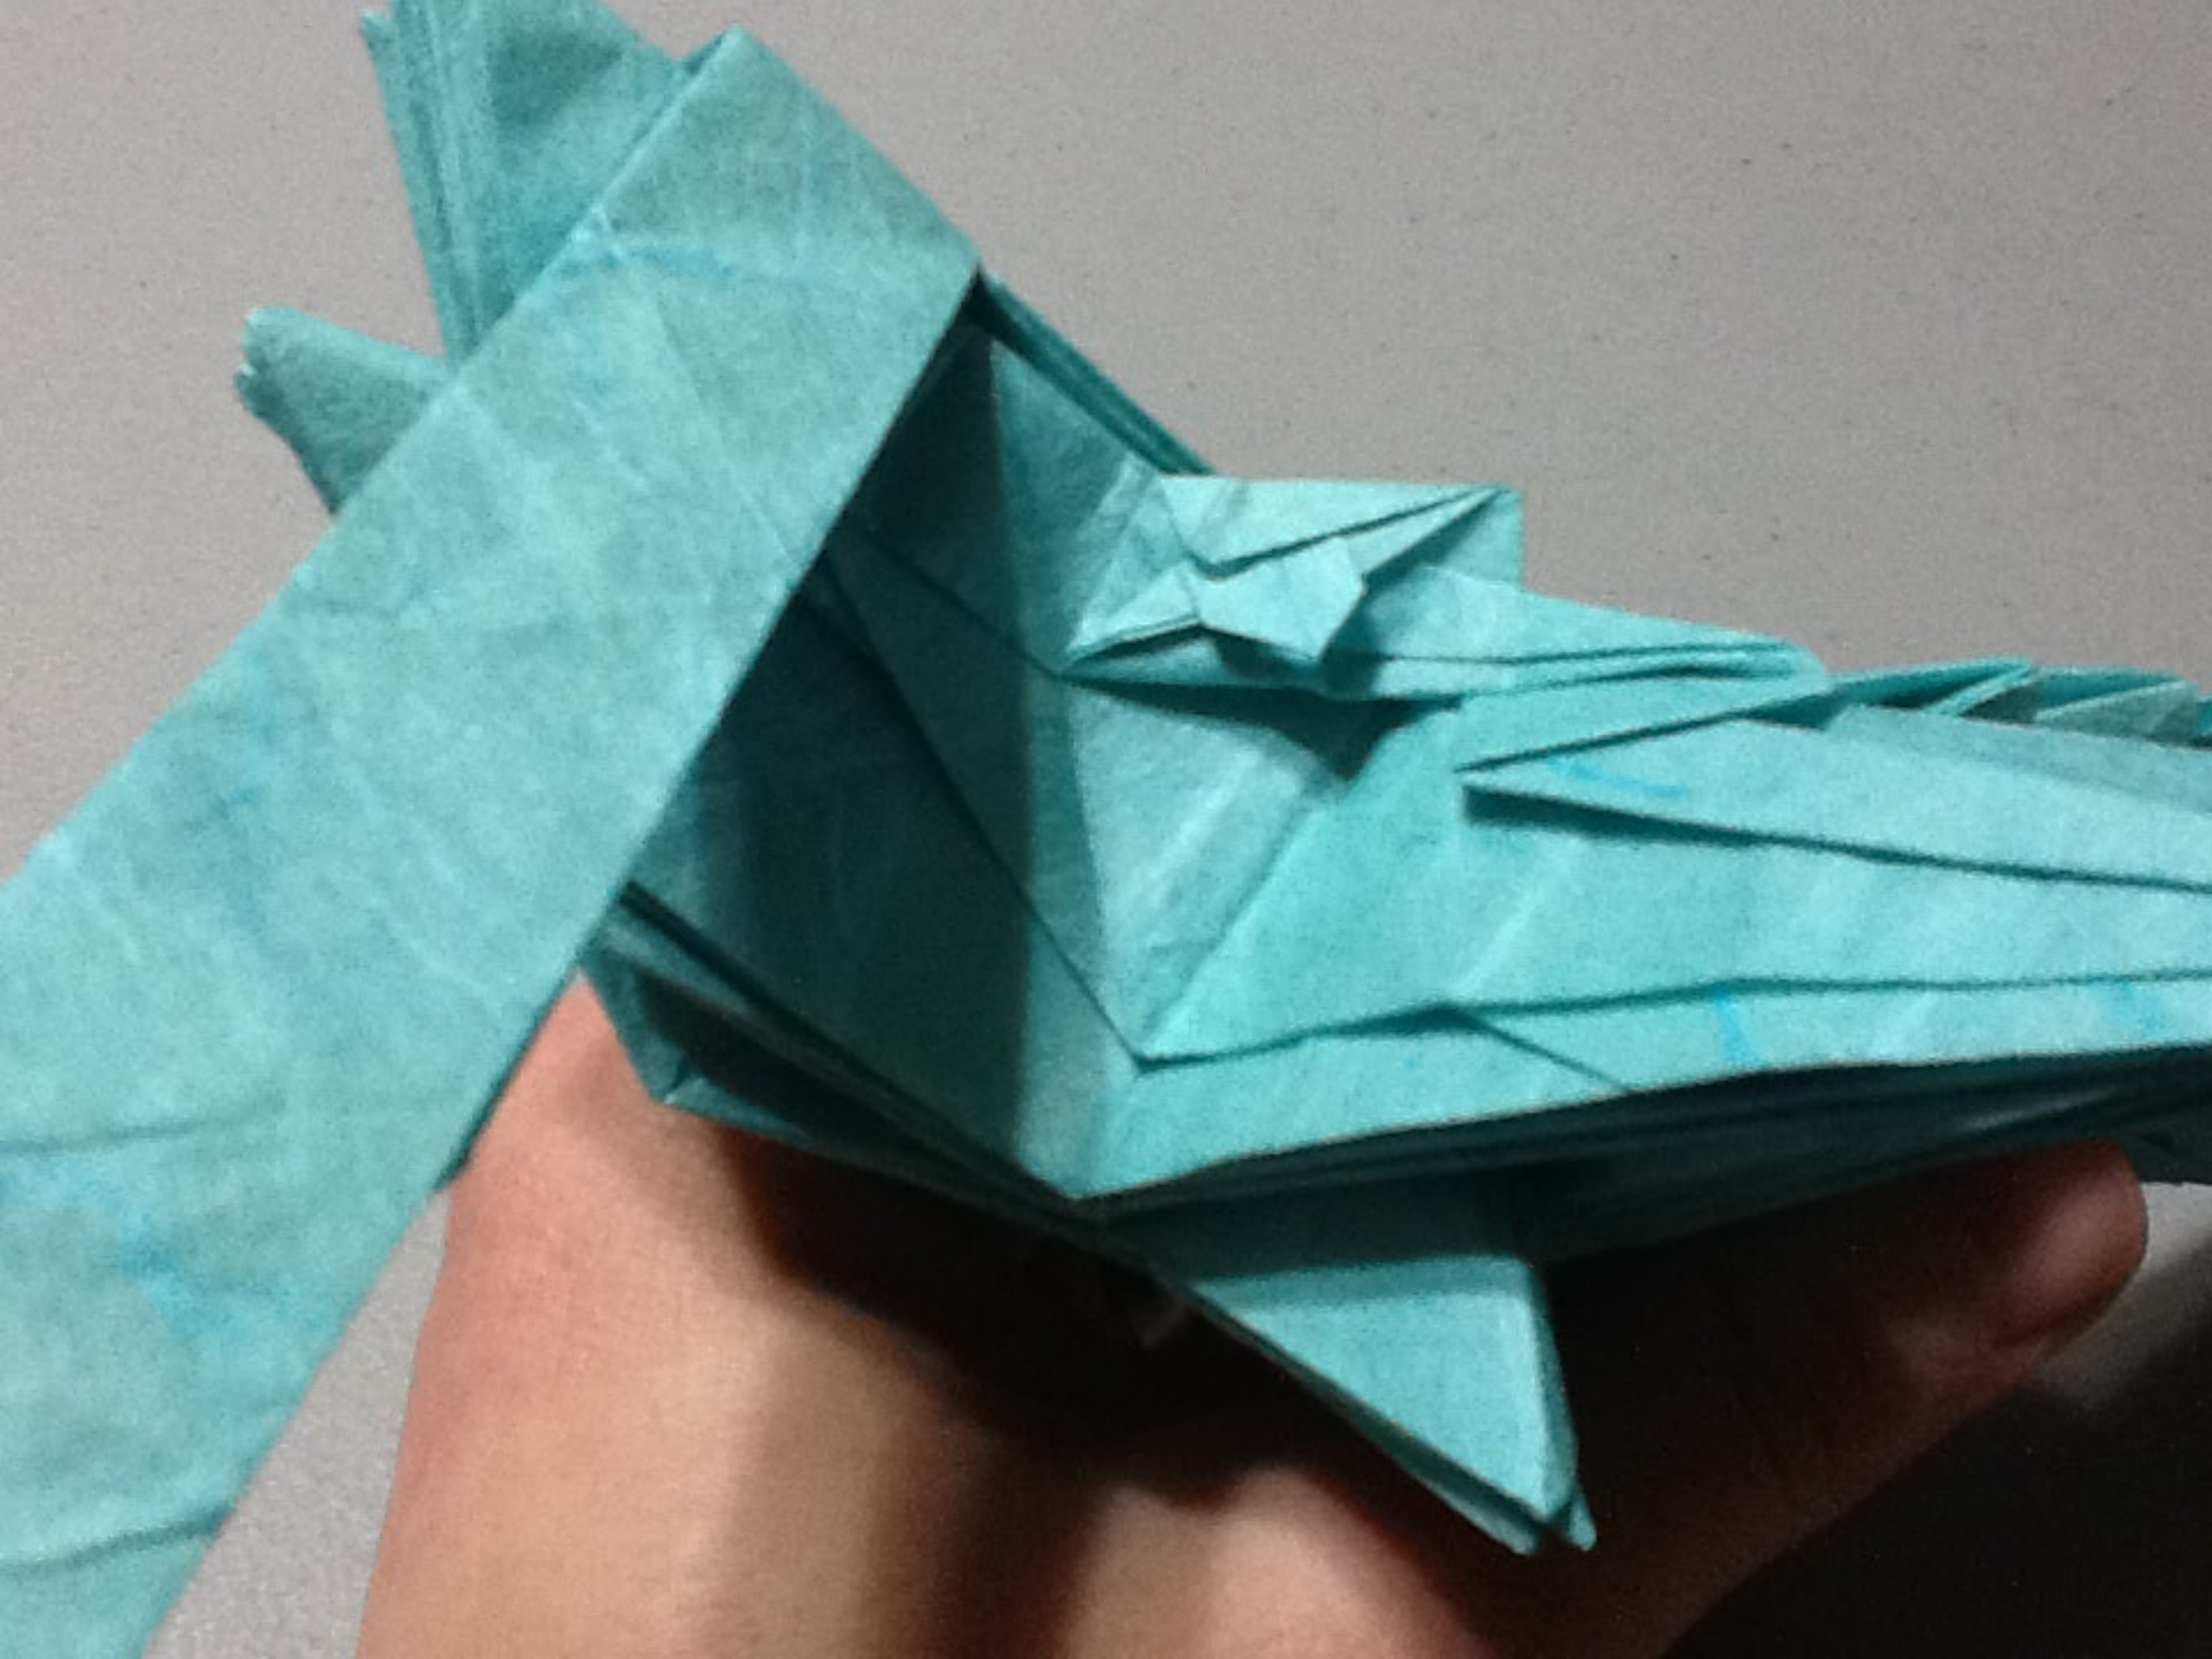

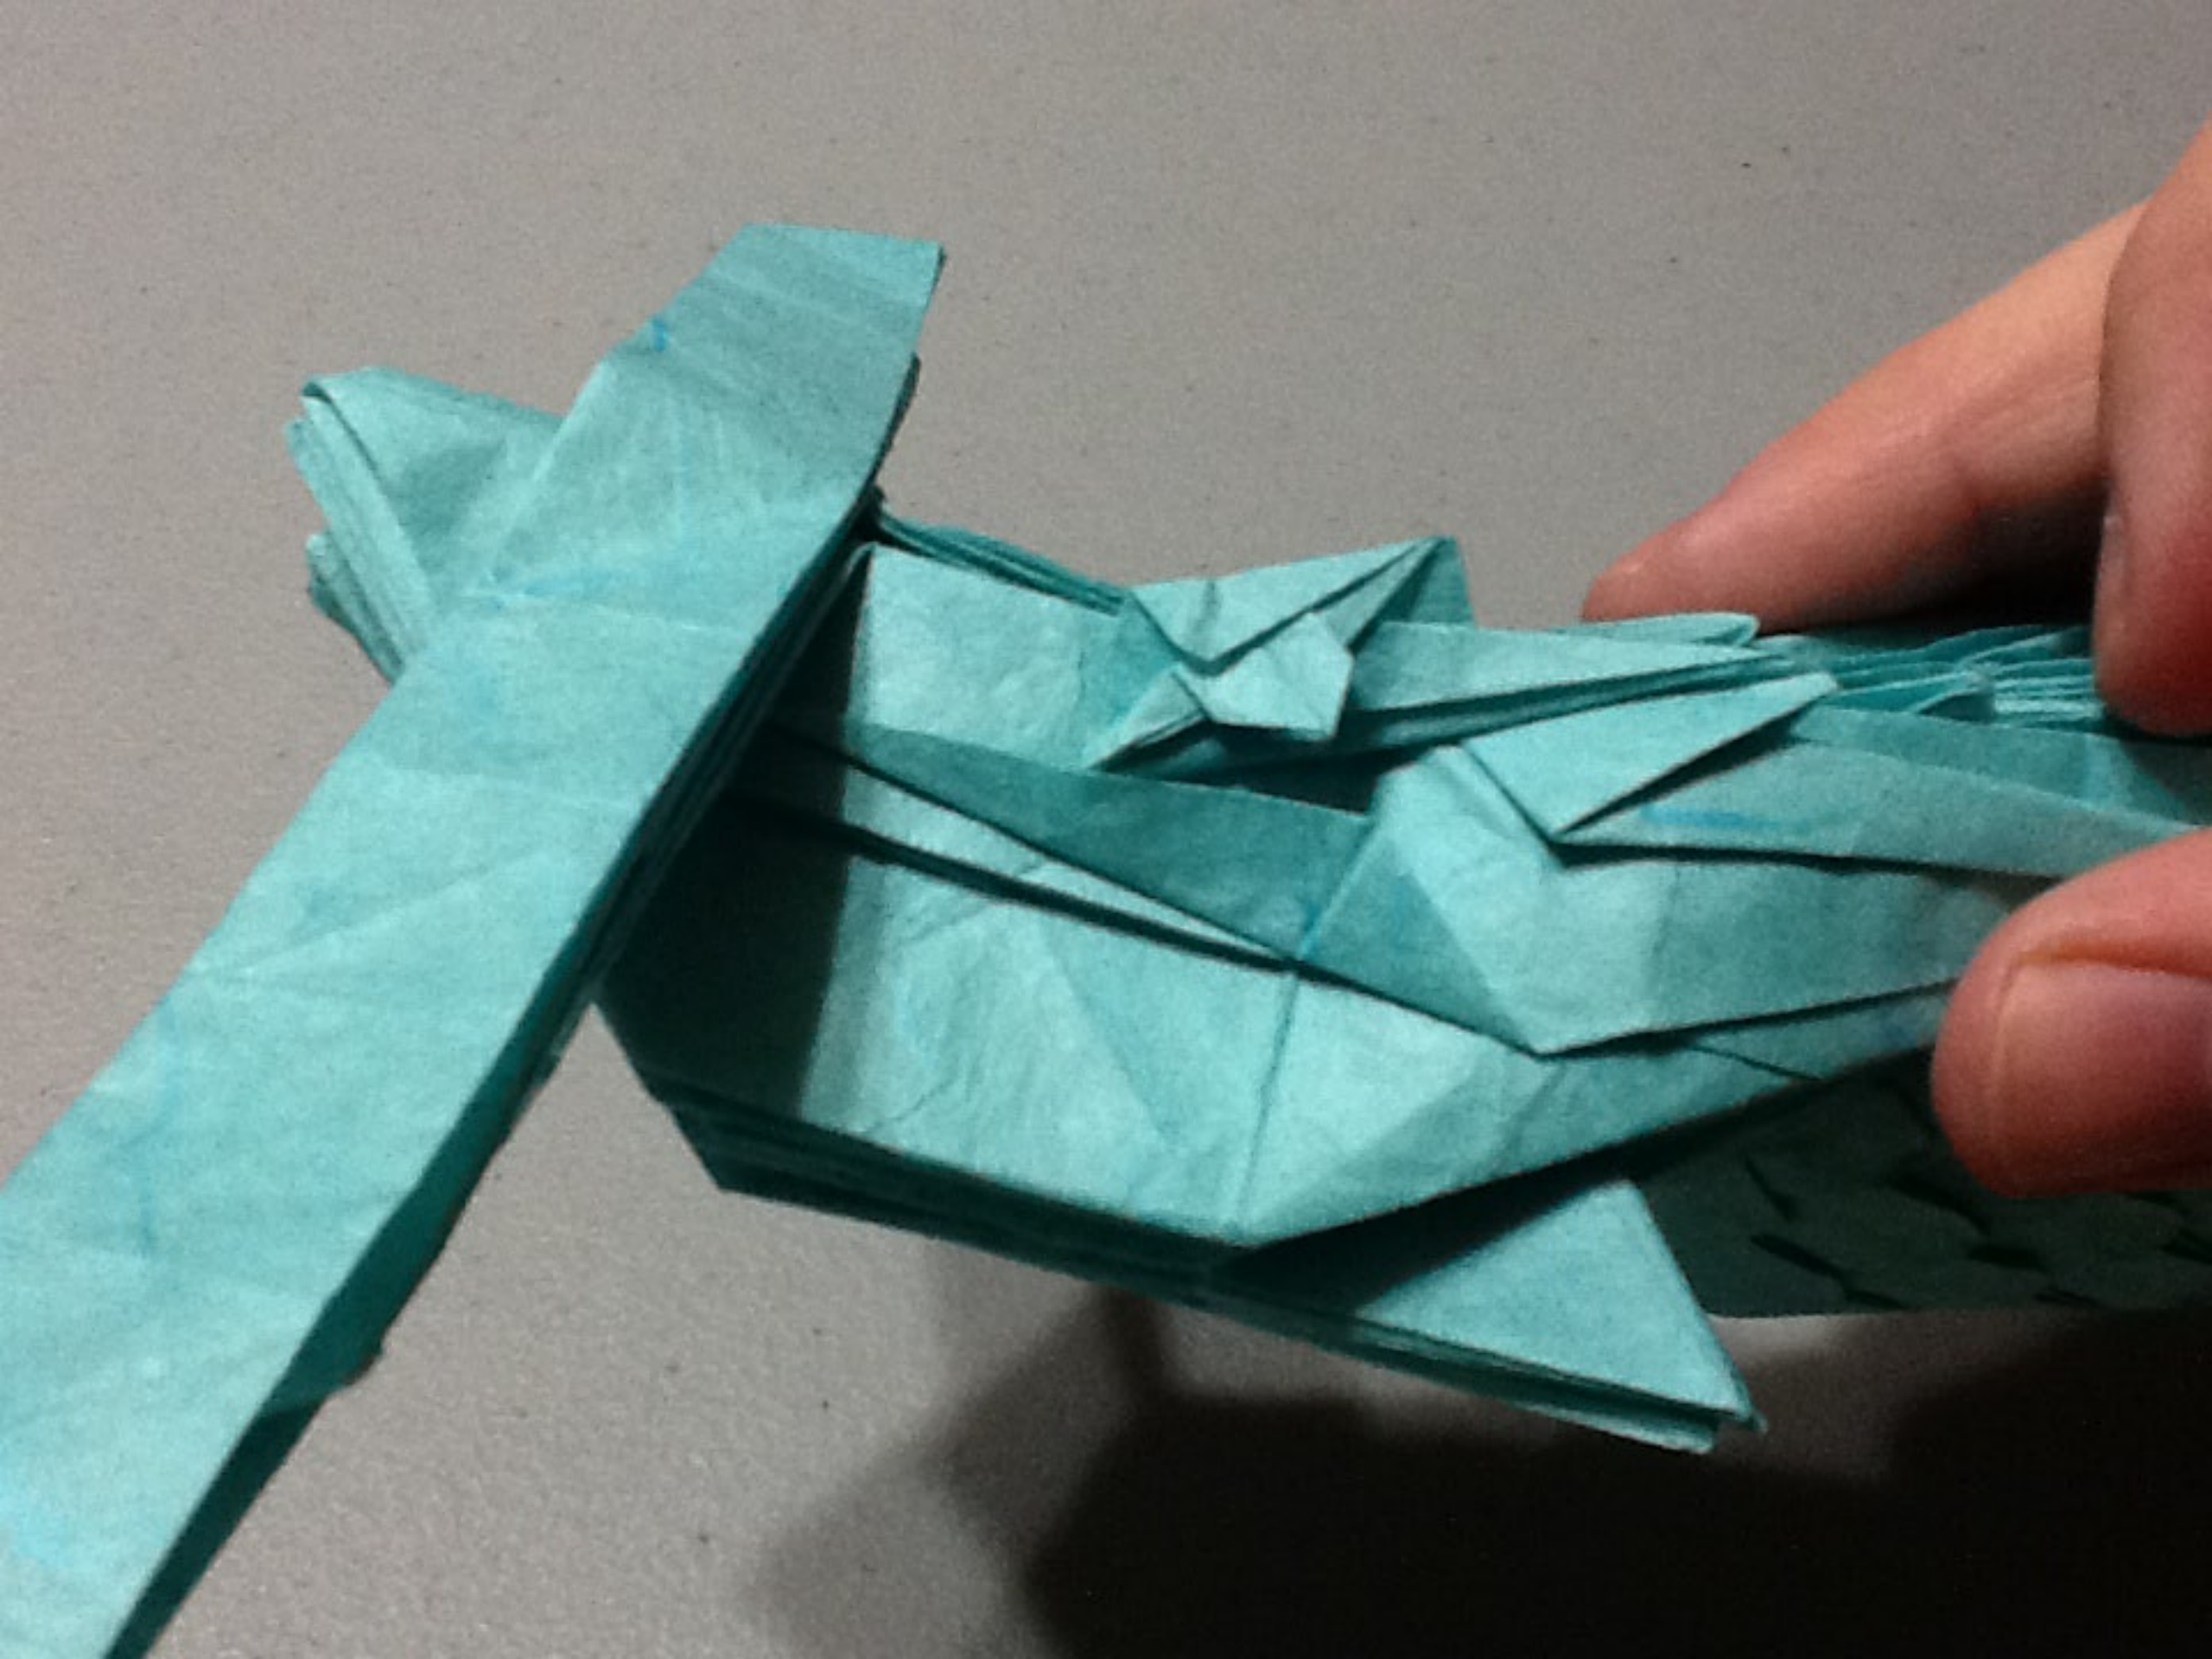

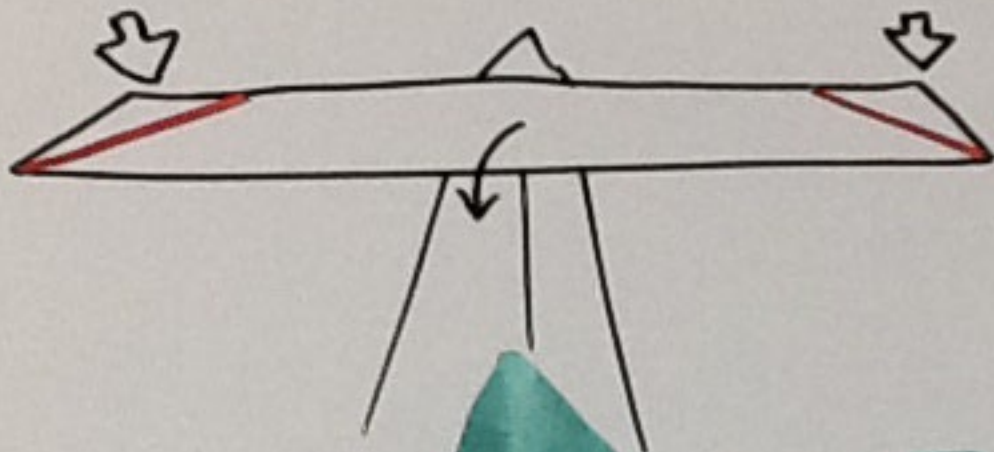

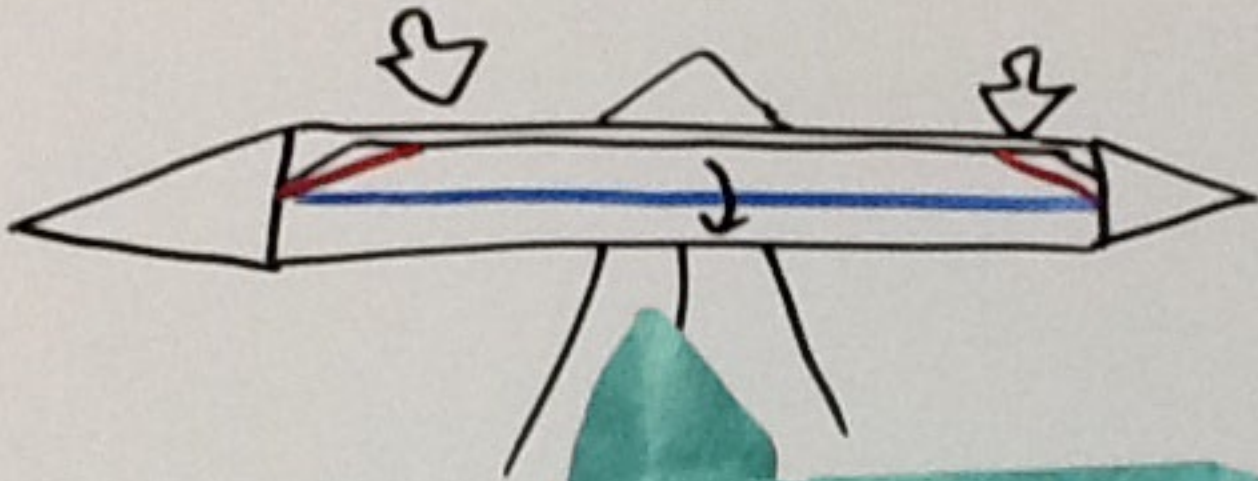

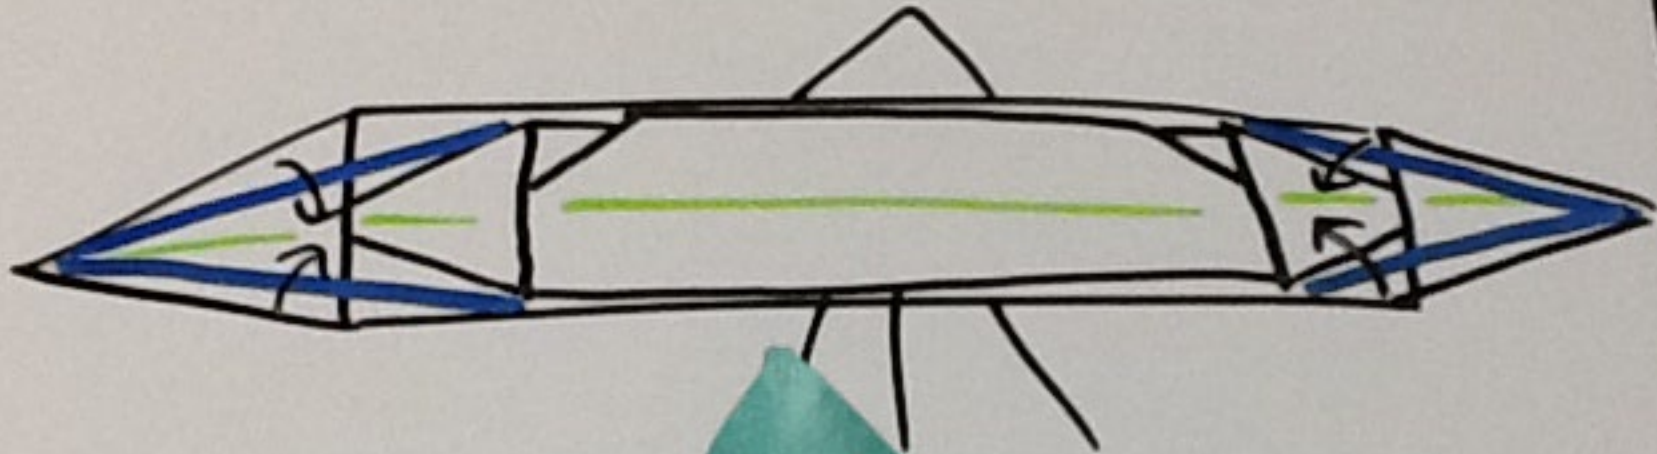

MVC

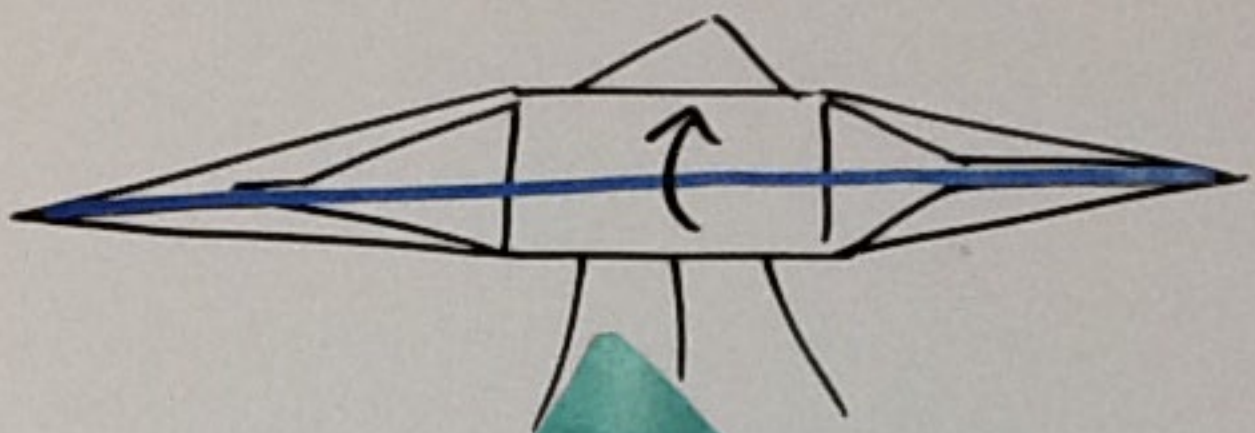

MVC

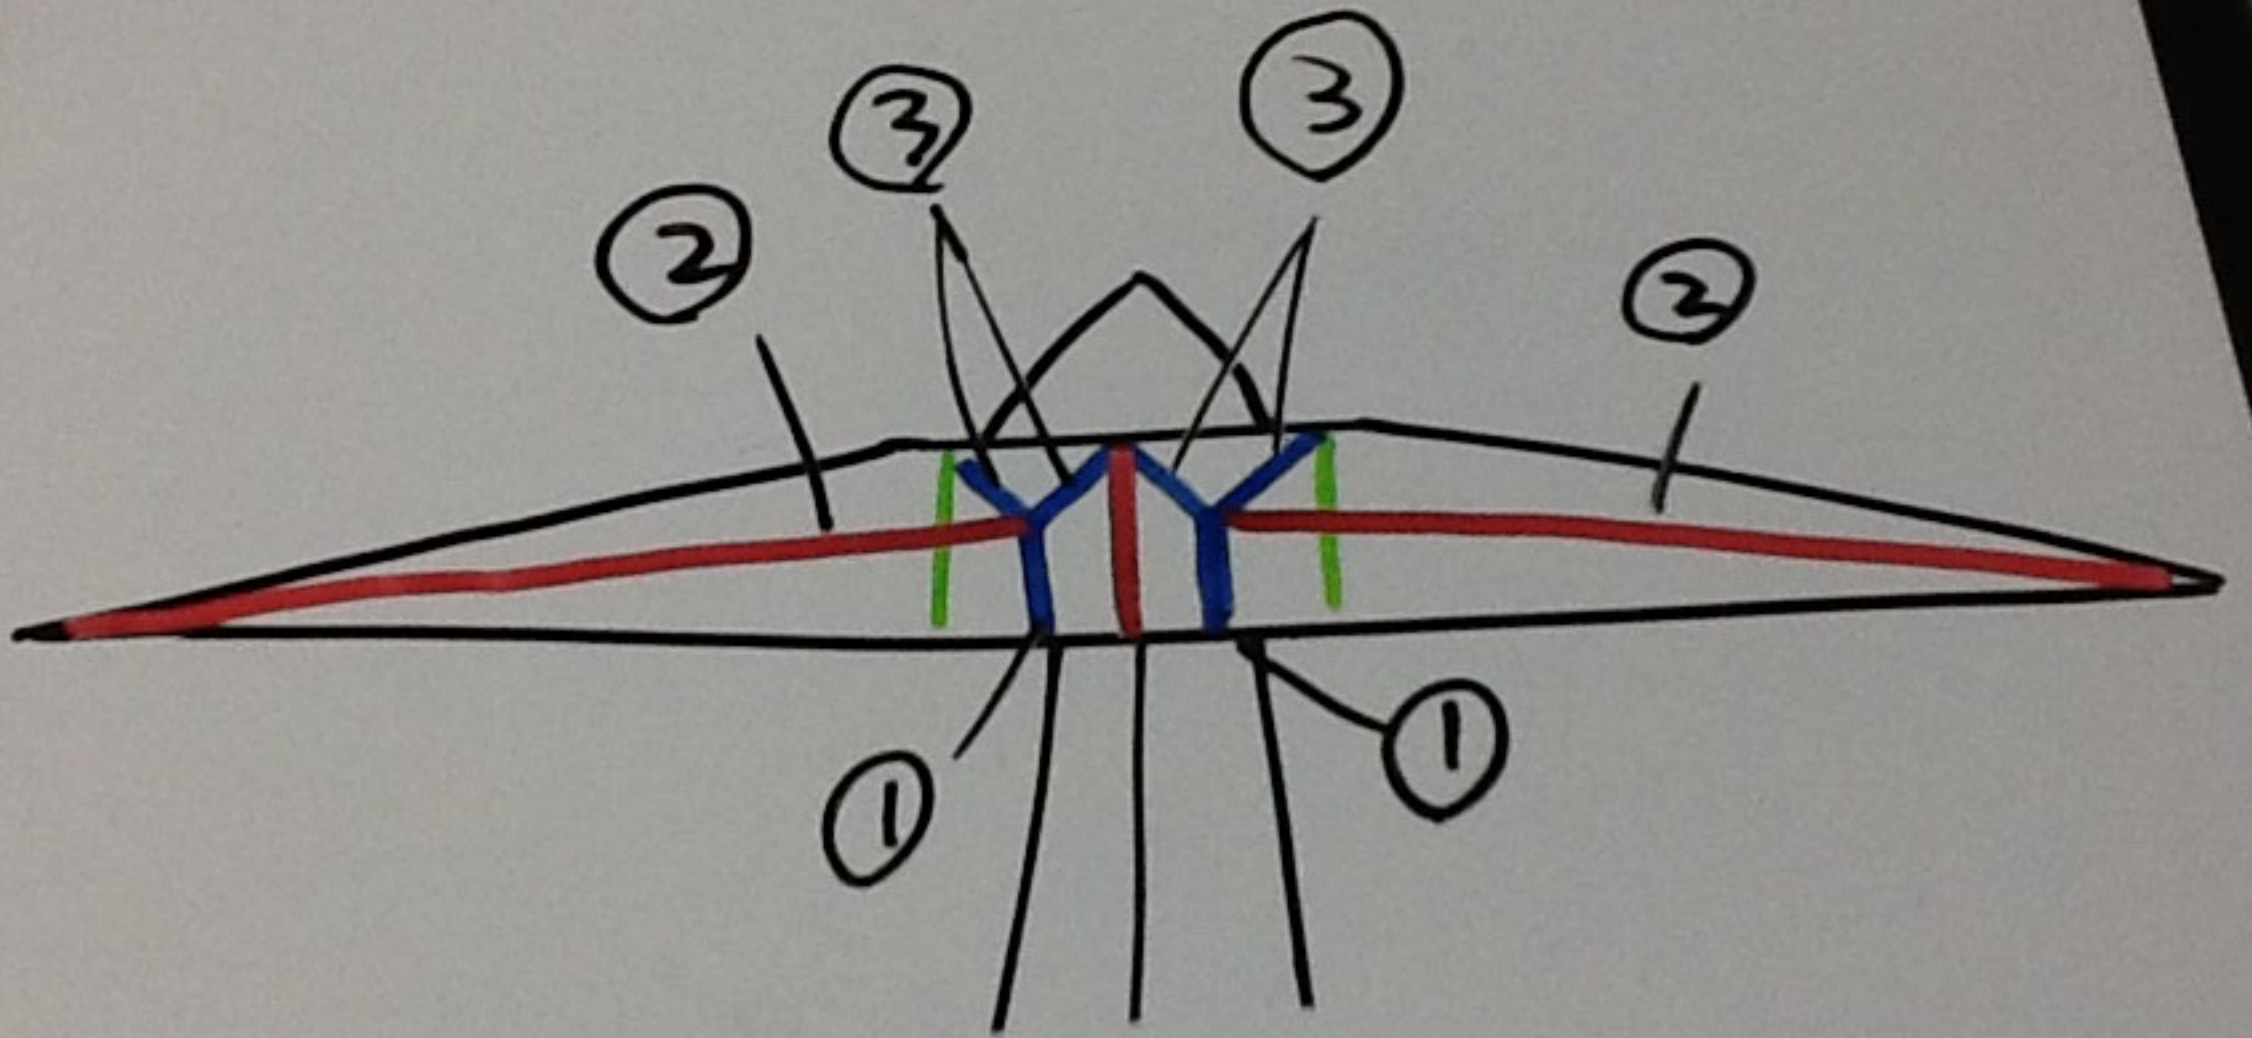

MVC

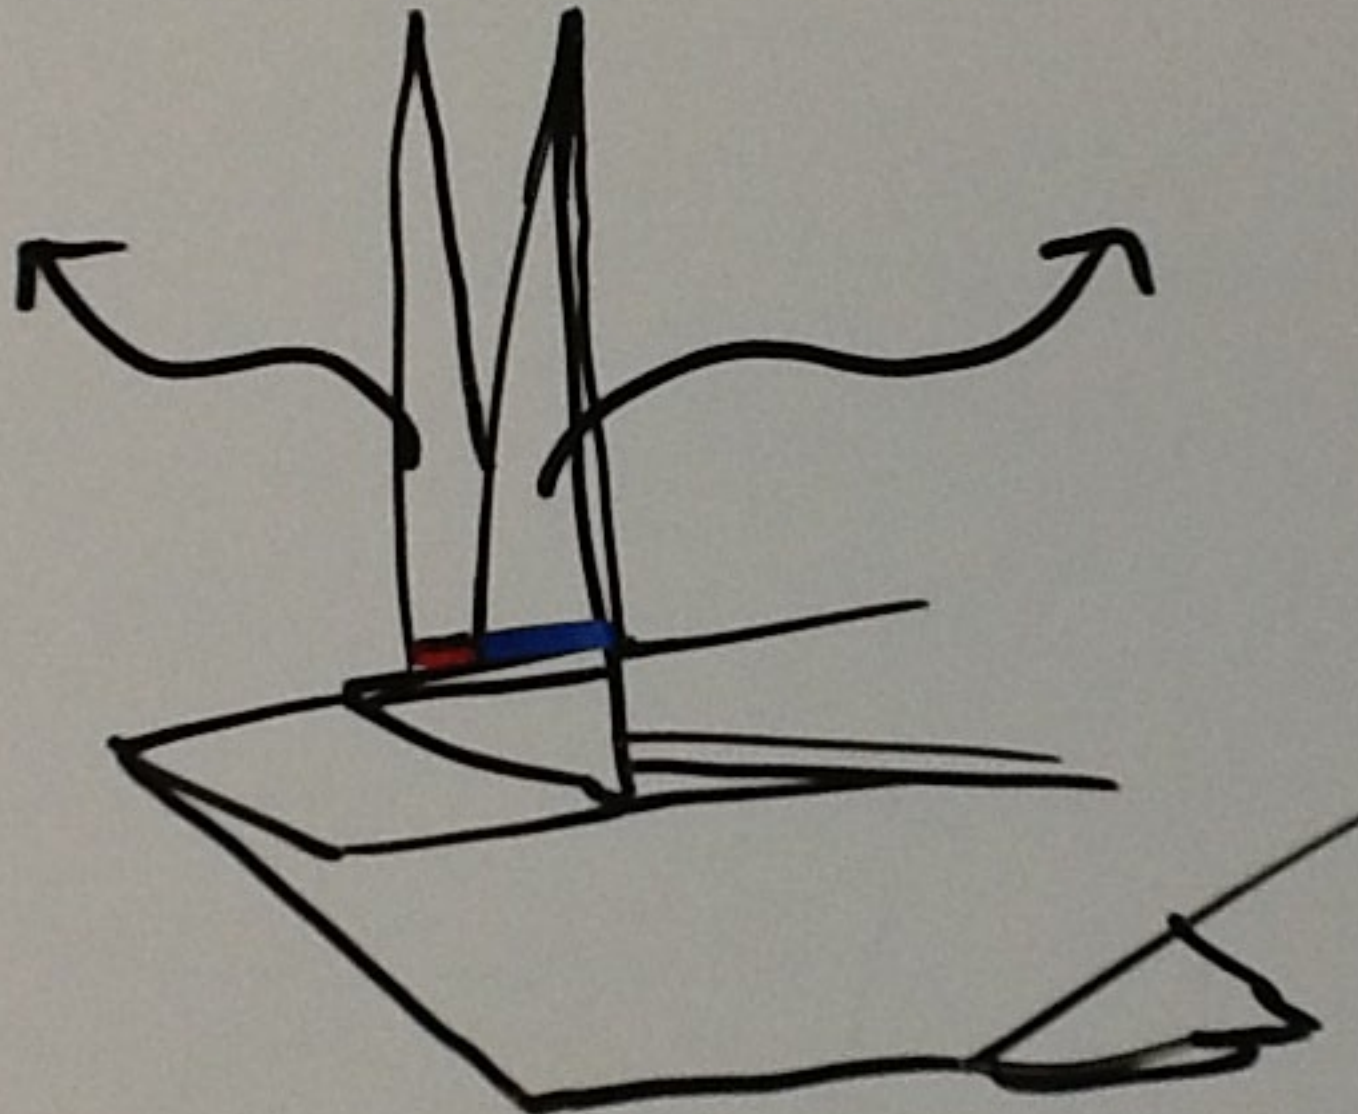

MVC

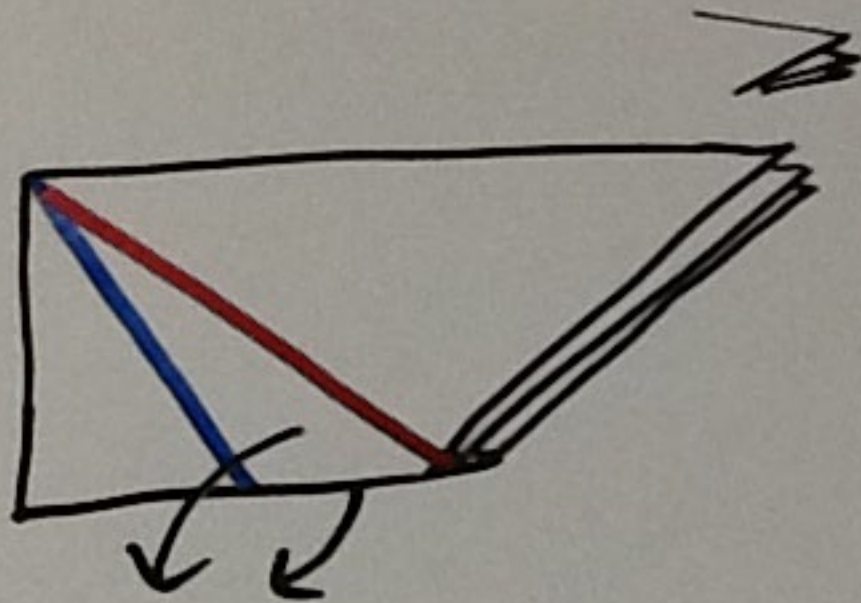

MVC

MVC

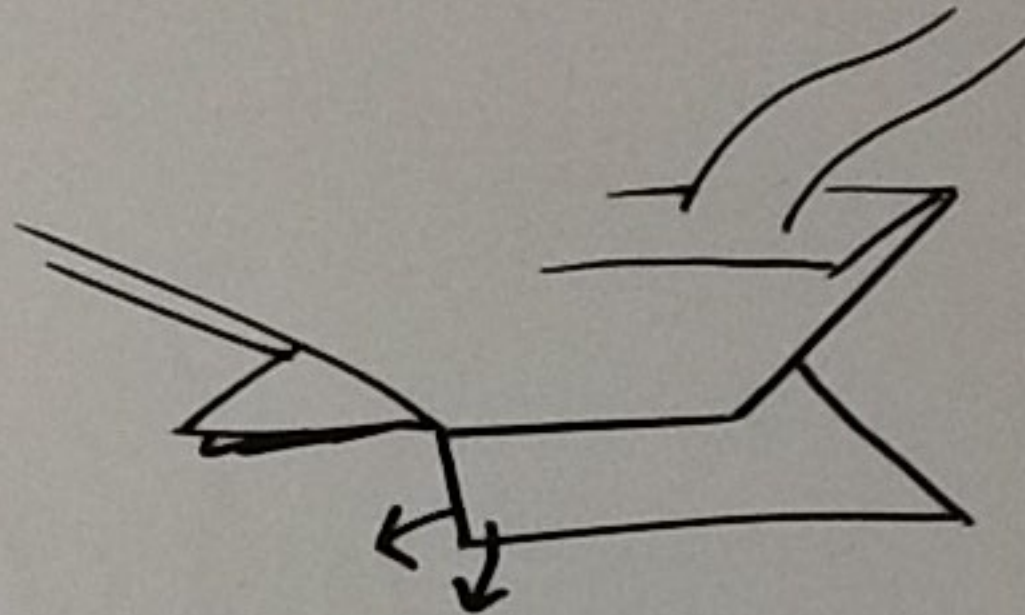

Outside crimp the  
lowest three mouth  
points

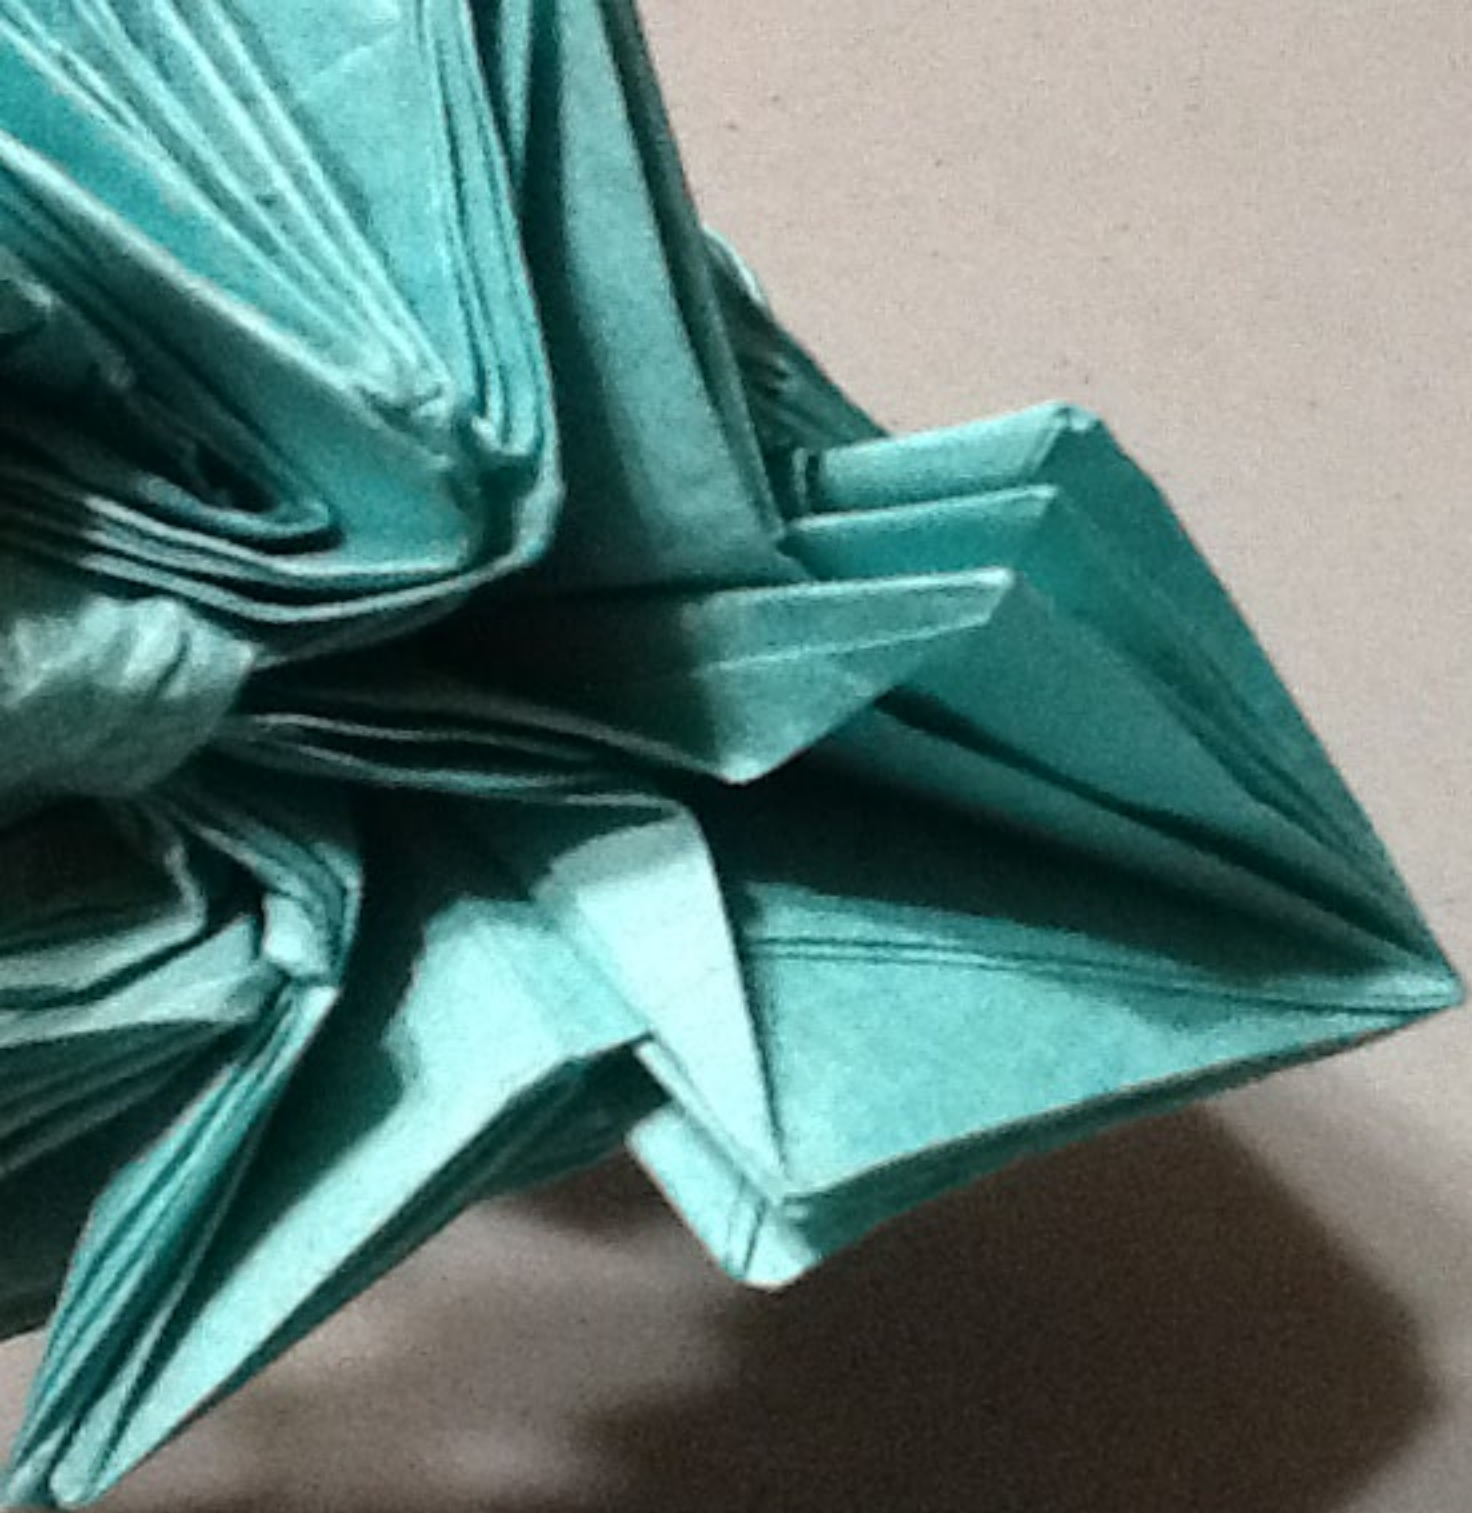

MVC

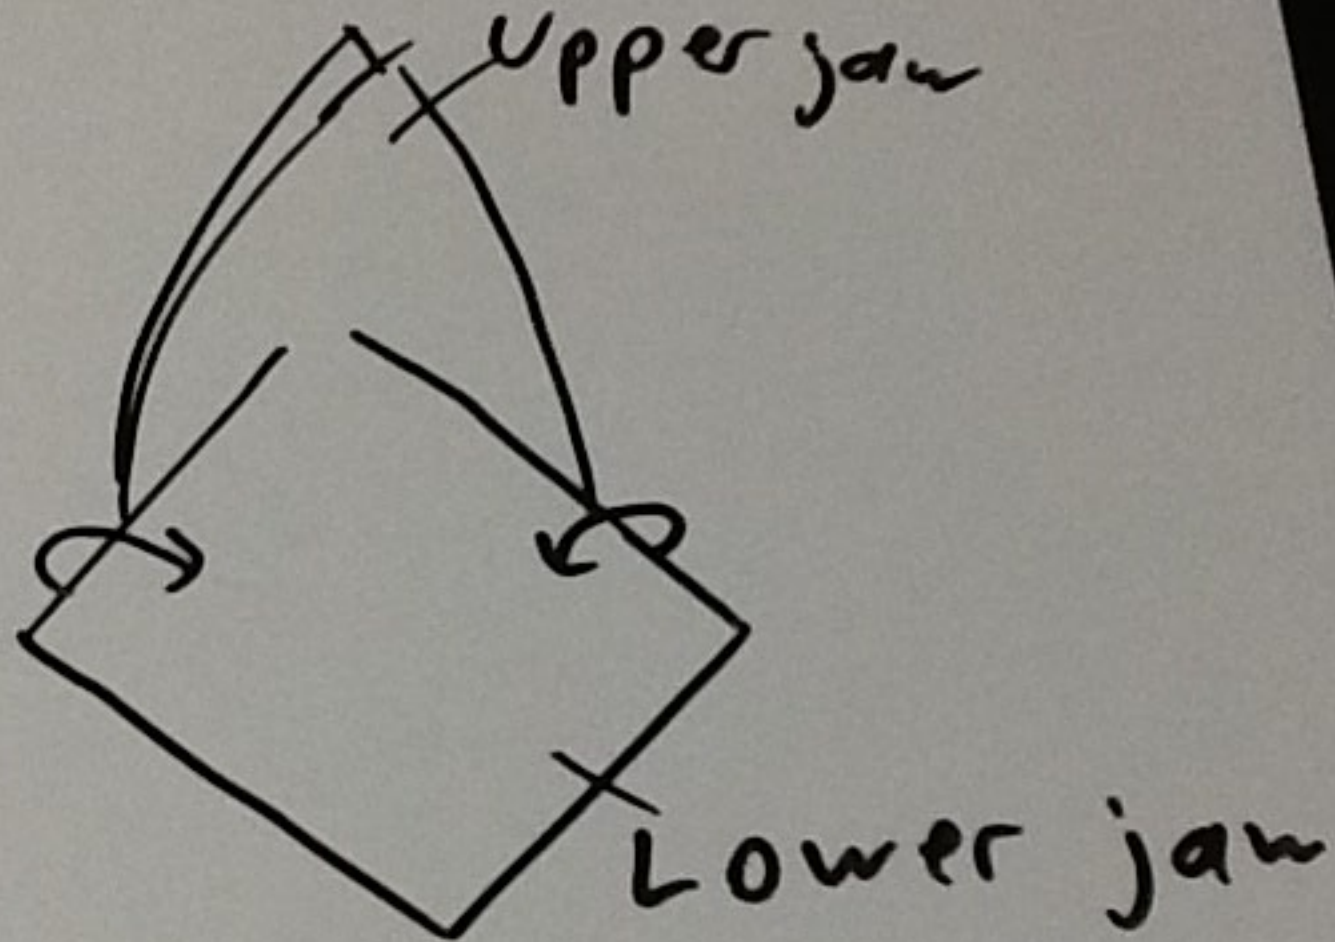

Separate and  
stack the three  
layers on each side

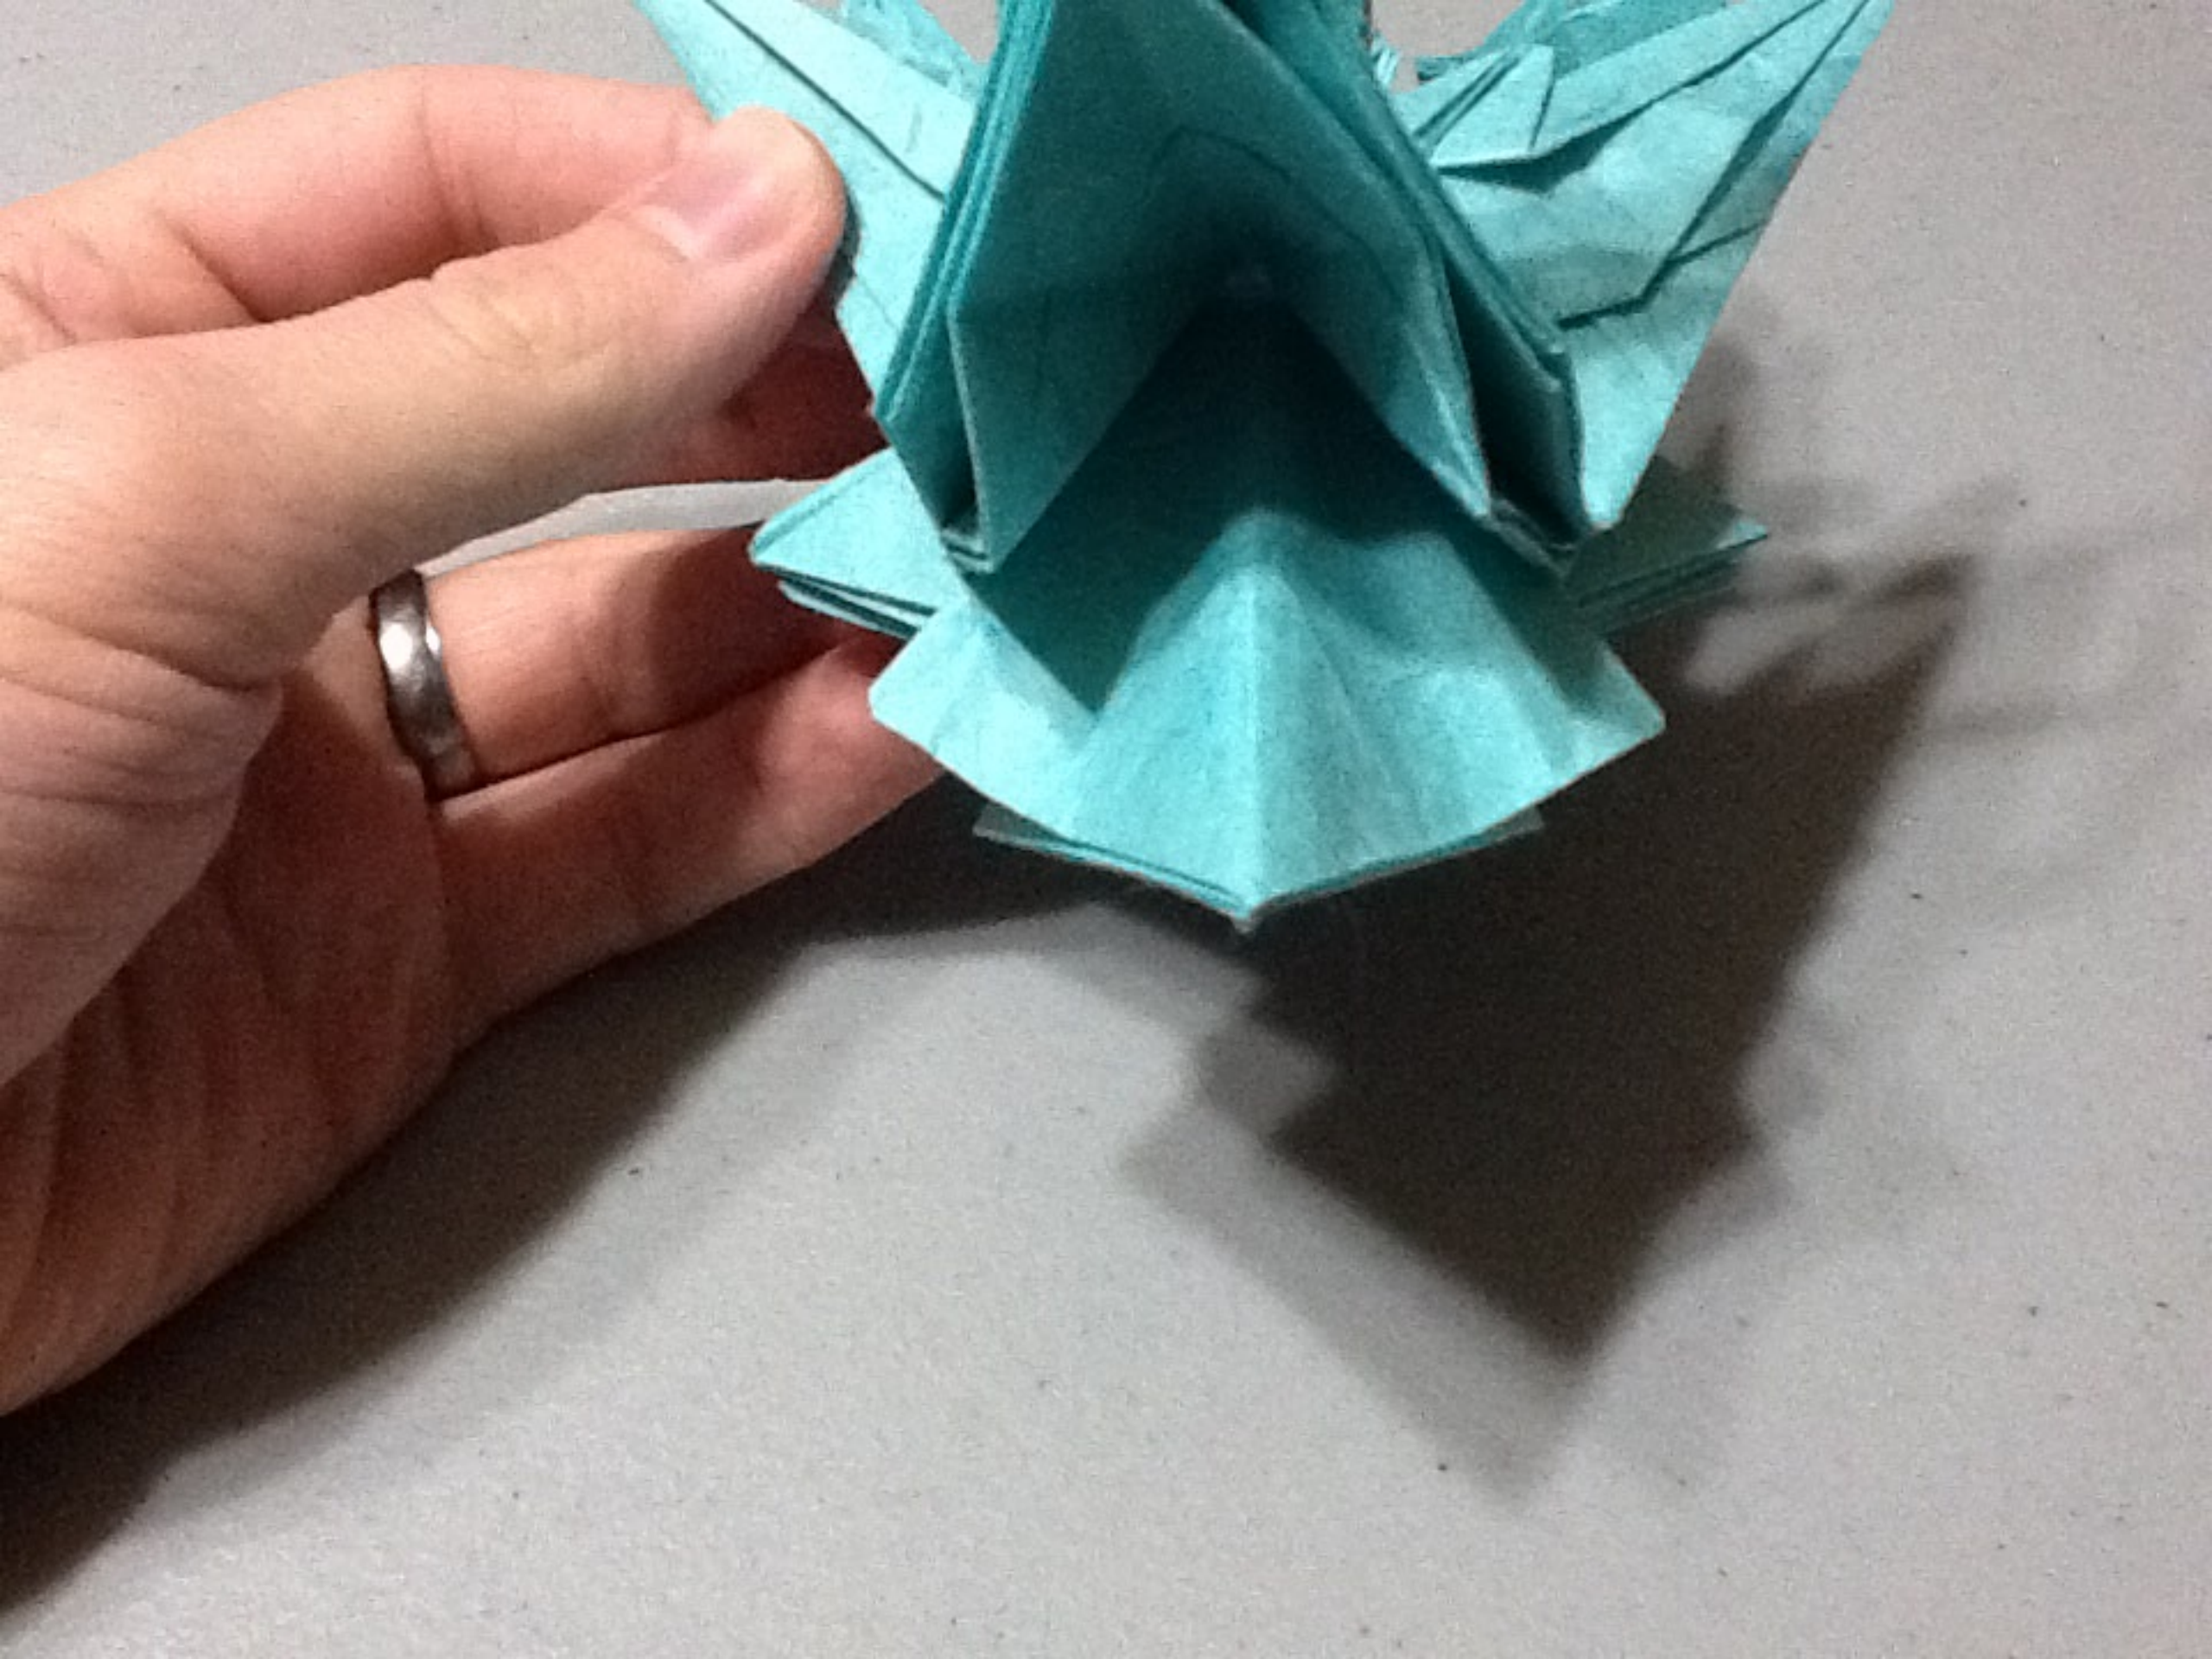

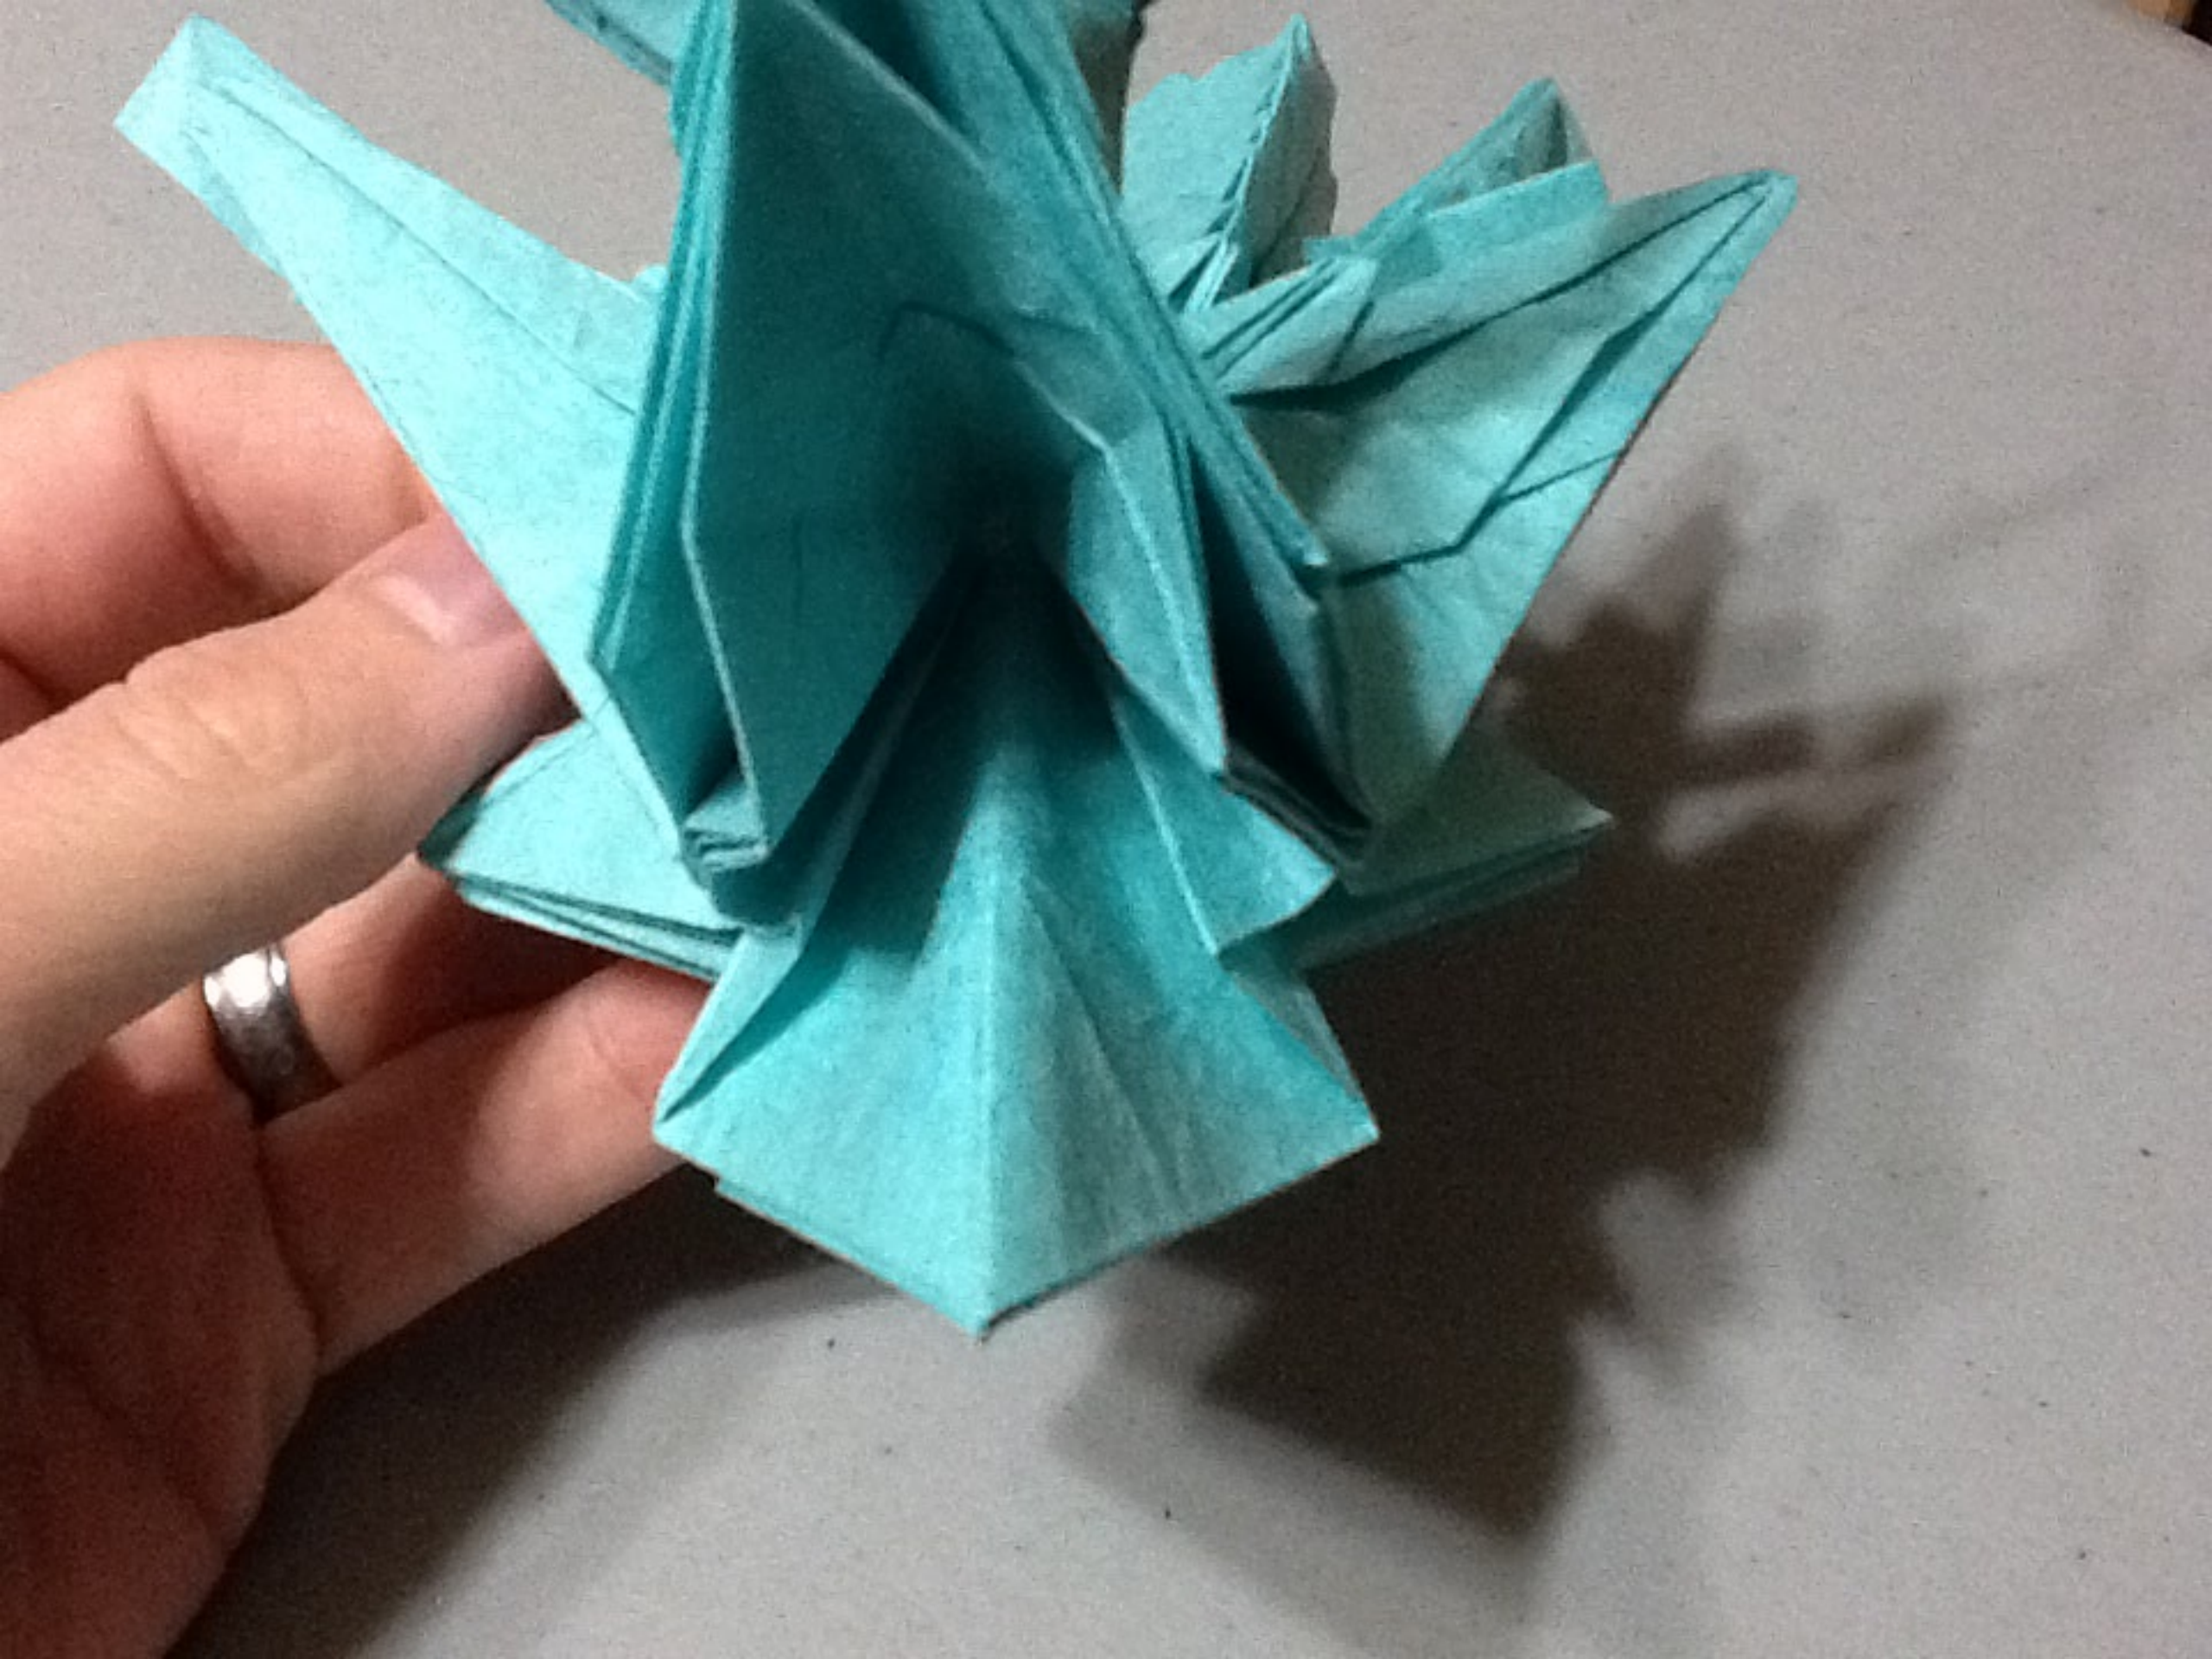

MVC

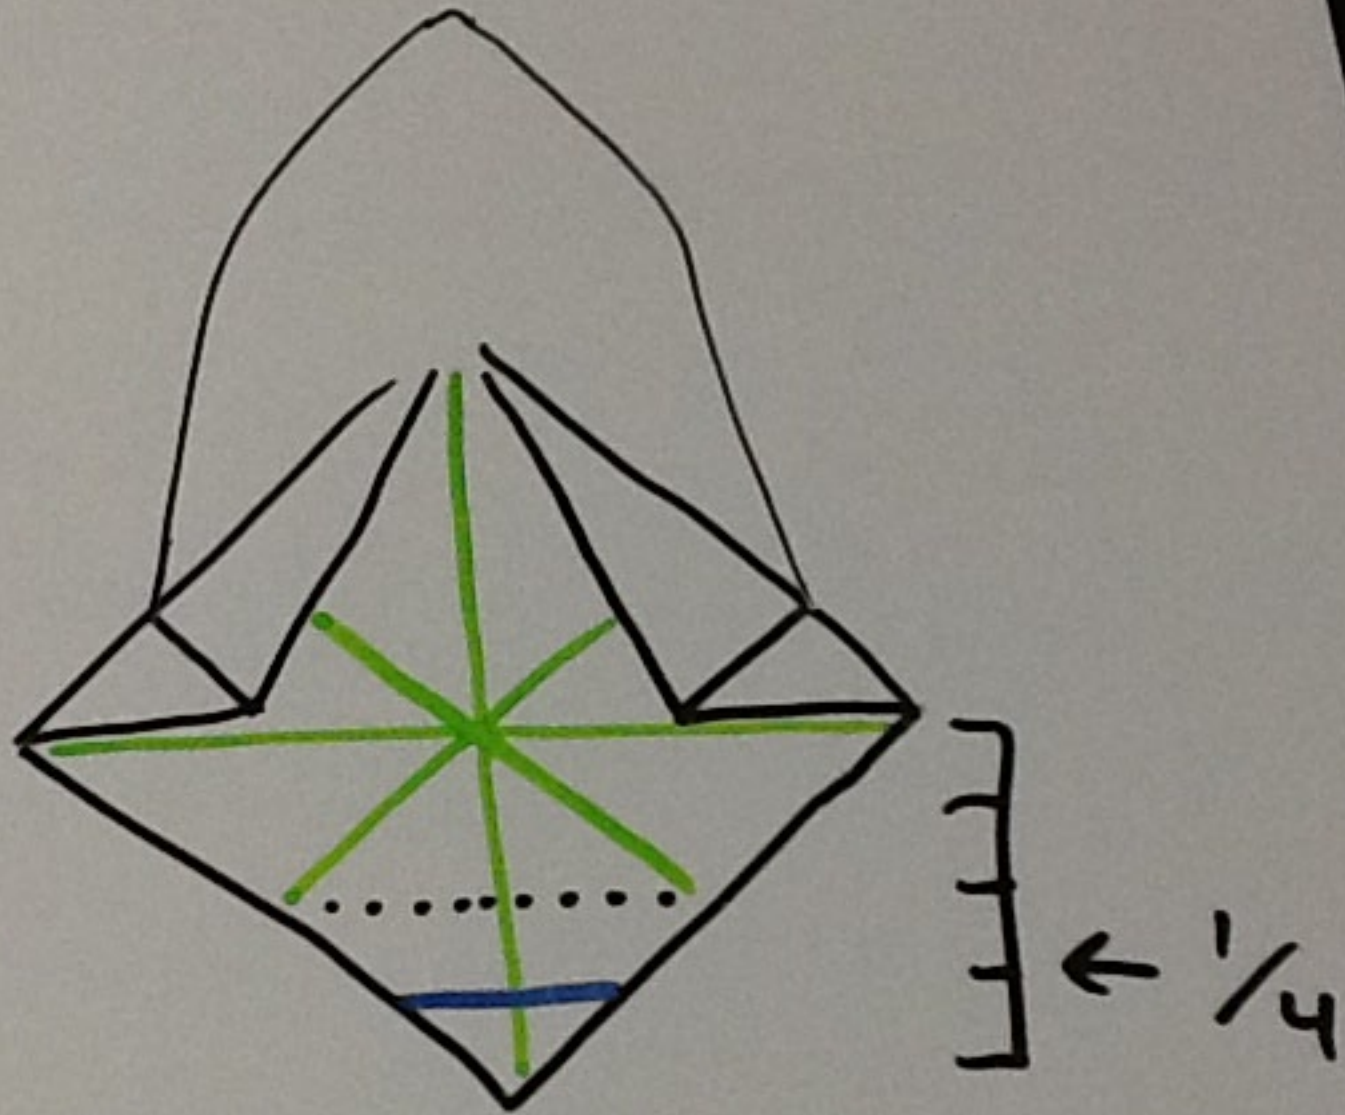

wrap around one  
layer on each side -

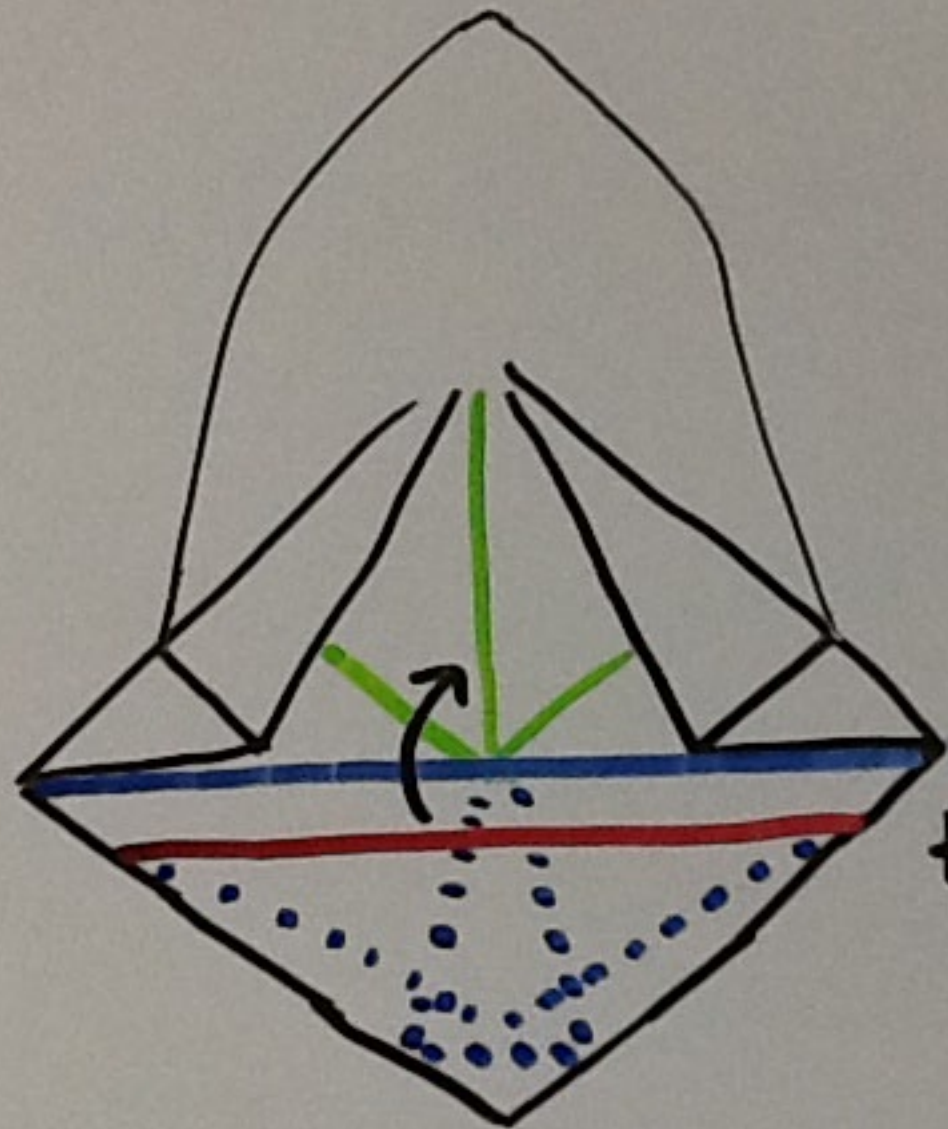

Crease

MVC

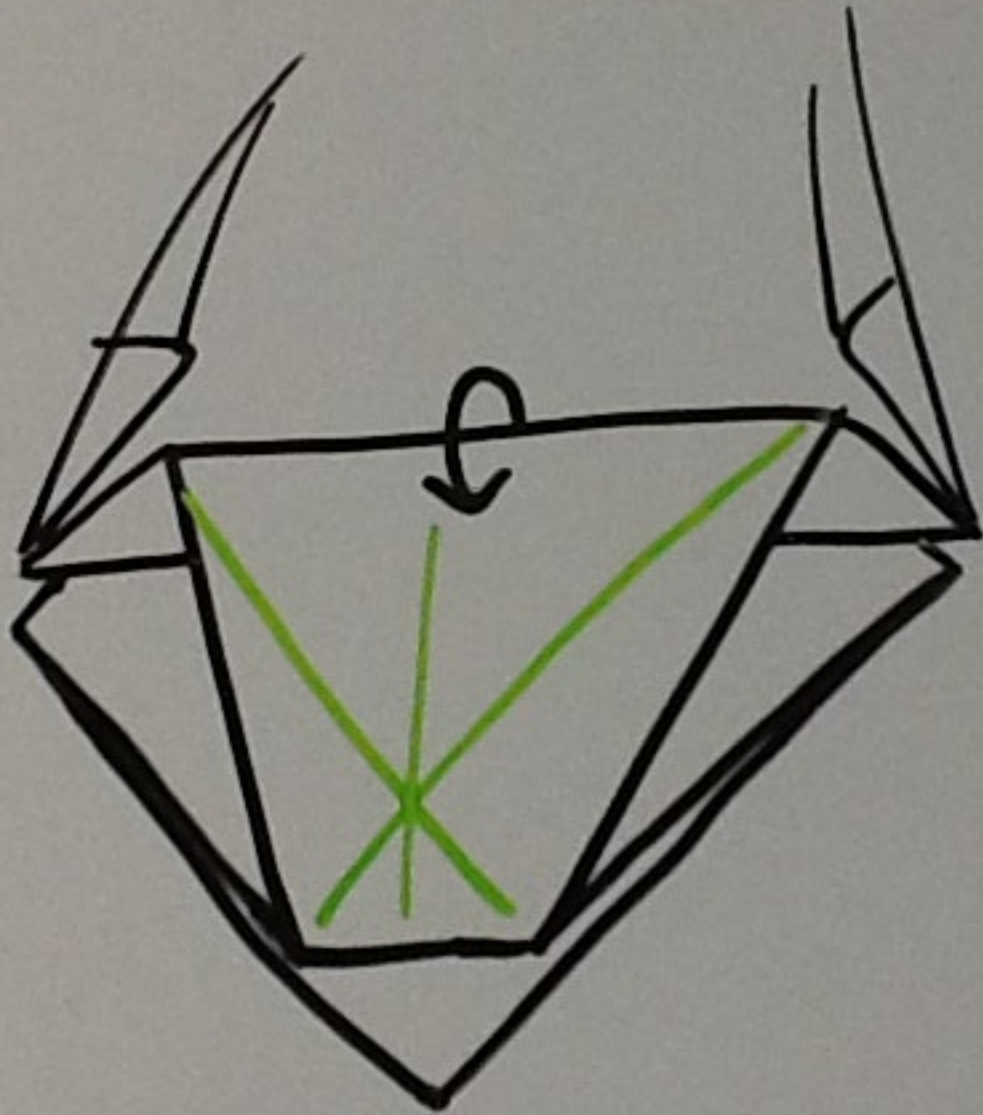

Pleat  
the top  
layer

↑ open  
the point

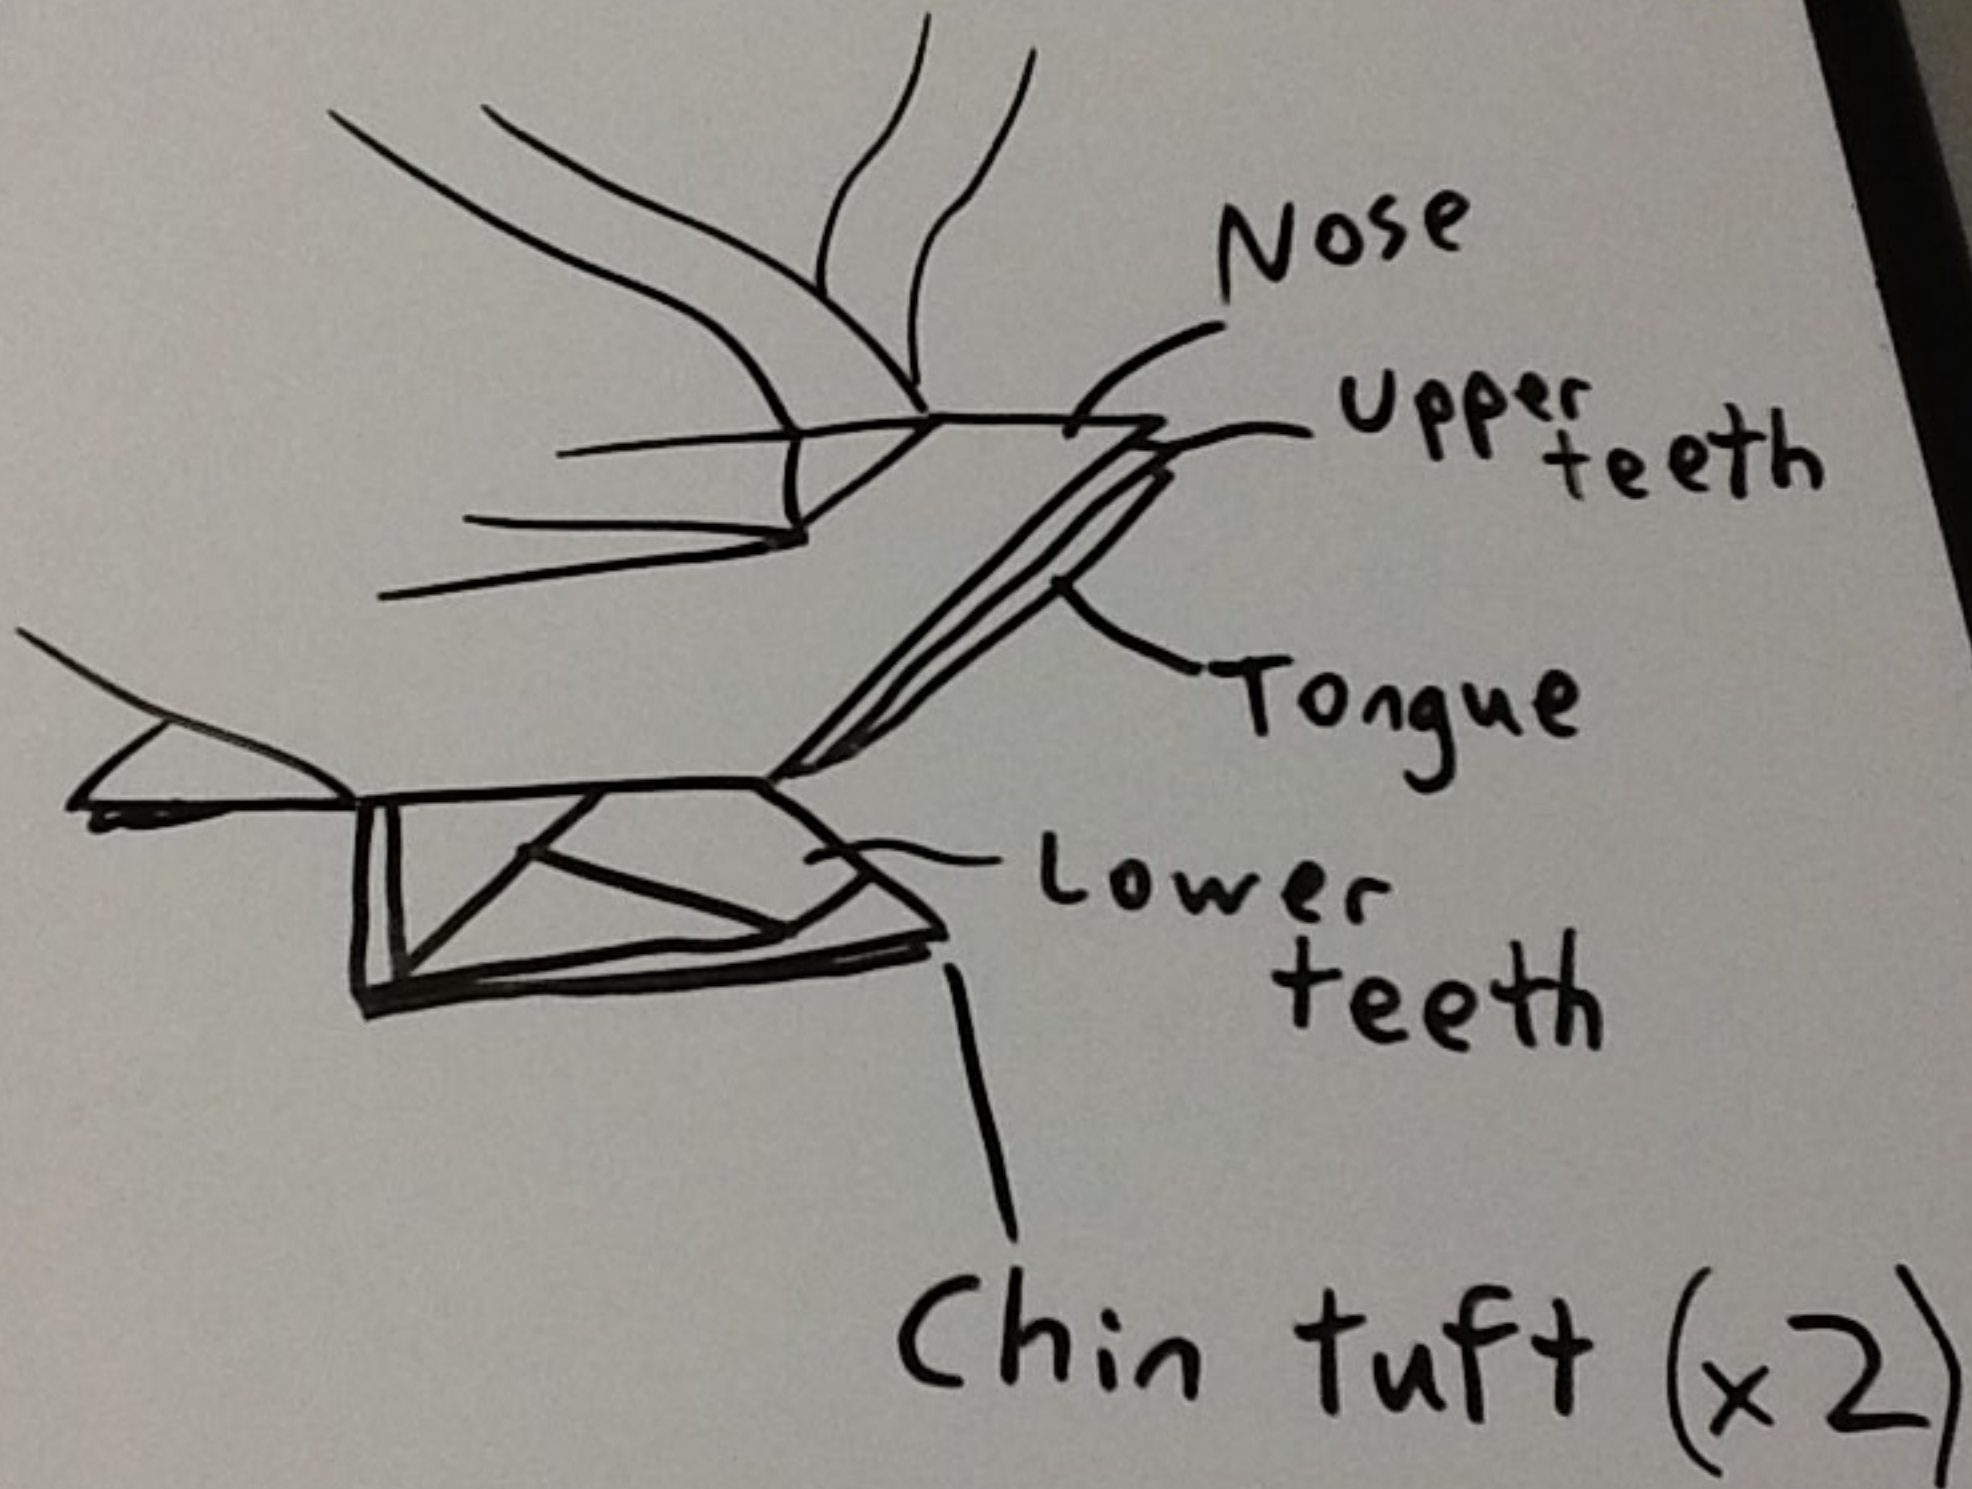

MVC

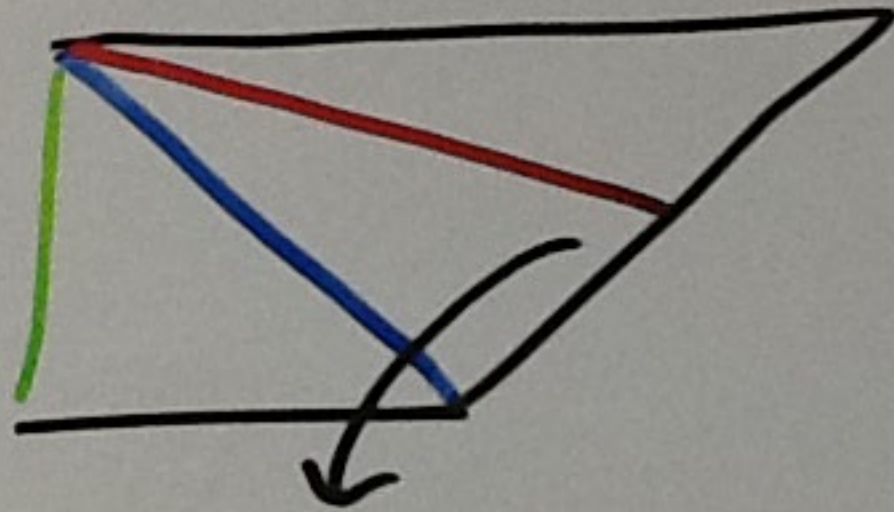

Layer  
wrap

MVC

MVC

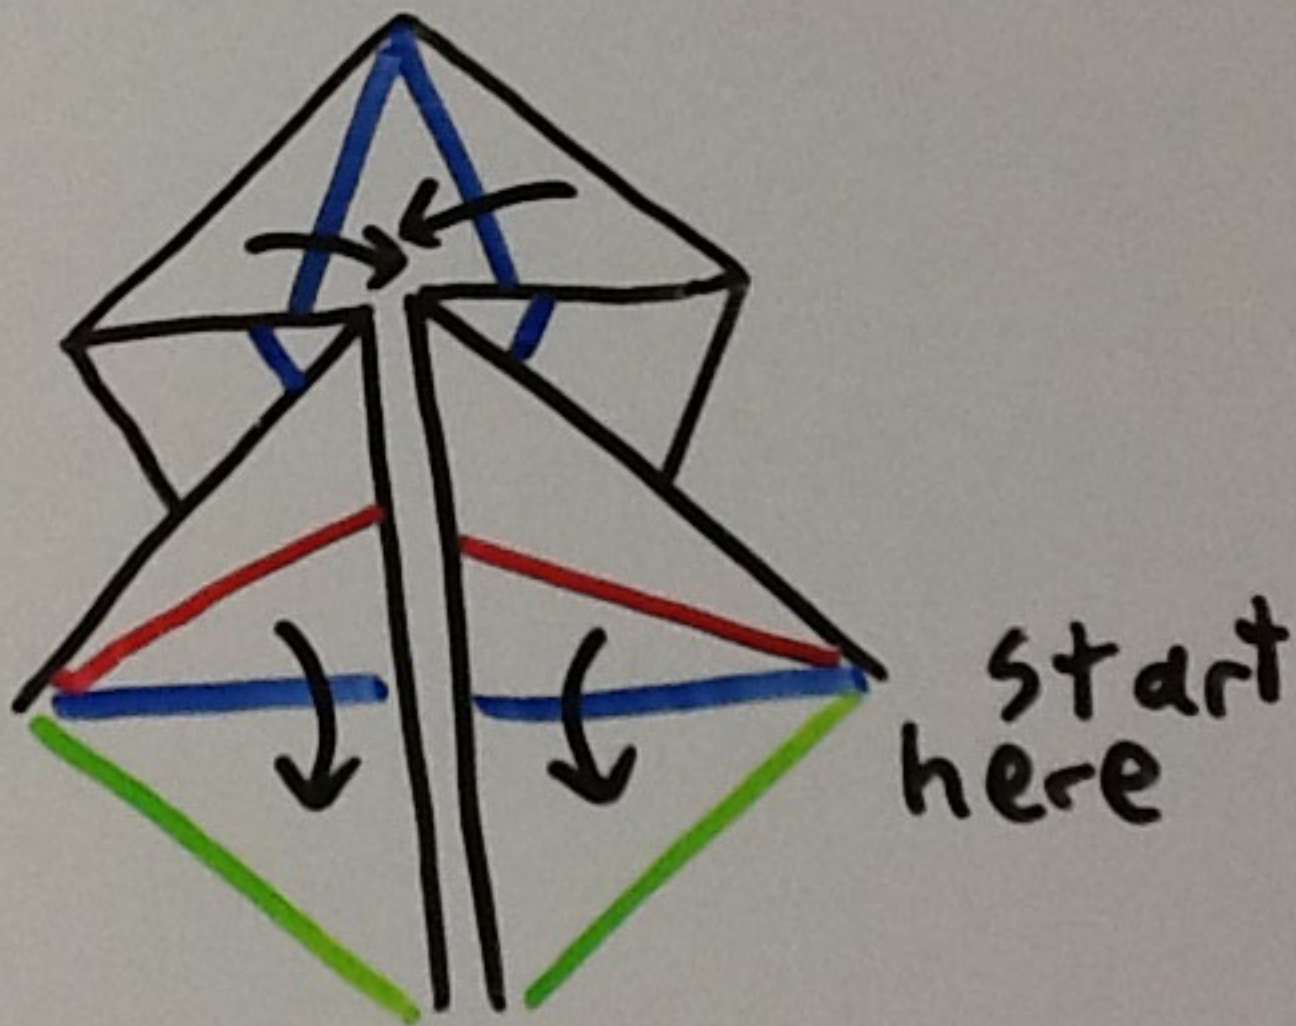

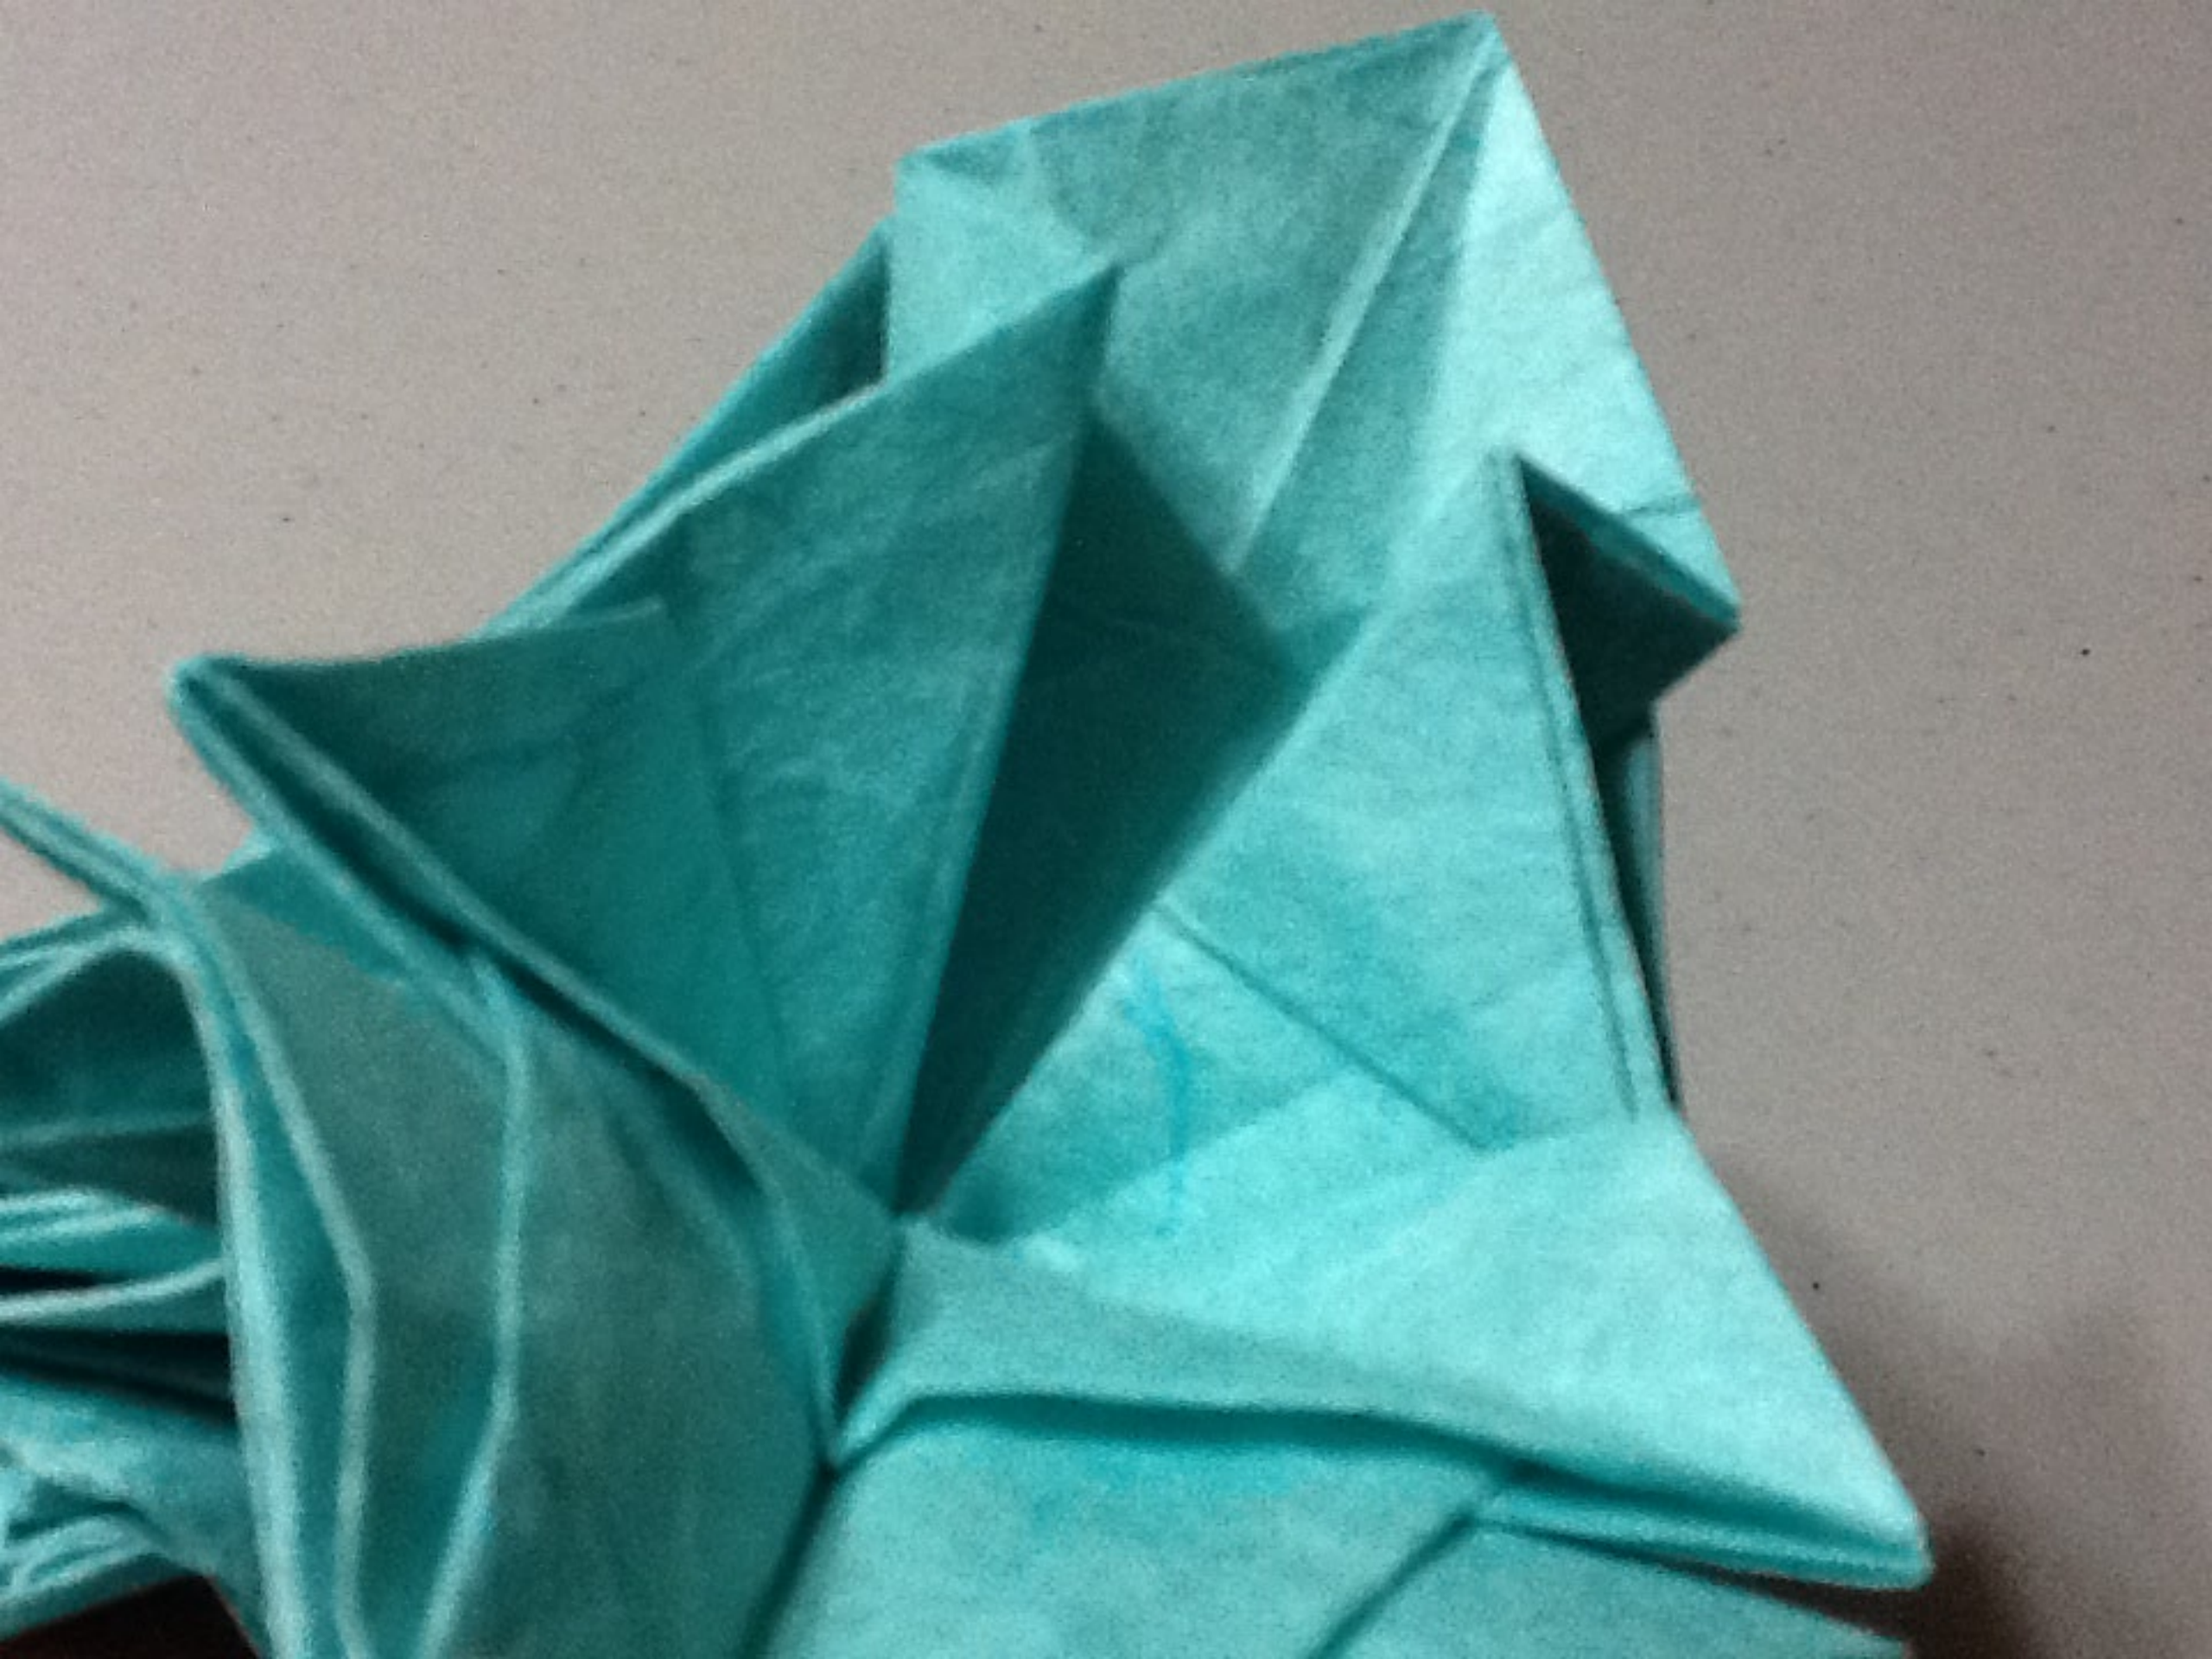

Tongue - Squash

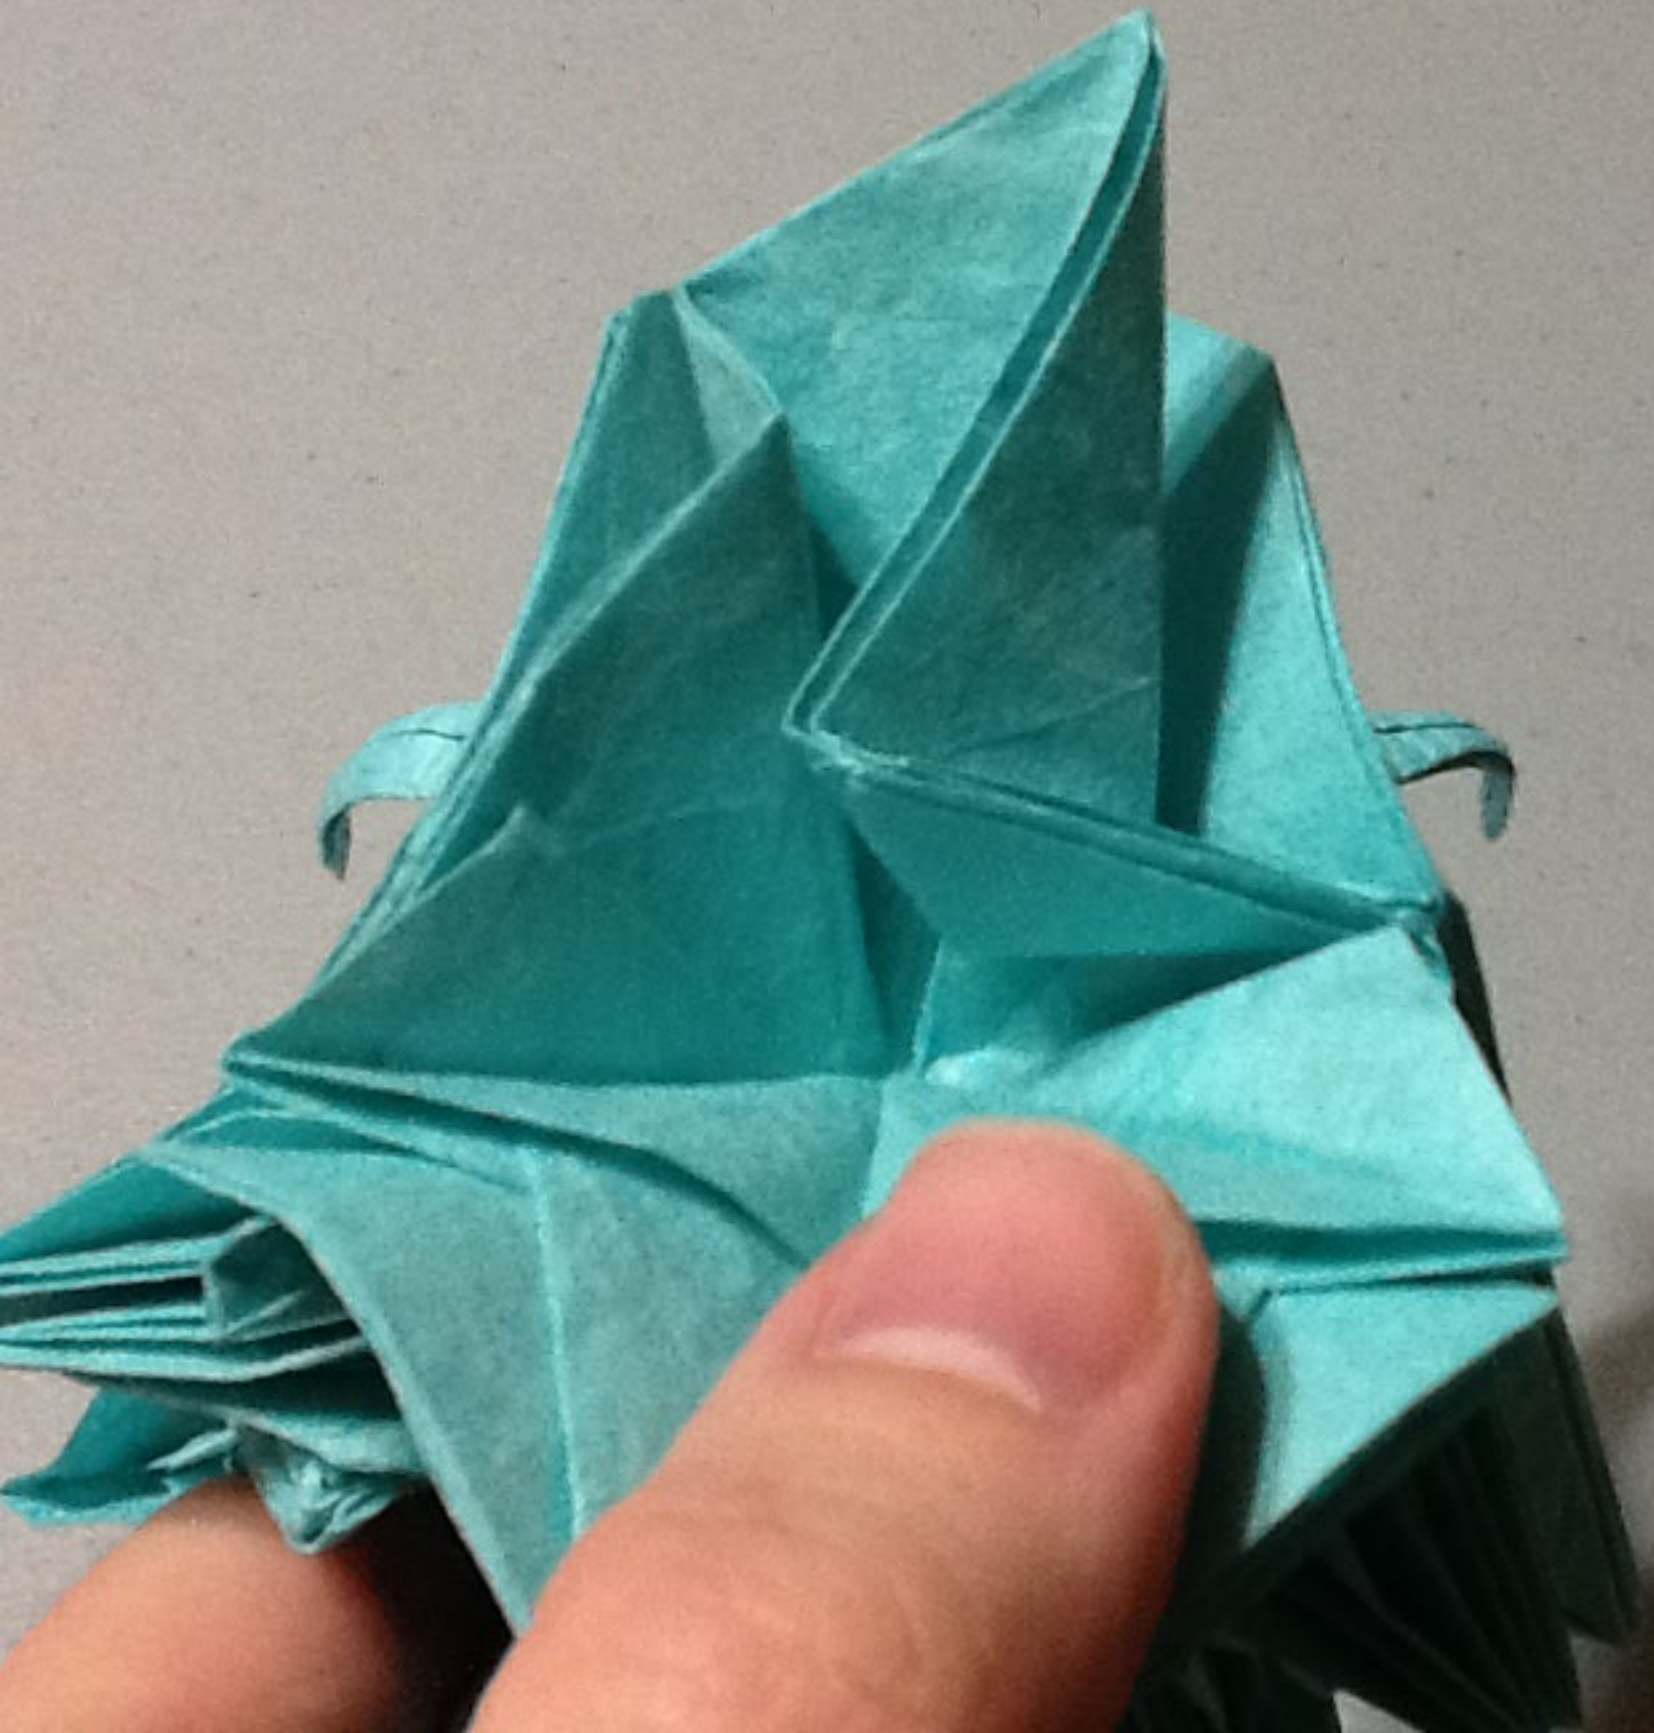

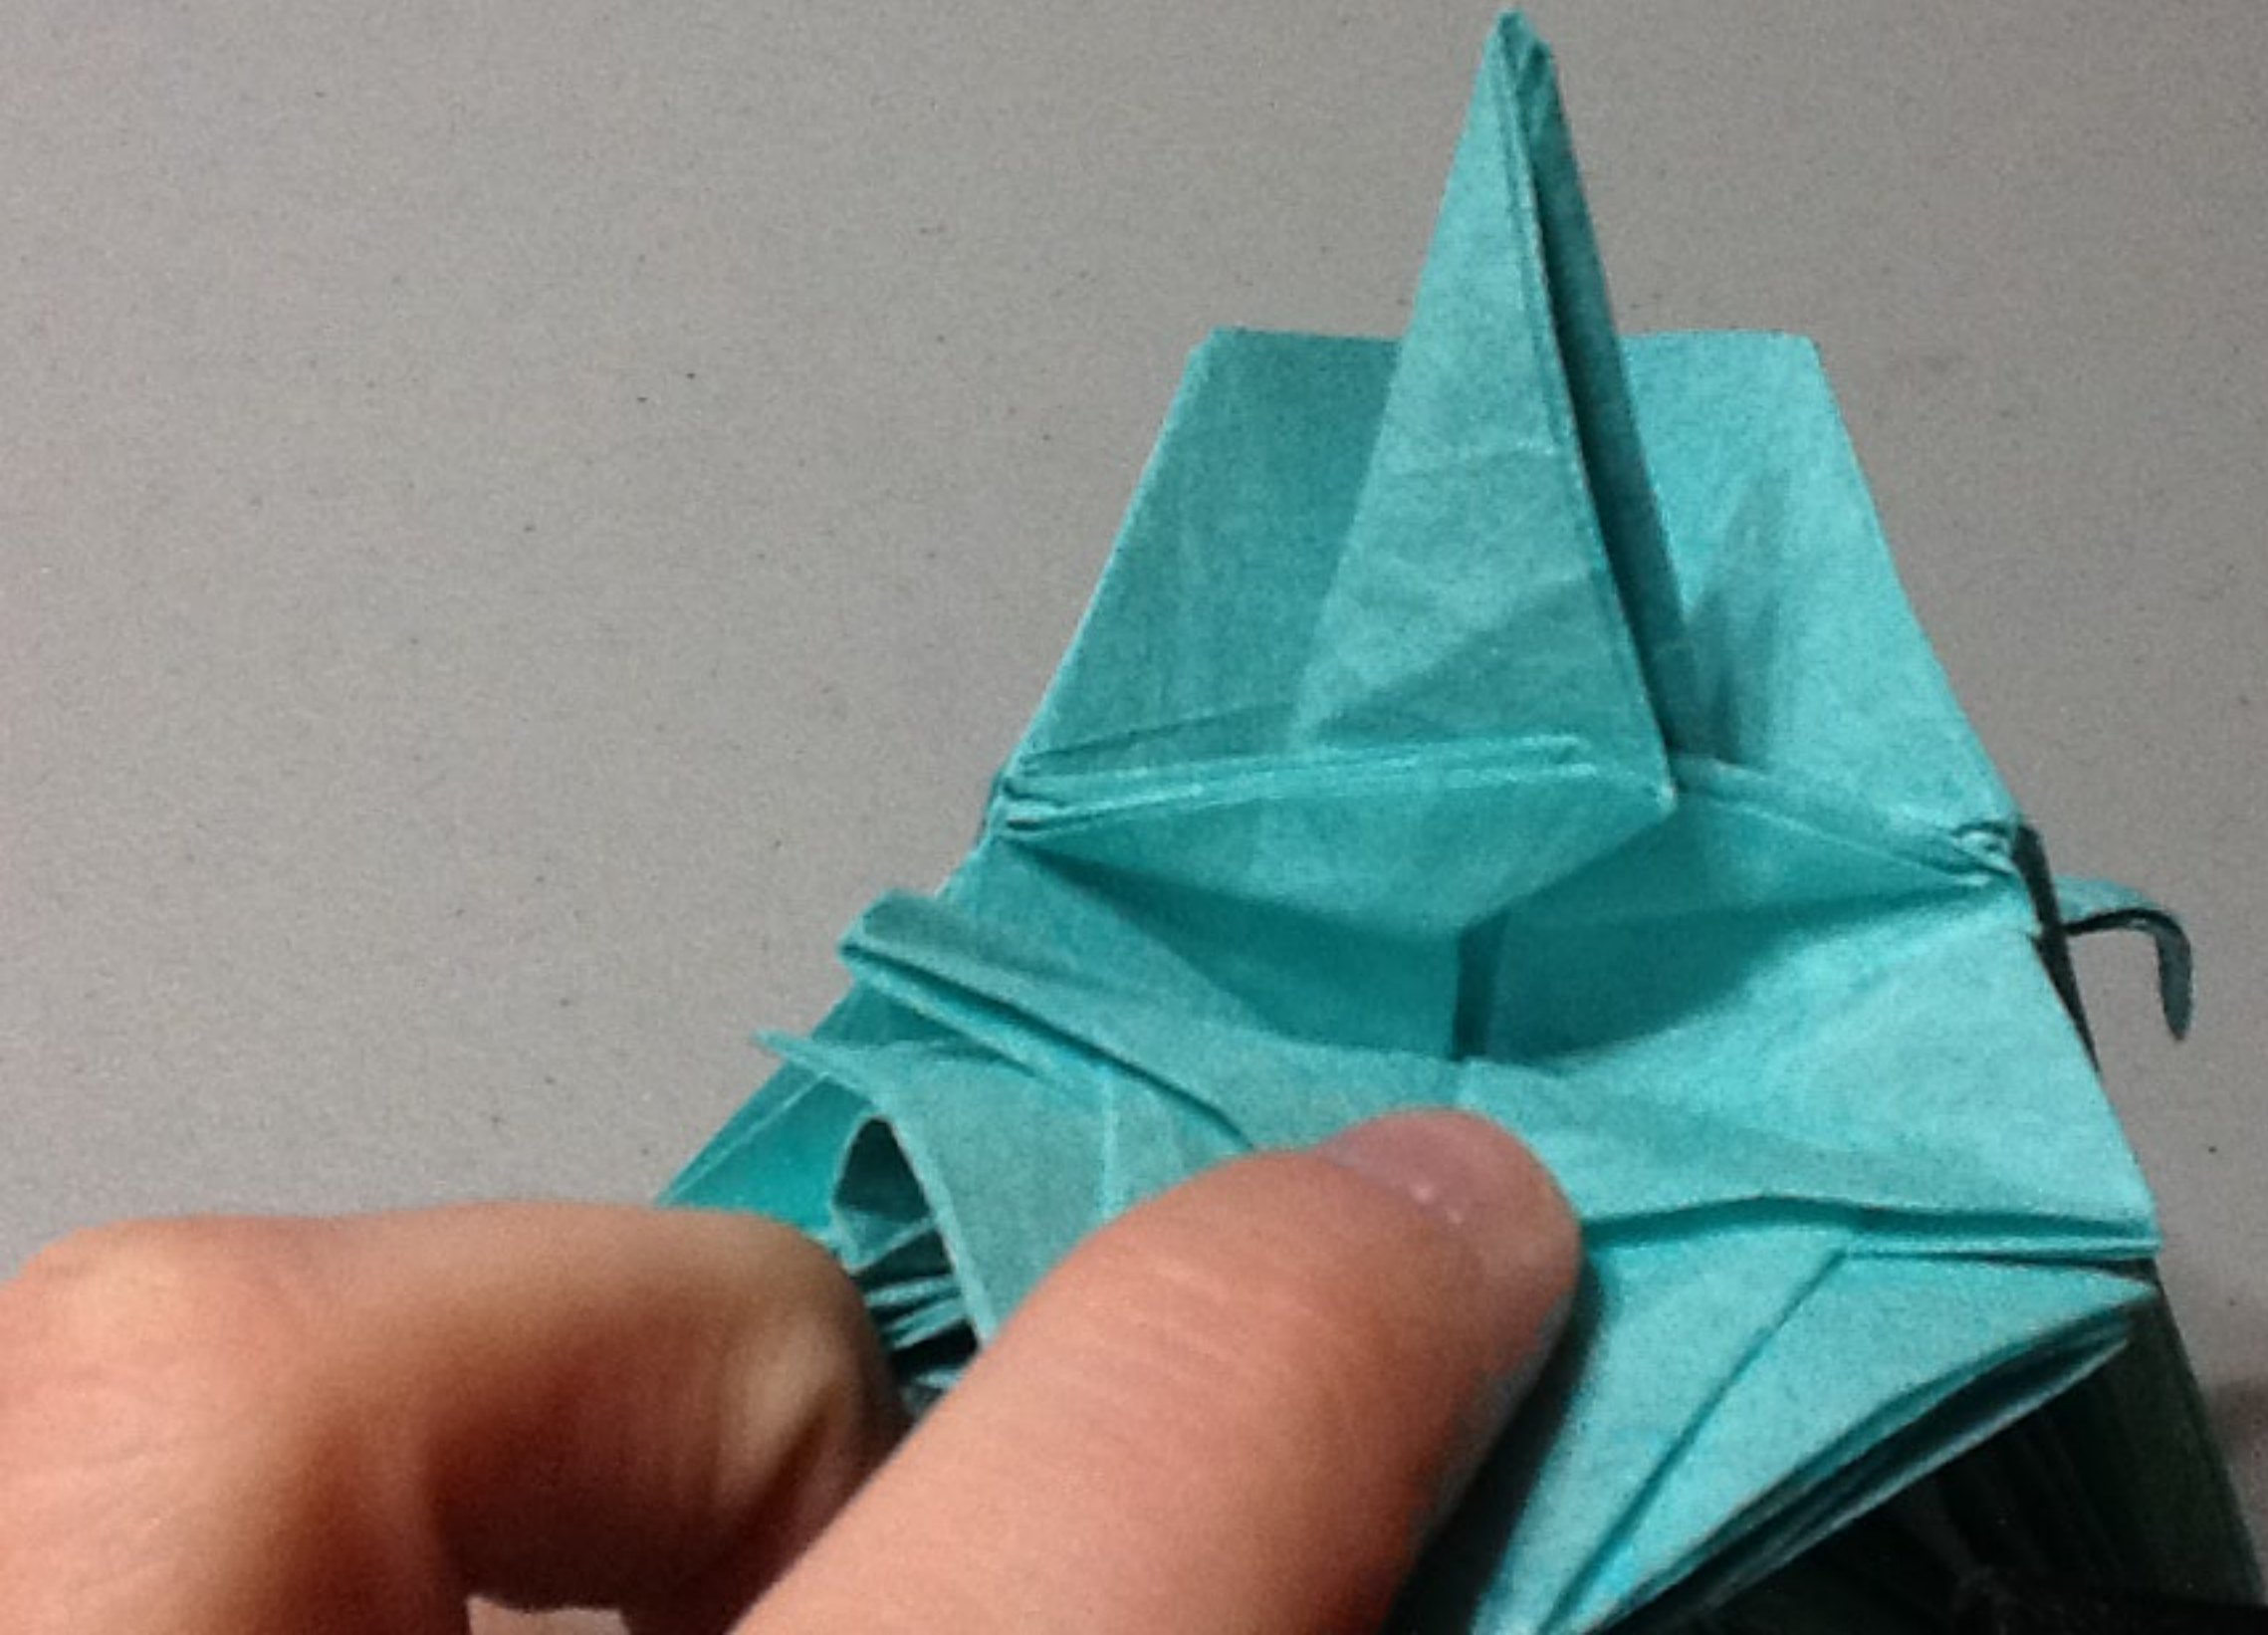

MVC

Underneath tongue-

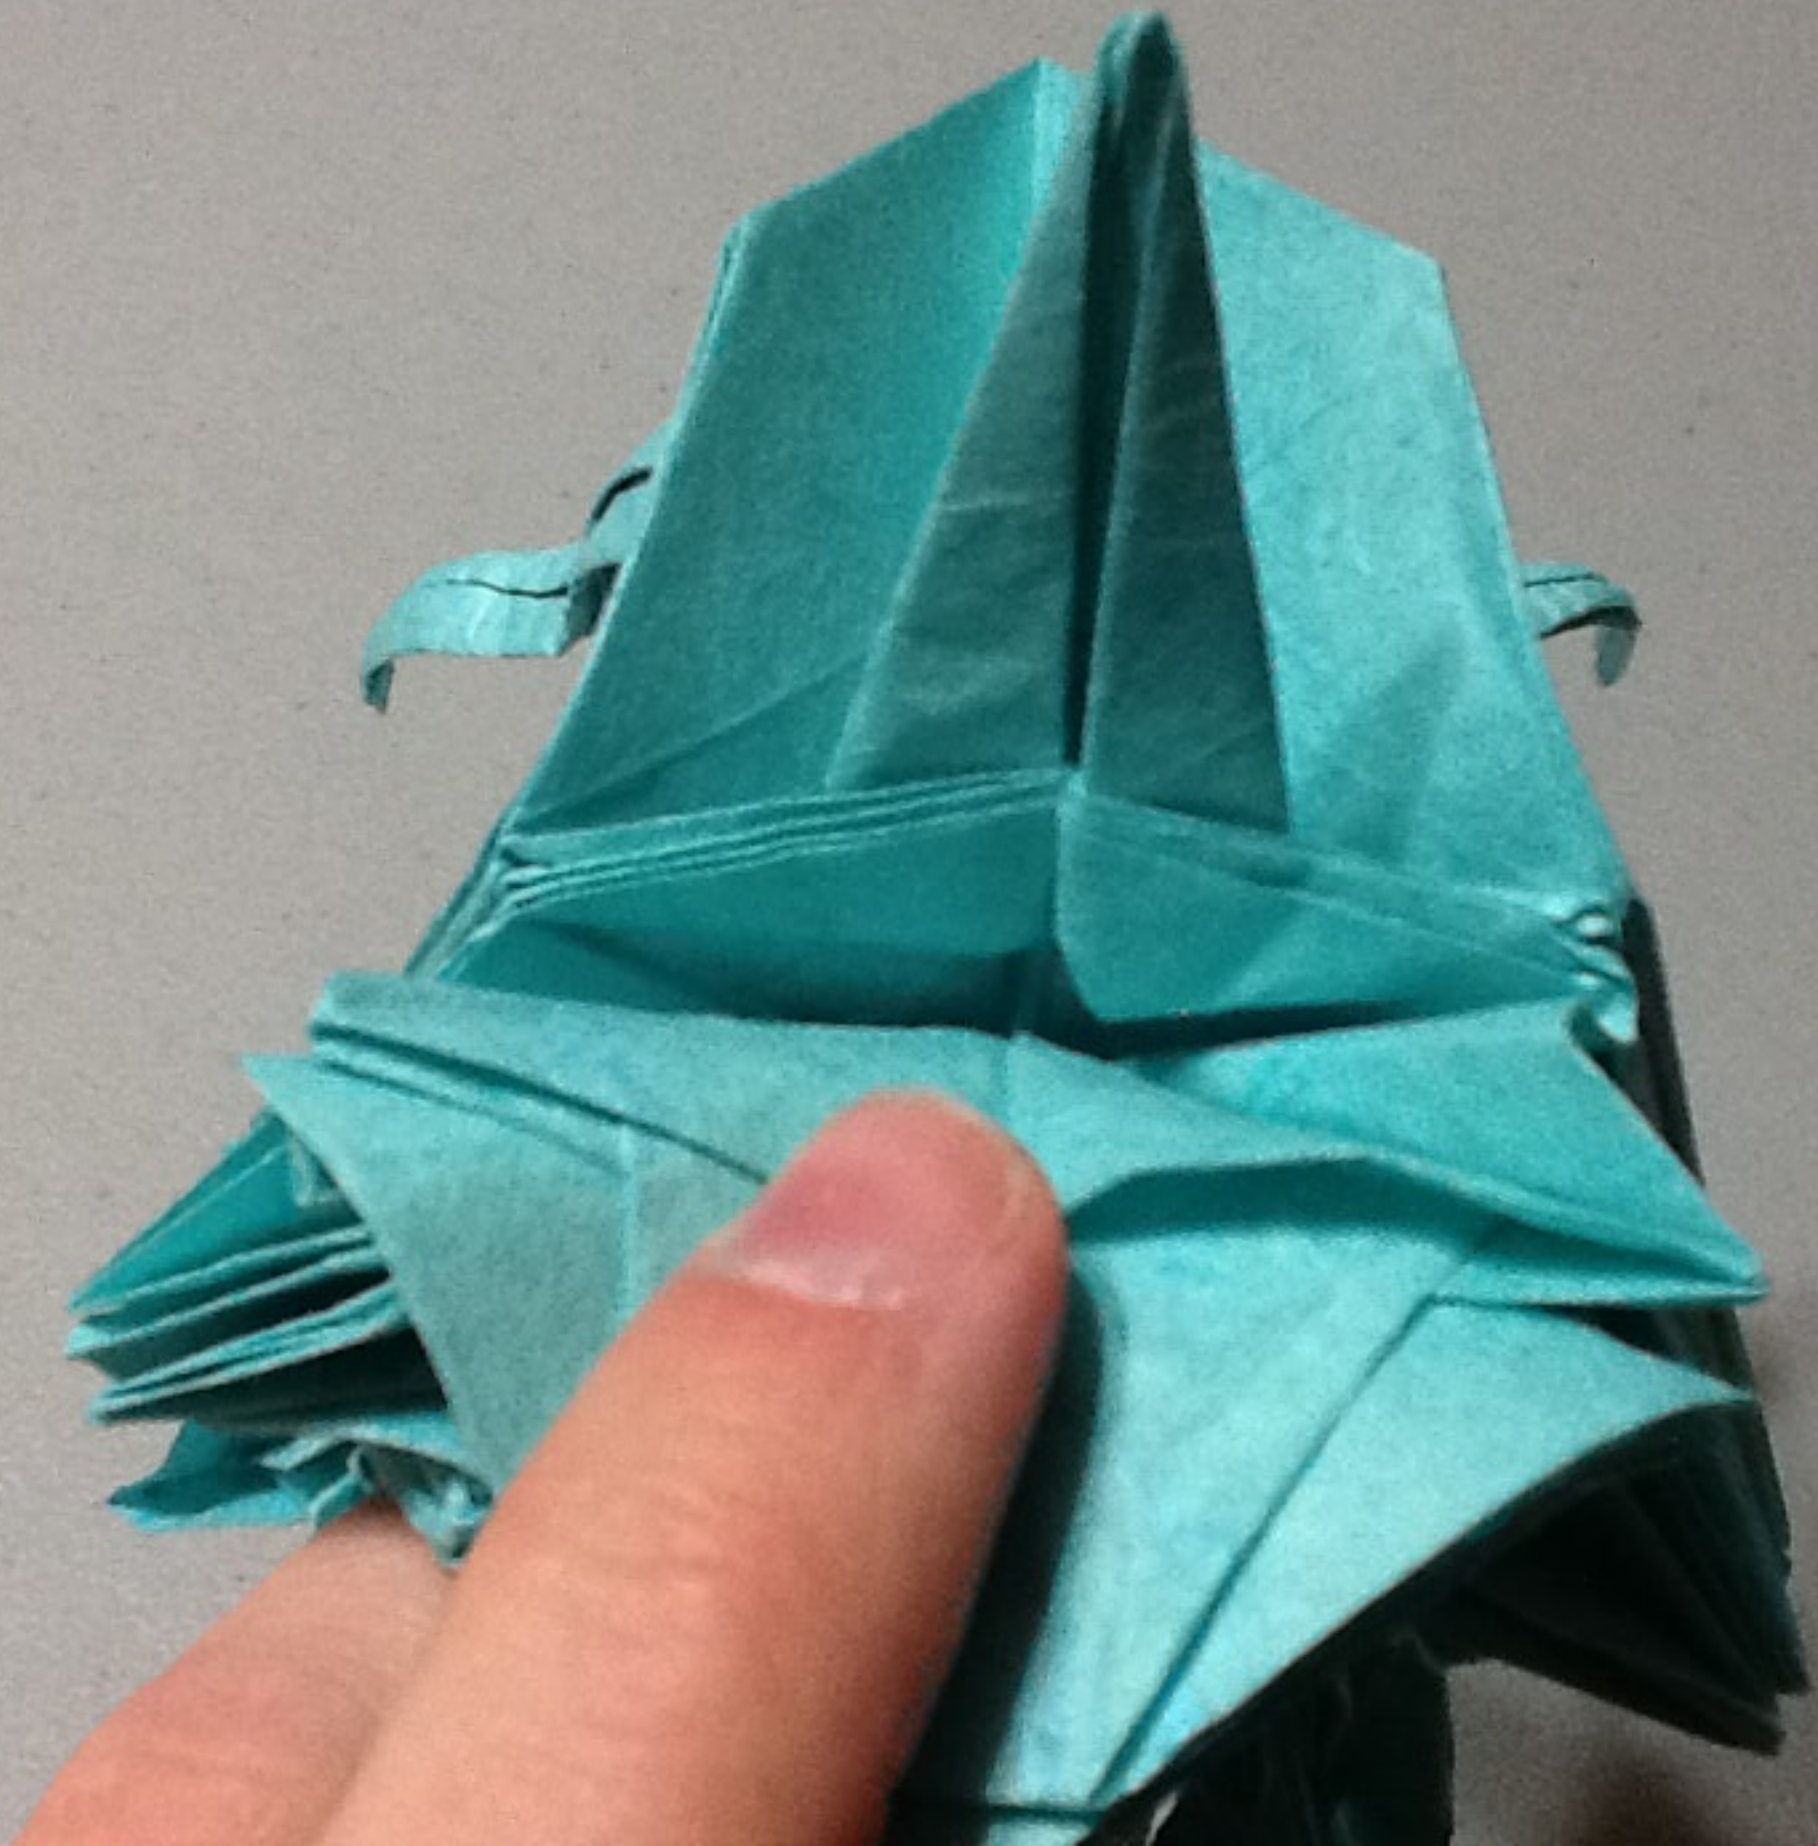

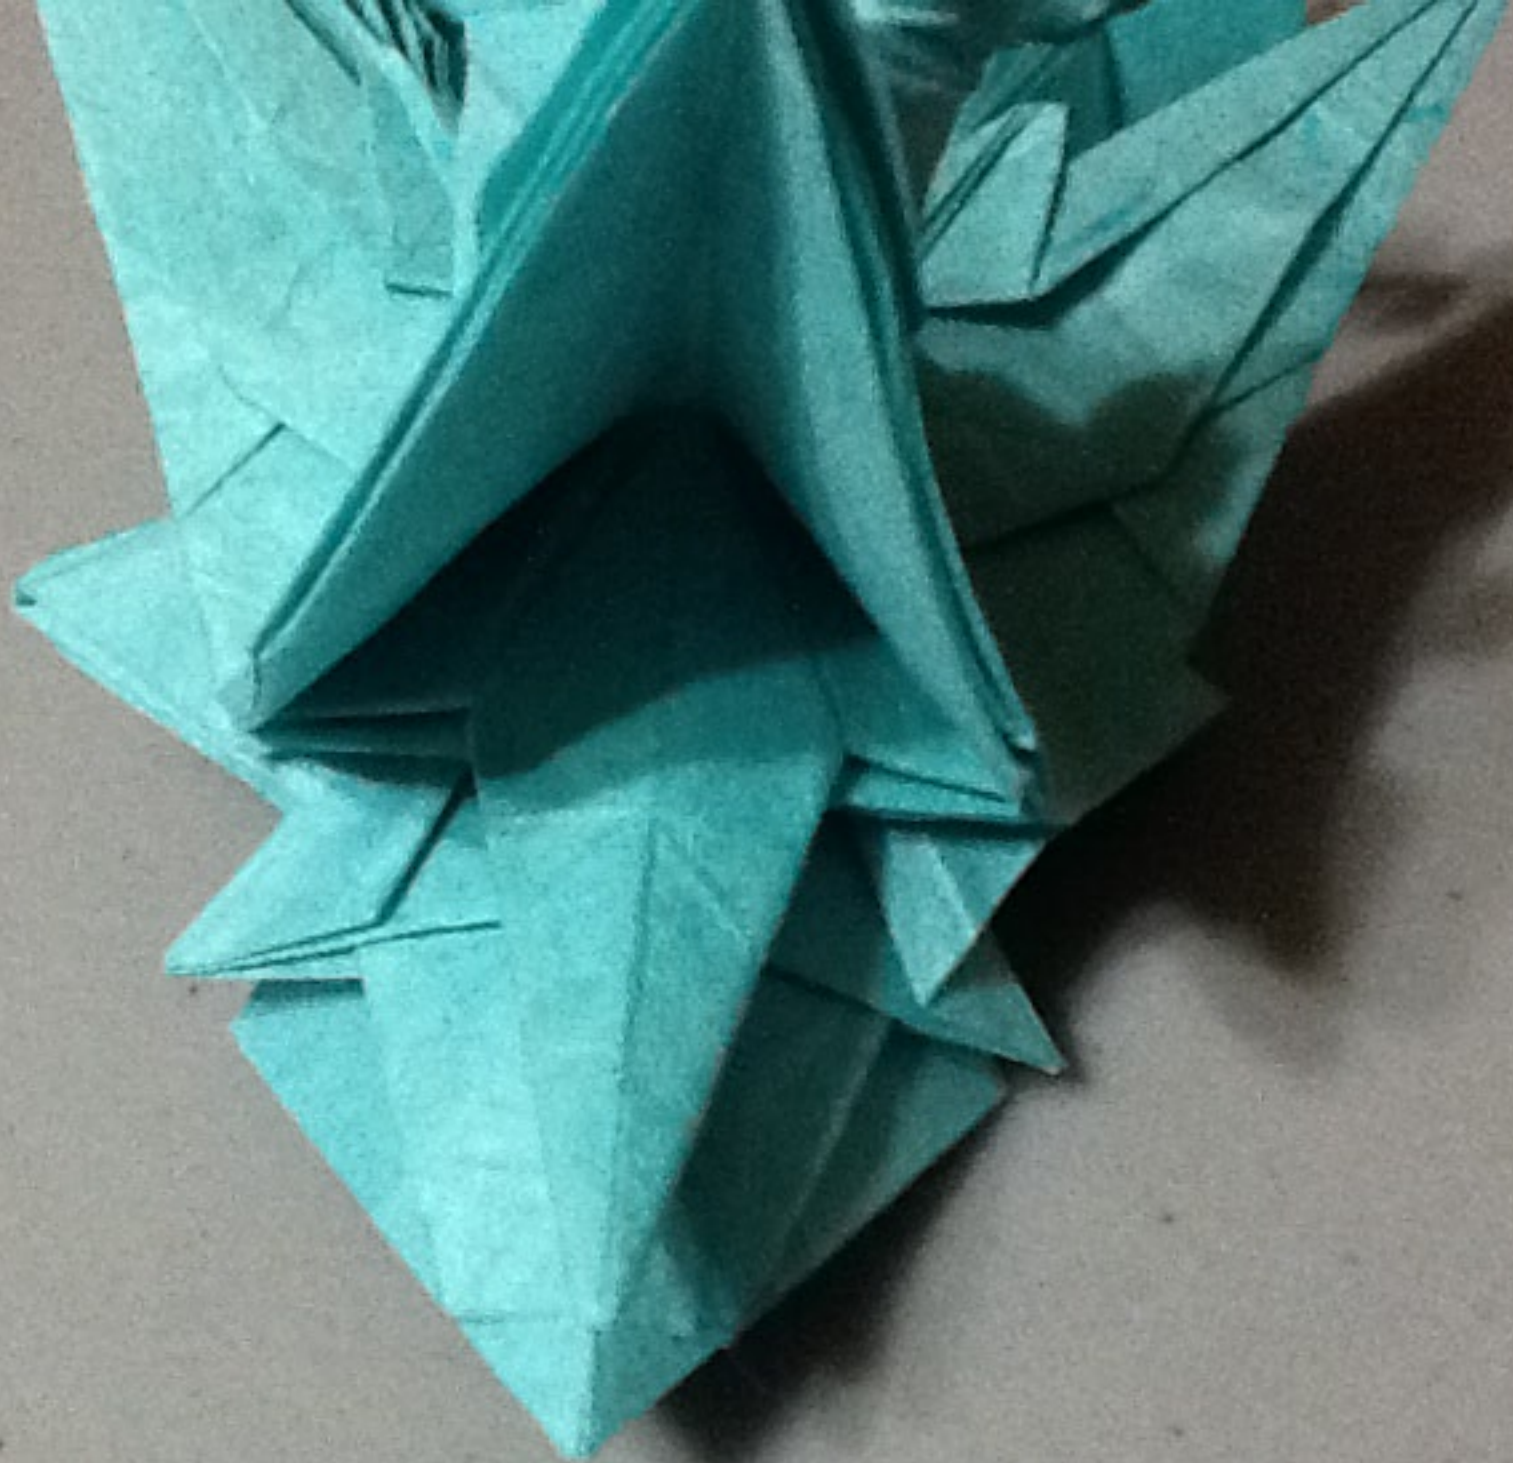

MVC

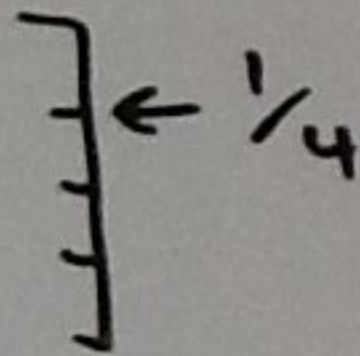

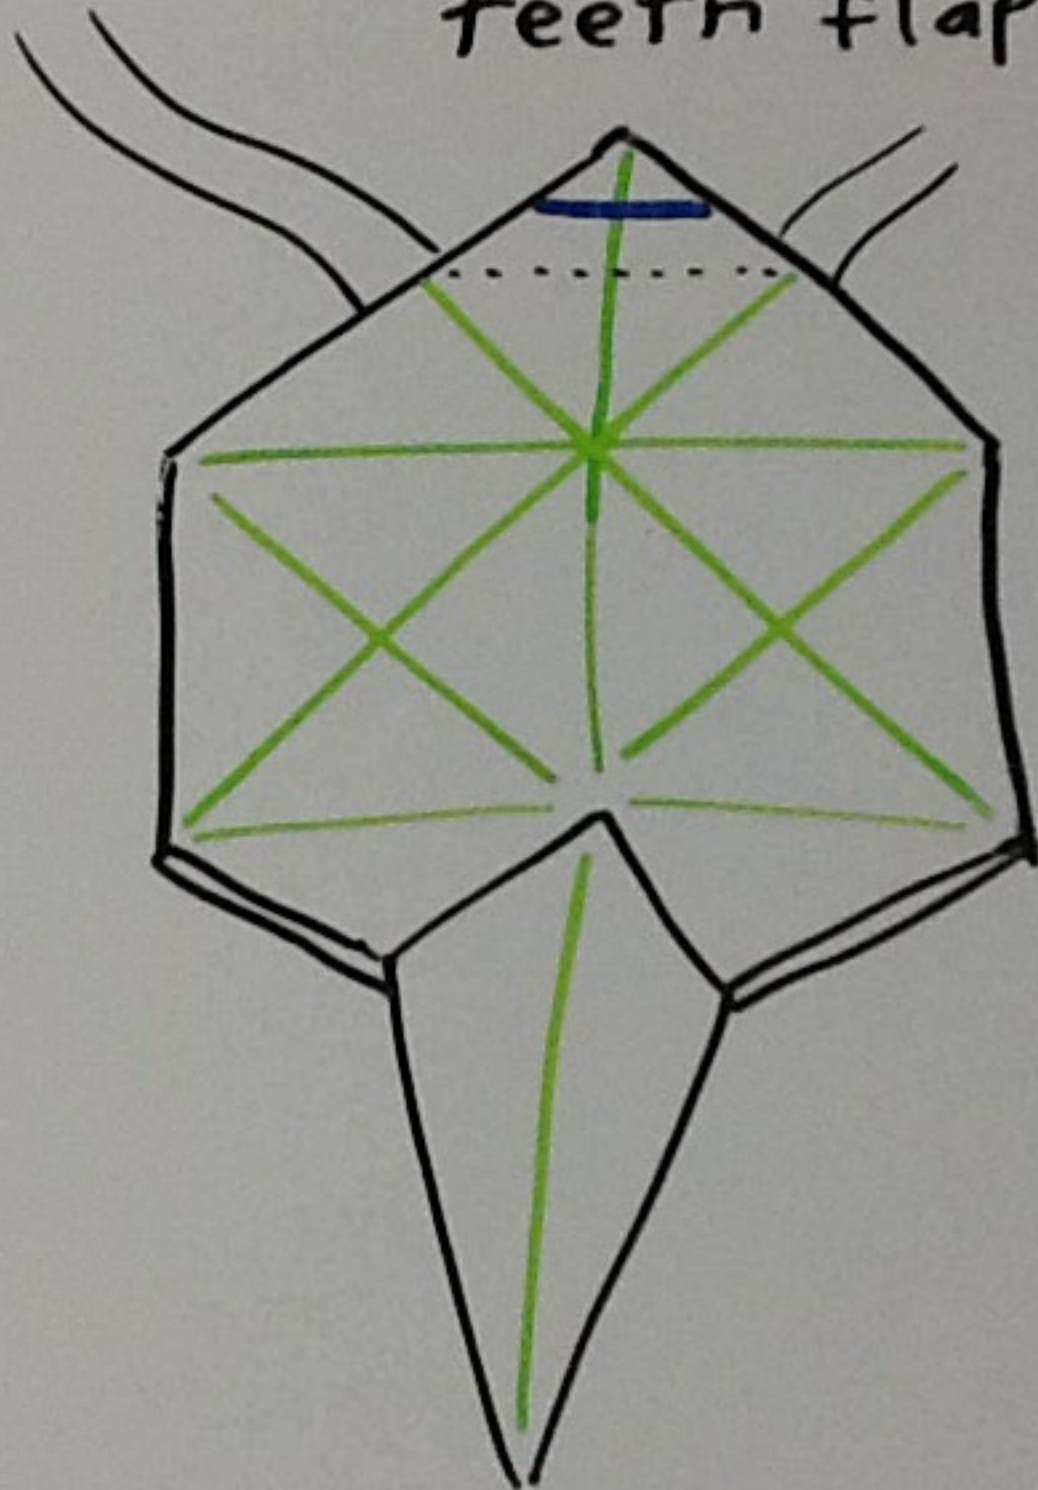

Mountain fold  
both sides

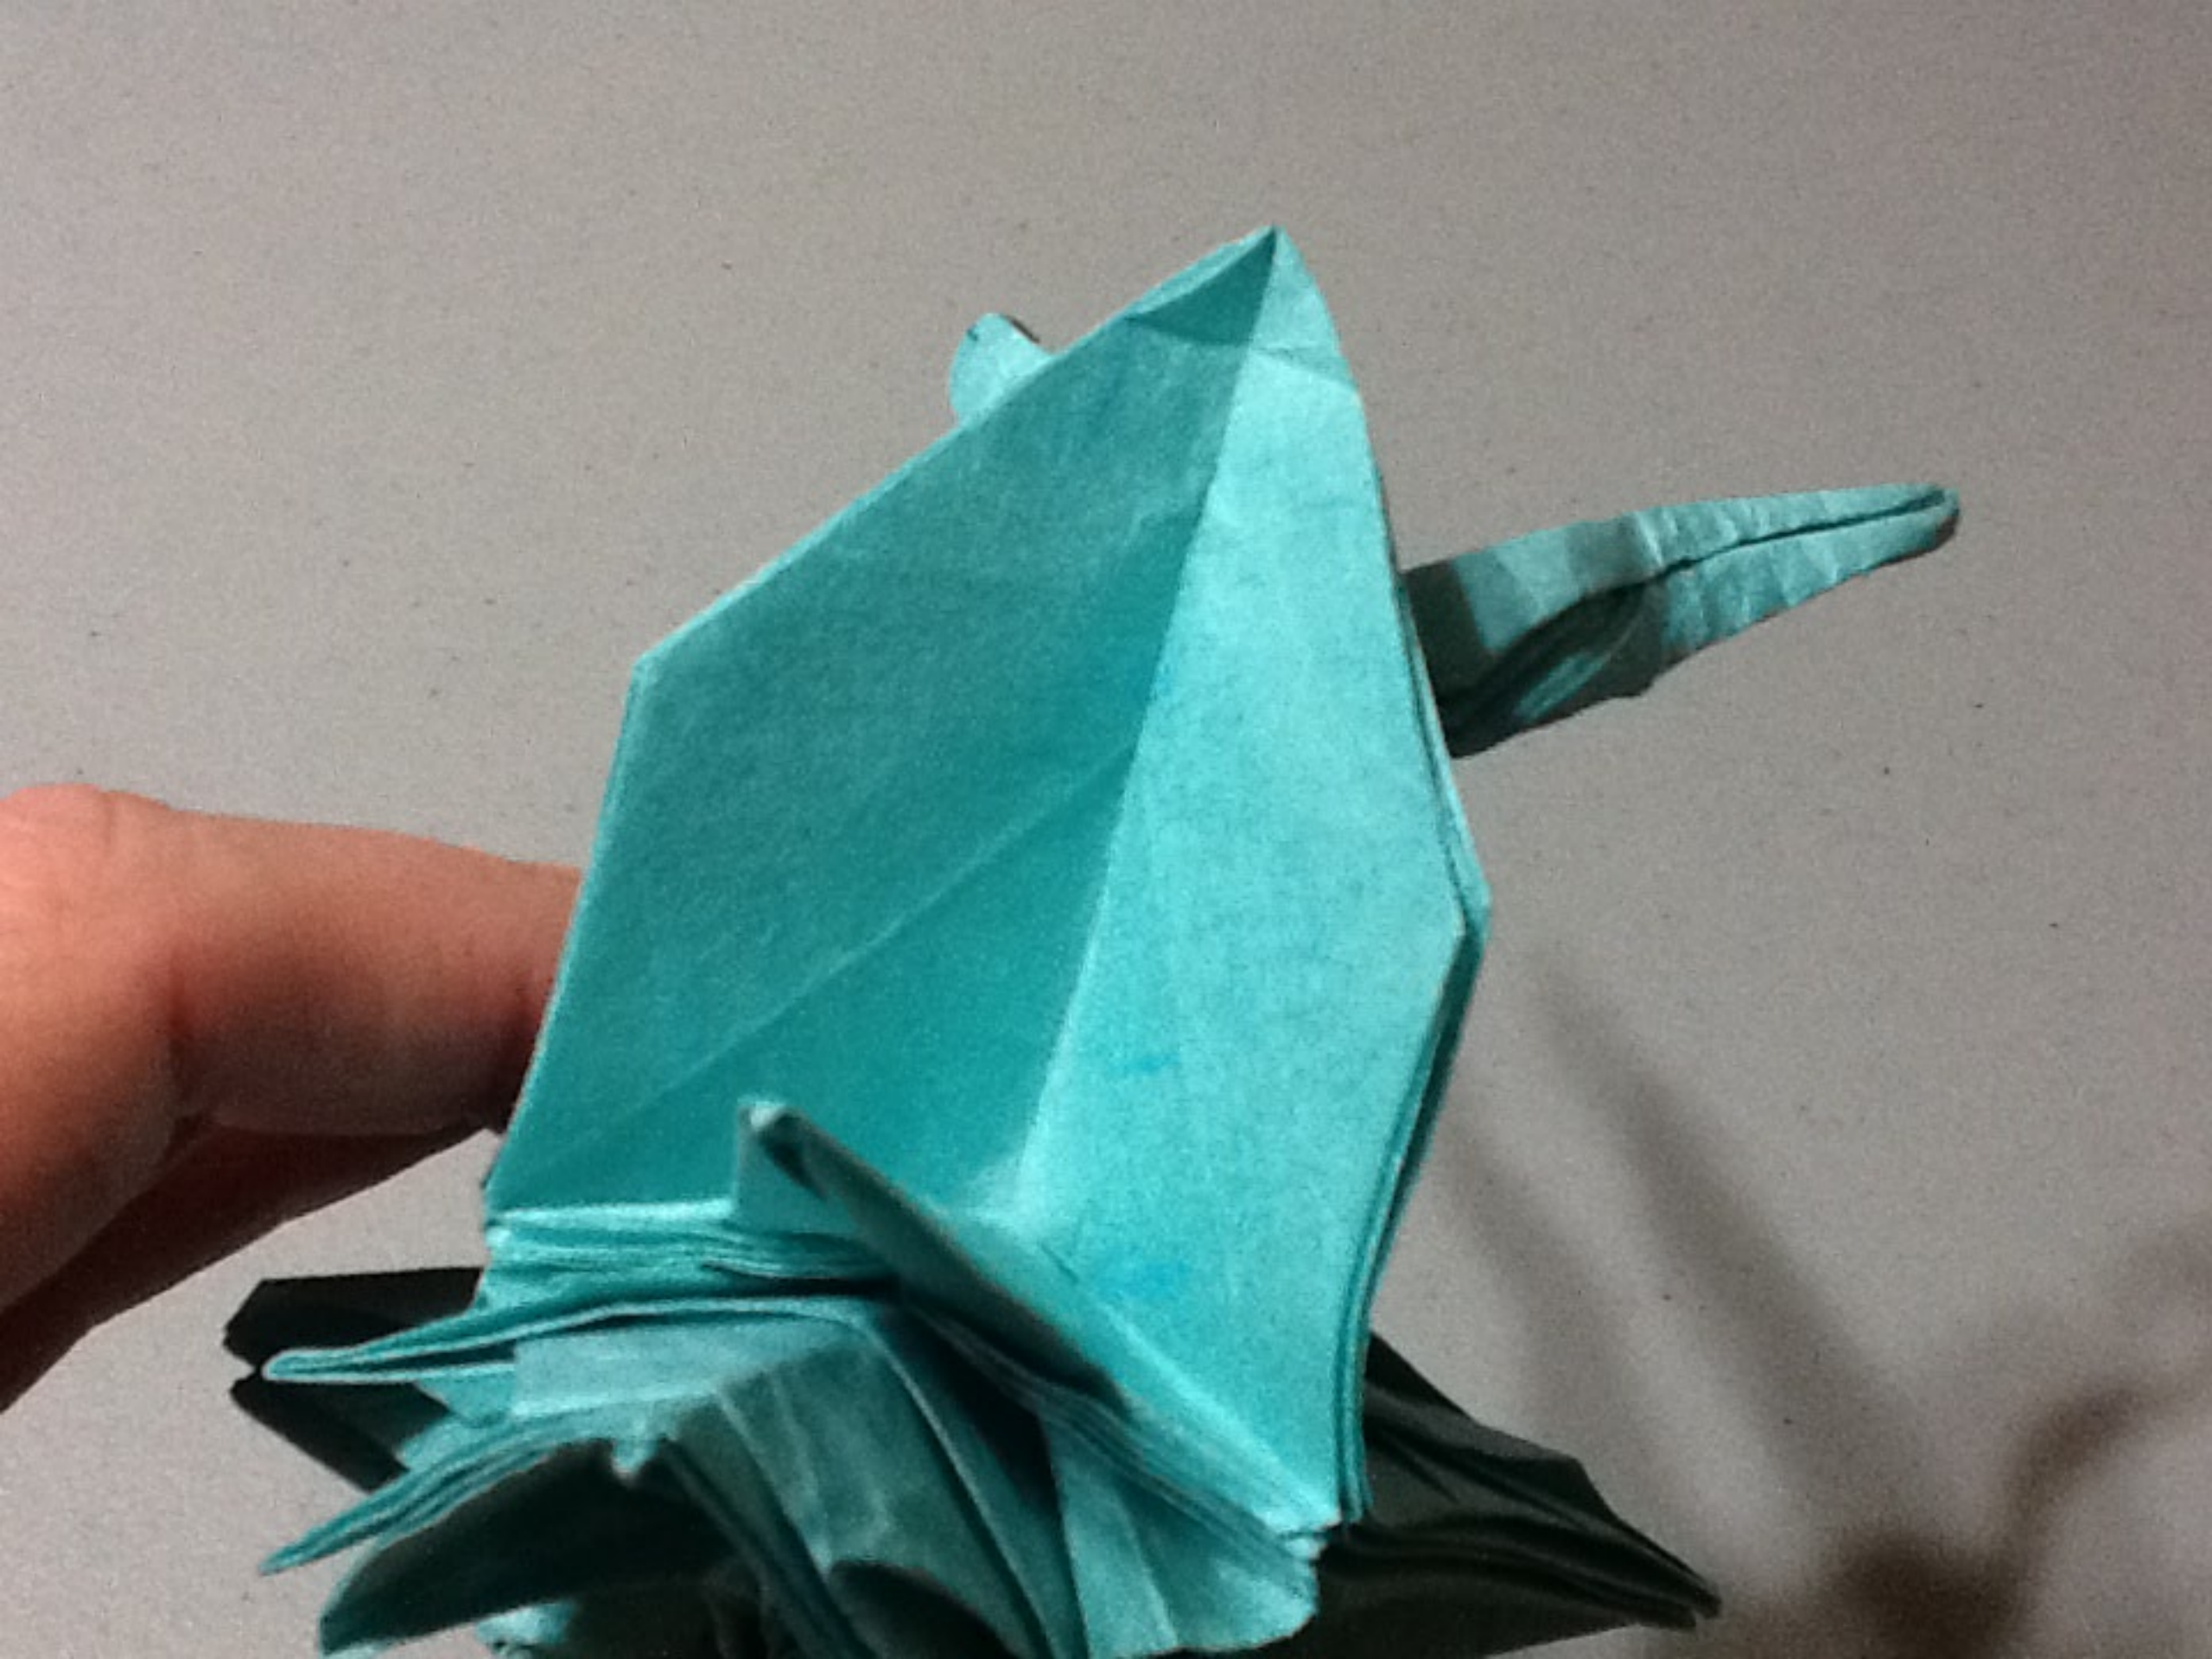

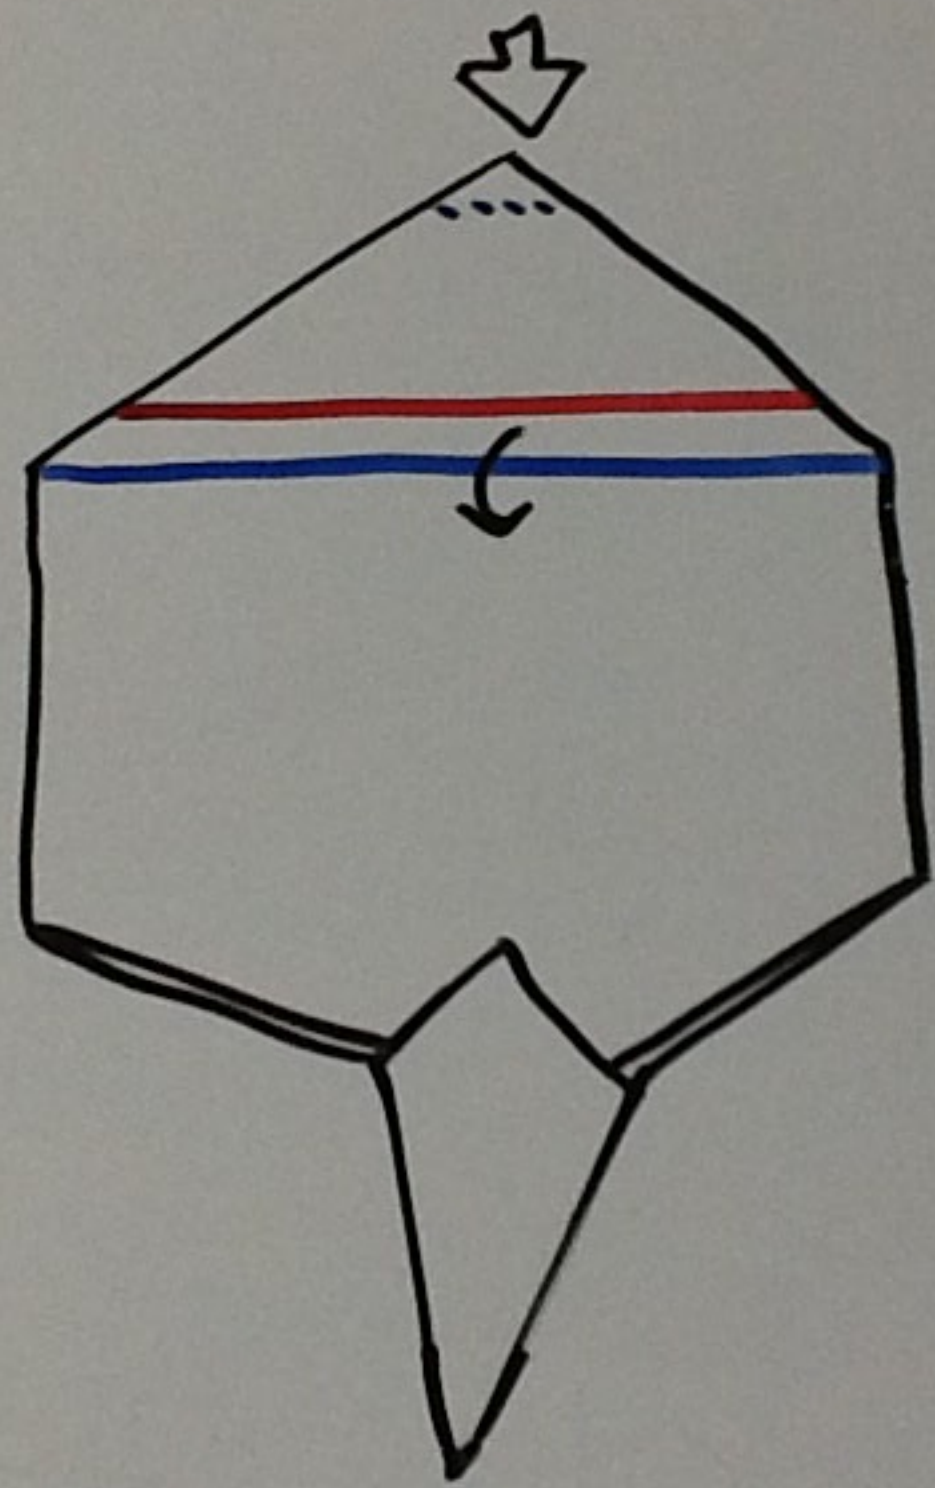

MVC

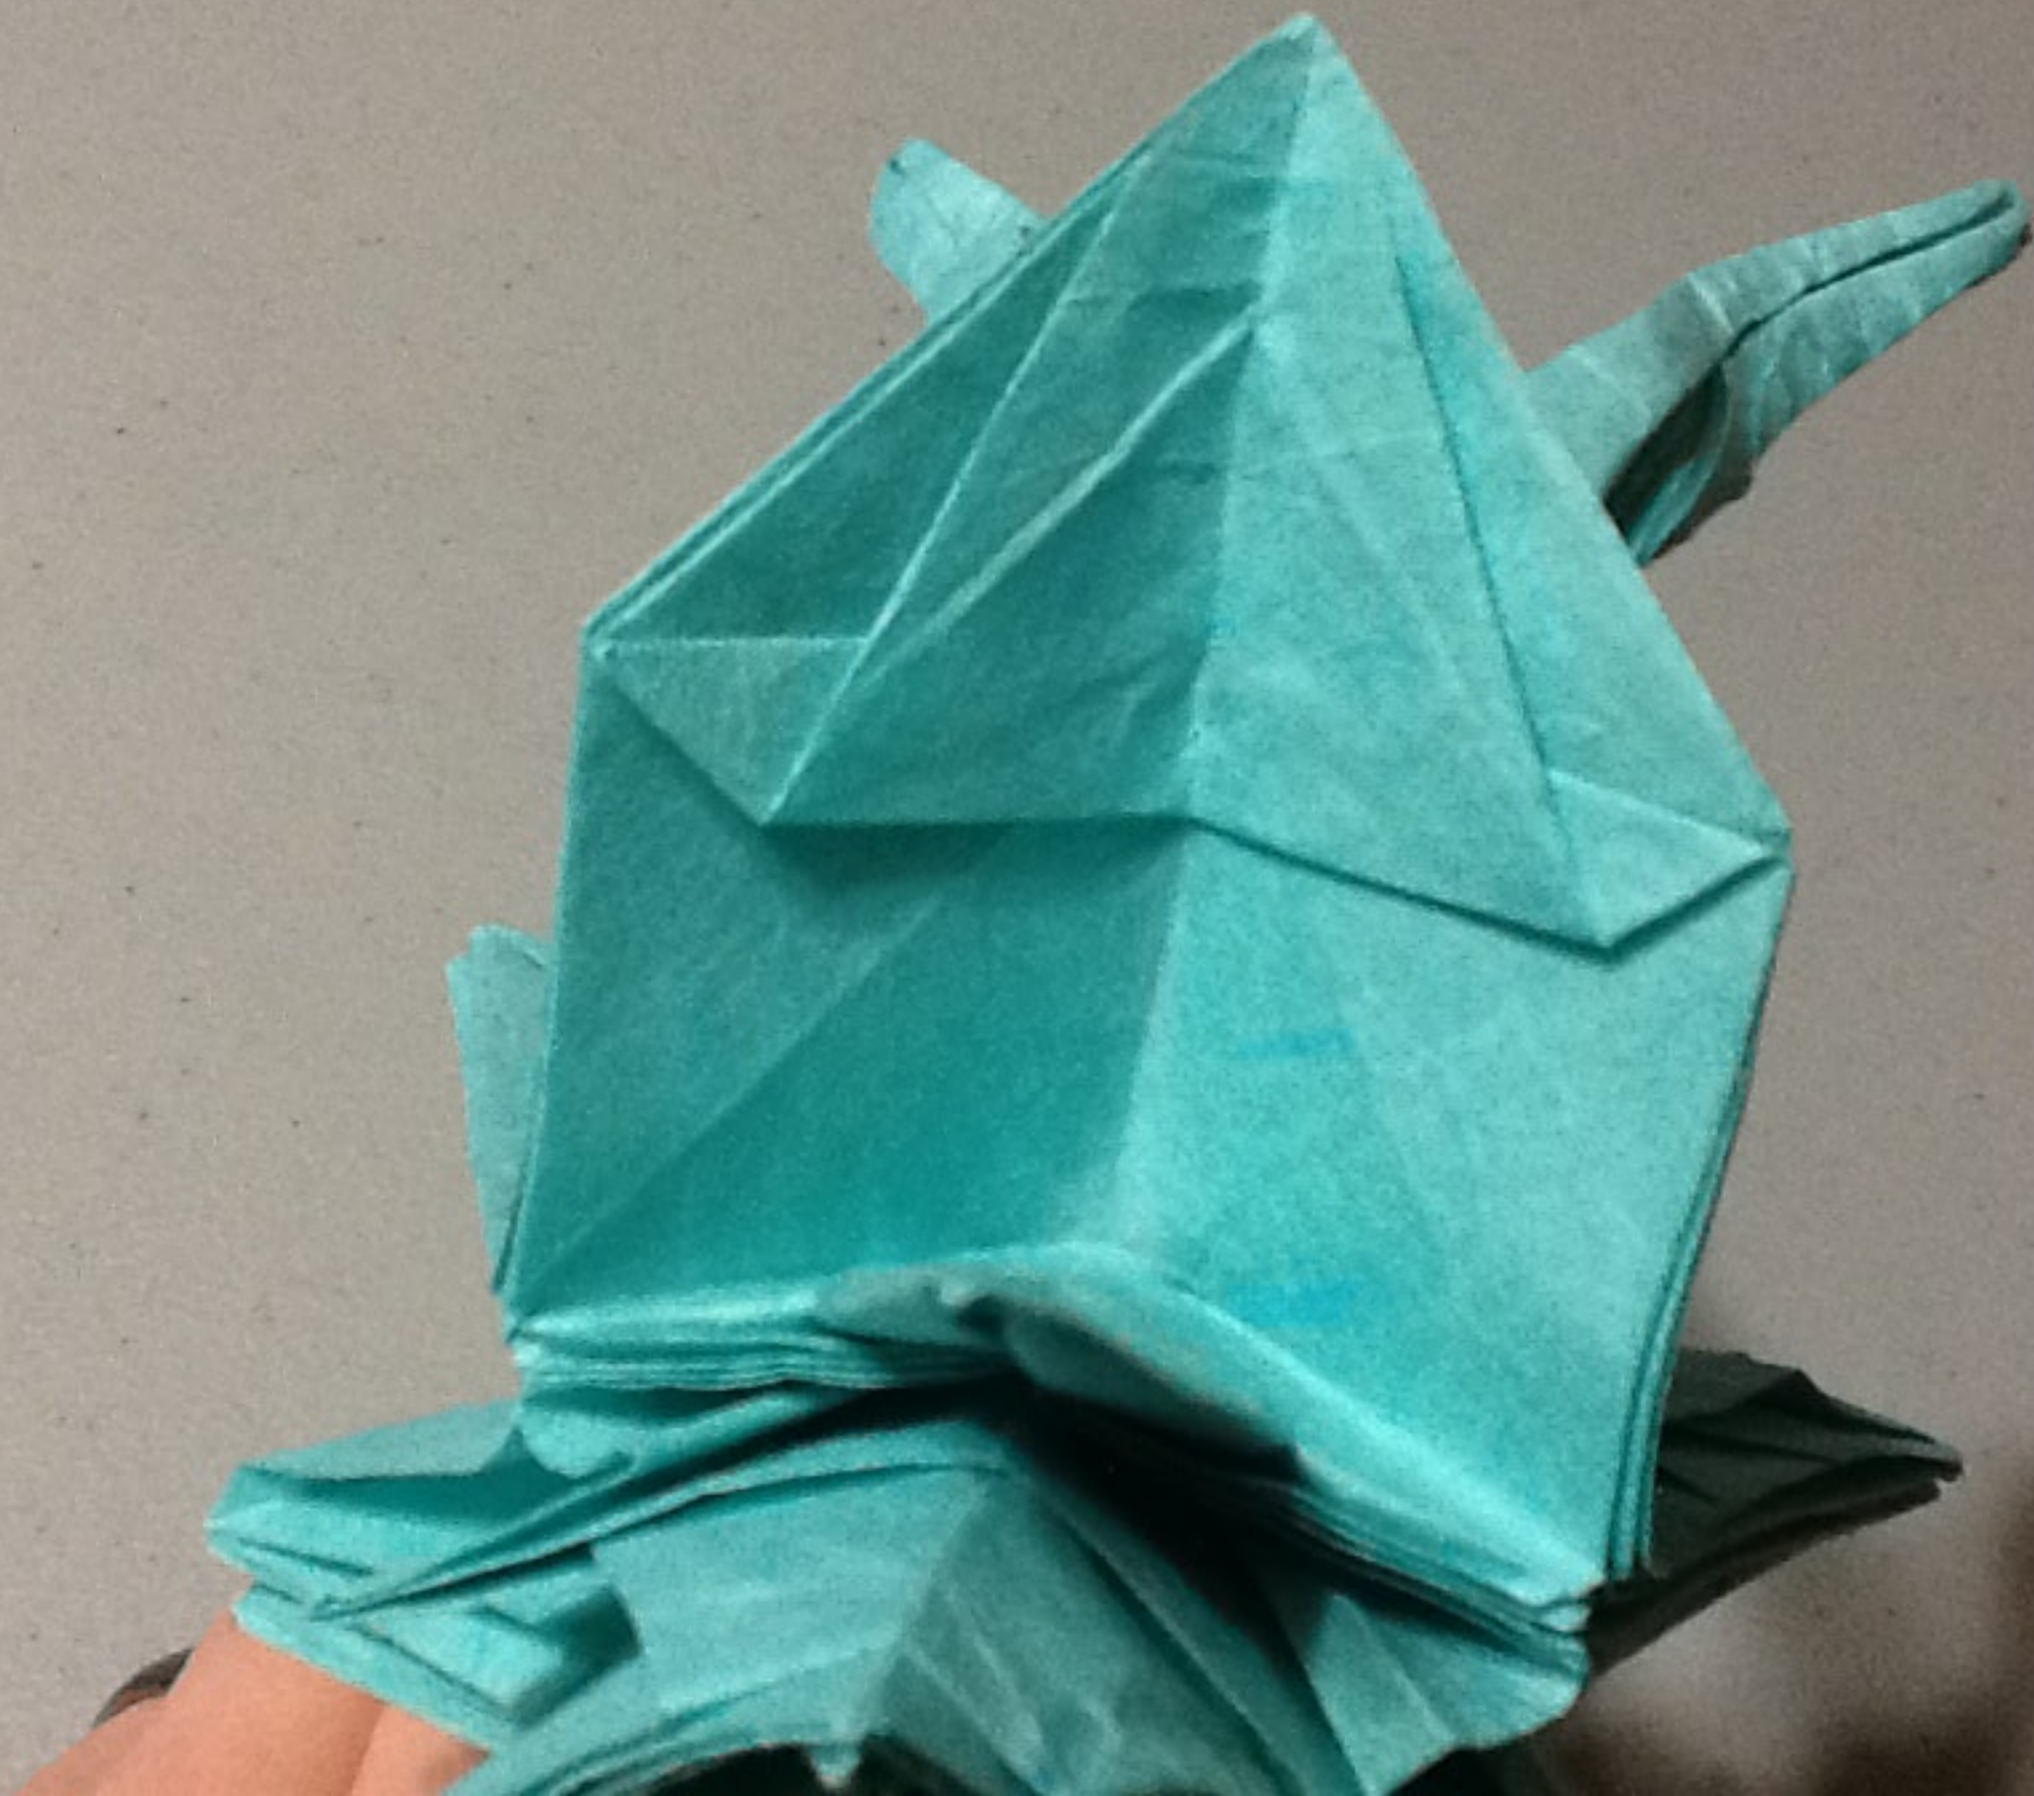

crease upper  
teeth flap

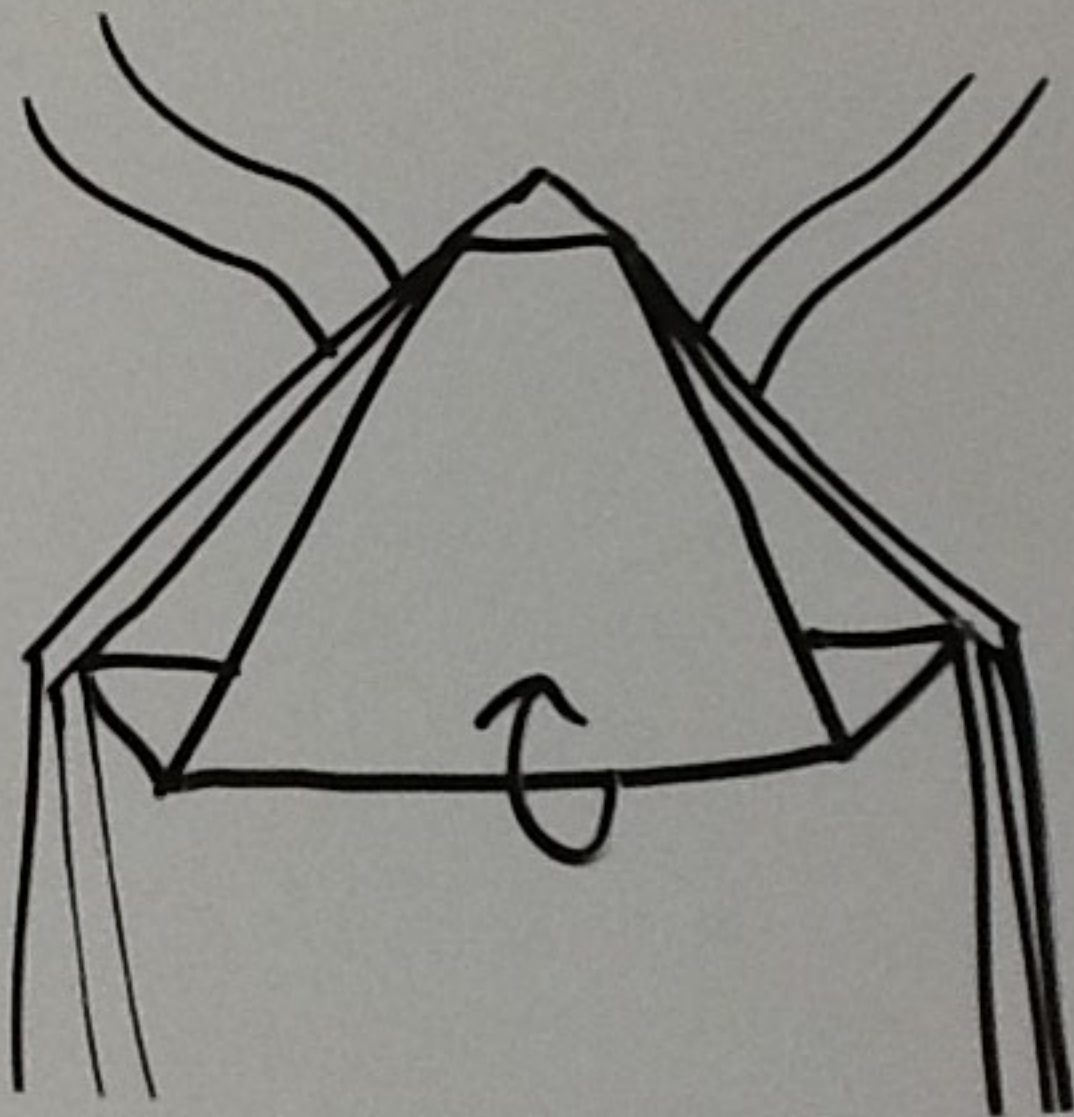

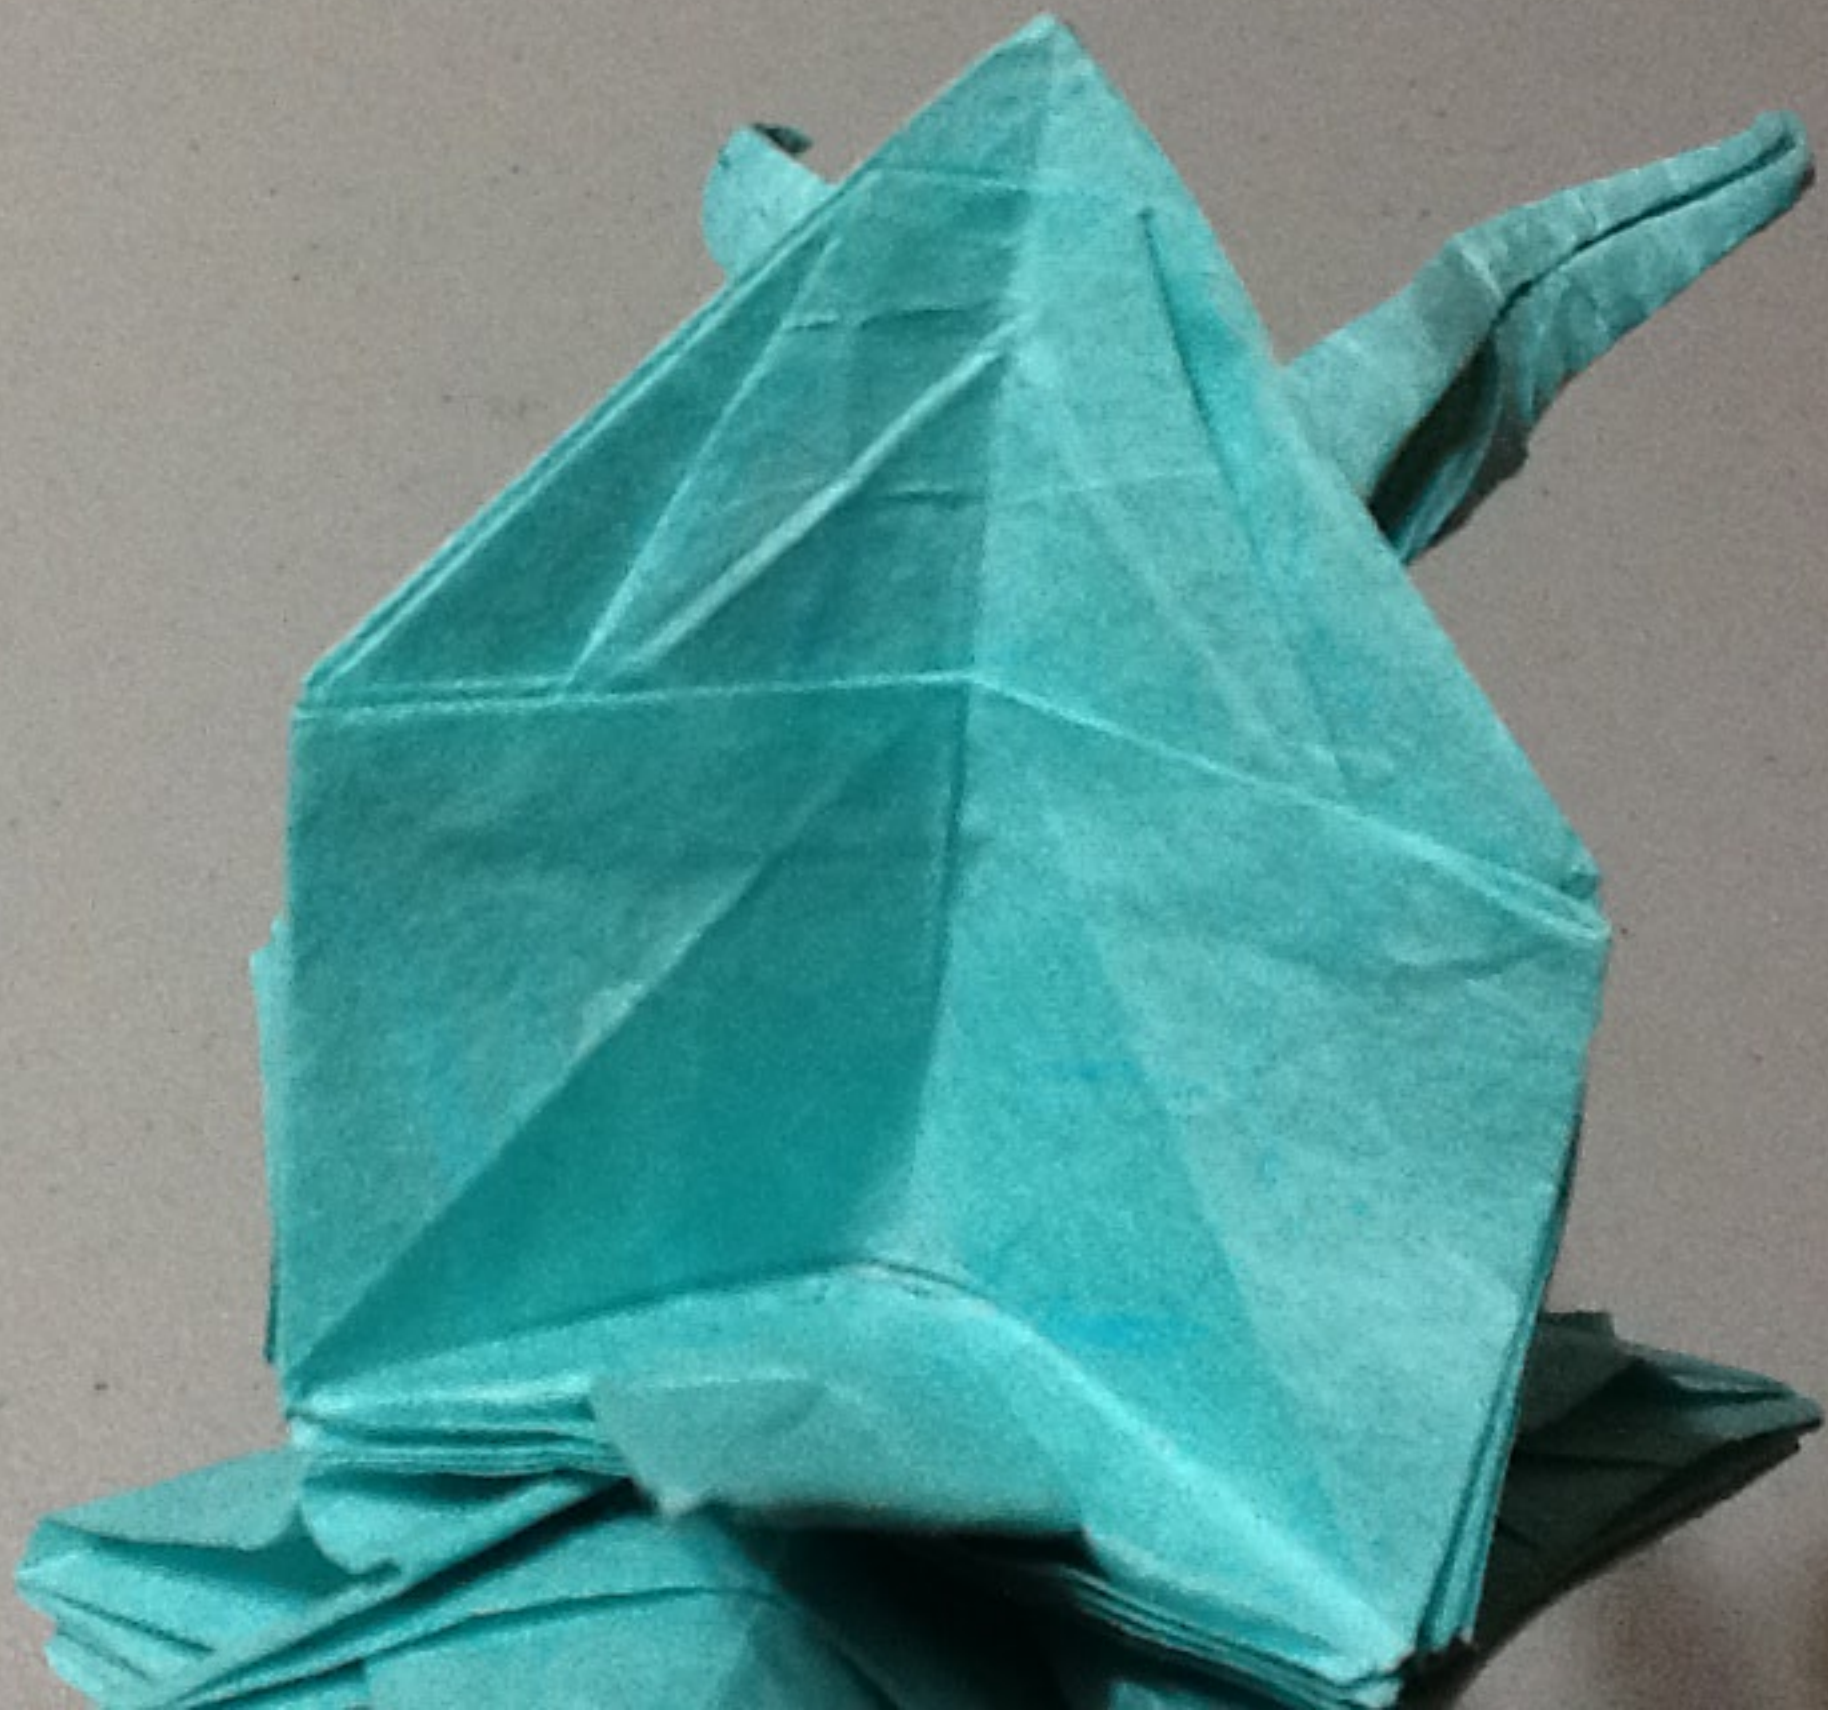

MVC

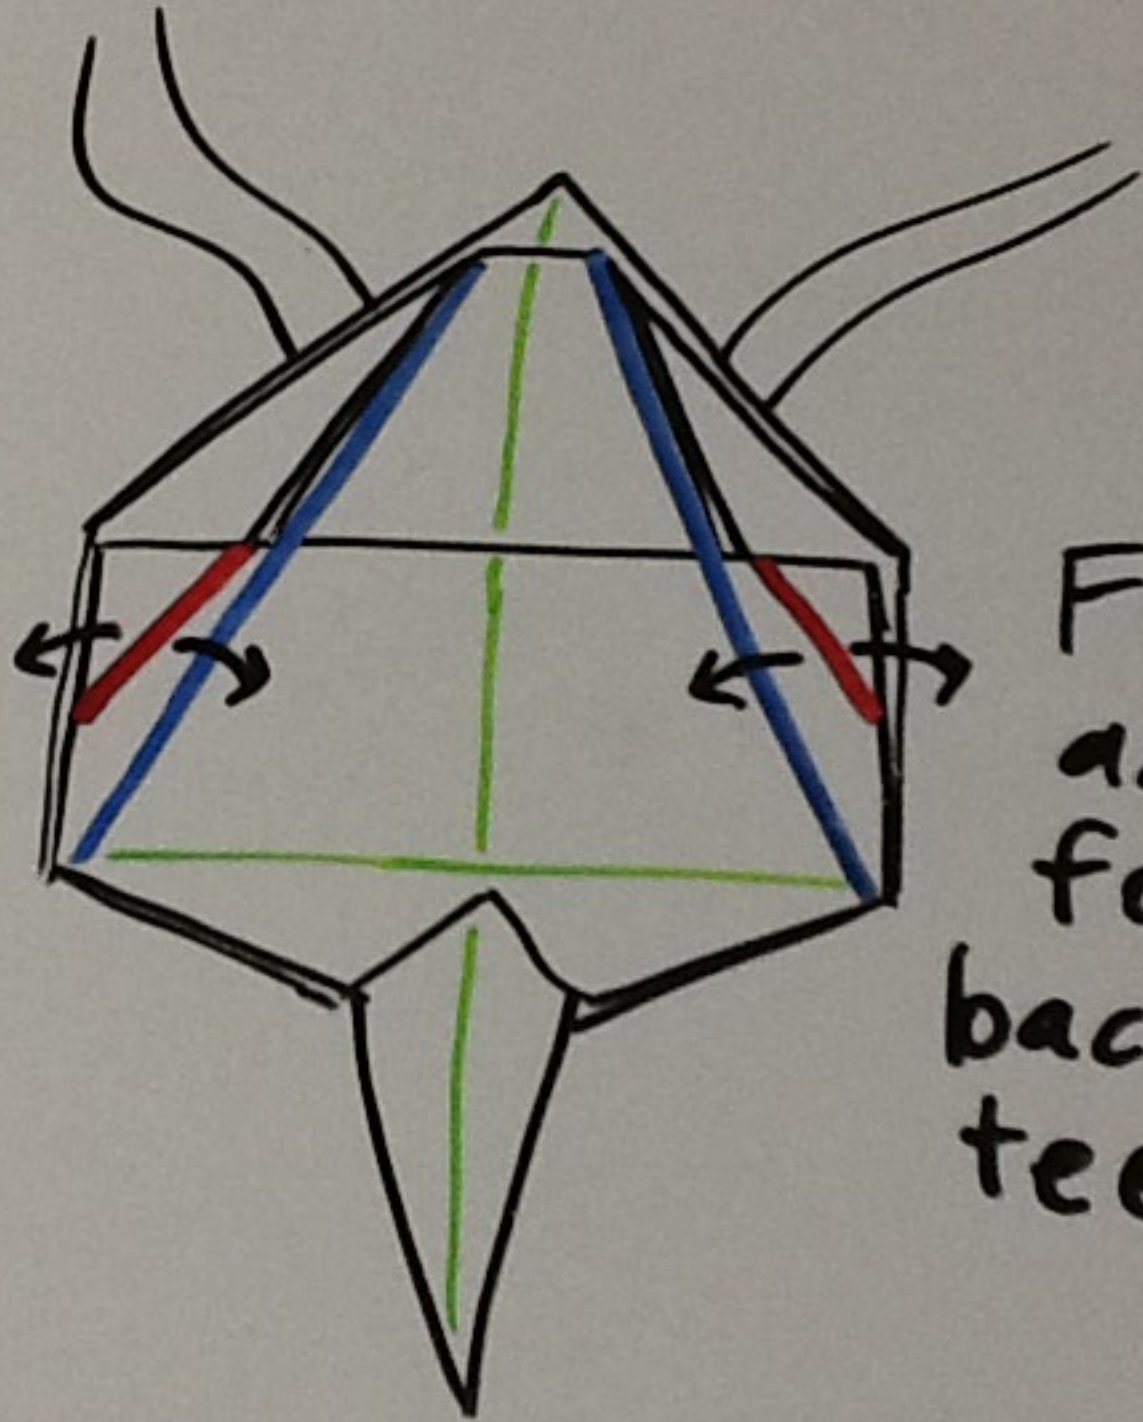

MVC

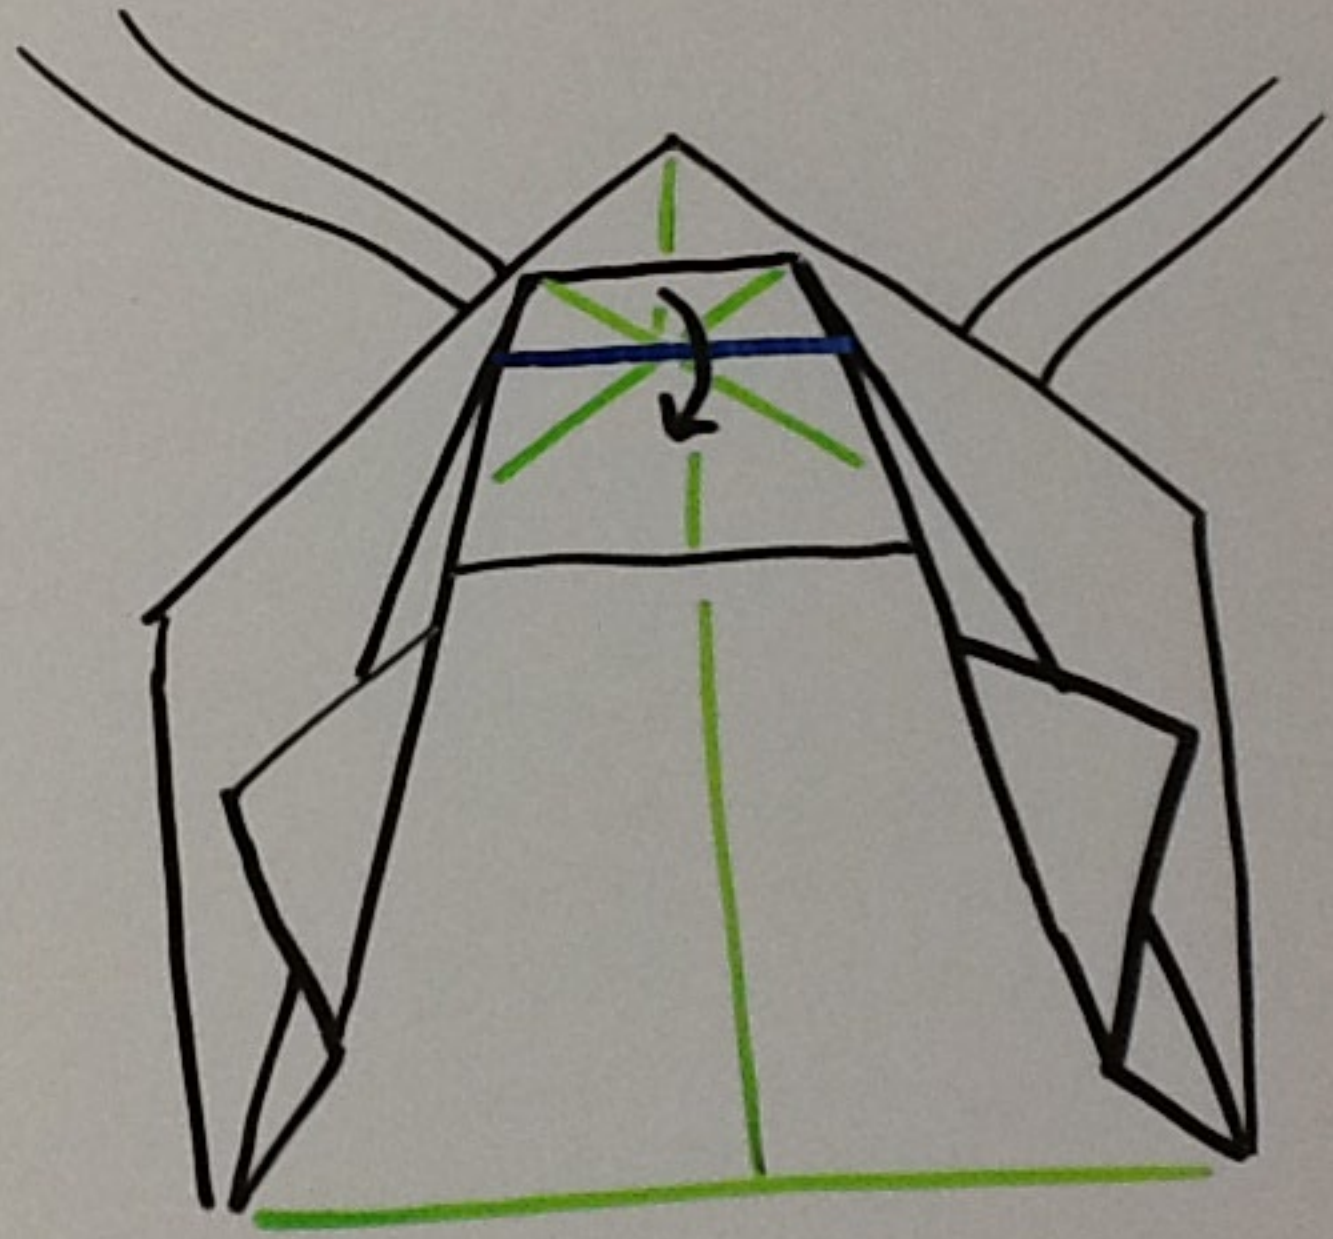

MVC

Fold in  
and out  
for  
back  
teeth

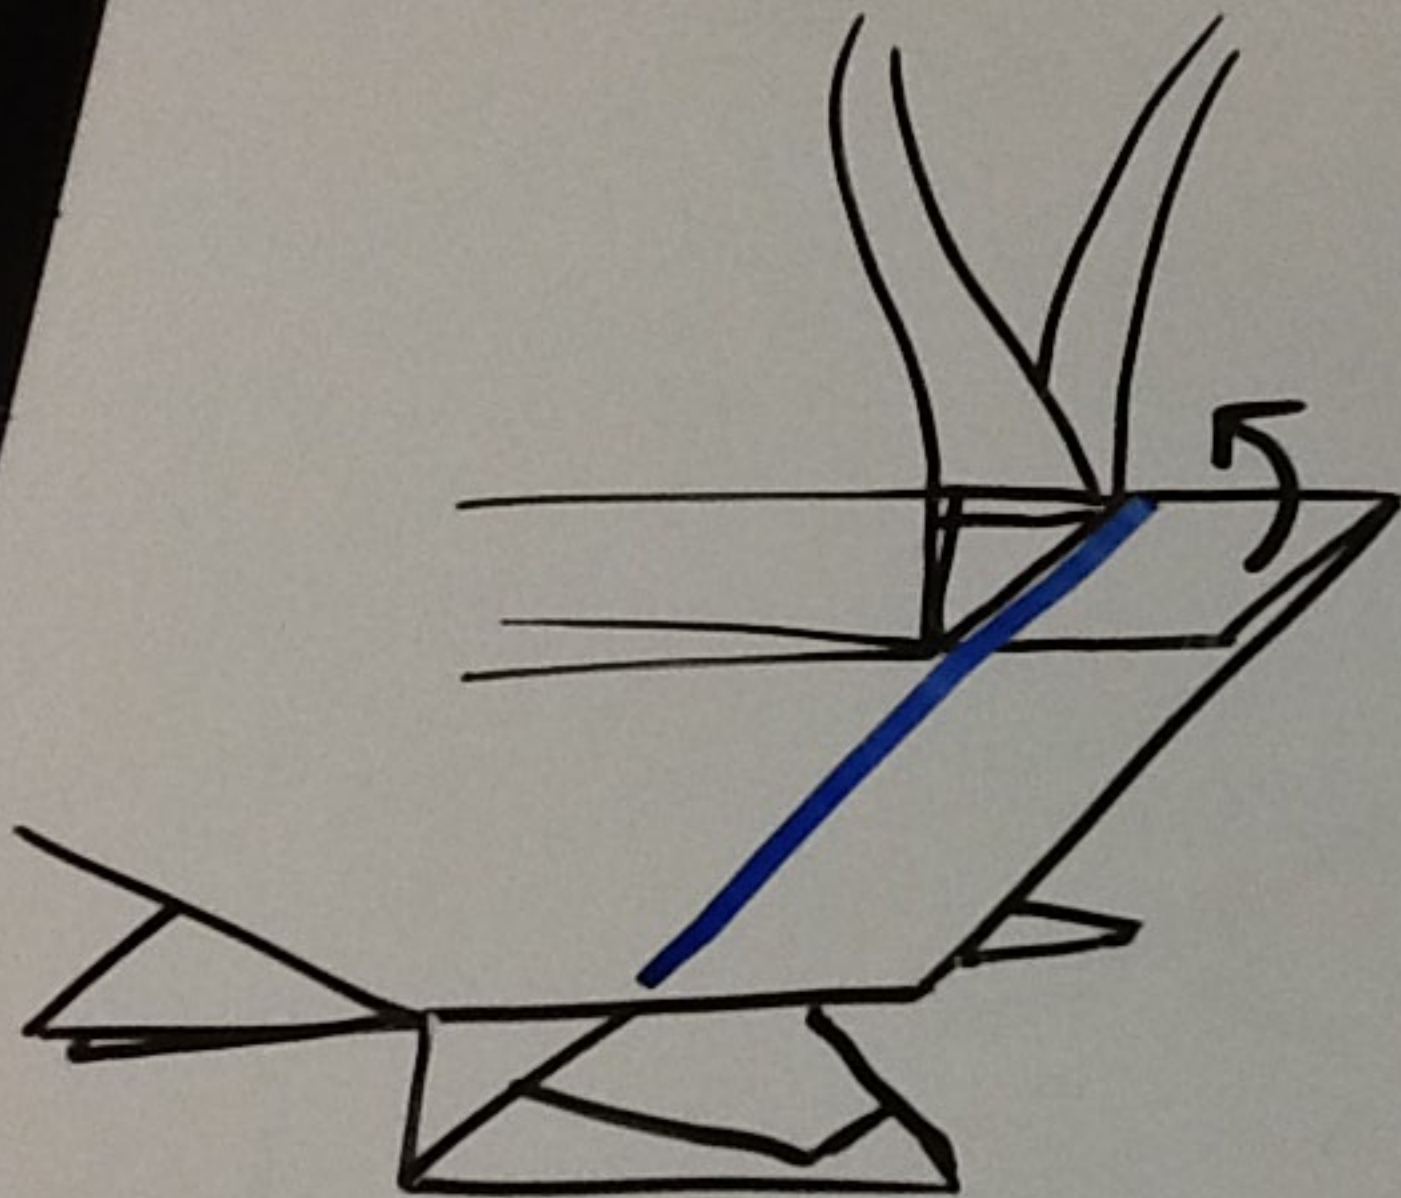

MVC

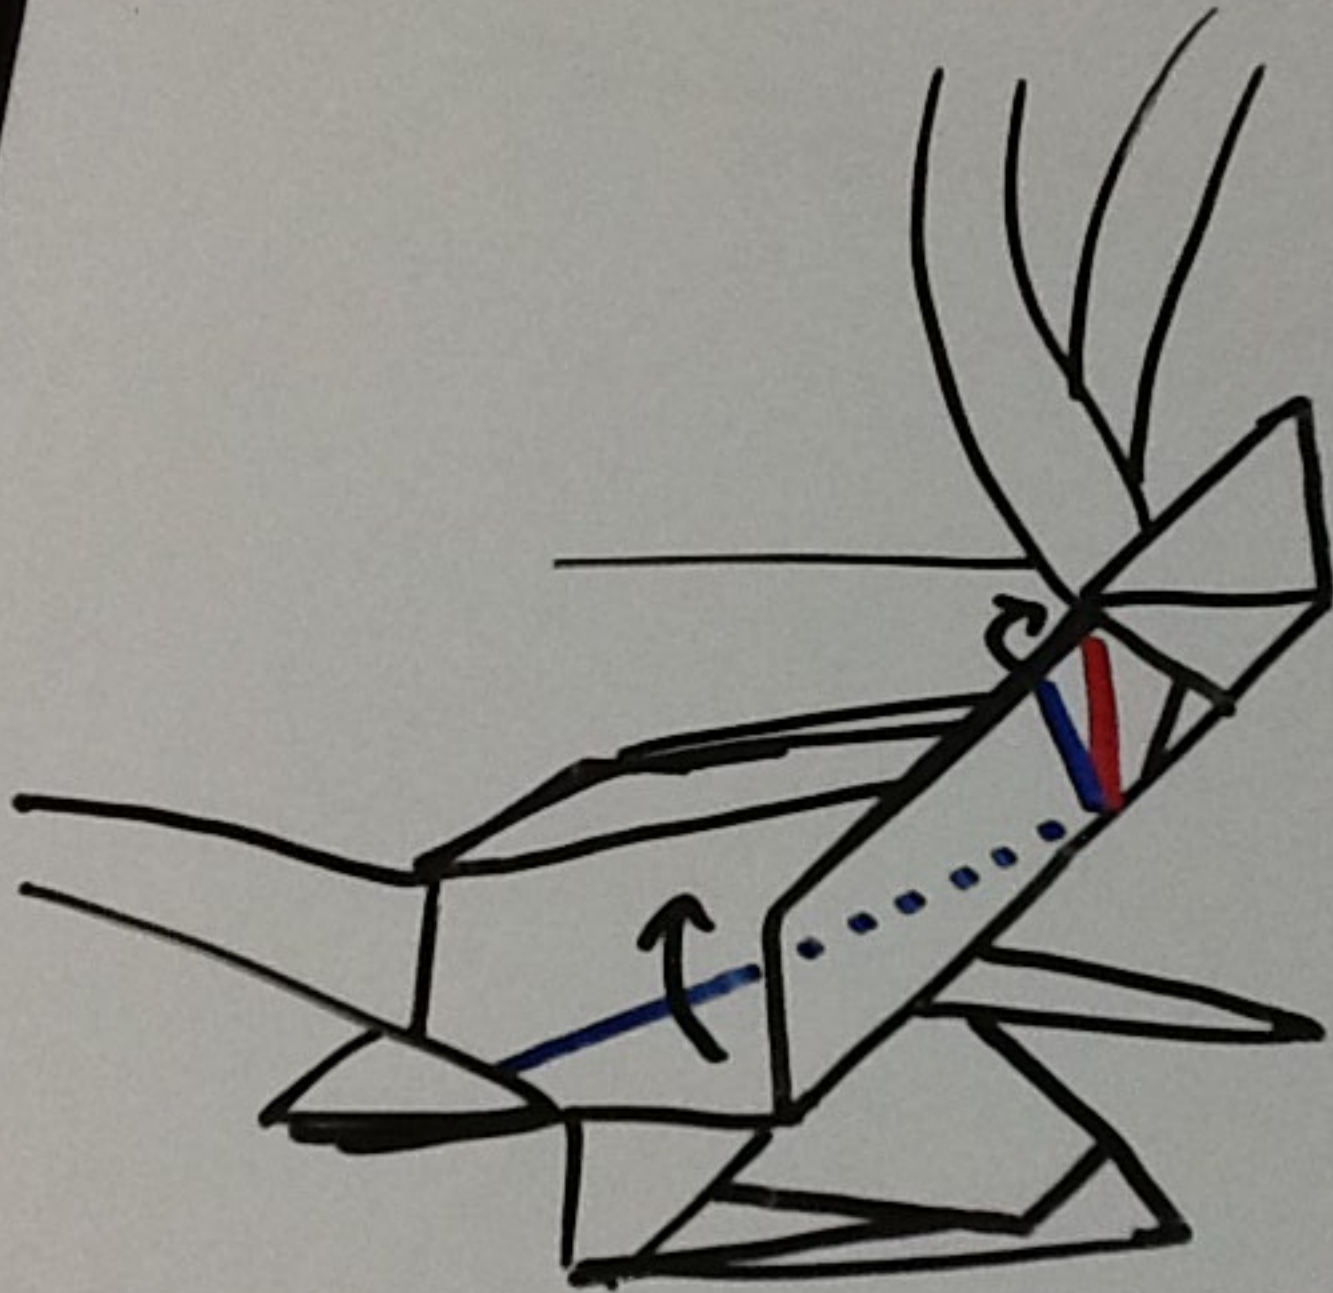

MVC

45°  
Outside  
reverse

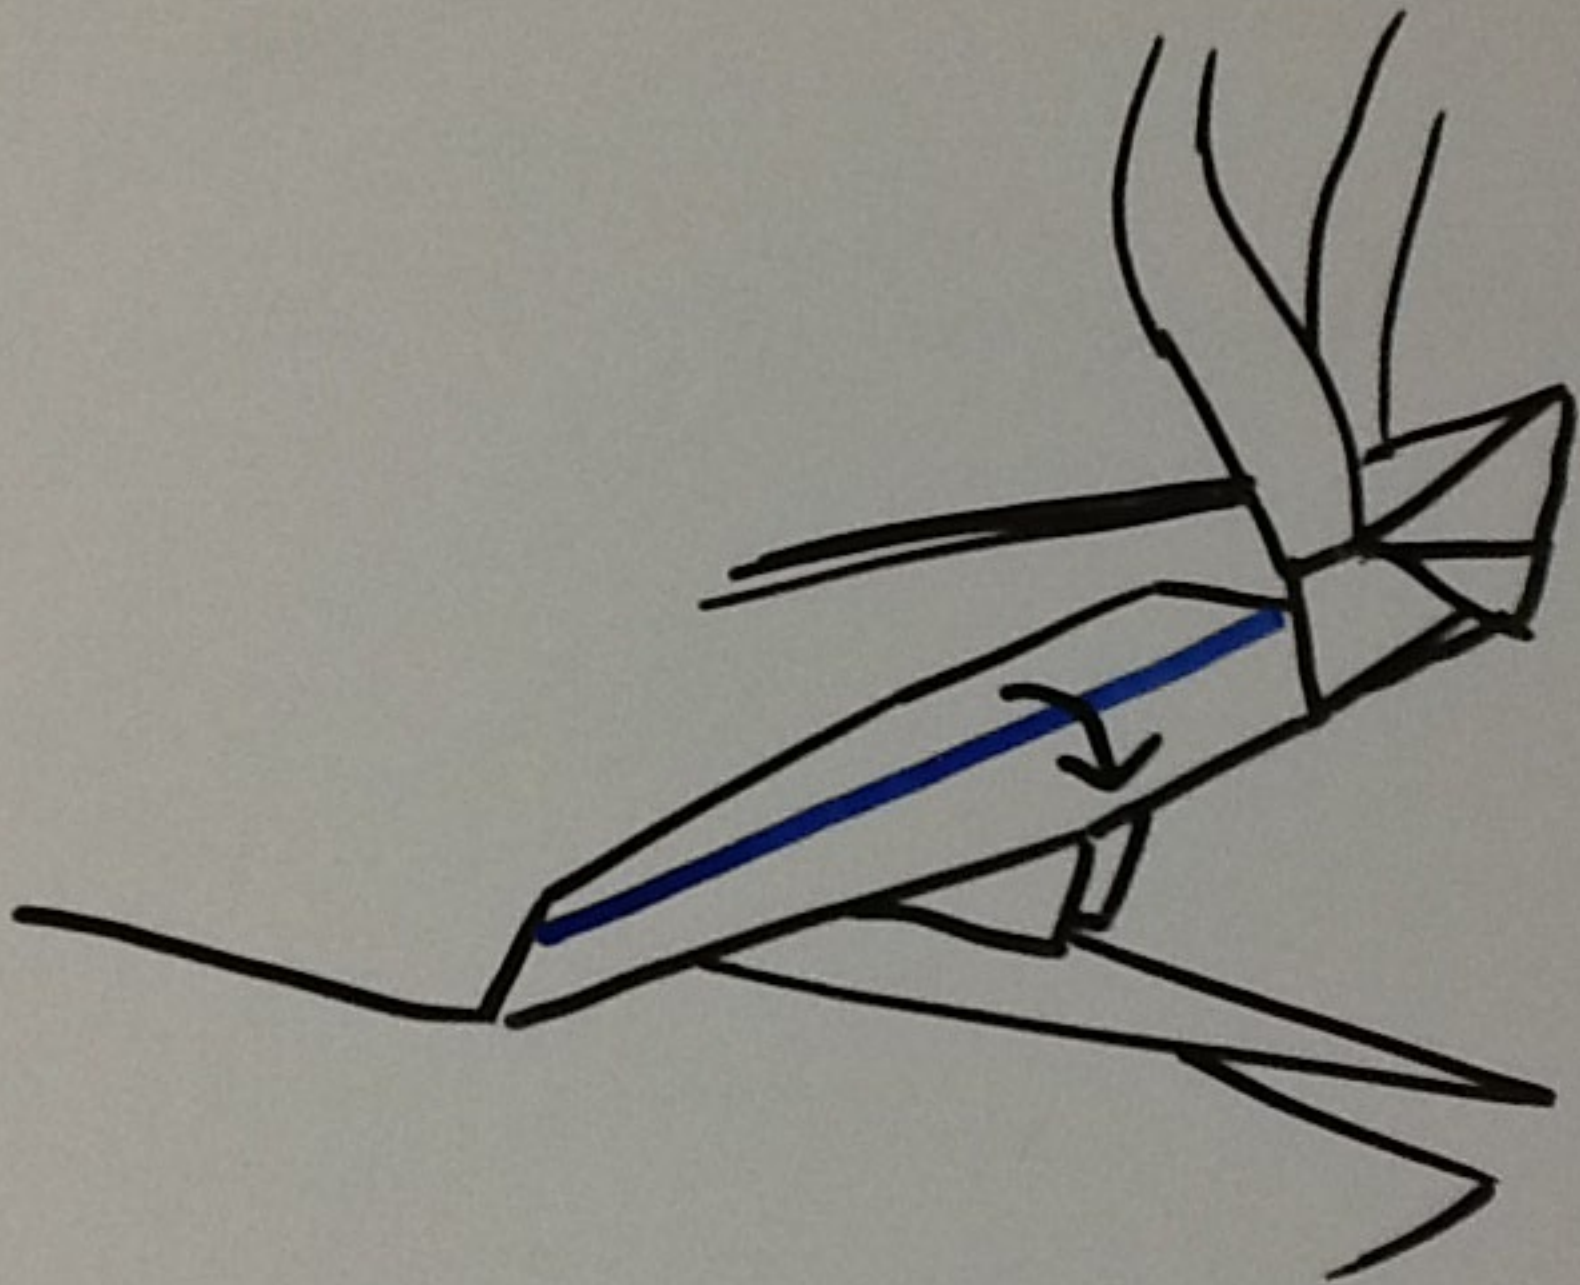

MVC

Crimp  
and  
slide  
up

MVC

MVC

Pull out  
teeth and shape-  
follow photos

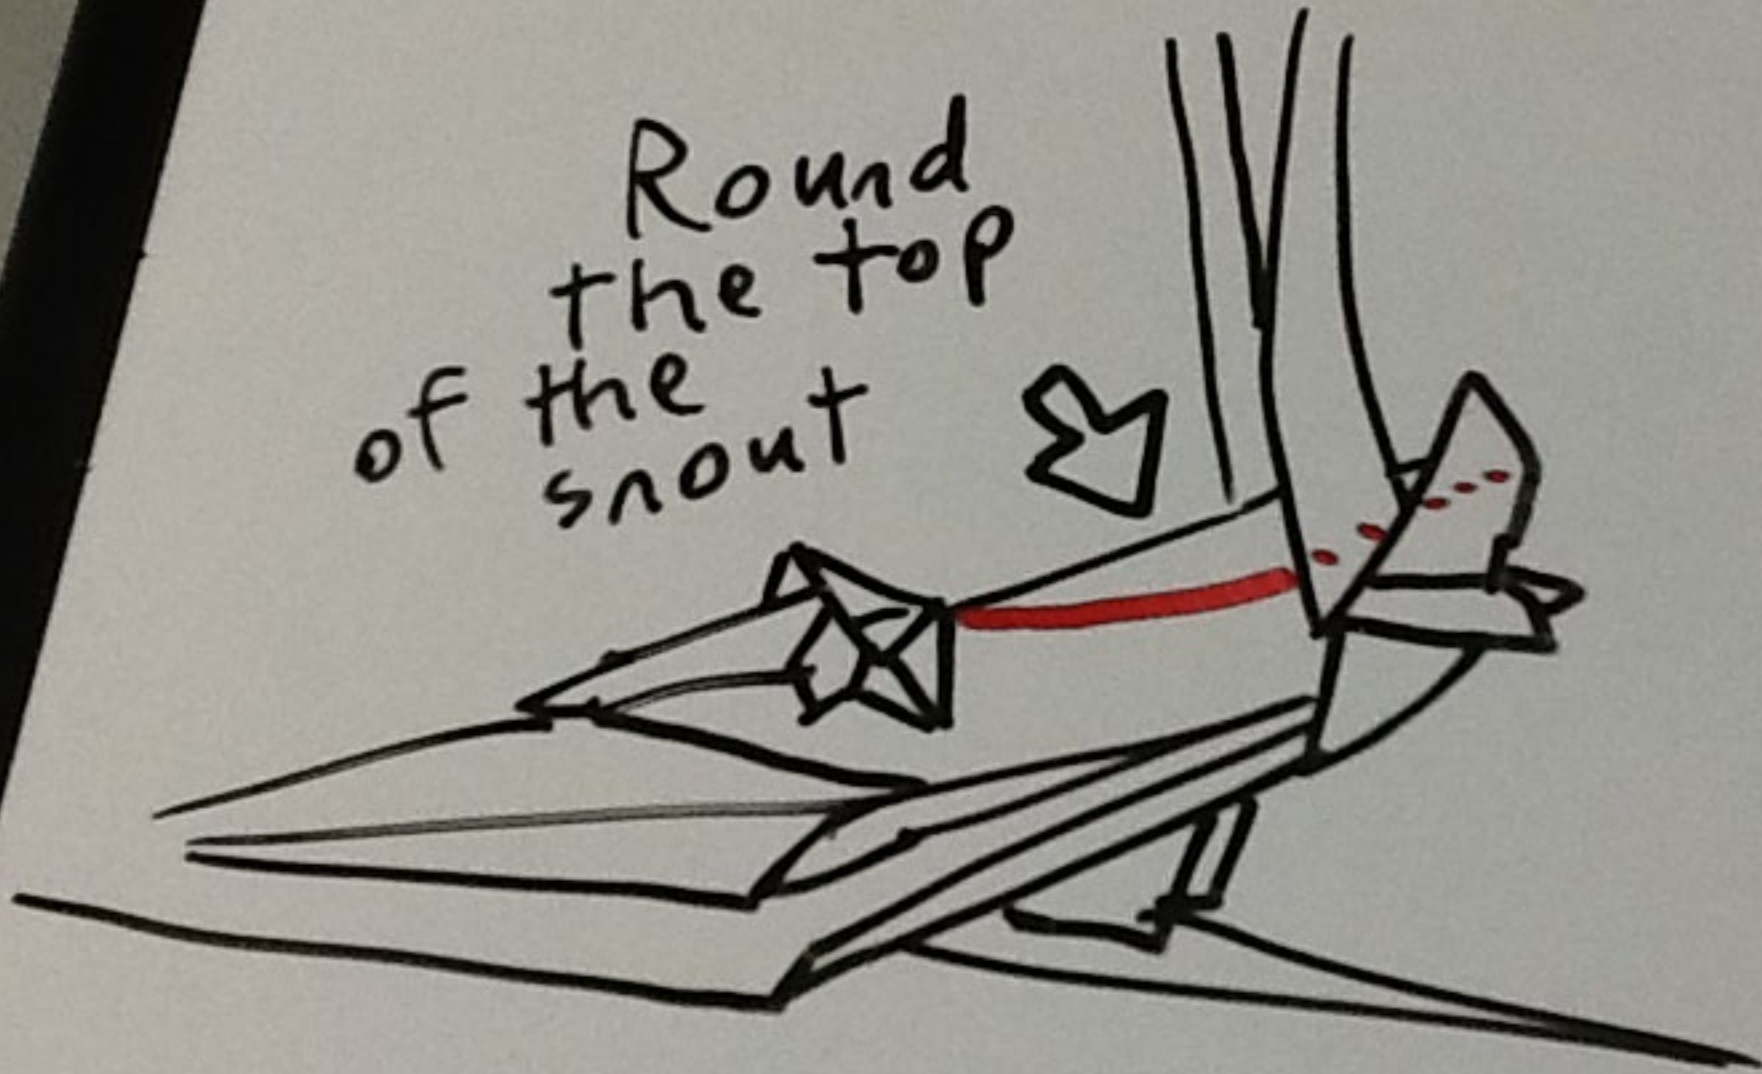

MVC

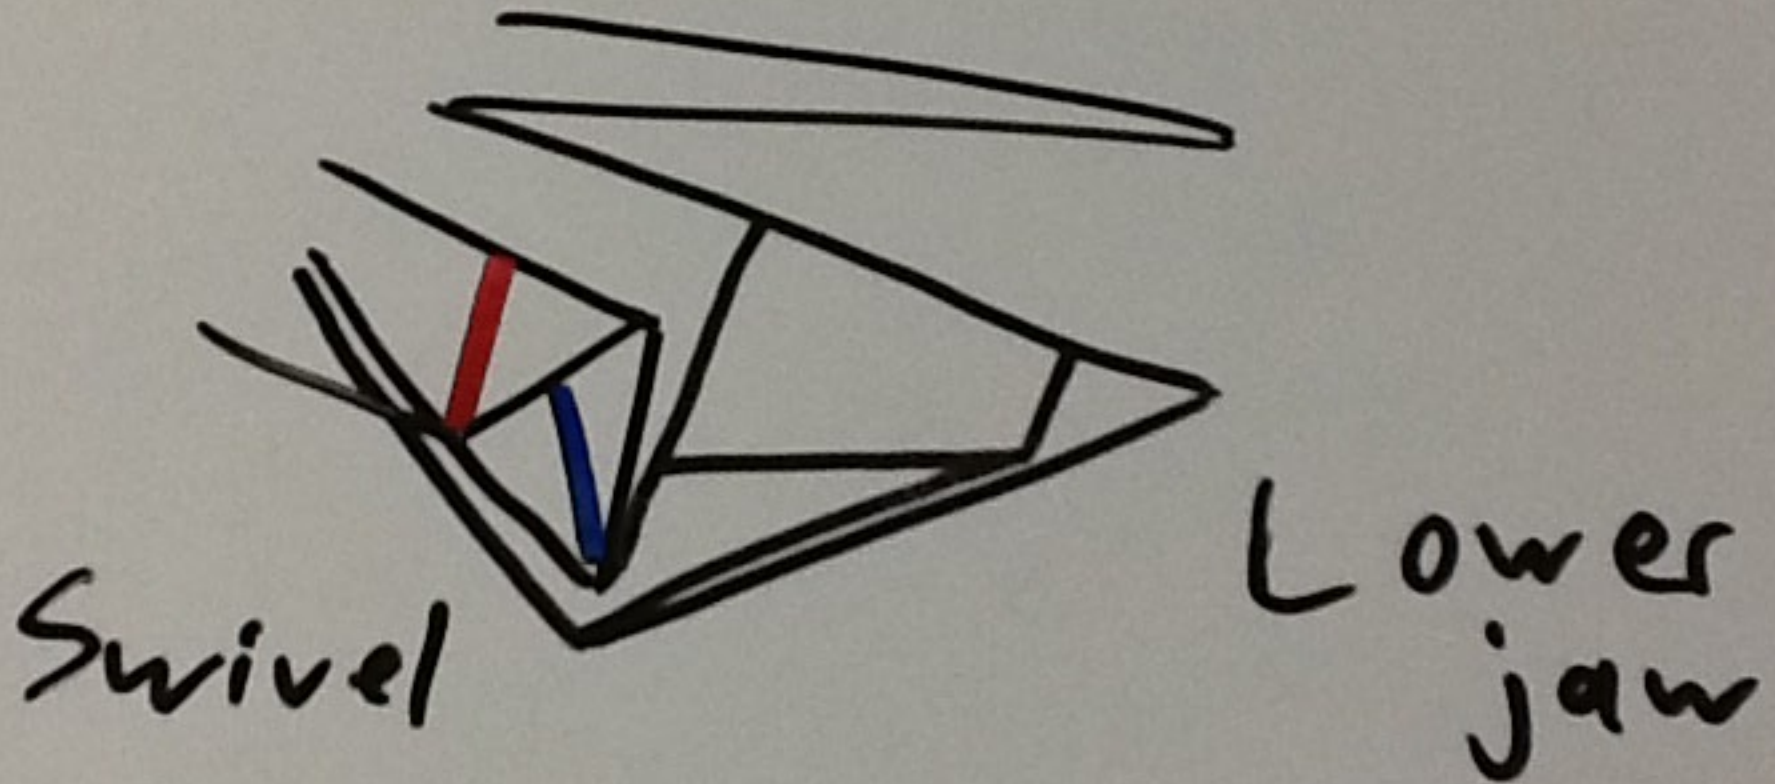

Round  
the top  
of the  
snout

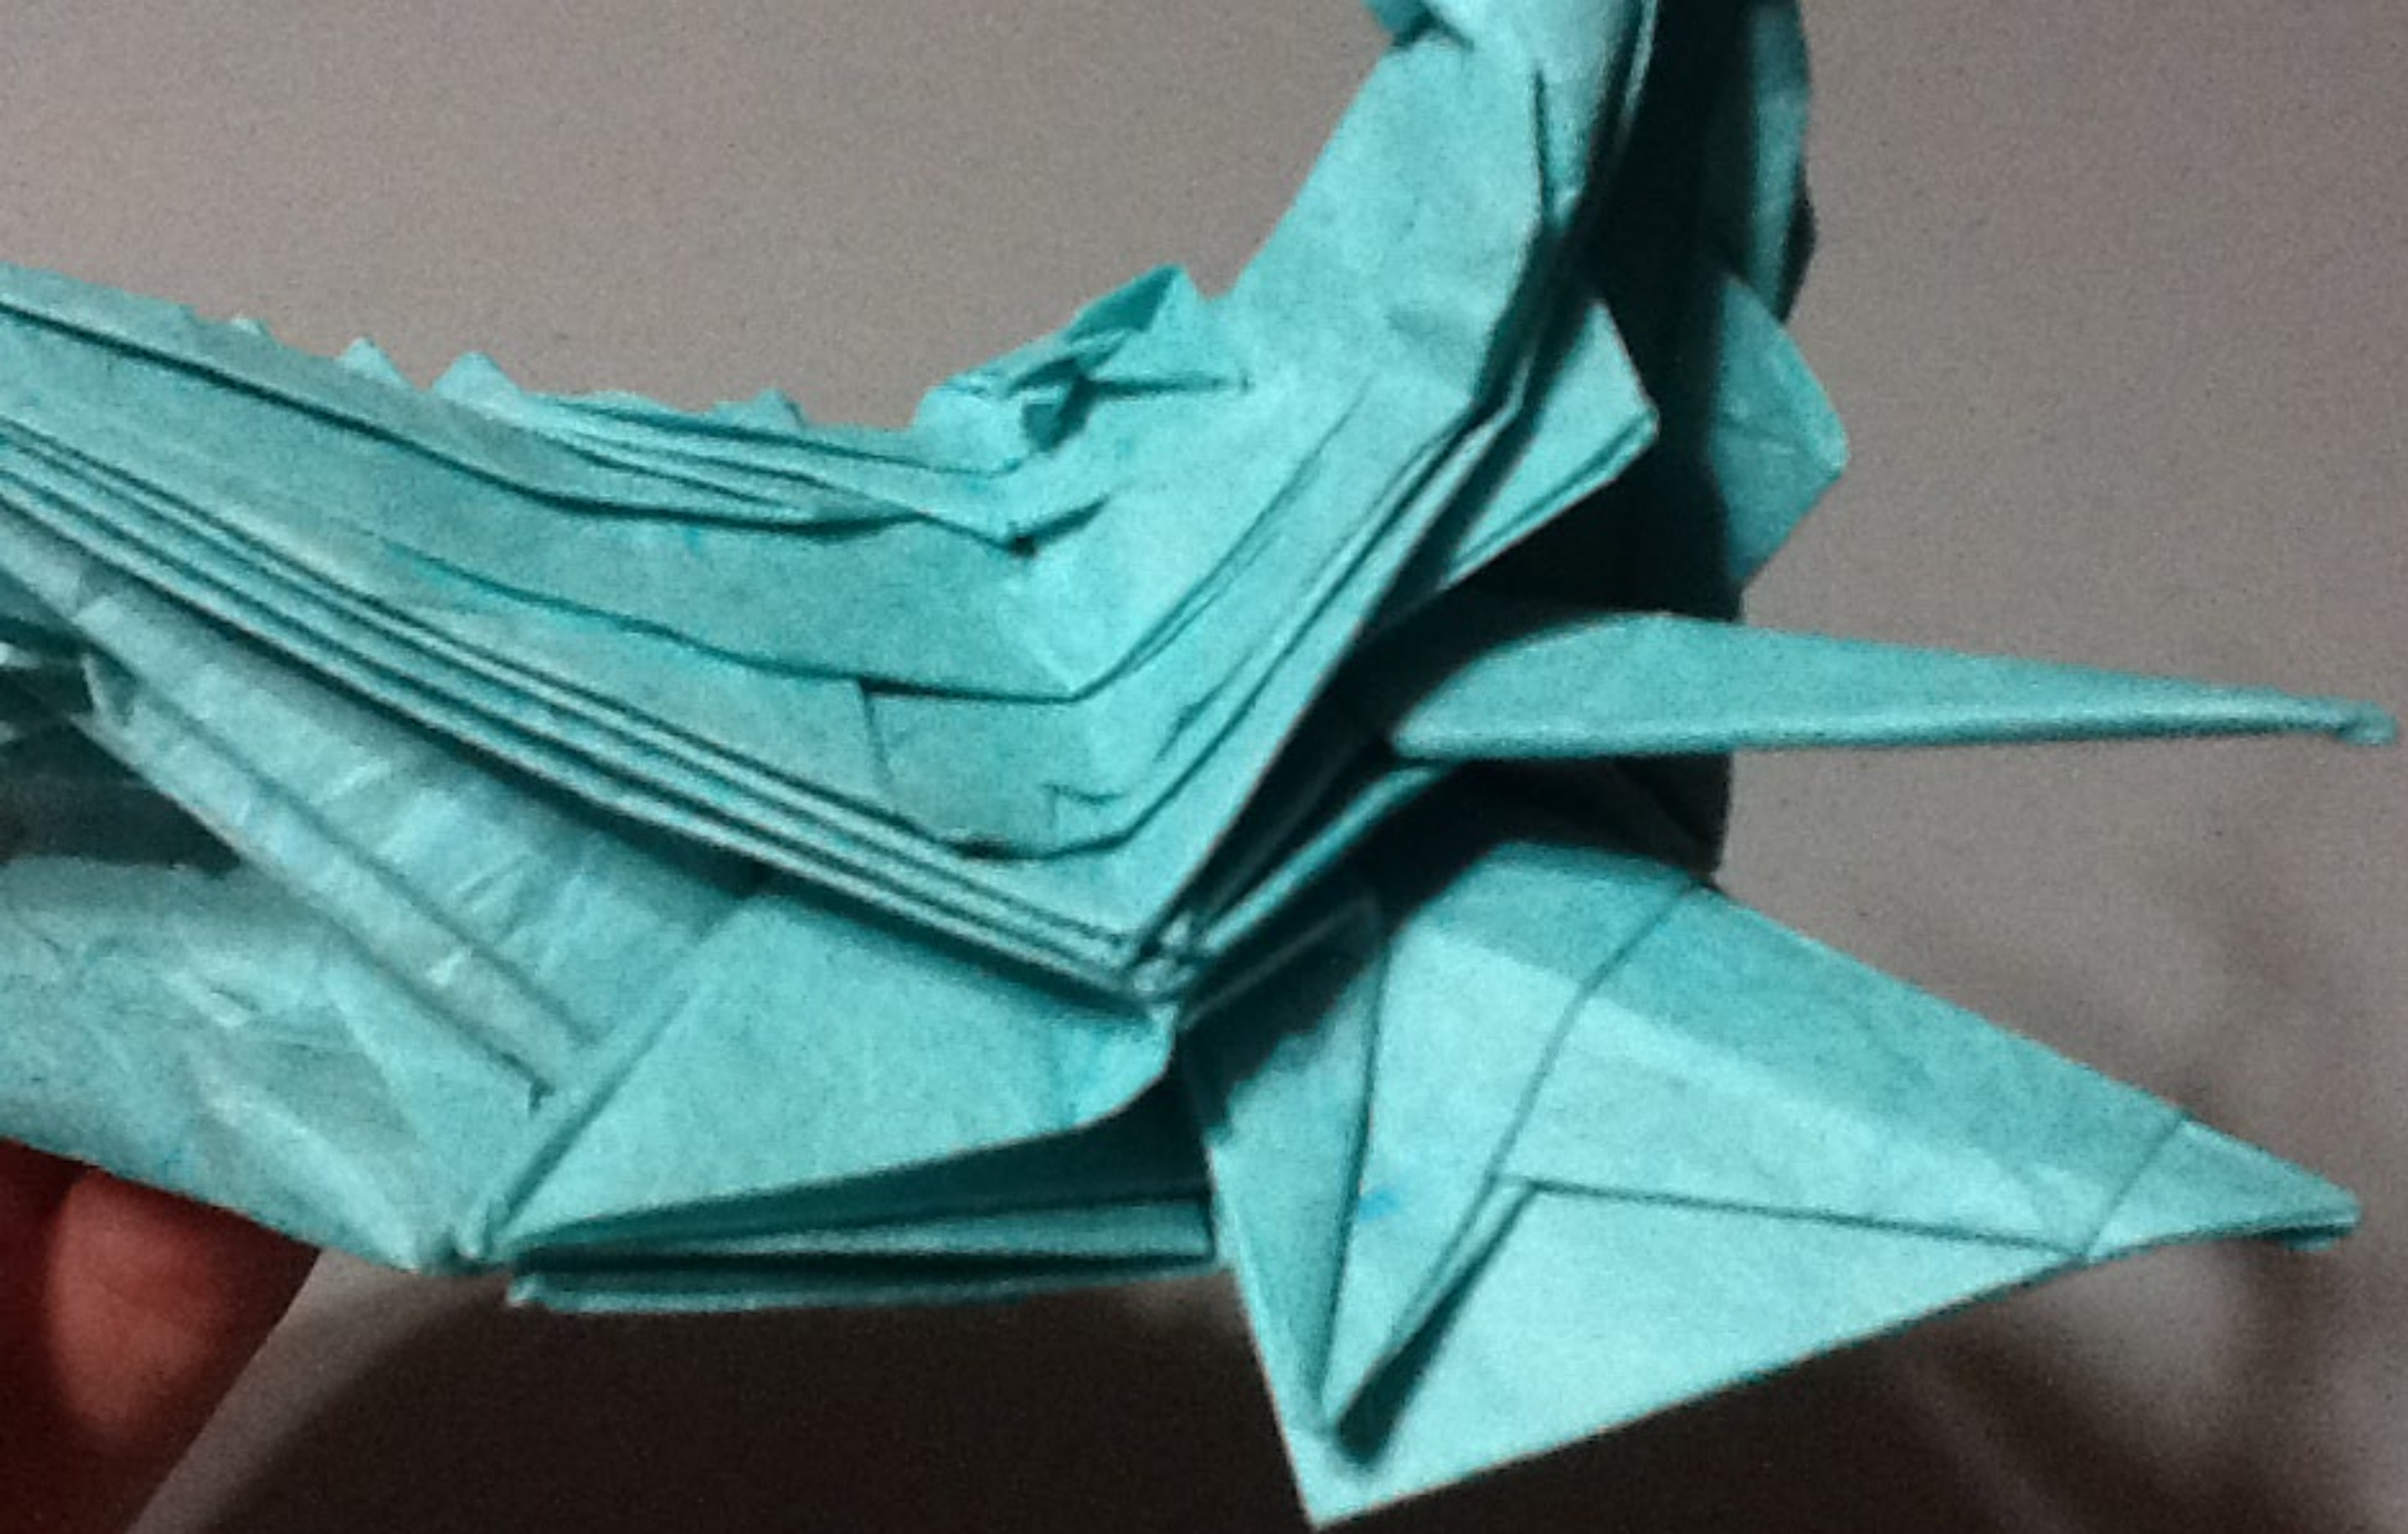

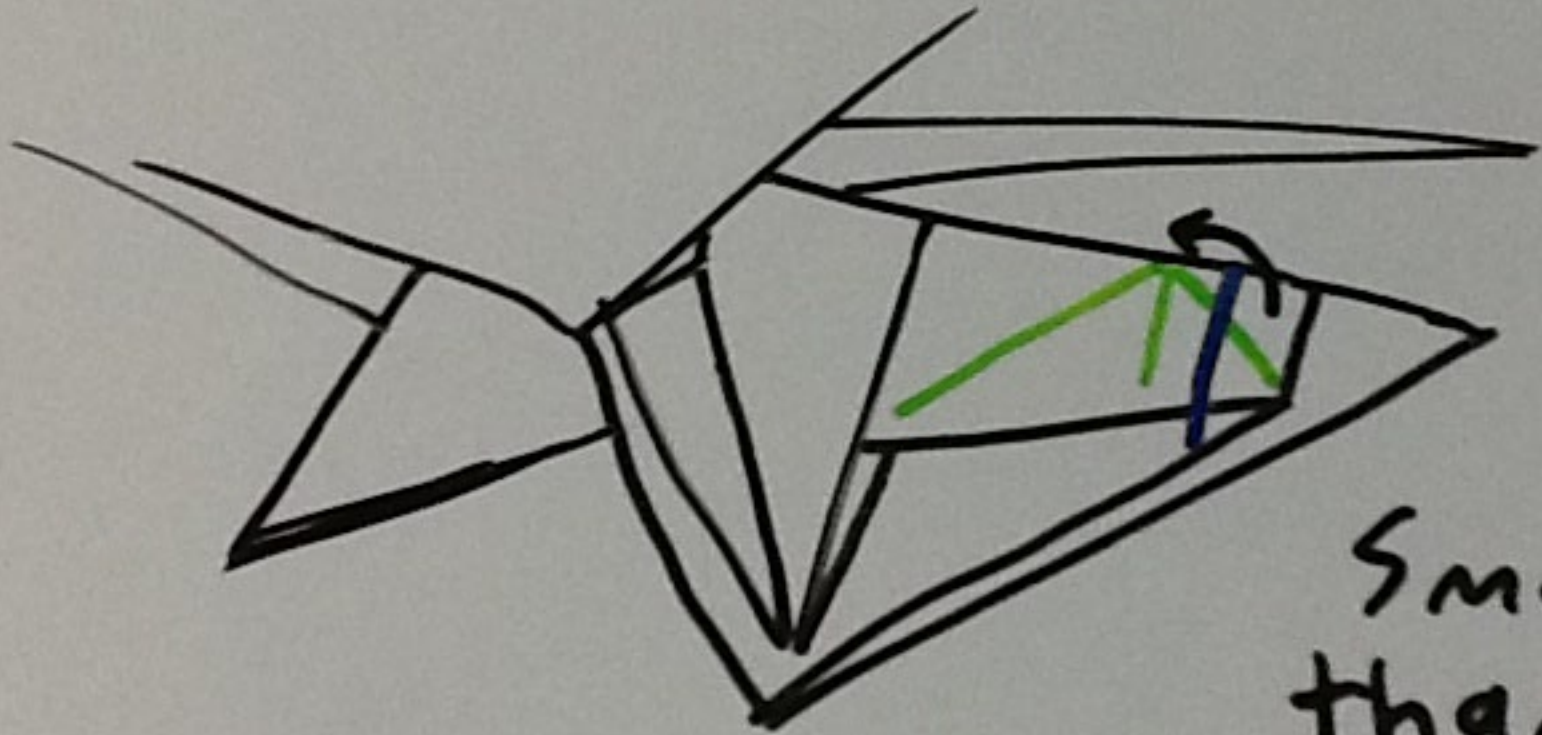

MVC

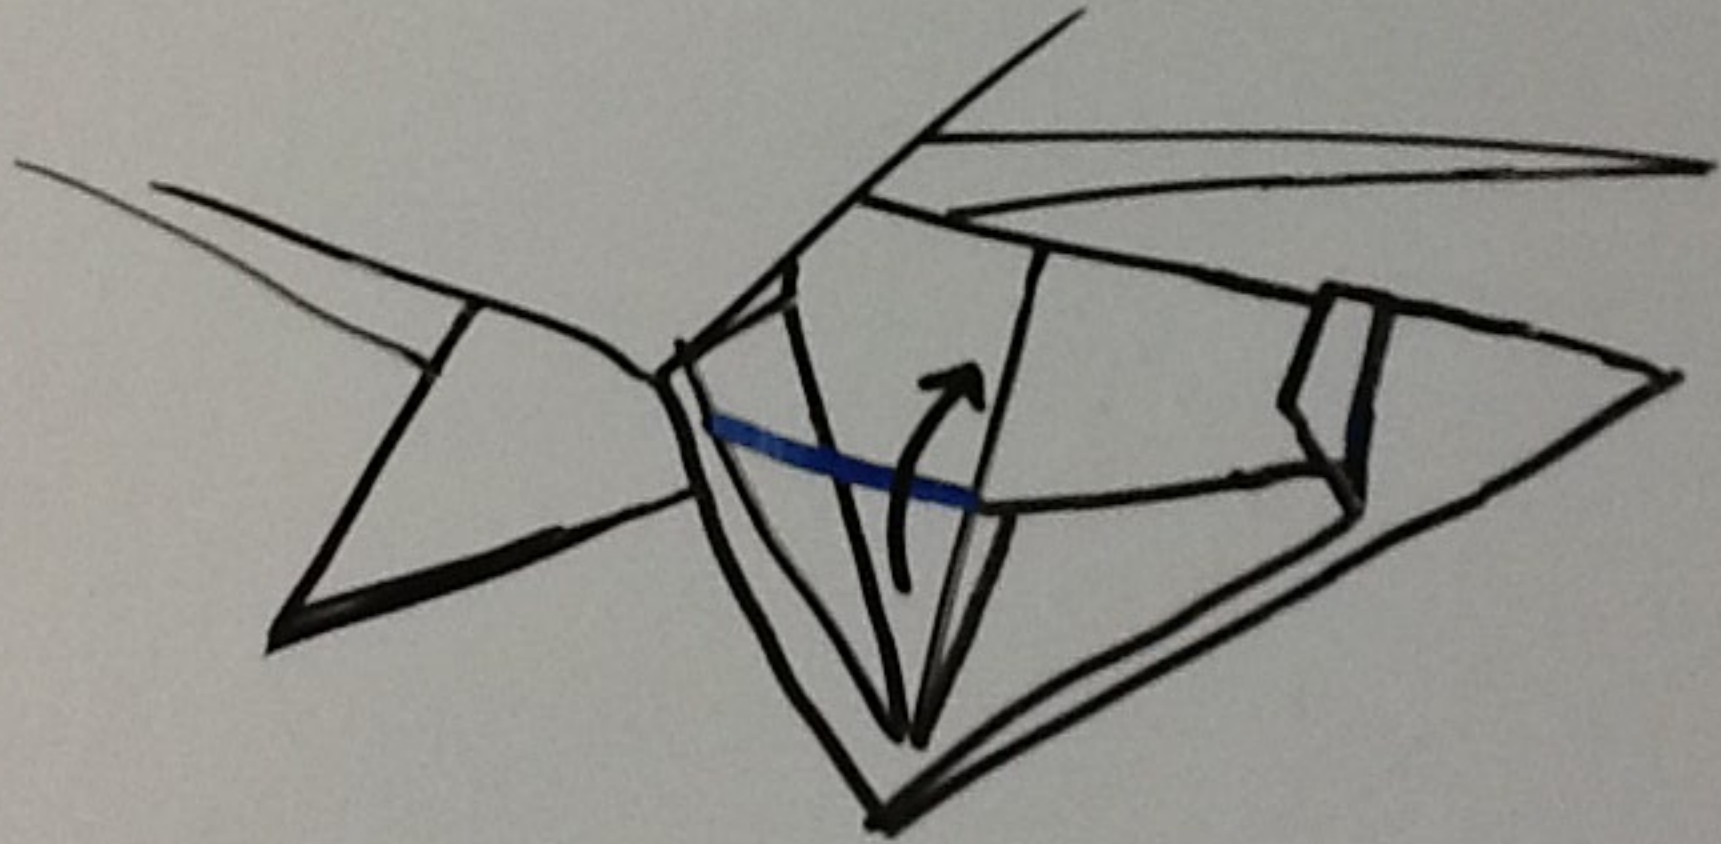

MVC

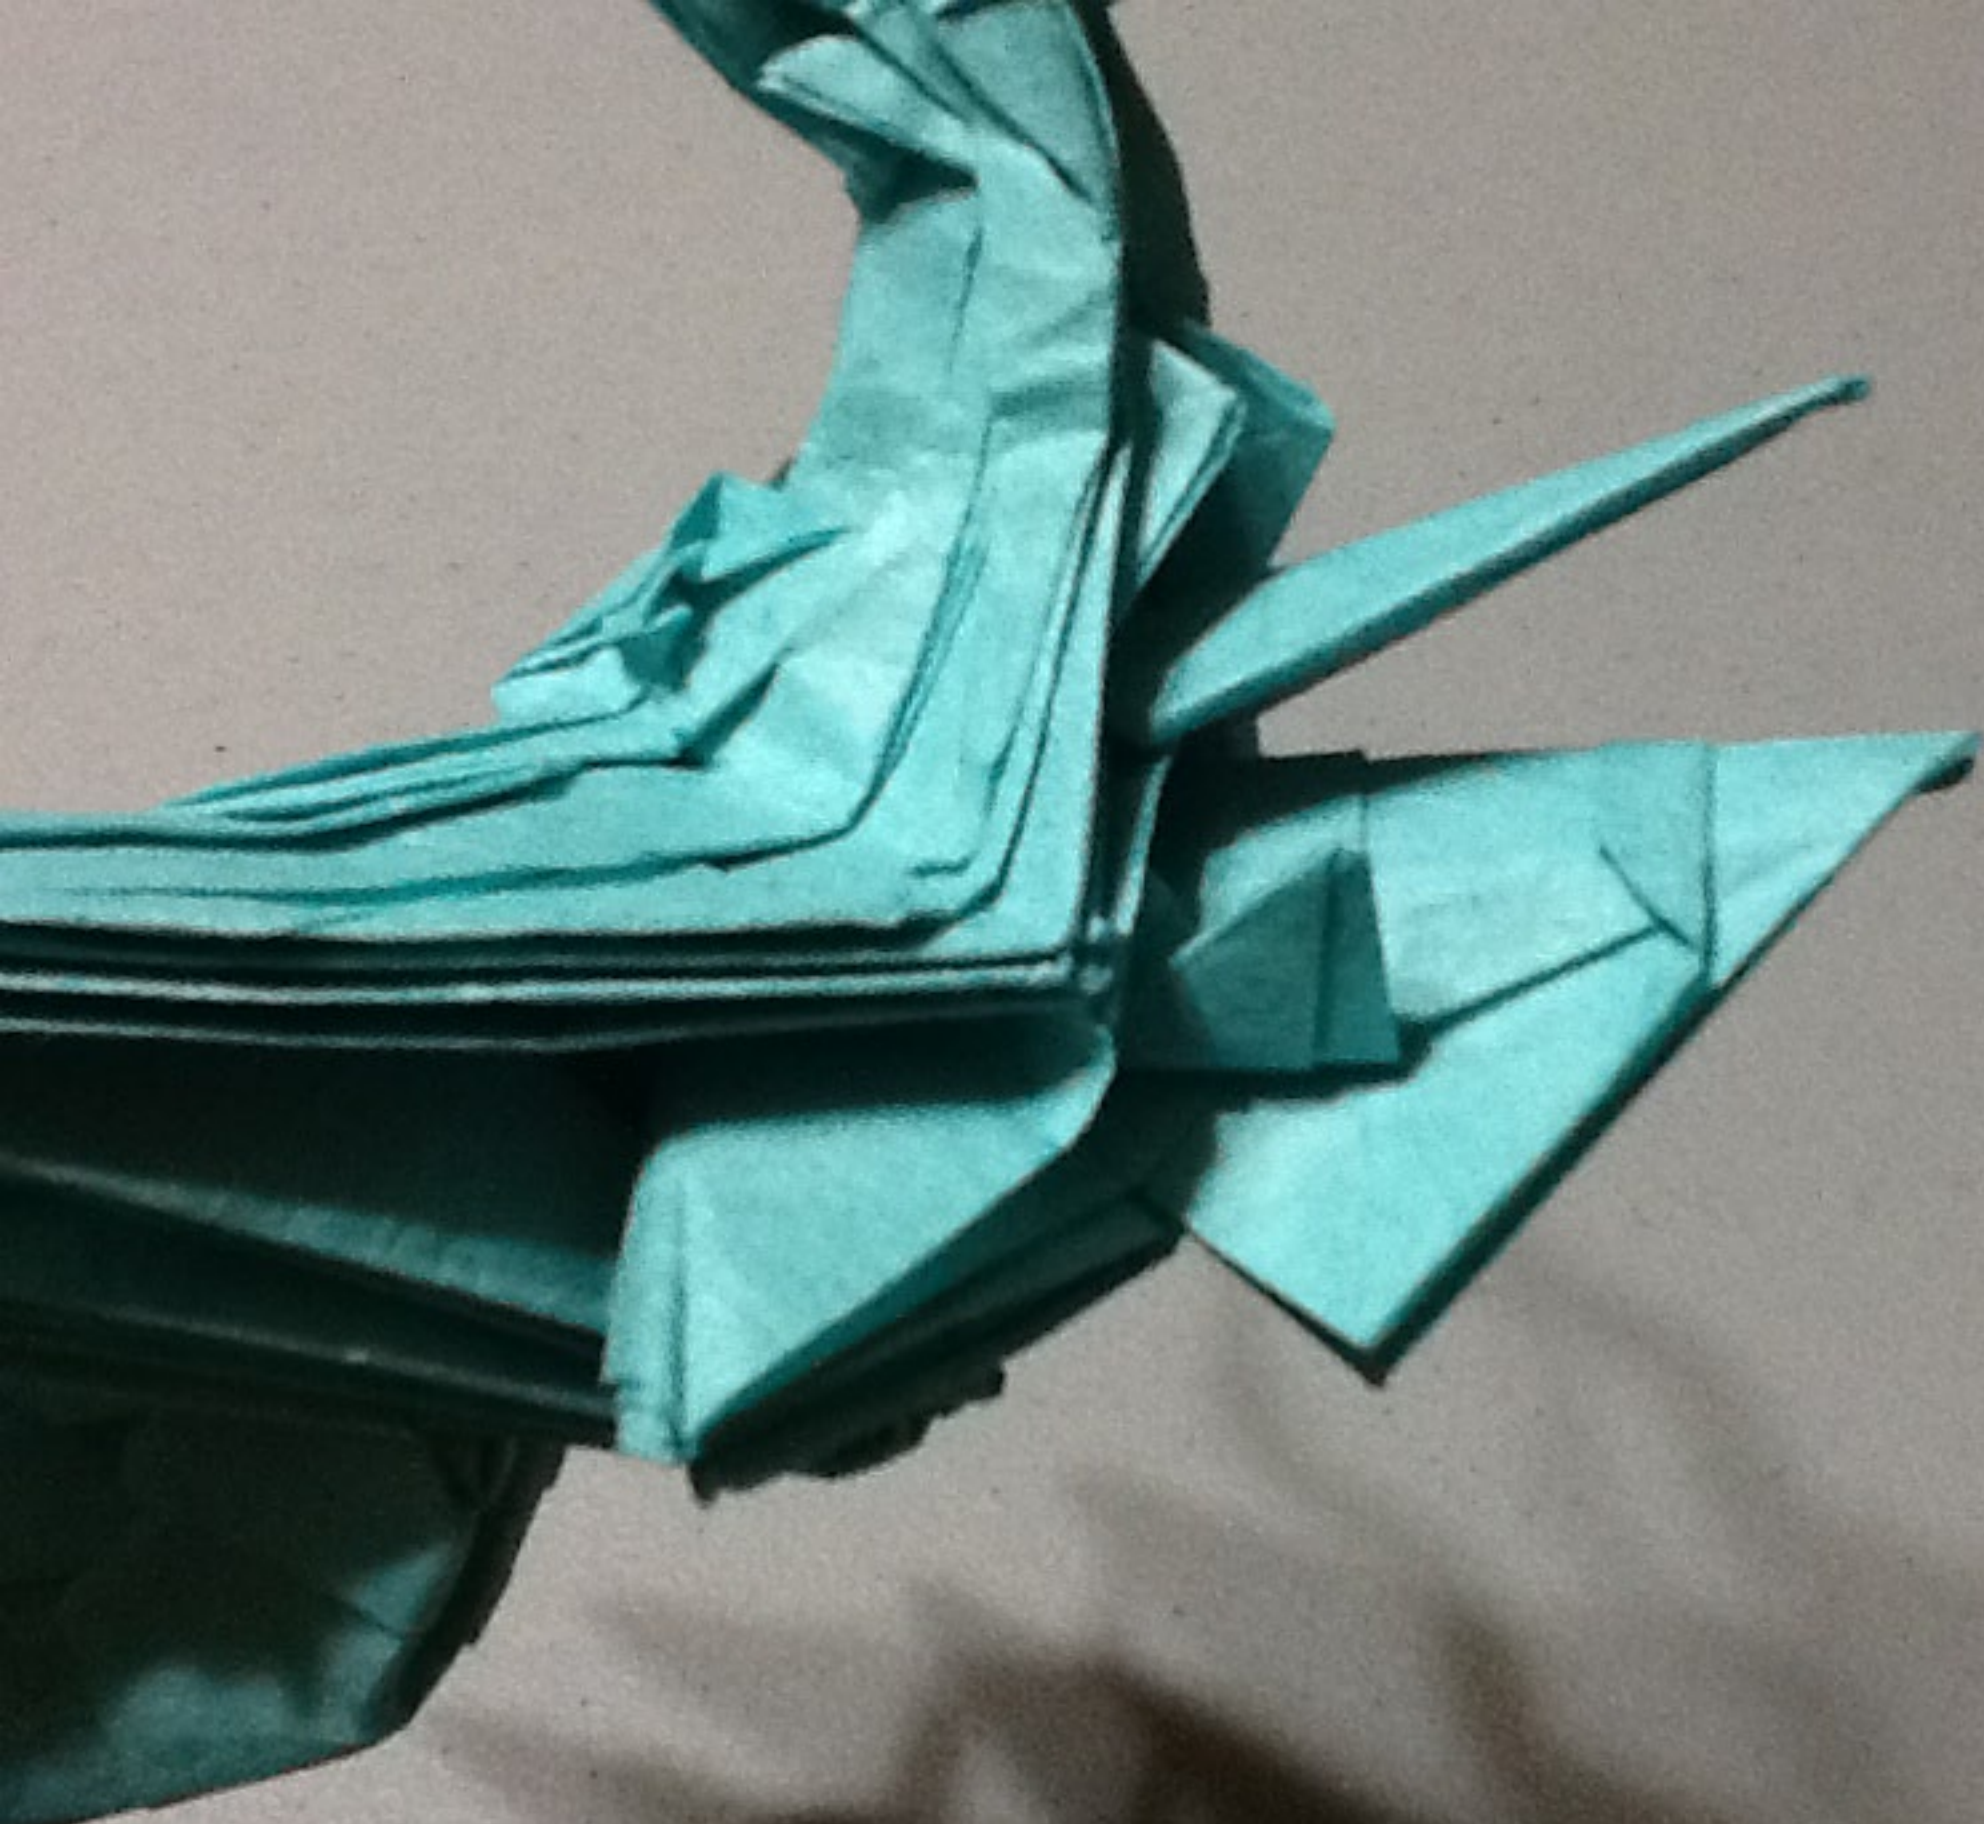

Smaller  
than  
upper  
teeth

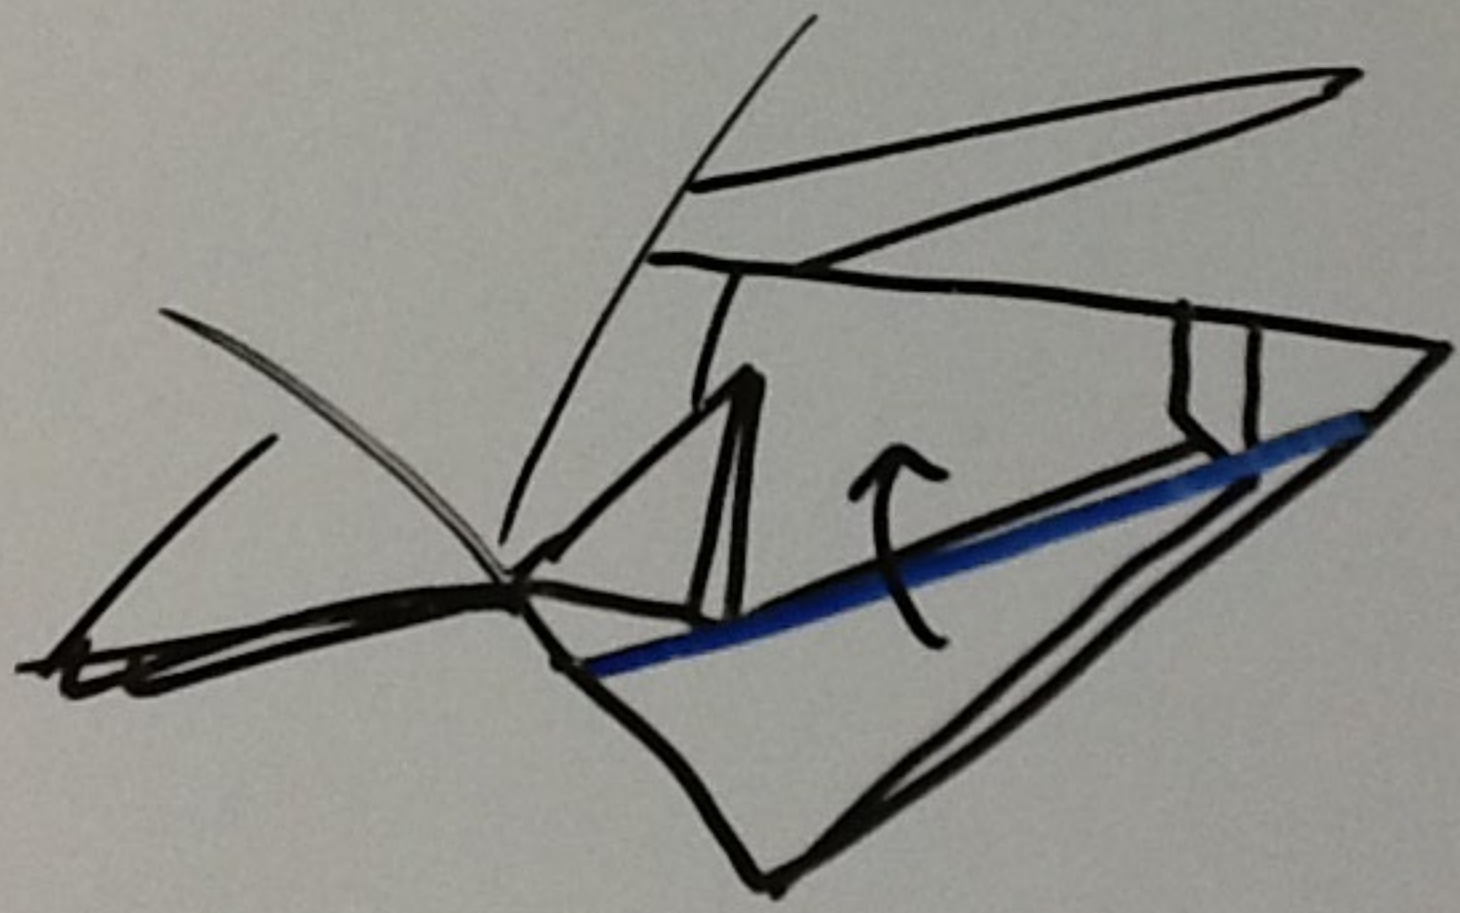

MVC

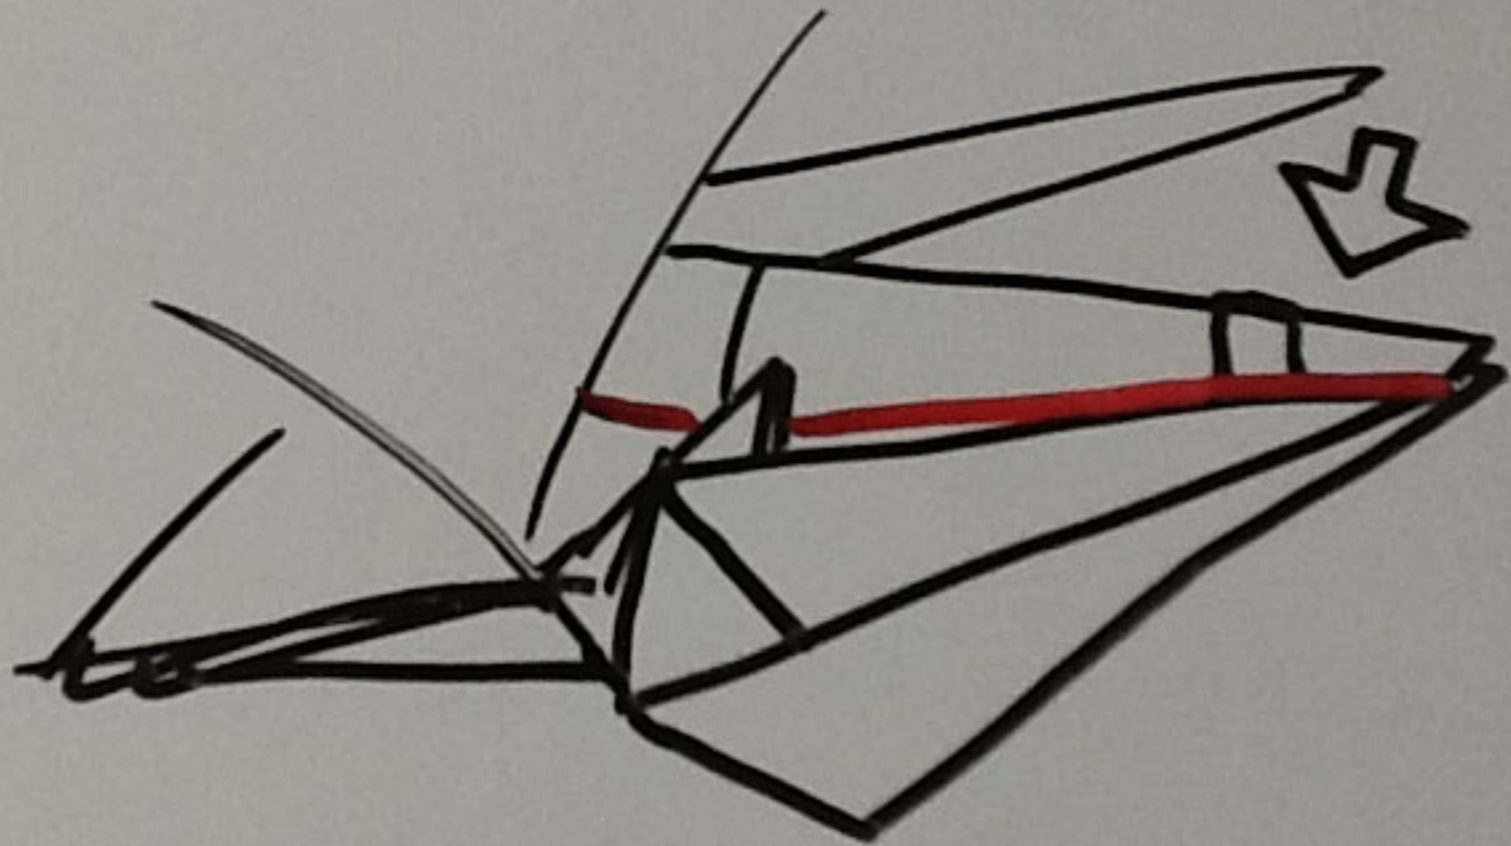

MVC

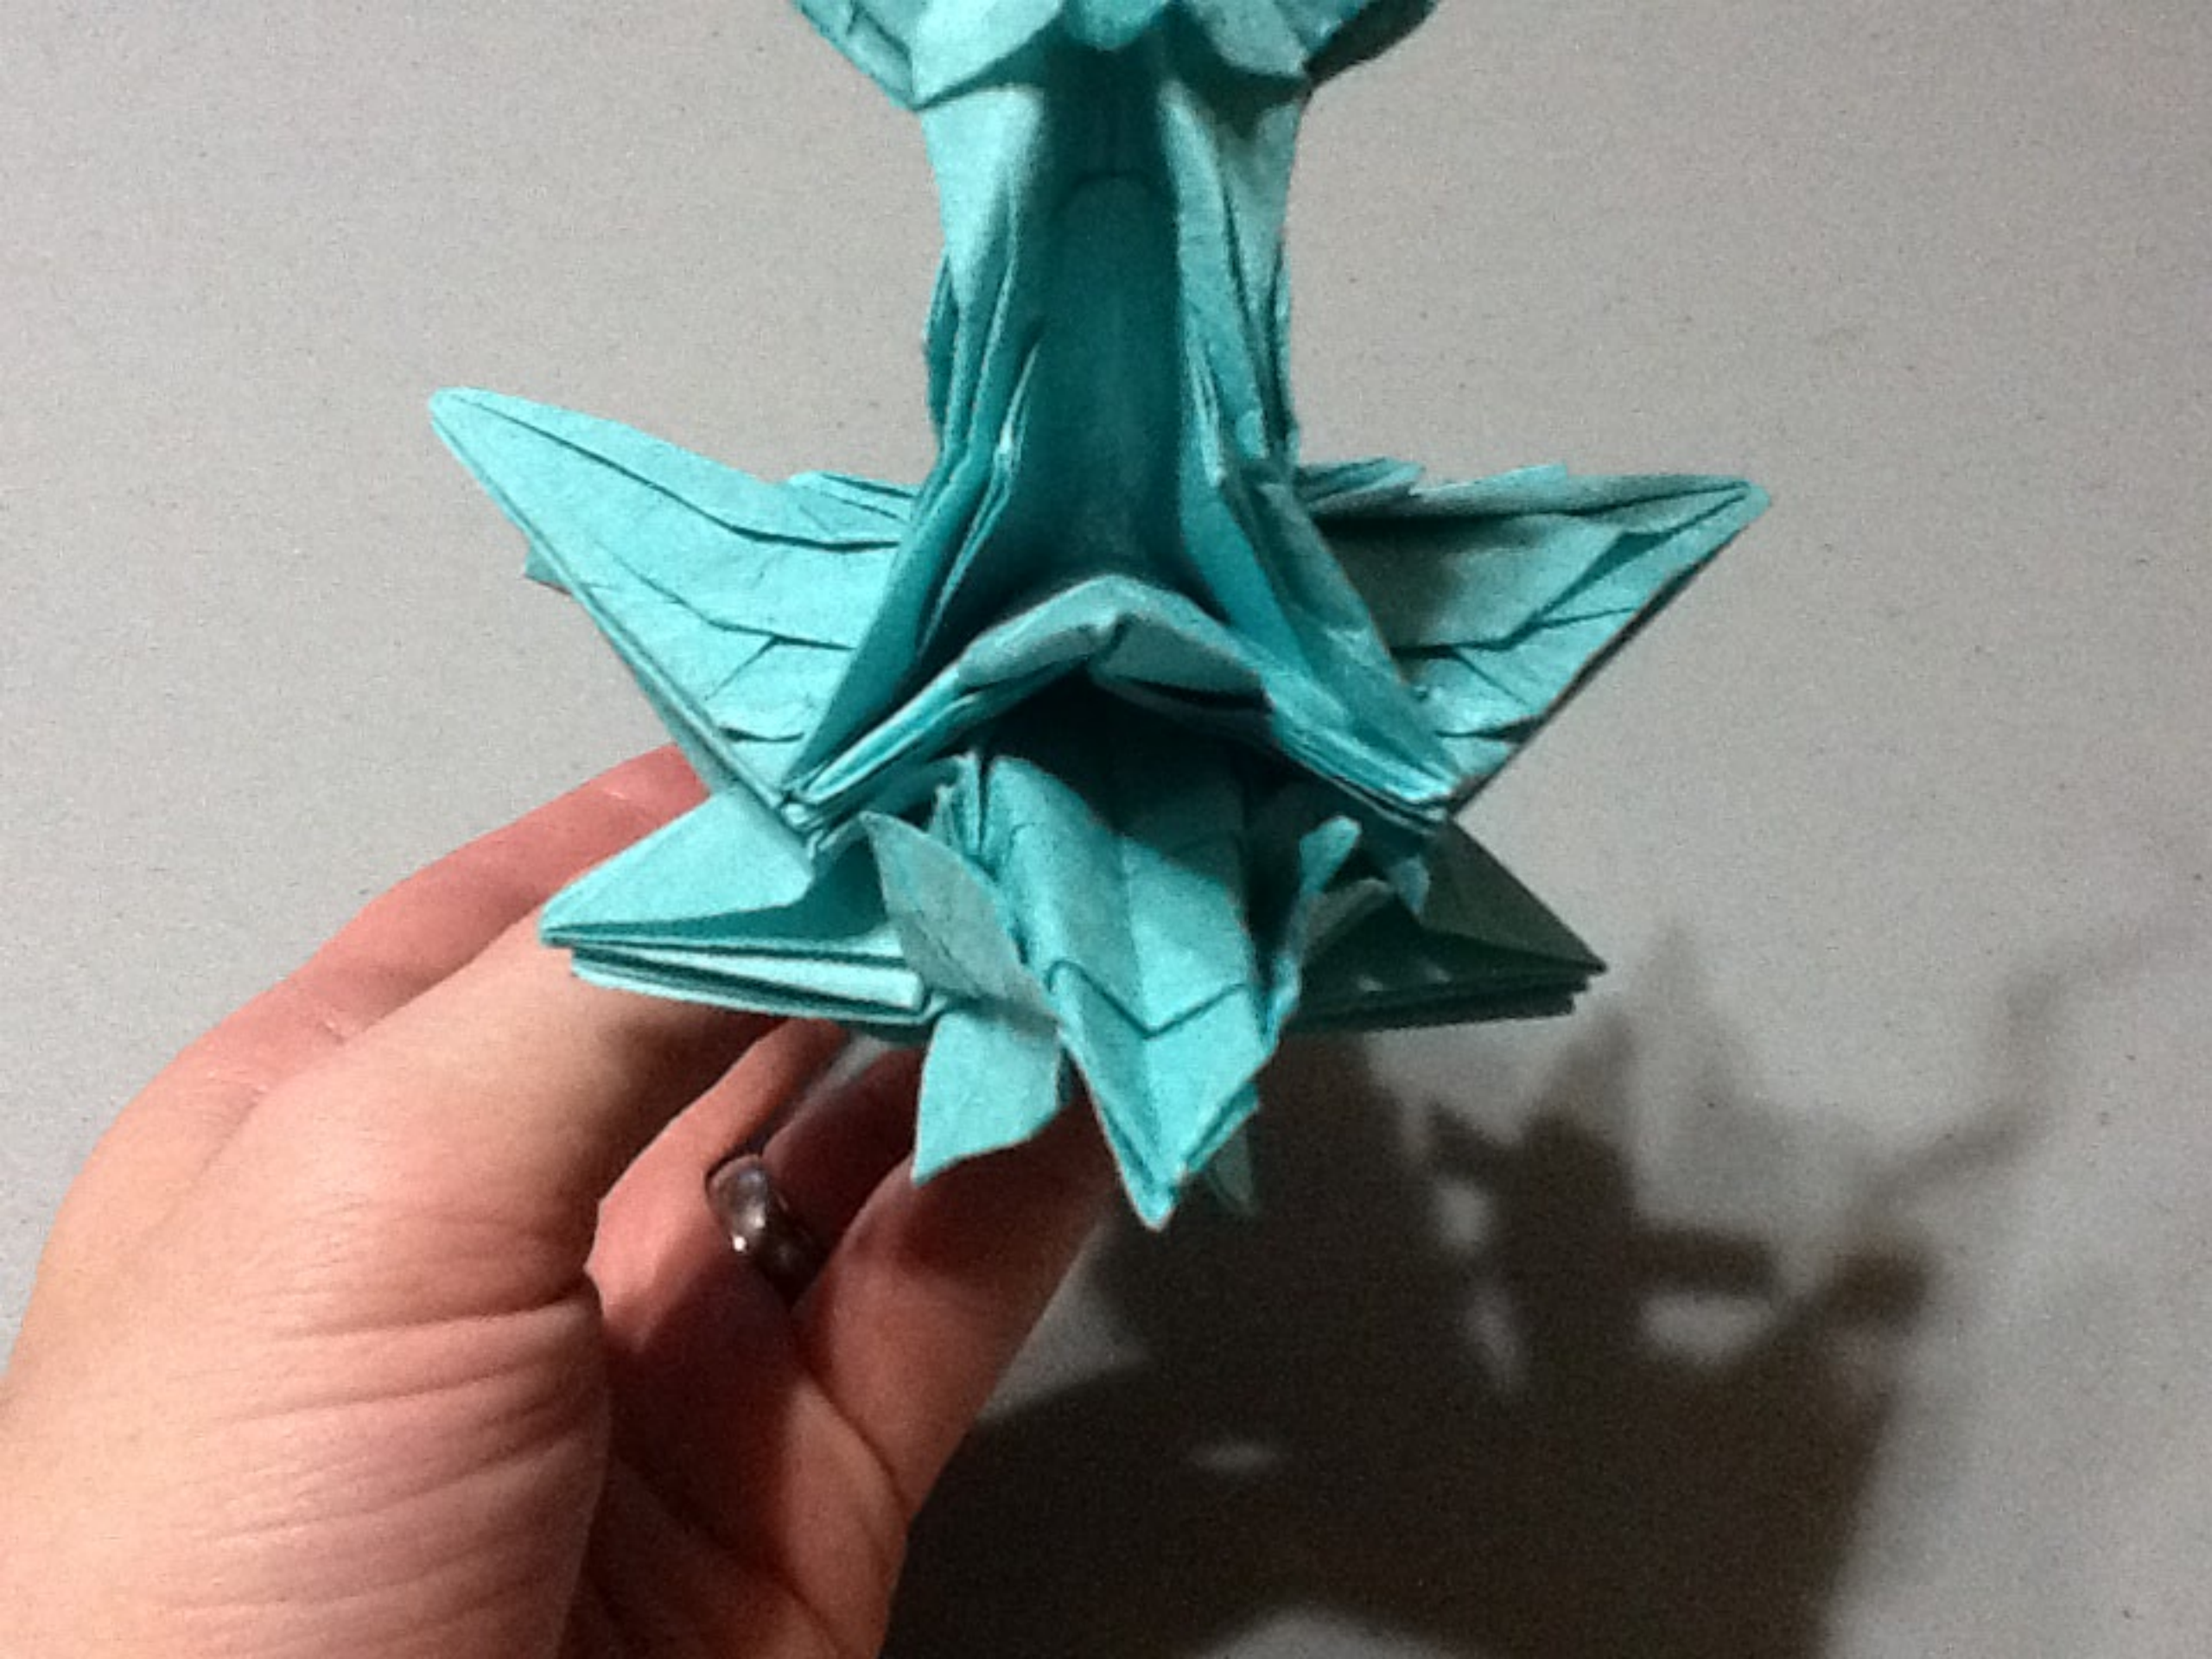

MVC

MVC

Shape  
teeth-

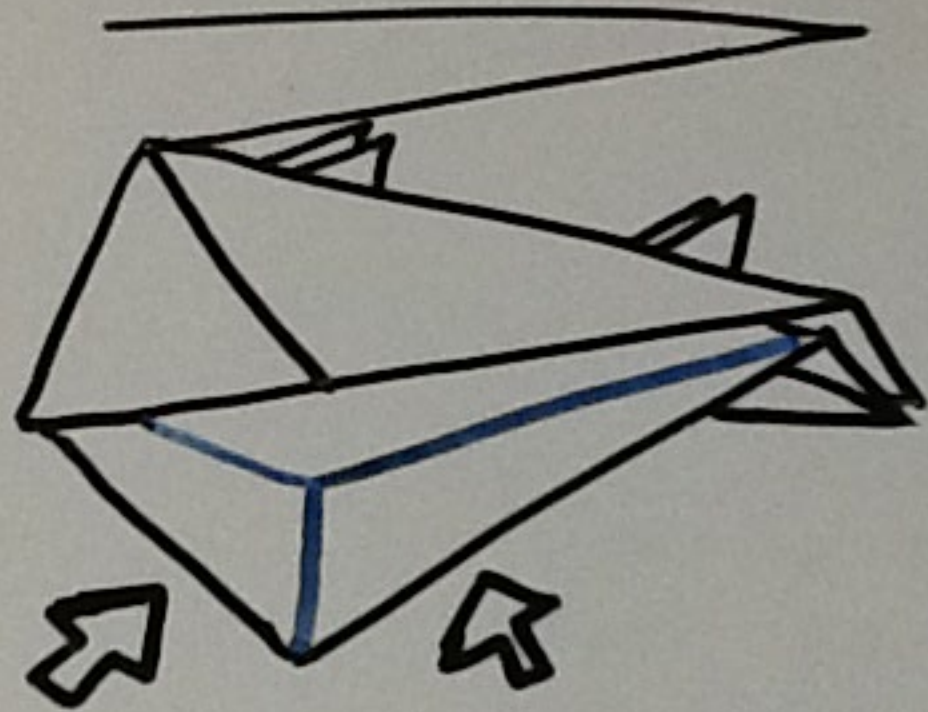

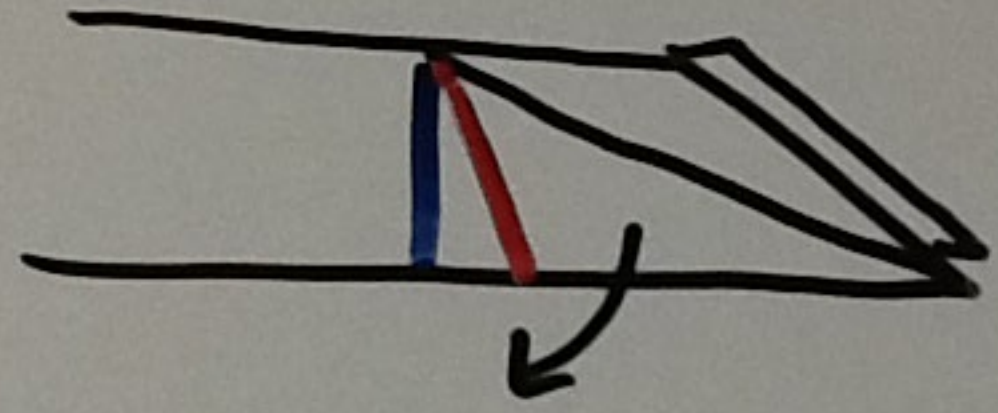

MVC

Pinch the lowest  
flap

Crimp a  
chin tuft

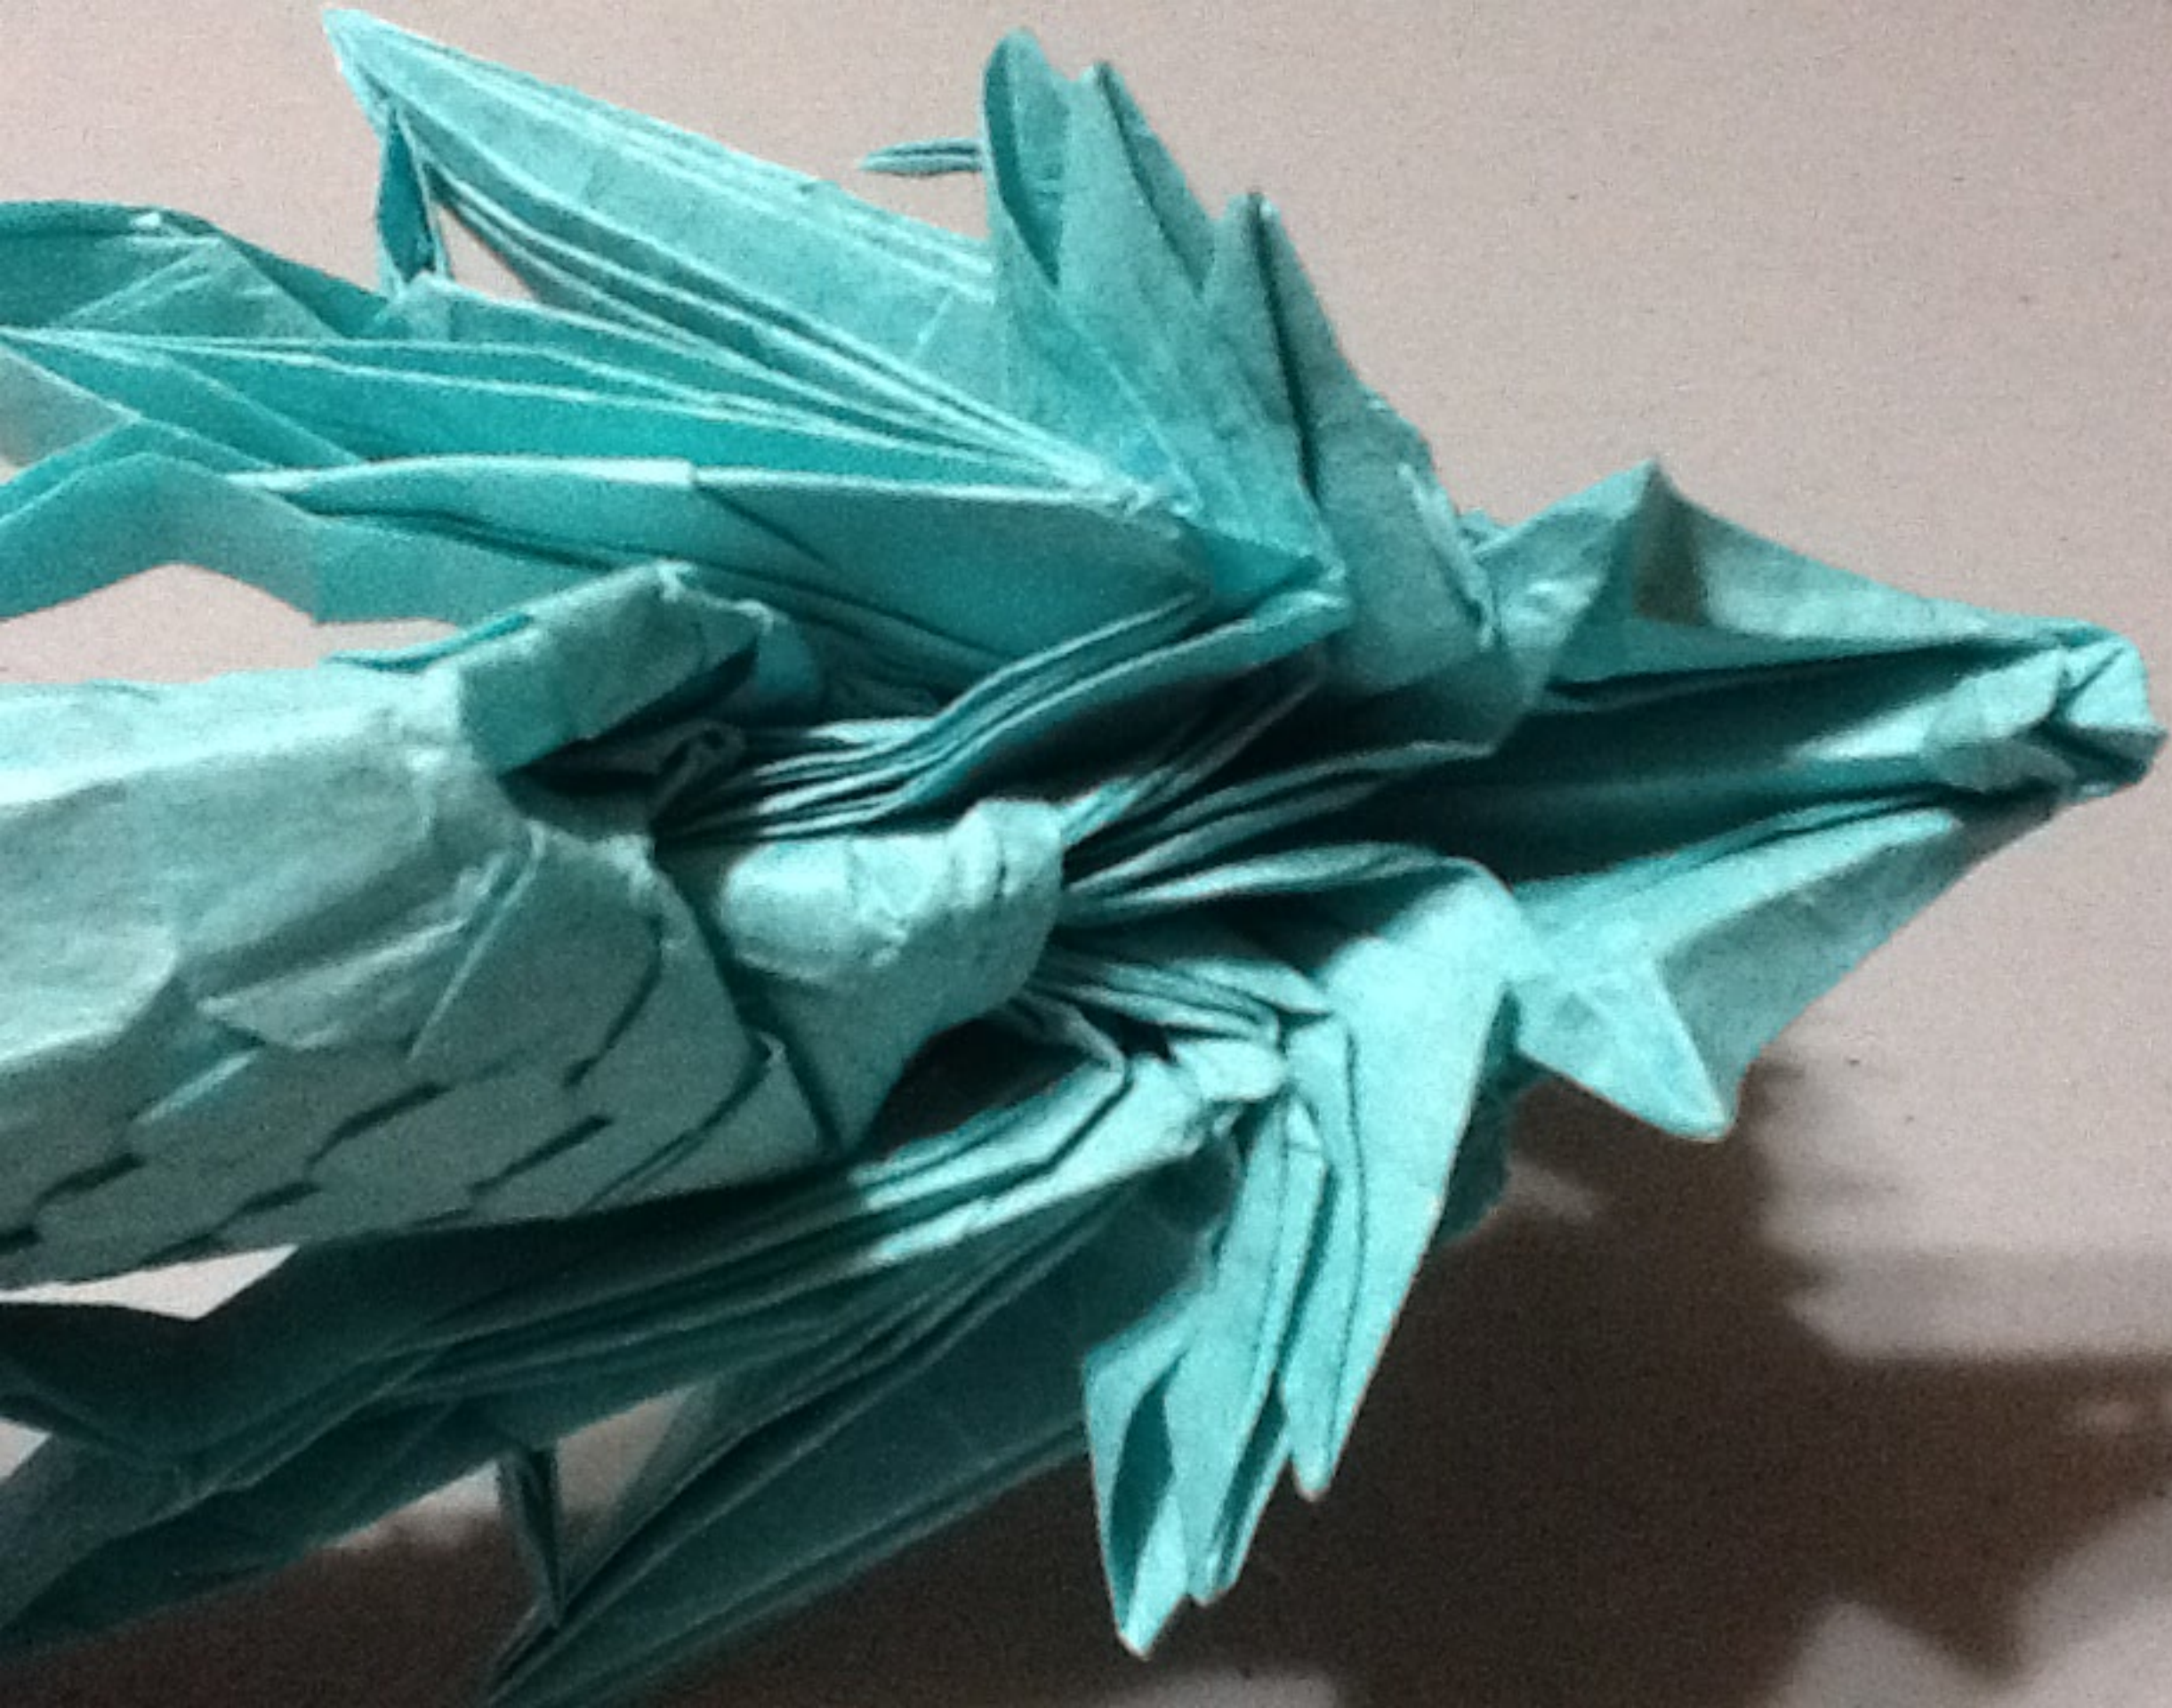

Crimp the  
next one

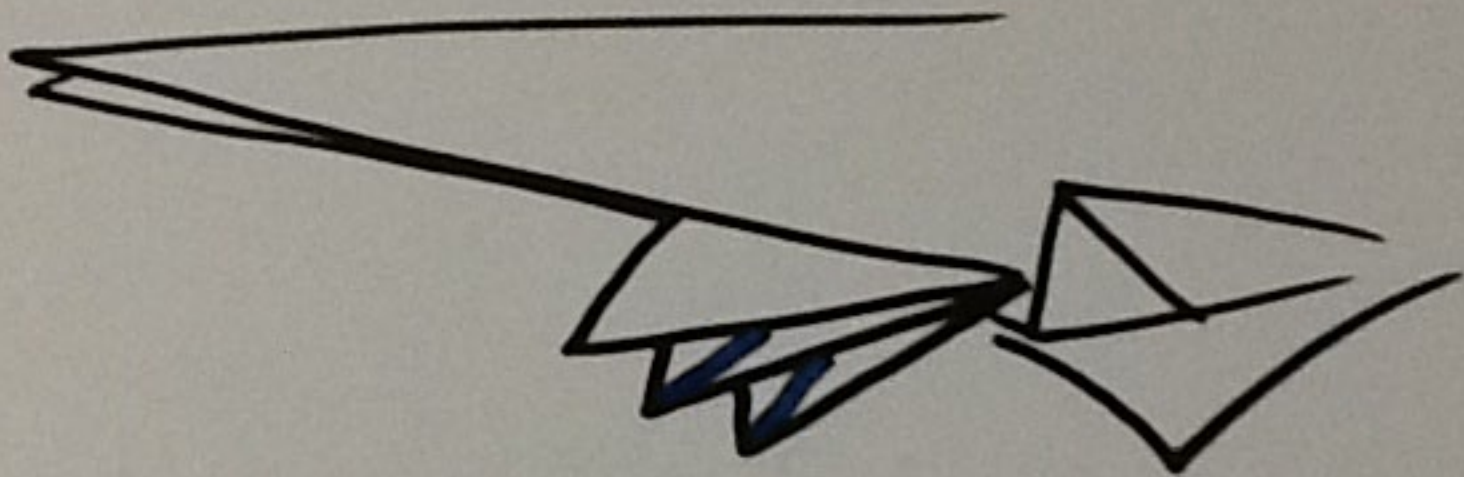

Pull back the  
three small horns to  
under the lower jaw

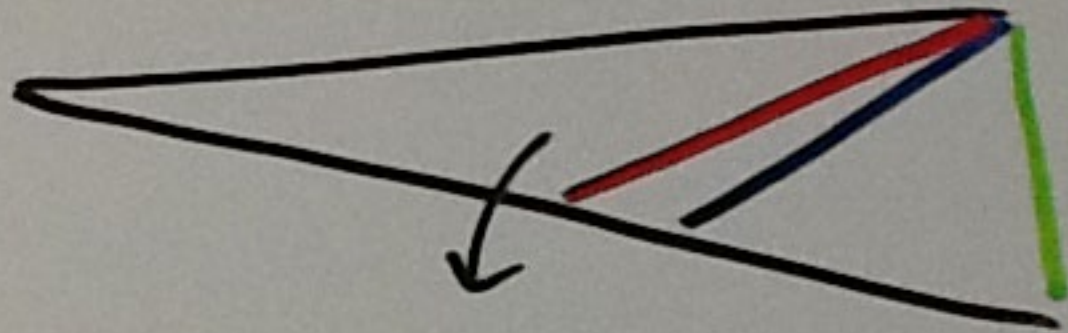

Thin the  
lower two  
small horns

MVC

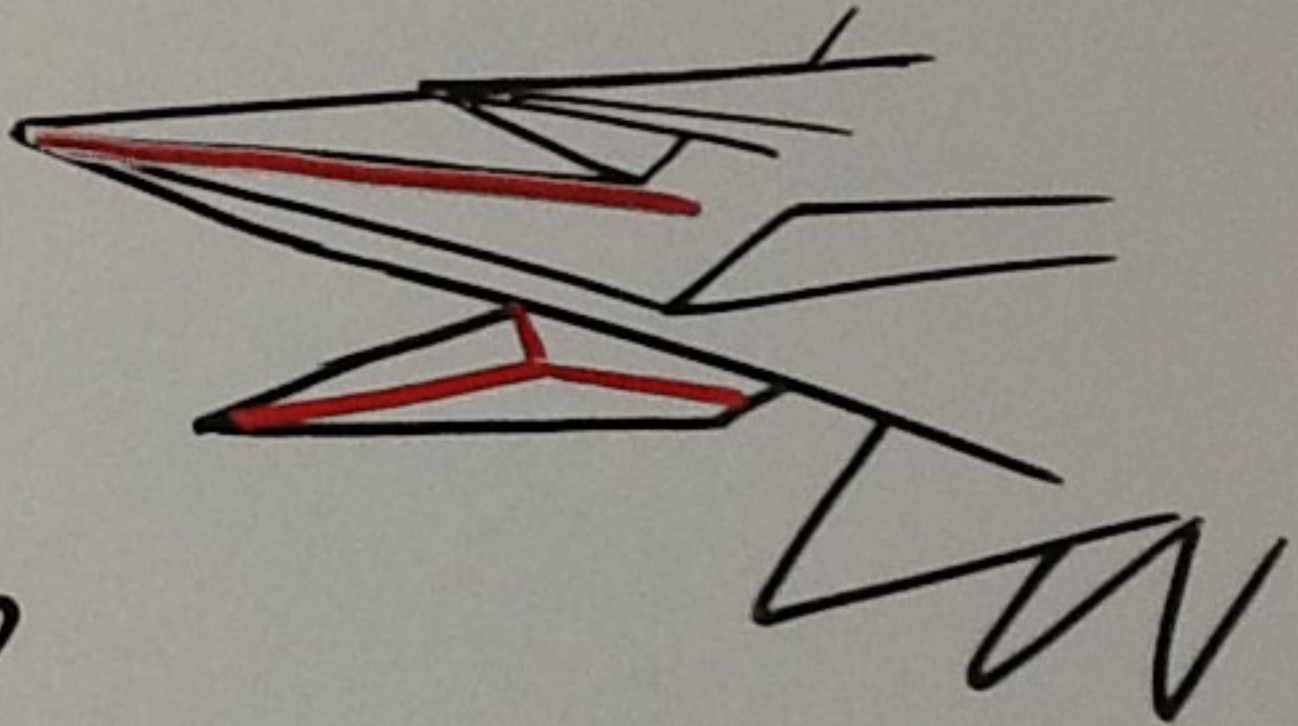

Pleat the second  
long horn

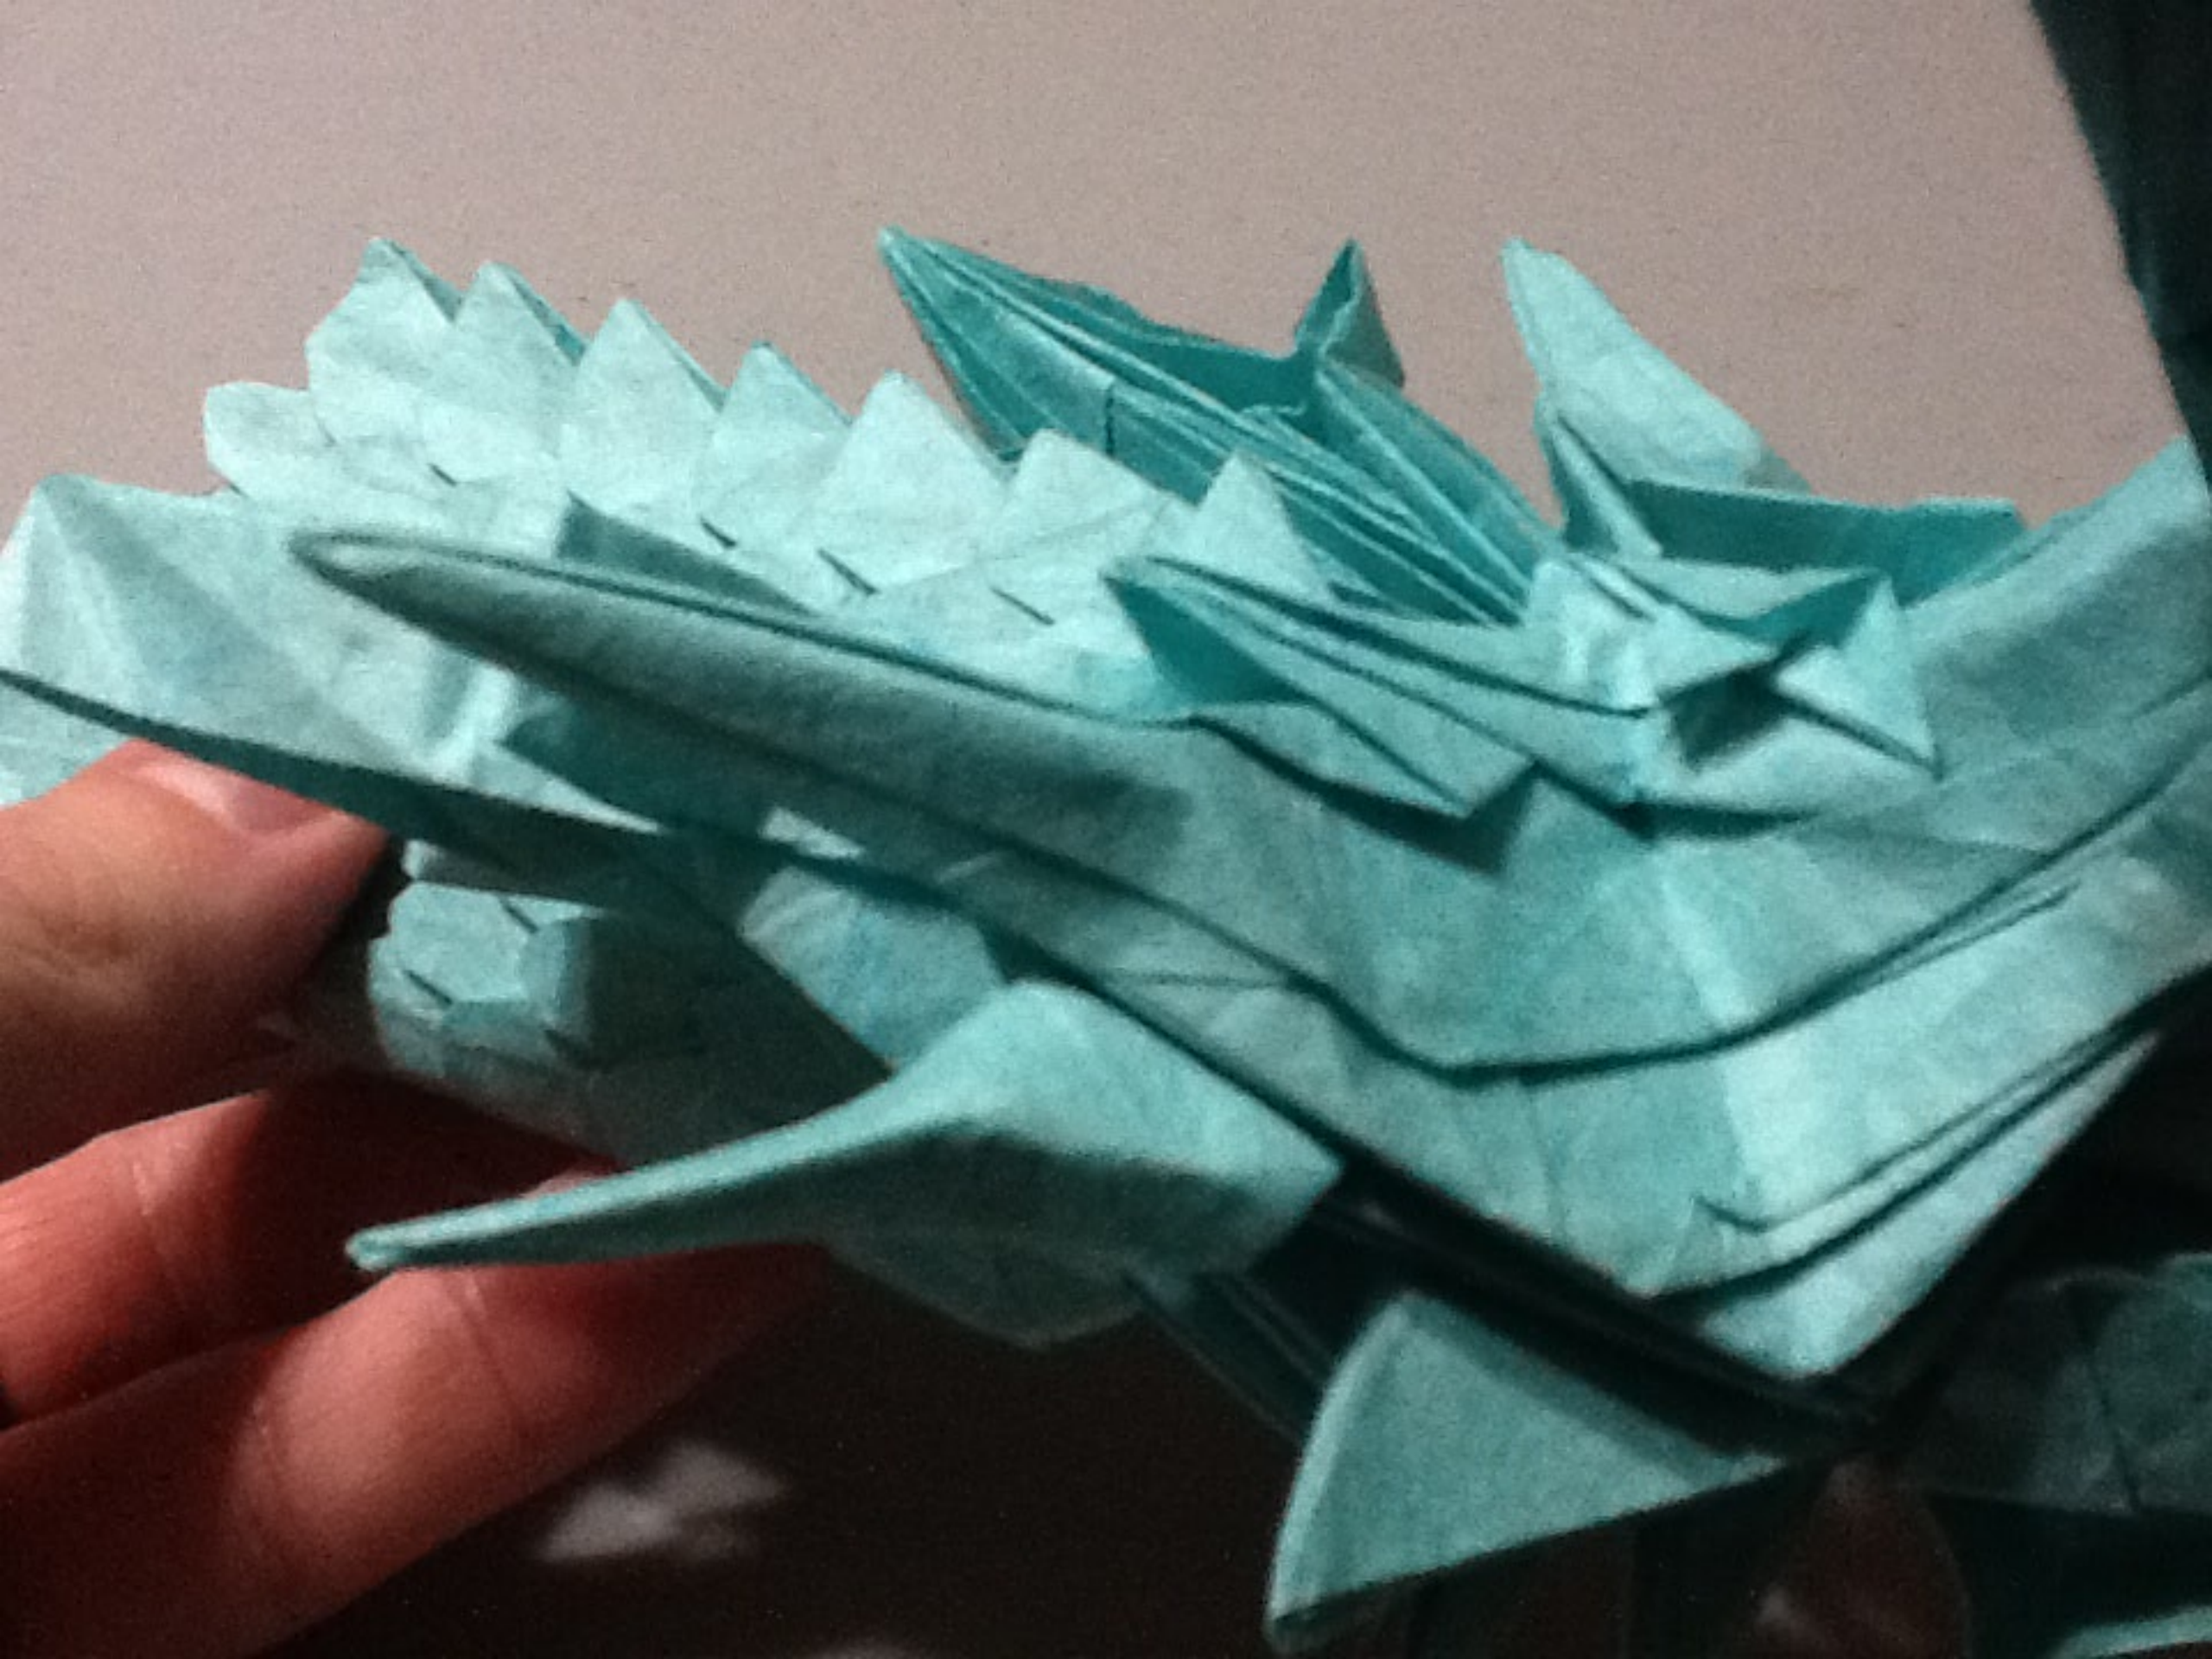

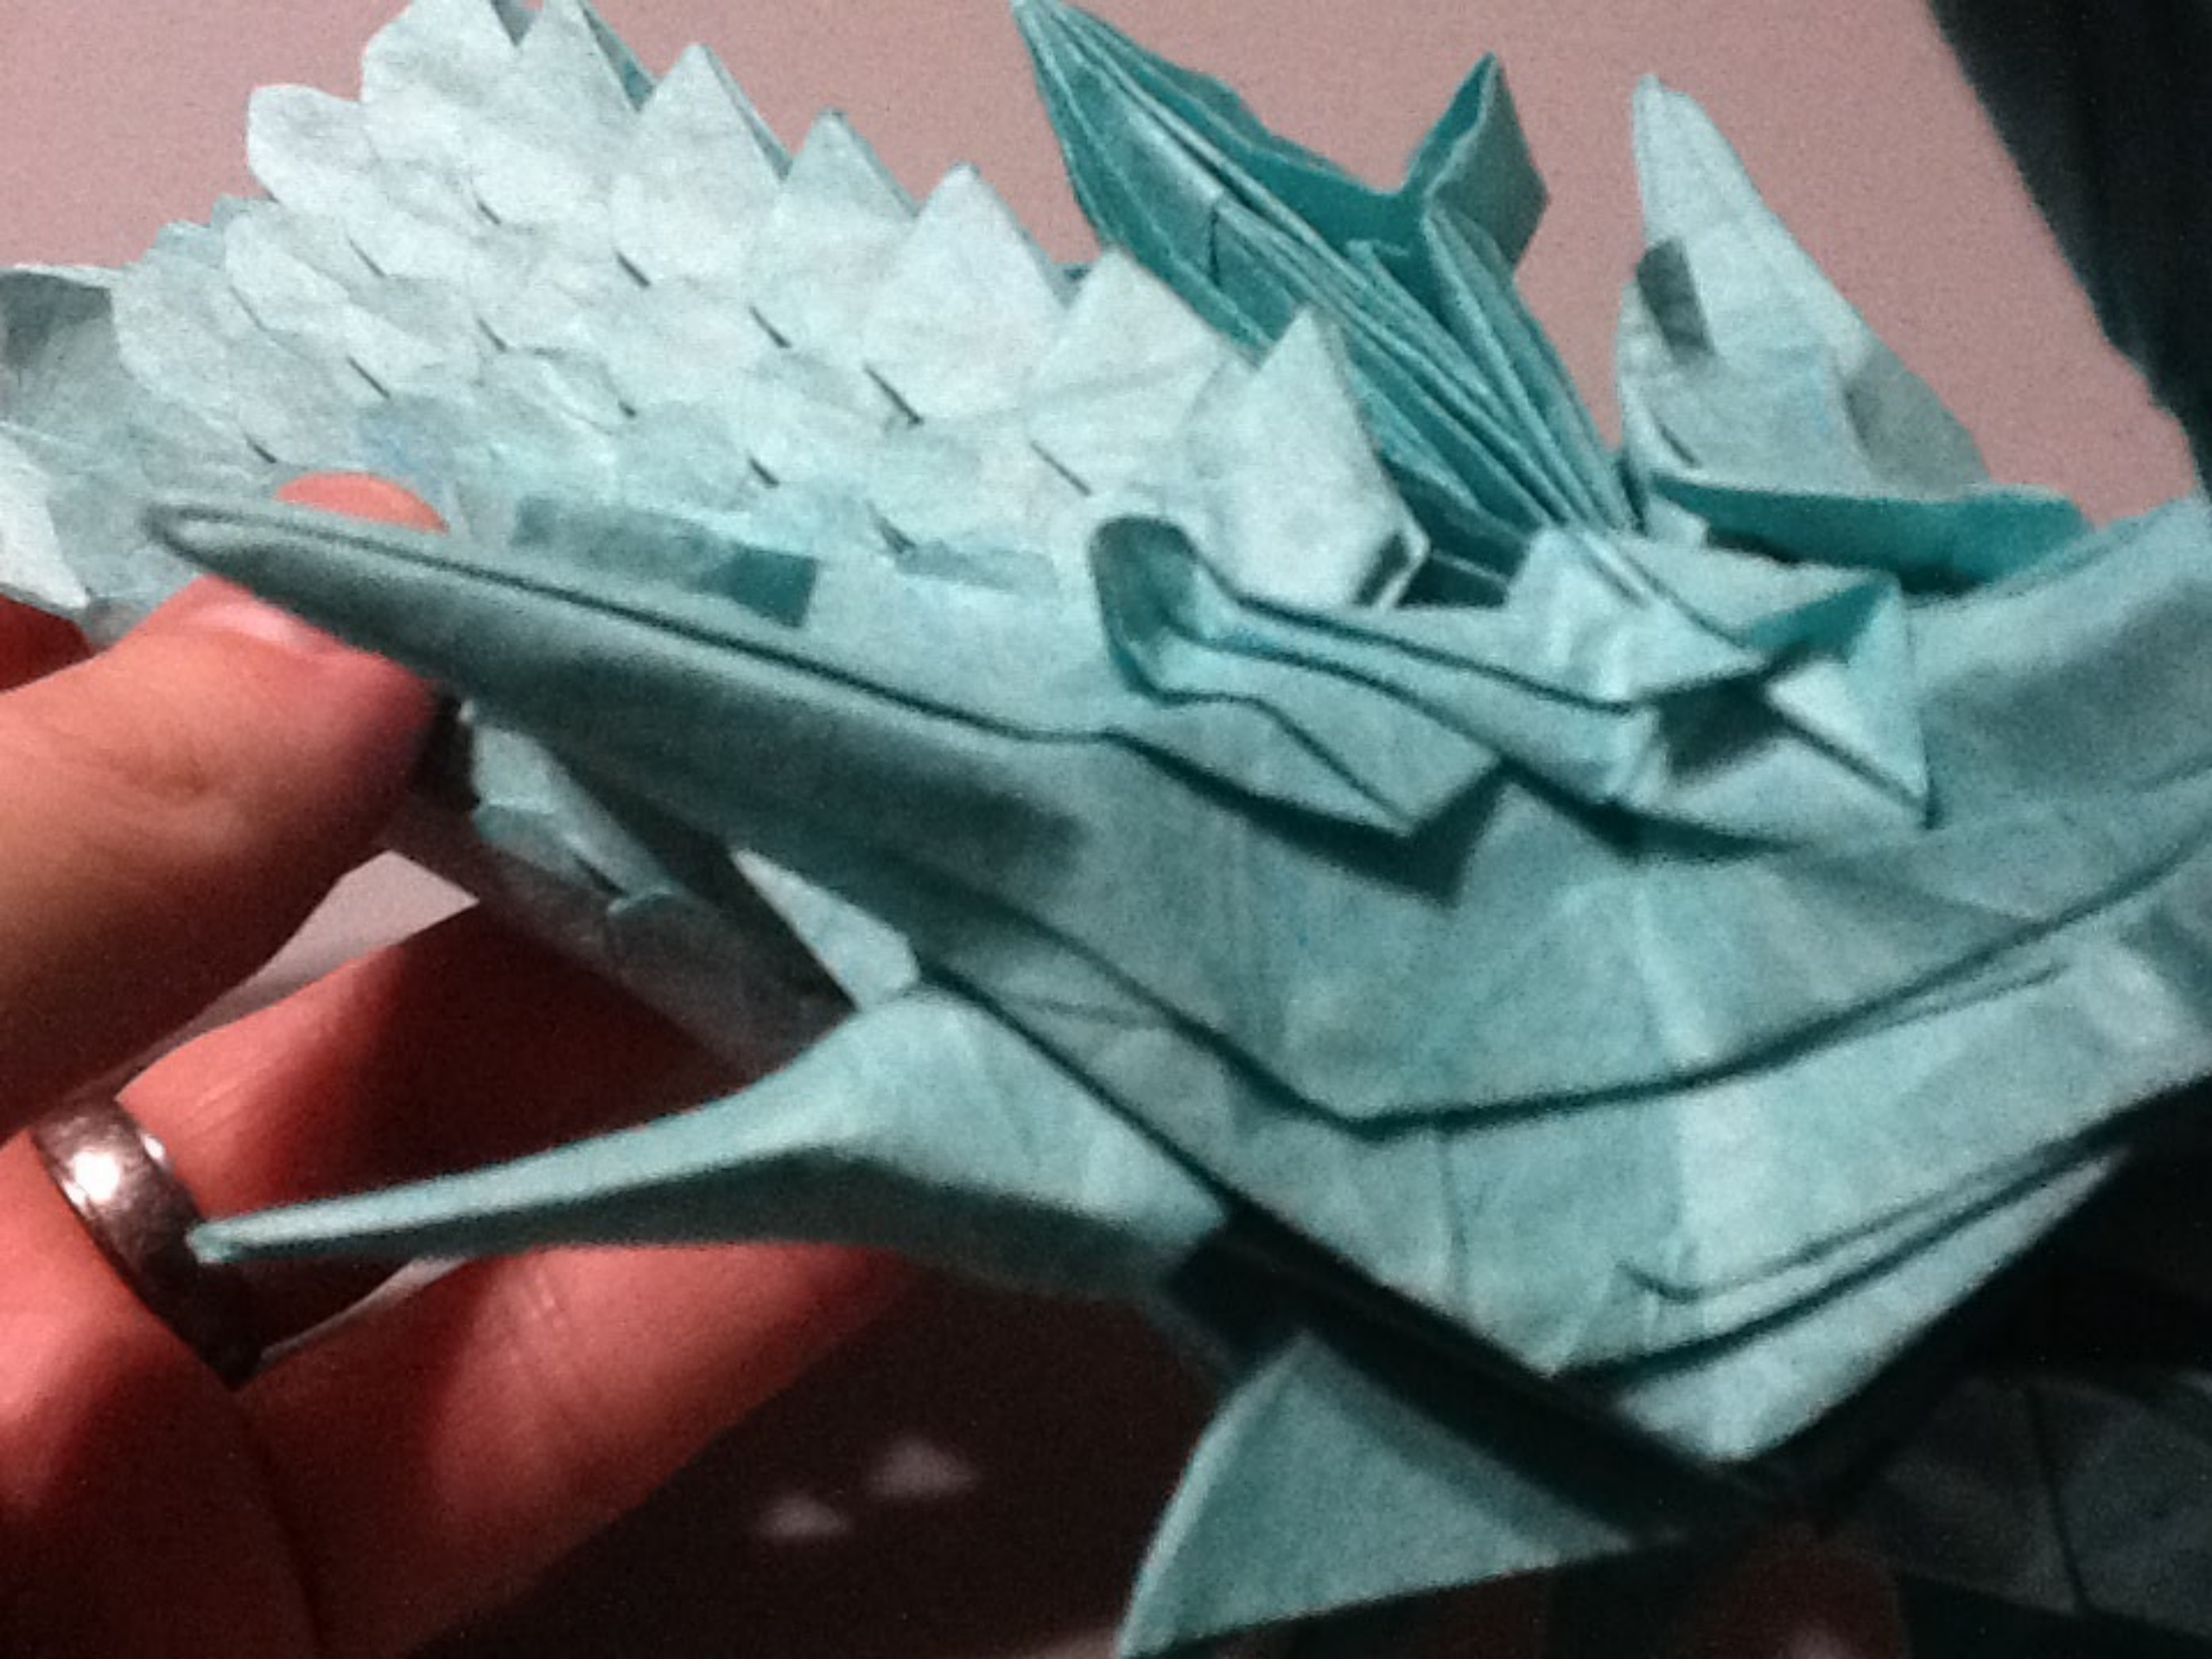

This  
the  
long horns

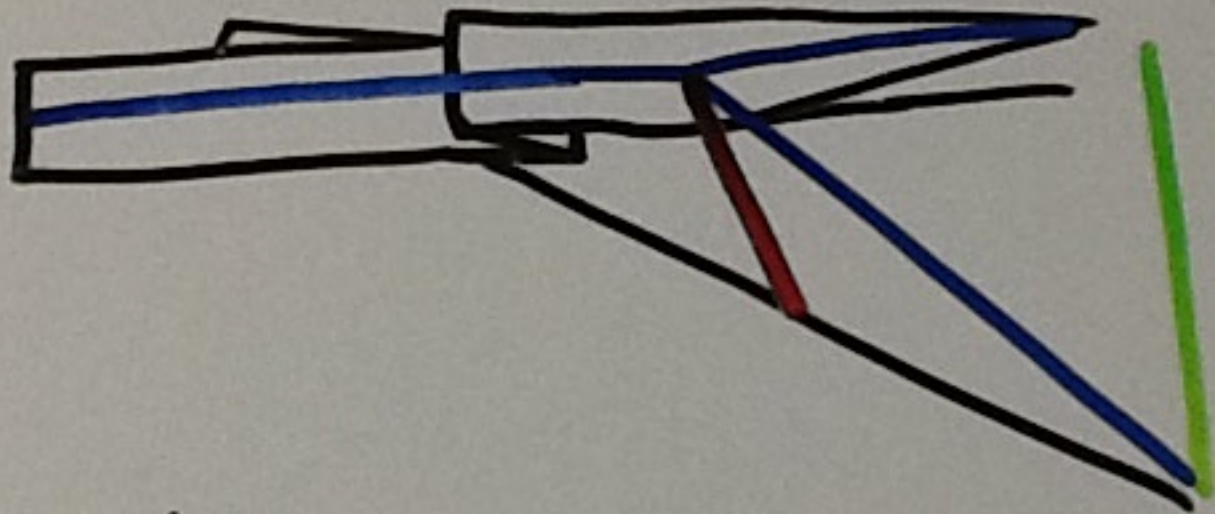

MVC

Round the  
ears-

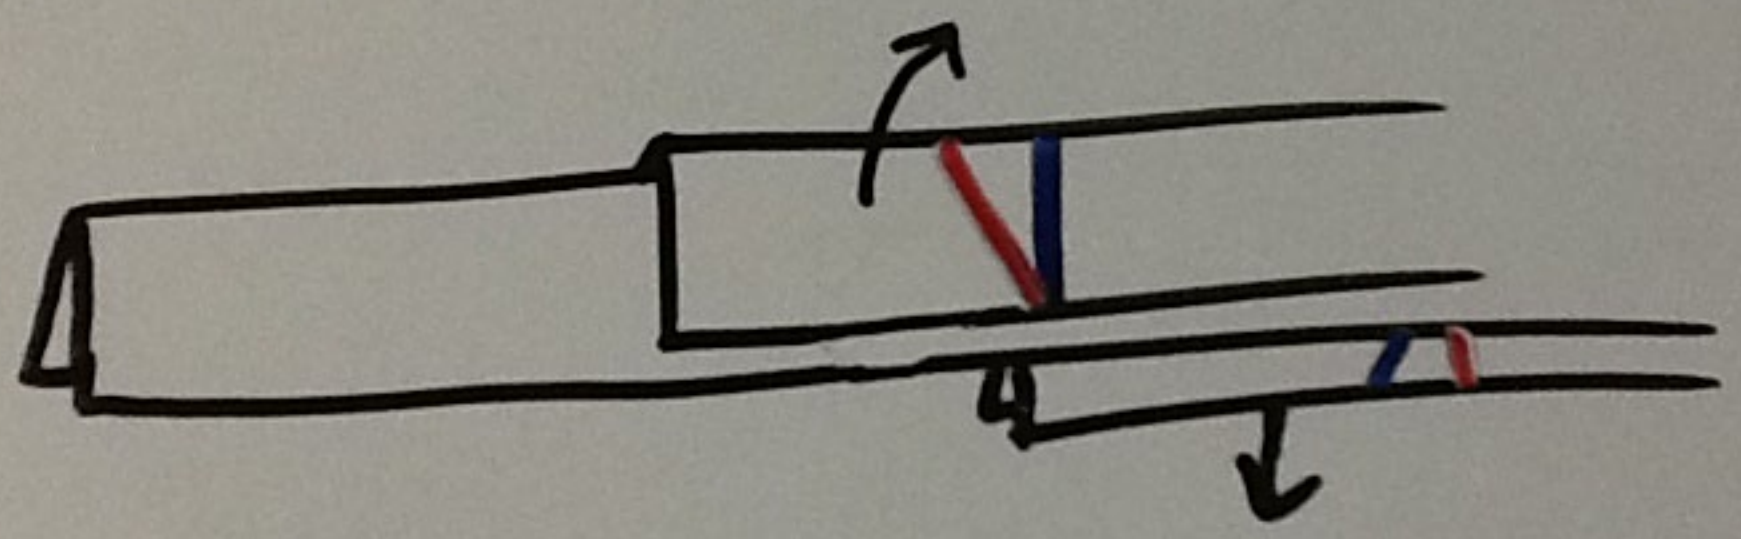

Antler

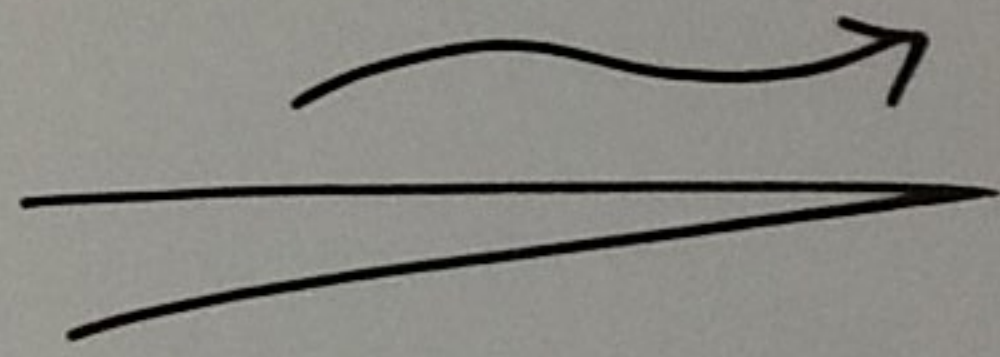

Rabbit ear  
through all layers

MVC

Curl tongue
